She's done keeping to herself and staying out of trouble—it's time to break out of her shell and maybe meet someone intriguing in the process. So, on a photography trip to Bluebonnet, she has a whole lot more on her mind than snapping photos, especially when Rome walks into the picture.

Playing dirty is fun. The newest instructor at Wilderness Survival Expeditions has a colorful past, to say the least. Having come from a family of notorious con artists that destroyed his credit and reputation, all before his eighteenth birthday, Rome just wants a decent job and a quiet life in a town where no one knows his name. He's exactly the kind of bad boy that an innocent girl like Elise should stay far away from. But Elise is tired of doing what's right. She's ready to throw caution to the wind—and let Rome show her just how exciting being bad can be... Most car buying guides concentrate on WHAT to buy whether it be new or used. This book covers that, but assumes the buyer knows roughly what he wants. What has been missing until now is a guide through the jungle of places and prices which tells you WHERE to buy and HOW to pay not a penny more than necessary.
