Great Leaders Live Like Drug Addicts Aug 29 2020 What if you learned that to lead well, you'd need to live like a drug addict? During treatment for drug addiction, Michael Brody-Waite learned three principles that became the difference between life and death: Practice rigorous authenticity Surrender the outcome Do uncomfortable work Leaving rehab, Michael entered the workplace where he was shocked to see most business leaders doing what he had been taught would kill him. He began to see striking similarities between drug addiction and what he calls "mask addiction." Leaders everywhere were hiding their authentic selves in order to get what they wanted. They were doing things like: Saying yes when they could say no Hiding their weaknesses Avoiding difficult conversations Holding back their unique perspectives Instead of chasing drugs, leaders were chasing professional, financial, and social success from behind a mask—to the detriment of themselves and the people around them. Thanks to his recovery, Michael's three principles gave him an unlikely competitive advantage throughout his career, resulting in a level of success unexpected for a "drug addict." In Great Leaders Live Like Drug Addicts, Michael explains what drug addicts do to recover and provides a step-by-step program you can use to break free from your mask addiction to thrive in both work and life. He equips you with the tools you need to live and lead mask-free—tools to enable you to stop

following others, lead yourself, and become one of the dynamic, growing, authentic leaders this world desperately needs.

The Go-Giver Leader Dec 13 2021 “I met last week with your leaders,” Ben began. “I heard what they had to say. And you know, they make a good point.” He paused. Take charge, Ben, he told himself. Take control. He looked around the conference room. Take, take, take. Was that really what he was here to do? With their acclaimed bestseller *The Go-Giver*, Bob Burg and John David Mann proved that a heartfelt parable could also express a powerful idea. In *The Go-Giver Leader* (originally published as *It’s Not About You*), they offer an equally compelling tale about a struggling small business and the ambitious young executive trying to lead them to a crucial decision. Allen & Augustine has manufactured high-quality chairs for decades. Its people take pride in their work and feel loyal to their owners and management team. But this revered company is now at a crossroads, hurt by a tough economy, foreign competition, and a cash crunch. The air is filled with the scent of uncertainty, anxiety, perhaps even panic. Into this setting enters Ben, who’s been assigned by a larger firm to promote a merger that will rescue Allen & Augustine. Ben’s facts are undeniable: the chair maker can either merge and modernize or go bankrupt and vanish. So why can’t he persuade anyone to buy in, from the CEO on down? Will Ben find a way to sway the employee shareholders before the climactic vote? And can Allen & Augustine survive without losing its soul? The answers may surprise you as you follow Ben on his journey to understanding that the path to genuine influence lies less in taking leadership than in giving it. This revised and updated edition includes a new introduction, a discussion guide, and a Q&A with the authors.

The Leader in Me Apr 17 2022 Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The *Leader in Me* is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught *The 7 Habits of Highly Effective People* to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

Dare to Lead Jun 26 2020 #1 NEW YORK TIMES BESTSELLER •

Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the five-part HBO Max docuseries Brené Brown: Atlas of the Heart! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives,

and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 500 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read Daring Greatly and Rising Strong or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

These Are Our Bodies, Middle School Leader Guide Sep 10 2021 Our inherent value and worth comes from God's love for us, but our modern world is filled with sexual expression that too often leads us away from the life of Christ. As Christians seeking to live a life worthy of our calling and desiring to pass along these values to our children and youth, this book explores how we (as parents and adults) can explore issues of sexuality in the context of our faith. A sexuality education resource from a mainline/progressive denominational

prospective aids the adult reader/teacher/parent in learning and using skills that enable them to embrace and affirm the wholeness of sexuality and to talk openly and honestly about the connection of sexuality and faith. This book, grounded from a theological perspective, focuses on foundational issues for addressing how we (and why we) are called to have these conversations in a faithful community to support families. The importance of looking at one's sexuality throughout the lifespan through the lenses of decision making, faith and daily life, respect, growth and change, behavior, responsibility, values, prayer, and intentionality is explored, offering a grounding as well as stand-alone resource for individuals and churches to build upon.
