Filmmakers have often encouraged us to regard people with physical disabilities in terms of pity, awe, humor, or fear as "Others" who somehow deserve to be isolated from the rest of society. In this first history of the portrayal of physical disability in the

movies, Martin Norden examines hundreds of Hollywood movies (and notable international ones), finds their place within mainstream society, and uncovers the movie industry's practices for maintaining the status quo keeping people with disabilities dependent and "in their place." Norden offers a dazzling array of physically disabled characters who embody or break out of the stereotypes that have both influenced and been symptomatic of society's fluctuating relationship with its physically disabled minority. He shows us "sweet innocents" like Tiny Tim, "obsessive avengers" like Quasimodo, variations on the disabled veteran, and many others. He observes the arrival of a new set of stereotypes tied to the growth of science and technology in the 1970s and 1980s, and underscores movies like *My Left Foot* and *The Waterdance* that display a newfound sensitivity. Norden's in-depth knowledge of disability history makes for a particularly intelligent and sensitive approach to this long-overlooked issue in media studies.

Nella Larsen (1891-1964) occupies a central place in African-American and Modernist literature, and her status as a Harlem Renaissance woman writer is rivaled only by Zora Neale Hurston's. This Norton Critical Edition of Larsen's electrifying 1929 novel is accompanied by Carla Kaplan's insightfully detailed introduction, explanatory annotations, and a Note on the Text "Backgrounds and Contexts" connects *Passing* to the historical events of the day, most notably the sensational Rhineland/Jones case of 1925. Fourteen contemporary reviews are reprinted, including those by Alice Dunbar-Nelson, W. B. Seabrook, Mary Griffin, and W. E. B. Du Bois. Little-known documents, including those by Juanita Ellsworth and Caleb Johnson, reveal America's fascination with-and fear of-the cultural phenomenon of passing. Also included are Larsen's statements on the novel and on passing, as well as a generous selection of her letters. The theme of "The Tragic Mulatto(a)" in American literature is explored through related writings by Lydia Maria Child, William Wells Brown, Kate Chopin, Mark Twain, Countee Cullen, and Langston Hughes, among others. Finally, Joseph Seamon Cotter, Jr., Jessie Redmon Fauset, Countee Cullen, W. E. B. Du Bois,

Allen Semi [Nella Larsen], George S. Schuyler, Carl Van Vechten, and Langston Hughes voice their impressions of passing from the perspective of the Harlem Renaissance. "Criticism" provides sixteen diverse interpretations of Passing by, among others, Deborah E. McDowell, Judith Butler, Cheryl A. Wall, Thadious M. Davis, George Hutchinson, Mary Helen Washington, Ann duCille, Gayle Wald, Claudia Tate, and Jennifer DeVere Brody. A Chronology and Selected Bibliography are also included. Book jacket. I Hated, Hated, Hated This Movie is a collection of more than 200 of Ebert's most biting and entertaining reviews of films receiving a mere star or less from the only film critic to win the Pulitzer Prize. Ebert has no patience for these atrocious movies and minces no words in skewering the offenders. Witness: Armageddon \* (1998) - The movie is an assault on the eyes, the ears, the brain, common sense, and the human desire to be entertained. No matter what they're charging to get in, it's worth more to get out. The Beverly Hillbillies\* (1993) - Imagine the dumbest half-hour sitcom you've ever seen, spin it out to ninety-three minutes by making it even more thin and shallow, and you have this movie. It's appalling. North no stars (1994) - I hated this movie. Hated hated hated hated hated this movie. Hated it. Hated every simpering stupid vacant audience-insulting moment of it. Hated the sensibility that thought anyone would like it. Hated the implied insult to the audience by its belief that anyone would be entertained by it. Police Academy no stars (1984) - It's so bad, maybe you should pool your money and draw straws and send one of the guys off to rent it so that in the future, whenever you think you're sitting through a bad comedy, he could shake his head, chuckle tolerantly, and explain that you don't know what bad is. Dear God \* (1996) - Dear God is the kind of movie where you walk out repeating the title, but not with a smile. The movies reviewed within I Hated, Hated, Hated This Movie are motion pictures you'll want to distance yourself from, but Roger Ebert's creative and comical musings on those films make for a book no movie fan should miss. The advanced technology of a house first pleases then increasingly

