**Bliss** Oct 09 2020 The perfect novel for young readers who love baking and magic! Rosemary Bliss's family has a secret. It's the Bliss Cookery Booke—an ancient, leather-bound volume of enchanted recipes like Singing Gingersnaps. Rose and her siblings are supposed to keep the Cookery Booke locked away while their parents are out of town, but then a mysterious stranger shows up. "Aunt" Lily rides a motorcycle and also whips up exotic (but delicious) dishes for dinner. Soon boring, non-magical recipes feel like life before Aunt Lily—a lot less fun. So Rose and her siblings experiment with just a couple of recipes from the forbidden Cookery Booke. A few Love Muffins and Cookies of Truth couldn't cause too much trouble . . . could they? Kathryn Littlewood's culinary caper blends rich emotional flavor with truly enchanting wit, yielding one heaping portion of hilarious family adventure.

**To Live Is Christ** Jun 16 2021 In *To Live Is Christ*, best-selling author Beth Moore travels on a spiritual odyssey through the life of one of Christianity's most fervent journeymen, the apostle Paul, tracing his story from childhood to martyrdom. Proclaiming his faith as a benchmark in New Testament Scripture, Beth writes, "I have accepted many of Paul's words as a personal challenge. 'I want to know Christ' has become my plea. 'To live is Christ and to die is gain' has become my hope. And to borrow his words once more, 'Not that I have already obtained all this . . . but I press on.'" Paul's undying passion for Christ continues to inspire and challenge those with a deep spiritual hunger for the things of God. Readers will be greatly refreshed by the obvious mercy of God that causes those who have failed him to repent and serve him wholeheartedly and effectively.

The Turn to Biographical Methods in Social Science Feb 10 2021 Biographical research methods have become a useful and popular tool for contemporary social scientists. This book combines an exploration of the historical and philosophical origins of this important field of qualitative research with comparative examples of the different ways that biographical methods have been successfully applied internationally. Through these many illustrative examples of socio-biography in process the authors show how formal textual analysis, whilst uncovering hidden emotional defences, can also shed light on wider historical processes of societal transformation. Topics discussed include: \*individual and linked lives \*generational change \*political influences on memory and identity \*biographical work in reflexive societies \*narrativity and empowerment in professional practice \*ways of theorising and generalising from case-studies. Biographical Methods in the Social Sciences promotes debate and provides opportunities for students and researchers to widen their uses of narrative research.

Félix Ravaisson Mar 26 2022 This reader makes the key essays of 19th century French philosopher Félix Ravaisson available in English for the first time. In recent years, Ravaisson has emerged as an extremely important and influential figure in the history of modern European philosophy. The volume contains the classic 1838 dissertation *Of Habit*, studies of Pascal, Stoicism and the wider history of philosophy together with the *Philosophical Testament* that he left unfinished when he died in 1900. The volume also features Ravaisson's work in archaeology, the history of religions and art-theory, and his essay on the Venus de Milo, which occupied him over a period of twenty years after he noticed, when hiding the statue behind a false wall in a dingy Parisian basement during the Franco-Prussian war, that it had previously been presented in a way that deformed its original bearing and meaning. Félix Ravaisson: Selected Essays contains an introductory intellectual biography of Ravaisson, which contextualises each of the essays in the volume. It also features an annotated bibliography of suggested further reading. This book will grant scholars and students alike wider access to his distinctive contribution to the history of philosophy.

**Barefoot in Baghdad** Jan 24 2022 "Walk barefoot and the thorns will hurt you..." —Iraqi-Turkmen proverb A riveting story of hope and despair, of elation and longing, Barefoot in Baghdad takes you to the front lines of a different kind of battle, where the unsung freedom fighters are strong, vibrant—and female. An American aid worker of Arab descent, Manal Omar moves to Iraq to help as many women as she can rebuild their lives. She quickly finds herself drawn into the saga of a people determined to rise from the ashes of war and sanctions and rebuild their lives in the face of crushing chaos. This is a chronicle of Omar's friendships with several Iraqis whose lives are crumbling before her eyes. It is a tale of love, as her relationship with one Iraqi man intensifies in a country in turmoil. And it is the heartrending stories of the women of Iraq, as they grapple with what it means to be female in a homeland you no longer recognize. "Manal Omar captures the complex reality of living and working in war-torn Iraq, a reality that tells the story of love and hope in the midst of bombs and explosions."—Zainab Salbi, founder and CEO of Women for Women International, and author (with Laurie Becklund) of the national bestselling book *Between Two Worlds: Escape from Tyranny: Growing Up in the Shadow of Saddam* "A fascinating, honest, and inspiring portrait of a women's rights activist in Iraq, struggling to help local women while exploring her own identity. Manal Omar is a skilled guide into Iraq, as she understands the region, speaks Arabic, and wears the veil. At turns funny and tragic, she carries a powerful message for women, and delivers it through beautiful storytelling."—Christina Asquith, author of *Sisters in War: A Story of Love, Family and Survival in the New Iraq* "At turns funny and tragic... a powerful message for women, [delivered] through beautiful storytelling."—Christina Asquith, author of *Sisters in War*

