In *Scarlet Tides* David Hair continues his stunning fantasy epic set in the masterfully crafted world of Urte. With the Leviathan Bridge now uncovered from the sea, it re-opens the East to the Rondian legions and the Third Crusade ensues in the name of Emperor Constant. The Rondians are determined to succeed in their latest Crusade and have recruited the strongest and most lethal magi of the Church's Inquisition to lead the way--and to leave nothing but blood and ruins in their wake. While most of the Rondians have their sights set on gold, one fraction of the Inquisition is set on finding a more important treasure--the Scytale of Corneus. As the source of all magical power, the Scytale is a sure game-changer, and it is imperative that the power-hungry and ruthless Rondians to keep it out of the hands of their enemies if they wish to maintain their growing empire. Yet, as the Inquisition marches forward, conspiracy to overthrow the new emperor lurks in the shadows in both the East and West. With the unlikely heroes of Alaron, a failed mage; Ramita, a lowly market maid; and Cymbellea, the daughter of a gypsy set on ending a world of war, *Scarlet Tides* is an impressive world-building feat that proves that sometimes even weapons and magic cannot overcome the power of love and loyalty. David Peace's acclaimed *Red Riding* Quartet continues with this exhilarating follow-up to *Nineteen Seventy-Four*. It's summer in Leeds and the city is anxiously awaiting the Jubilee of Queen Elizabeth's reign. Detective Bob Fraser and Jack Whitehead, a reporter at the Post, however, have other things on their minds--mainly the fact that someone is murdering prostitutes. The killer is quickly dubbed the "Yorkshire Ripper" and each man, on their own, works tirelessly to catch him. But their investigations turn grisly as they each engage in affairs with the prostitutes they are supposedly protecting. As the summer progresses, the killings accelerate and it seems as if Fraser and Whitehead are the only men who suspect or care that there may be more than one killer at large. First Published in 2005. Routledge is an imprint of Taylor & Francis, an informa company. Spotlighting the four women of the Lafayette Quartet, a leading Canadian ensemble, *Rounds* offers both a comprehensive history of the beloved instrumental form and an inside view of the complex world of professional quartet players, revealing the exultation and headache that are the performing artists' daily fare. This extraordinary book ushers readers into the workshop of one of the world's most accomplished string quartets. Desperate for the next Game of Thrones? Pick up *Empress of the Fall* for your full-on fix of epic fantasy. The Emperor is dead - long live the Empress! Emperor Constant is dead and his rivals are scrabbling for power - but any misstep could plunge the land, already devastated by the shocking outcome of the Third Crusade, into a calamitous civil war. The Imperial throne is not the only one in jeopardy. Two brothers, imprisoned veterans of the Crusades, finally return home to find their father's kingdom being plundered - but the price of regaining their birthright will have far-reaching implications for the entire empire. In the East, Sultan Salim, peacemaker and visionary ruler, faces his greatest challenge as his people demand an invasion of the West in retribution for the Rondian Crusades. And lurking in the darkness, orchestrating both the power struggles and the inevitable conflicts, is a shadowy group threatening to destroy civilisation itself. Once more, Urte stands on the brink of cataclysm. The Moontide has come, and a scarlet tide of Rondian legions is flooding into the East, slaughtering and pillaging in the name of Emperor Constant. But the Scytale of Corneus, the source of ultimate magical power, has slipped through the emperor's fingers. His ruthless Inquisitors are desperately seeking the artefact, before it falls into the hands of those who would bring down the Empire. But there are some who have pledged to end the cycle of war and restore peace to Urte. They are the unlikelyst of heroes: a failed mage, a gypsy and a lowly market-girl. As East and West clash more violently than ever before, Urte will discover that love, loyalty and truth can be forged into weapons as deadly as swords and magic. This new book/CD set examines Mozart's work and his lasting impact with a guided tour of seven pieces. Includes explanations of the various ensembles, historical information on each work's composition, and an analysis about what makes each piece truly "noteworthy." The Moontide is coming. Urte stands on the brink of war. Now three seemingly ordinary people will decide the fate of the world. Urte is divided, its two continents separated by impassable seas. But once every twelve years, the Moontide sees the waters sink to their lowest point and the Leviathan Bridge is revealed, linking east to west for twenty-four short months. The Rondian emperor, overlord of the west, is hell-bent on ruling both continents, and for the last two Moontides he has led armies of battle-magi across the bridge on crusades of conquest, pillaging his way across Antiope. But the people of the east have been preparing--and, this time, they are ready for a fight. An epic fantasy, rich in intricate plots, intrigue and treachery. Vast forces collide and ordinary people make heart-rending choices that will shake the world. Desperate for the next Game of Thrones? *Prince of the Spear* continues the *Sunurge* Quartet and delivers a full-on fix of epic fantasy. The unthinkable has happened. With the Leviathan Bridge critically damaged and its towers unable to control the skies between Yuros and Antiope, the East has invaded the West. A vast windfleet, constructed in secret, is winging across the Pontic Sea. The holy Shihad has begun. The Rondian Empire is divided and weak. Empress Lyra has barely survived a coup, triggered by a masked cabal whose members still remain concealed in the highest echelons of her court. Only Lyra's secret affinity to the heretical power of dwyma saved her - but that affinity is also her most dangerous weakness. As empires clash, lives are torn apart and long-held beliefs are overthrown by circumstance and desperation. A young queen whose court is riddled with traitors turns to the wrong people in her hour of need. Two princes clash in the skies, the fate of two nations riding on their skill. Two brothers must reconcile disparate cultures to regain their kingdom. An idealistic rabble-rouser sees a chance to strike. And a small group of dwymancers grope blindly for knowledge in a race against time before the masked Cabal strike again. 'Represents modern epic fantasy at its best' - Fantasy Book Critic on the Moontide Quartet Continuing the narrative begun with *Nineteen Seventy-Four* and *Nineteen Seventy-Seven*, this electrifying third