terrifies its occupants. Stand by for hours of blissful immersion in the world of film - the world's "seventh art". This international bestseller and inspiration for a beloved movie is a heroic story of friendship and belonging. Cover may vary. No one ever said life was easy. But Ponyboy is pretty sure that he's got things figured out. He knows that he can count on his brothers, Darry and Sodapop. And he knows that he can count on his friends—true friends who would do anything for him, like Johnny and Two-Bit. But not on much else besides trouble with the Socs, a vicious gang of rich kids whose idea of a good time is beating up on “greasers” like Ponyboy. At least he knows what to expect—until the night someone takes things too far. The Outsiders is a dramatic and enduring work of fiction that laid the groundwork for the YA genre. S. E. Hinton's classic story of a boy who finds himself on the outskirts of regular

society remains as powerful today as it was the day it was first published. "The Outsiders transformed young-adult fiction from a genre mostly about prom queens, football players and high school crushes to one that portrayed a darker, truer world." -The New York Times "Taut with tension, filled with drama." -The Chicago Tribune "[A] classic coming-of-age book." -Philadelphia Daily News A New York Herald Tribune Best Teenage Book A Chicago Tribune Book World Spring Book Festival Honor Book An ALA Best Book for Young Adults Winner of the Massachusetts Children's Book Award Irresistible and authoritative, *The Movie Musical!* is an in-depth look at the singing, dancing, happy-making world of Hollywood musicals, beautifully illustrated in color and black-and-white--an essential text for anyone who's ever laughed, cried, or sung along at the movies. Leading film historian Jeanine Basinger reveals, with her trademark wit and zest, the whole story of the Hollywood musical--in the most telling, most incisive, most detailed, most gorgeously illustrated book of her long and remarkable career. From Fred Astaire, whom she adores, to *La La Land*, which she deplores, Basinger examines a dazzling array of stars, strategies, talents, and innovations in the history of musical cinema. Whether analyzing a classic Gene Kelly routine, relishing a Nelson-Jeanette operetta, or touting a dynamic hip hop number (in the underrated *Idlewild*), she is a canny and charismatic guide to the many ways that song and dance have been seen--and heard--on film. With extensive portraits of everyone from Al Jolson, the Jazz Singer; to Doris Day, whose iconic sunniness has overshadowed her dramatic talents; from Deanna Durbin, that lovable teen-star of the '30s and '40s; to Shirley T. and Judy G.; from Bing to Frank to Elvis; from Ann Miller to Ann-Margret; from Disney to Chicago . . . focusing on many beloved, iconic films (*Top Hat*; *Singin' in the Rain*; *Meet Me in St. Louis*; *The Sound of Music*) as well as unduly obscure gems (*Eddie Cantor's Whoopee!*; *Murder at the Vanities*; *Sun Valley Serenade*; *One from the Heart*), this book is astute, informative, and pure pleasure to read. *Harryhausen - The Movie Posters* showcases the posters from all of Ray's

