Social Welfare Policies and Programmes in South Asia Jul 04 2020 This book examines the social welfare policies and programmes devised to address different societal issues and concerns across the South Asian countries. It focuses on the design and delivery of social welfare policies related to women, children, the elderly and groups living below poverty level. It brings a wide array of themes to the fore - empowerment of vulnerable populations, globalization and inclusive development, intervention in Northeast India, employment of elderly teachers in Sri Lanka, regulations in prisons, ageing South Asia and elderly care, social exclusion and urban poor, girl child education in India, child protection in Bangladesh and women panchayat

leaders - to provide an evidence-based understanding of social policy formulation, implementation and monitoring in South Asia. Comprehensive and topical, this volume will be useful to scholars and researchers of political studies, sociology, development studies and public policy, and also to practitioners and those in the development sector, NGOs and think tanks.

*The Search for Justice* Aug 05 2020 At the end of a quarter century of conflict, over 100,000 Sri Lankans have died and thousands of survivors have been victims of sexual violence. The subsequent cry for justice cannot be ignored. In *The Search for Justice*, a collection of writers and activists look to history and contemporary politics to examine the root causes of sexual violence in Sri Lanka. Offering an analysis of the polarizations created around ethnic and linguistic identities during the war years and an examination of the routine violence toward women, the authors argue powerfully that Sri Lankan women must not be treated only as victims, but as potential and actual agents of change. Edited by Kumari Jayawardena and Kishali Pinto-Jayawardena, the volume points to a hitherto unaddressed aspect of sexual violence: that of the structures and systems that enable impunity on the part of perpetrators. Whether they are security personnel and paramilitary forces, members of armed groups and gangs, local politicians and police, or, often, ordinary citizens including close family

members, perpetrators operate with impunity. *The Search for Justice* is a compelling new installment in the Zubaan Series on Sexual Violence and Impunity in South Asia.

*The Search for Justice* Feb 20 2022 *The Sexual Violence and Impunity in South Asia* research project (coordinated by Zubaan and supported by the International Development Research Centre) brings together, for the first time in the region, a vast body of knowledge on this important - yet silenced - subject. Six country volumes (one each on Bangladesh, Nepal, Pakistan, Sri Lanka, and two on India, as well as two standalone volumes) comprising over fifty research papers and two book-length studies, detail the histories of sexual violence and look at the systemic, institutional, societal, individual and community structures that work together to perpetuate impunity for perpetrators. The essays in this volume examine history and contemporary politics to understand the root causes of sexual violence in Sri Lanka. They look at the polarization created around ethnic and linguistic identities during the three-decades of ethnic conflict, but also scrutinize the routine violence of communities towards their own women in daily life. The authors argue that in this transitional post-war phase, Sri Lankan women must not only be treated as victims, but as agents of change. The writers highlight a hitherto unaddressed aspect of sexual violence: that of the structures that enable impunity on

the part of perpetrators, be they security personnel and paramilitary forces, members of armed rebel groups, gangs, local politicians and police or ordinary citizens including close family members. They demonstrate how impunity for perpetrators is both a failure of the formal justice process and a product of individual, community and social conditions and indeed the choices that victims and families make that promote silence over truth. At the end of more than a quarter century of conflict that has left some 100,000 dead, 50,000 women-headed households struggling to survive, as well as countless victims and survivors of sexual violence, the calls for justice can no longer be ignored.

Thirty Years Into Yesterday Jan 10 2021 For thirty years, the University of Arizona Archaeological Field School at Grasshopper—a 500-room Mogollon pueblo located on what is today the Fort Apache Indian Reservation in

Arizona—probed the past, taught scholars of international repute, and generated controversy. This book offers an extraordinary window into a changing American archaeology and three different research programs as they confronted the same pueblo ruin. Like the enigmatic Mogollon culture it sought to explore and earlier University of Arizona field schools in the Forestdale Valley and at Point of Pines, Grasshopper research engendered decades of controversy that still lingers in the pages of professional journals. Jefferson Reid and Stephanie Whittlesey, players in the controversy who are intimately familiar with the field school that ended in 1992, offer a historical account of this major archaeological project and the intellectual debates it fostered. *Thirty Years Into Yesterday* charts the development of the Grasshopper program under three directors and through three periods dominated by distinct archaeological paradigms: culture history, processual archaeology, and behavioral archaeology. It examines the contributions made each season, the concepts and methods each paradigm used, and the successes and failures of each. The book transcends interests of southwestern archaeologists in demonstrating how the three archaeological paradigms reinterpreted Grasshopper, illustrating larger shifts in American archaeology as a whole. Such an opportunity will not come again, as funding constraints, ethical concerns, and other issues no doubt will preclude repeating the Grasshopper

experience in our lifetimes. Ultimately, *Thirty Years Into Yesterday* continues the telling of the Grasshopper story that was begun in the authors' previous books. In telling the story of the archaeologists who recovered the material residue of past Mogollon lives and the place of the Western Apache people in their interpretations, *Thirty Years Into Yesterday* brings the story full circle to a stunning conclusion.