**Draplin Design Co.** Jun 28 2022 A funny, colorful, fascinating tour through the work and life of one of today's most influential graphic designers. Esquire. Ford Motors. Burton Snowboards. The Obama Administration. While all of these brands are vastly different, they share at least one thing in common: a teeny little bit of Aaron James Draplin. Draplin is one of the new school of influential graphic designers who combine the power of design, social media, entrepreneurship, and DIY aesthetic to create a successful business and way of life. *Pretty Much Everything* is a mid-career survey of work, case studies, inspiration, road stories, lists, maps, how-tos, and advice. It includes examples of his work—posters, record covers, logos—and presents the process behind his design with projects like *Field Notes* and the “Things We Love” State Posters. Draplin also offers valuable advice and hilarious commentary that illustrates how much more goes into design than just what appears on the page. With Draplin's humor and pointed observations on the contemporary design scene, *Pretty Much Everything* is the complete package.

**Integrating Information Technology Into the Teacher Education Curriculum** Mar 14 2021 While there are books that address the integration of technology into teaching curricula, very few address the process for teacher education faculty and the systemic reform of a teacher education program. *Integrating Information Technology into the Teacher Education Curriculum: Process and Products of Change* provides practical examples and

suggestions for teacher education departments striving to integrate new technologies into their curriculum. It will help in the effort to motivate faculty to make utilizing new technology a natural strategy for the teachers they are educating. It describes the creation of Design Teams at Brigham Young University's McKay School of Education (funded by a PT3 grant) and how these teams worked to successfully reconfigure the school's teacher preparation curricula.

**The Healthy Kitchen** May 28 2022 Two of America's most popular authorities on healthy eating and cooking join forces in this inspiring, easy-to-use cookbook. This is not a diet book. It is a lively guide to healthy cooking, day-by-day, packed with essential information and, above all, filled with enticing food. Andrew Weil, M.D.—author of the best-selling *Eating Well for Optimum Health*—brings to this perfect collaboration a comprehensive philosophy of nutrition grounded in science. Rosie Daley—acclaimed for her best-seller, *In the Kitchen with Rosie*—brings to it her innovative and highly flavorful spa cuisine. The recipes are eclectic, drawing from the healthy and delicious cooking of the Middle East, the Mediterranean, and Asia, among other cuisines. For starters, you might try Grilled Satay or a Miso Pâté; for soup, often a meal in itself, a hearty Mixed-Bean Minestrone Stew or a Roasted Winter Squash and Apple Soup with Cilantro Walnut Pesto; a special entrée could be the Savory Roasted Cornish Hens with Roasted Garlic or Baked Spicy Tofu with Bean Thread Noodles, Corn, and Mango; for a simple supper, Turkey Burgers or Portobello Burgers; and for the occasional indulgence, a dessert of Almond Fruit Tart or Peach and Blueberry Cobbler. Andy and Rosie do not always agree. When Rosie calls for chicken, Andy offers a tofu alternative; she likes the flavor of coconut milk, whereas he prefers ground nut milk; when she makes a pastry with butter, he suggests using Spectrum Spread. There are no hard-and-fast rules. Lifelong health begins in the kitchen, so this is a lifestyle book as well as a cookbook. In it you will learn from Dr. Weil: • how to make use of nutritional information in everyday cooking • what is organic . . . and how to buy organic foods • the importance of reading labels and what to look for • sensible advice about eggs, milk, cheese, salt, spicy foods, wine, coffee • the facts about sugar and artificial sweeteners . . . and from Rosie: • how to get kids involved—from skinning almonds to layering lasagna • ways to have fun in the kitchen—creating scallion firecrackers and radish rosettes • low-fat and nondairy alternatives for those with special concerns • smart menu planning—letting the seasons be your guide . . . and lots more. This revolutionary book will change forever the way you cook for yourself and your family. With 58 photographs in full color.