movies, from 1949's *Mighty Joe Young*, to *Clash of the Titans* in 1981. There has never been a book published devoted solely to the promotional art associated with the films themselves. Featuring posters from all over the world, as well as commentary from The Ray & Diana Harryhausen Foundation, this is an essential addition to any fan's library. Twenty-three prominent writers recall the films that shaped them and explore the mysterious intersection of art and life. "Brian Selznick takes readers on an intimate tour of the movie-making process as his Caldecott Award-winning book *The Invention of Hugo Cabret* is turned into a 3-D major motion picture by Academy Award-winning director, Martin Scorsese, written by Academy Award-nominated screenwriter, John Logan."--Amazon.com. An entirely new and delightful perspective on the history of cinema, this illustrated volume uses timelines to trace its development from the earliest moving images to now. *A Chronology of Film* presents a fresh perspective on the medium by tracing the complex links between technical innovations, social changes, and artistic interventions in the order that they occurred. Organized around a central timeline that charts the development of film from the earliest moving images to present-day blockbusters, this volume features key films, film commentaries, and contextual information about the period in which they were produced. By revealing the social, political, and cultural environments in which these films were created, this book reveals new insights into great directors like Alfred Hitchcock, Federico Fellini, Francis Ford Coppola, Martin Scorsese, Jane Campion, Barry Jenkins, Pedro Almodóvar, and Bong Joon-ho and films such as *Bonnie and Clyde*, *The Godfather*, *Moonlight*, and *Parasite*. The book features lavish film stills, commentaries, and lively "In Focus" features with information about the social, stylistic, technical, political, and cultural events of each period. This work proceeds chronologically, in the order that plays were written, allowing the reader to trace the development of Shakespeare as an author and to see how the changing cultural climate of the Elizabethans flowered into film centuries later. From pre-nickelodeon days to the present. Entertainment Weekly's controversial critic of more than two decades looks back at a life told through the films he loved and loathed. Owen Gleiberman has spent his life watching movies—first at the drive-in, where his parents took him to see wildly inappropriate adult fare like *Rosemary's Baby* when he was a wide-eyed 9 year old, then as a possessed cinemaniac who became a film critic right out of college. In *Movie Freak*, his enthrallingly candid, funny, and eye-opening memoir, Gleiberman captures what it's like to live life through the movies, existing in thrall to a virtual reality that becomes, over time, more real than reality itself. Gleiberman paints a bittersweet portrait of his complicated and ultimately doomed friendship with Pauline Kael, the legendary New Yorker film critic who was his mentor and muse. He also offers an unprecedented inside look at what the experience of being a critic is really all about, detailing his stint at The Boston Phoenix and then, starting in 1990, at EW, where he becomes a voice of obsession battling—to a fault—to cling to his independence. Gleiberman explores the movies that shaped him, from the films that first made him want to be a critic (*Nashville* and *Carrie*), to what he hails as the sublime dark trilogy of the 1980s (*Blue Velvet*, *Sid and Nancy*, and *Manhunter*), to the scruffy humanity of *Dazed and Confused*, to the brilliant madness of *Natural Born Killers*, to the transcendence of *Breaking the Waves*, to the pop rapture of *Moulin Rouge!* He explores his partnership with Lisa Schwarzbaum and his friendships and encounters with such figures as Oliver Stone, Russell Crowe, Richard Linklater, and Ben Affleck. He also writes with confessional intimacy about his romantic relationships and how they echoed the behavior of his bullying, philandering father. And he talks about what film criticism is becoming in the digital age: a cacophony of voices threatened by an insidious new kind of groupthink. Ultimately, *Movie Freak* is about the primal

pleasure of film and the enigmatic dynamic between critic and screen. For Gleiberman, the moving image has a talismanic power, but it also represents a kind of sweet sickness, a magnificent obsession that both consumes and propels him. Neal Gabler calls them "lifies," those blockbusters written in the

medium of life that dominate the media and the national conversation for weeks, months, even years: the death of Princess Diana, the trial of O.J. Simpson, Kenneth Starr vs. William Jefferson Clinton. Real Life as Entertainment is hardly a new phenomenon, but the movies, and now the new information technologies, have so accelerated it that it is now the reigning popular art form. How this came to pass, and just what it means for our culture and our personal lives, is the subject of this witty, concerned, and sometimes eye-opening book. In his most inventive exploration of the medium yet, David Thomson—one of our most provocative authorities on all things cinema—shows us how to get more out of watching any movie. Guiding us through each element of the viewing experience, considering the significance of everything from what we see and hear on-screen—actors, shots, cuts, dialogue, music—to the specifics of how, where, and with whom we do the viewing, Thomson explicates the movie watching experience with his customary candor and wit. Delivering keen analyses of films ranging from Citizen Kane to 12 Years a Slave, in How to Watch a Movie, Thomson shows moviegoers how to more deeply appreciate both the artistry and the manipulation of film—and in so doing enriches our viewing experience immensely. “People will be arguing over Nixon at the Movies as much as, for more than half a century, the country at large has been arguing about Nixon.”—Greil Marcus

