Report Writing for Criminal Justice Professionals Aug 03 2020 The criminal justice process is dependent on accurate documentation. Criminal justice professionals can spend 50-75% of their time writing administrative and research reports. *Report Writing for Criminal Justice Professionals, Fifth Edition* provides practical guidance--with specific writing samples and guidelines--for providing strong reports. Much of the legal process depends on careful documentation and the crucial information that lies within, but most law enforcement, security, corrections, and probation and parole officers have not had adequate training in how to provide well-written, accurate, brief, and complete reports. *Report Writing for Criminal Justice Professionals* covers everything officers need to learn--from basic English grammar to the difficult but often-ignored problem of creating documentation that will hold up in court. This new edition is updated to include timely information, including extensive coverage of digital reporting, updates on legal issues and privacy rights, and expanded coverage of forensics and scientific reporting.

Women and the Criminal Justice System Jan 08 2021 This book presents an up-to-date analysis of women as victims of crime, as individuals under justice system supervision, and as professionals in the field. The text features an empowerment approach that is unified by underlying themes of the intersection of gender, race, and class; and evidence-based research. Personal narratives supplement research and statistics to help students connect the text material with real-life situations. This new edition is informed by consideration of major ongoing social movements such as #MeToo, Black Lives Matter, and the fight to reduce mass incarceration. The text stresses contemporary topics such as recognition of lesbian, bisexual, and transgender issues in juvenile and adult facilities; the introduction of trauma-informed care in detention centers and prisons; the criminalization of Black girls and women; the effects of an increasingly militarized police culture; and the contributions of Ruth Bader Ginsburg and other influential women. With its emphasis on critical thinking, this text is ideal for undergraduate courses concerning women in the justice system.

The Mythology of Crime and Criminal Justice Dec 19 2021 The social construction of crime is often out of proportion to the threat posed. The media and advocacy groups shine a spotlight on some crimes and ignore others. Street crime is highlighted as putting everyone at risk of victimization, while the greater social harms from corporate malfeasance receive far less attention. Social arrangements dictate what is defined as crime and the punishments for those who engage in the proscribed behavior. Interest groups promote their agendas by appealing to public fears. Justifications often have no basis in fact, but the public accepts the exaggerations and blames the targeted offenders. The net-widening effect of more laws and more punishment catches those least able to defend themselves. This innovative alternative to traditional textbooks provides insightful observations of myths and trends in criminal justice. Fourteen chapters challenge misconceptions about specific crimes or aspects of the criminal justice system. Kappeler and Potter dissect popular images of crimes and criminals in a cogent, compelling, and engaging manner. They trace the social construction of each issue and identify the misleading statistics and fears that form the basis of myths—and the collateral damage of basing policies on mythical beliefs. The authors encourage skepticism about commonly accepted beliefs, offer readers a fresh perspective, and urge them to analyze important issues from novel vantage points.

Computer Crime Law Apr 30 2020 This book introduces the future of criminal law. It covers every aspect of crime in the digital age, assembled together for the first time. Topics range from Internet surveillance law and the Patriot Act to computer hacking laws and the Council of Europe cybercrime convention. More and more crimes involve digital evidence, and computer crime law will be an essential area for tomorrow's criminal law practitioners. Many U.S. Attorney's Offices have started computer crime units, as have many state Attorney General offices, and any student with a background in this emerging area of law will have a leg up on the competition. This is the first law school book dedicated entirely to computer crime law. The materials are authored entirely by Orin Kerr, a new star in the area of criminal law and Internet law who has recently published articles in the Harvard Law Review, Columbia Law Review, NYU Law Review, and Michigan Law Review. The book is filled with ideas for future scholarship, including hundreds of important questions that have never been addressed in the scholarly literature. The book reflects the author's practice experience, as well: Kerr was a computer crime prosecutor at the Justice Department for three years, and the book combines theoretical insights with practical tips for working with actual cases. Students will find it easy and fun to read, and

professors will find it an engaging introduction to a new world of scholarly ideas. The book is ideally suited either for a 2-credit seminar or a 3-credit course, and should appeal both to criminal law professors and those interested in cyberlaw or law and technology. No advanced knowledge of computers and the Internet is required or assumed.

Comparative Criminal Justice Systems May 12 2021 Offering a comprehensive analysis, bestselling COMPARATIVE CRIMINAL JUSTICE SYSTEMS, 5e compares the various criminal justice systems throughout the world using six model countries: China, England, France, Germany, Japan, and Saudi Arabia.
