How to Get Ahead Feb 20 2021 Excerpt from *How to Get Ahead: Saving Money and Making It Work* As I conceive it, the investment of money is fully as important as mere economy. Frugality never gets anywhere unless the money is safely put to work afterward. Money may be kept in an old tin can or a broken-down stove without the owner having any knowledge of investment, but bills and coin hidden in that way are pretty sure to be lost, destroyed or stolen. Besides, in a generation's time, invested money doubles itself, and as long as your money can be made to earn interest, why not be the gainer? Instead of promising the normal dose of quick fixes, Ramsey offers a bold, no-nonsense approach to money matters, providing not only the how-to but also a grounded and uplifting hope for getting out of debt and achieving total financial health. Ramsey debunks the many myths of money (exposing the dangers of cash advance, rent-to-own, debt consolidation) and attacks the illusions and downright deceptions of the American dream, which encourages nothing but overspending and massive amounts of debt. "Don't even consider keeping up with the Joneses," Ramsey declares in his typically candid style. "They're broke!" The Total Money Makeover isn't theory. It works every single time. It works because it is simple. It works because it gets to the heart of the money problems: you. This 3rd edition of The Total Money Makeover includes a fresh cover design, all new personal success stories, and naysayers, and more.