Richard Nixon and the film industry arrived in Southern California in the same year, 1913, and they shared a long and complex history. The president screened Patton multiple times before and during the invasion of Cambodia, for example. In this unique blend of political biography, cultural history, and film criticism, Mark Feeney recounts in detail Nixon’s enthusiastic viewing habits during his presidency, and takes a new and often revelatory approach to Nixon’s career and Hollywood’s, seeing aspects of Nixon’s character, and the nation’s, refracted and reimagined in film. Nixon at the Movies is a “virtuosic” examination of a man, a culture, and

a country in a time of tumult (Slate). "By Feeney's count, Nixon, an unabashed film buff, watched more than 500 movies during the 67 months of his presidency, all carefully listed in an appendix titled 'What the President Saw and When He Saw It.' Nixon concentrated intently on whatever was on the screen; he refused to leave even if the picture was a dud and everyone around him was restless. He was omnivorous, would watch anything, though he did have his preferences...Only rarely did he watch R-rated or foreign films. He liked happy endings. Movies were obviously a means of escape for him, and as the Watergate noose tightened, he spent ever more time in the screening room."—The New York Times

Thousands of brief, informative film reviews from "The New Yorker" provide an encyclopedic guide to more than fifty years of American and foreign movies The Official companion to all three bodacious Bill & Ted films. Hollywood—crossroads of filmmaking, mythmaking, and politics—was dominated by one man more than any other for most of its history. It was William Randolph Hearst who understood how to use cinema to exploit the public's desire for entertainment and to create film propaganda to further his own desire for power. From the start, Hearst saw his future and the future of Hollywood

as one and the same. He pioneered and capitalized on the synergistic relationship between yellow journalism and advertising and motion pictures. He sent movie cameramen to the inauguration of William McKinley and the front lines of the Spanish-American War. He played a prominent role in organizing film propaganda for both sides fighting World War I. By the 1910s, Hearst was producing his own pictures—he ran one of the first animation studios and made many popular and controversial movie serials, including *The Perils of Pauline* (creating both the scenario and the catchphrase title) and *Patria*. As a feature film producer, Hearst was responsible for some of the most talked-about movies of the 1920s and 1930s. Behind the scenes in Hollywood, Hearst had few equals—he was a much-feared power broker from the Silent Era to the Blacklisting Era. *Hearst Over Hollywood* draws on hundreds of previously unpublished letters and memos, FBI Freedom of Information files, and personal interviews to document the scope of Hearst's power in Hollywood. Louis Pizzitola tells the hidden story of Hearst's shaping influence on both film publicity and film censorship—getting the word out and keeping it in check—as well as the growth of the "talkies," and the studio system. He details Hearst's anti-Semitism and anti-Communism, used to retaliate for *Citizen Kane* and to maintain dominance in the film industry, and exposes his secret film deal with Germany on the eve of World War II. The author also presents new insights into Hearst's relationships with Marion Davies, Will Hays, Louis B. Mayer, Franklin D. Roosevelt, Mussolini, Hitler, and the Kennedys. *Hearst Over Hollywood* is a tour de force of biography, cultural study, and film history that reveals as never before the brilliance and darkness of Hearst's prophetic connection with Hollywood. Audrey gave up on romance before meeting aspiring filmmaker Harry at the cinema where they work, but soon they are deeply in love—and not like it is portrayed in movies. A USA TODAY and New York Times bestseller Perfect for fans of *Kasie West* and *Jenn Bennett*, this "sweet and funny" (Kerry Winfrey, author of *Waiting for Tom Hanks*) teen rom-com follows a hopelessly romantic teen girl and her cute yet obnoxious

neighbor as they scheme to get her noticed by her untouchable crush. Perpetual daydreamer Liz Buxbaum gave her heart to Michael a long time ago. But her cool, aloof forever crush never really saw her before he moved away. Now that he's back in town, Liz will do whatever it takes to get on his radar—and maybe snag him as a prom date—even befriend Wes Bennet. The annoyingly attractive next-door neighbor might seem like a prime candidate for romantic comedy fantasies, but Wes has only been a pain in Liz's butt since they were kids. Pranks involving frogs and decapitated lawn gnomes do not a potential boyfriend make. Yet, somehow, Wes and Michael are hitting it off, which means Wes is Liz's in.