**Documentary Storytelling** Feb 22 2022 Documentary Storytelling has reached filmmakers and filmgoers worldwide with its unique focus on the key ingredient for success in the growing global documentary marketplace: storytelling. This practical guide reveals how today's top filmmakers bring the tools of narrative cinema to the world of nonfiction film and video without sacrificing the rigor and truthfulness that give documentaries their power. The book offers practical advice for producers, directors, editors, cinematographers, writers and others seeking to make ethical and effective films that merge the strengths of visual and aural media with the power of narrative storytelling. In this new, updated edition, Emmy Award-winning author Sheila Curran Bernard offers: New strategies for analyzing documentary work New conversations with filmmakers including Stanley Nelson (*The Black Panthers*), Kazuhiro Soda (*Mental*), Orlando von Einsiedel (*Virunga*), and Cara Mertes (*JustFilms*) Discussions previously held with Susan Kim (*Imaginary Witness*), Deborah Scranton (*The War Tapes*), Alex Gibney (*Taxi to the Dark Side*), and James Marsh (*Man on Wire*).

*Academic Rebels in Chile* Apr 14 2021 Many philosophers have been appointed to top-level political positions during Chile's modern history. What makes Chilean philosophers unique in the context of Latin America and beyond, is that they have developed a sophisticated rationale for both their participation and withdrawal from politics. All along, philosophers have grappled with fundamental problems such as the role of religion and politics in society. They have also played a fundamental role in defining the nature and aims of higher education. The philosophers' production constitutes a substantial, albeit largely unknown, portion of the intellectual history of Chile and Latin America. This book describes in detail the evolution of philosophical work in Chile, and pays close attention to the relationship between philosophical activity and contemporary social and political events. Various Chilean philosophical sources are discussed for the first time in the literature on Chilean ideas. The work of such intellectuals as Andres Bello, Valentin Letelier, Enrique Molina, Jorge Millas, Juan Rivano, Juan de Dios Vial Larrain, and many others is examined in relation to the principal political and educational issues of their time. The book also develops a distinction between the two main currents of Chilean philosophy, namely, a "professionalist" current that seeks the independence of the field from social and political involvements, and a "critical" current that seeks to relate philosophical activity to national realities.

**ART/WORK** Apr 02 2020 Find Out What They Didn't Teach You in Art School The most comprehensive guide of its kind, Art/Work gives artists of every level the tools they need to make it in an art world so competitive one dealer likens it to "The Sopranos, except nobody gets killed." Whether you're an art school grad looking for a gallery, a mid-career artist managing a busy studio, or someone just thinking about becoming a professional artist, this indispensable resource will help you build your career and protect yourself along the way. Unlike other creative professionals, visual artists don't have agents or managers. You have to do it all yourself, at least until you find gallery representation -- and even then, there are important business and legal issues you need to understand to stay in control of your career and ensure you're being treated fairly. Heather Darcy Bhandari, a gallery director, and Jonathan Melber, an arts lawyer, walk you through these issues so that you can essentially act as your own manager and agent. They show you, for example, how to tackle business basics such as tracking inventory and preparing invoices; how to take legal precautions like registering a copyright and drafting consignment forms; how to use promotional tools like websites and business cards; and how to approach career decisions such as choosing the right venue to show your work. In addition to drawing on their own experiences, Bhandari and Melber interviewed nearly one hundred curators, dealers, and other arts professionals, in cities across the country, about what they expect from and look for in artists. The authors also talked to a host of artists about their careers and the lessons they've learned navigating the art world. The book is full of their entertaining anecdotes and candid advice. No matter what kind of artist you are -- or want to be -- this book will help you. Art/Work covers everything you need to know to succeed, saving you from having to learn it all the hard way -- and letting you spend more time making art.

*The Psychology of Graphic Design Pricing* Aug 07 2020 Learn how to price creative work with confidence. Win more bids. Make more money. When it comes to pricing their work, far too many freelance designers and agencies merely guess what to charge their clients. As a result, profitable projects have as much to do with luck as they do anything else. In *The Psychology of Graphic Design Pricing*, you'll learn how to take luck out of the equation by calculating the cost to produce your work, understanding its market value, and extracting your client's budget. These three variables are used in a pricing spectrum, empowering you to price your work with confidence and profitability in every project opportunity. This book will teach you how to calculate your production costs, understand market value, extract your client's budget, bid with the right project price, and increase your profitability.
