This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. A web site produced at the University of Florida Statistics Dept. providing links to statistics departments, divisions and schools of statistics, statistical research groups, institutes and associations, statistical archives and resources, statistical software vendors, statistical journals, and mailing list archives. This manual serves as a public relations book for the Florida Dept. of Health and Rehabilitative Services and covers resources, investments, structure, reinvention, interim task force on social services, human resources committee, new HRS culture, productivity enhancement proposal, departmental plans, and culturing continuing innovation. Describes the 16 rivers included in the Florida Dept. of Natural Resources' Canoe Trail System.