installment of David Peace's Red Riding Quartet demonstrates a skill that goes above and beyond the limits of the genre. While Yorkshire is terrorized by the Ripper, the corrupt police continue to prosper. To give the case some new life, Peter Hunter, a "clean" cop from nearby Manchester, is brought in to offer a fresh perspective. As he goes about setting up a new case under the radar, he suffers the same fate as those who previously attempted to get in the way of the Ripper: his house is burned down, his wife threatened. But he soldiers on. And as he comes face to face with unthinkable evil, Hunter struggles to maintain his reputation, his sanity, and his life. A series of four short novels from Argentina in which the rules of the game are mysterious and terrible events occur without warning. Summer is gone, and the world is turning to ice. The Rondian Empress Lyra has lost her husband, her army is defeated and the deadly Masked Cabal have seized the Holy City. Her allies have abandoned her and her empire is spiralling into chaos - and her only weapon is a forbidden magic she dare not use. She can't survive alone - but who can she still trust? 'Vibrant, memorable characters' - SciFi Now The Eastern conqueror Sultan Rashid is victorious on the battlefield, but now he faces an enemy more deadly than Rondian knights: the winter. Unless he captures a major city to shelter his huge armies, his plans to overthrow the West face ruin in the snow. But standing between his men and safety is the remnants of a defeated army led by a general who knows all about fighting for survival. 'An epic journey of ordinary people destined to change the course of history . . . alluring . . . gripping' - BoHoMind.com There are no easy options left. Lyra and her fellow dwymancers must master their deadly magic, whatever the cost. Even those who believe themselves to be fighting for good must grasp the reins of power with cold-hearted determination, and use even the most terrible weapon, if they are to stop the world from falling apart . . . for ever. (LKM Music). Subtitle paraphrased from Ives: "Perhaps music is the art of speaking extravagantly." The poignant third movement displays haunting solo lines in the viola and cello. Most of the time the Leviathan Bridge lies deep below the sea, but every twelve years, when the tides sink and the Moontide comes, it is revealed - linking Eastern and Western continents. At first, traders went back and forth across the bridge, but then the Rondian Empire - hell bent on ruling the East - sent its first two Crusades, and its mage-led armies pillaged their way across the new world. Now the Third Crusade is mustering, and this time the peoples of the East will fight back. But for all these massing powers, it is three ordinary people - a failed mage, a market girl and a jaded mercenary - who will determine the fate of the world. 'A remarkable series' SFFANZ She's the Empress of the Fall . . . and her empire is falling apart. Represents modern epic fantasy at its best - Fantasy Book Critic Lyra, Queen of Rondelmar, has fought enemies without and within, dealt with grief and loss, embraced forbidden magic, found her father and borne a child - and still it isn't enough. Her enemies are on the march and the Rondian Empire is collapsing. But a more dangerous adversary is out there . . . and he is winning. Ervyn Naxius, amoral genius, has unleashed war on two continents and is now laughing as the world of Urte tears itself apart. Kings and priests dance to his tune and his daemonic followers are spreading through the lands, but still he isn't satisfied. His ultimate goal - absolute control of all life - is finally within his reach . . . Are these the Last Days, when the daemons rise up to claim the world? From snowbound Mollachia to the beleaguered walls of Norostein, from the poisonous court of the new sultan to the deadly intrigues of Pallas, the omens are clear. Only Lyra and a handful of other heretical dwymancers have grasped the true danger - and they won't give up until every last hope is buried . . . In a February 1966 letter to her artistic confidant, Robert Lowell, Elizabeth Bishop tellingly grouped four midcentury poets: Lowell, Randall Jarrell, John Berryman, and herself. For Bishop--always wary of being pigeonholed and therefore reticent about naming her favorite contemporaries--it was a rare explicit acknowledgment of an informal but enduring artistic circle that has evaded the notice of literary journalists for more than forty years. Despite the private nature of their dialogue, the group's members--Bishop, Lowell, Jarrell, and Berryman--left a compelling record of their mutual interchange and influence. Drawing on an extensive range of published and archival sources, Thomas Travisano traces these poets' creation of a surprisingly coherent postmodern aesthetic and defines its continuing influence on American poetry. The refusal of this "midcentury quartet," as Travisano calls them, to voice a formalized doctrine, coupled with their intuitive way of working, has caused critics to miss the coherence of their project. Travisano argues that these poets are not only successors to Pound, Auden, Stevens, and Eliot but postmodern explorers in their own right. In forging their own aesthetic, characterized here as a postmodern mode of elegy, they encountered significant resistance from their immediate modernist mentors Allen Tate, John Crowe Ransom, and Marianne Moore. Jarrell, whom others of the group regarded as a critic of particular genius, was first described as a postmodernist in a 1941 review by Ransom that Travisano cites as the earliest known use of the term. In Jarrell's review of Lowell's Lord Weary's Castle six years later, he named Lowell a postmodernist and identified traits, among them the use of pastiche, that are now considered by theorists such as Fredric Jameson as specifically postmodern. And Bishop's inventiveness allowed her to adapt a self-exploratory mode often, but imprecisely, termed confessional to challenging forms such as the double sonnet, villanelle, and sestina. Each of these poets suffered a devastating loss during childhood and lived through the twentieth-century disasters of the Great Depression, World War II and the Holocaust, and the cold war. The continual tension in their poetry between subjectivity and form, claims Travisano, reflects the plight of the fractured individual in a postmodern world. By arguing so sharply for the importance of this circle, Midcentury Quartet is certain to redraw the map of postwar American poetry.
