Brandy, Ballad of a Pirate Princess Mar 17 2022 Brandy Erasmus is the daughter of the most feared pirate of the Caribbean in the early 19th century. Erick Erasmus aka The Plague and his infamous wife The Scarlet Mistress have marauded and ravaged the seas of the Caribbean since before Brandy was born. But on one fateful day when she is fifteen years old, that life drastically ends. First her father is killed by his second in command, Don Lomoche, and then an evil self-important, pompous ass British admiral named Bennets captures and executes her mother. She and her uncle barely escape the same fate. They spend the next 15 years hiding in Kingston, Jamaica where they run an Inn near the harbor. A chance meeting with one of the British Empires most celebrated sea captains, Arthur Joshua and his enigmatic first officer John Edwards changes everything. Both men are part of the Abolitionist movement in the Caribbean to get runaway slaves from the United states settled in Maroons. Although passionate about the movement Captain Joshua is also on a second mission to find his long-lost wife and daughter who came to the Caribbean 15 years earlier to wait for him. His wife, Cassandra, was a former prisoner on a slave ship headed to the new world when they were intercepted by his then command of a British Man-of-War off the coast of Africa. After they were married, she bared him a daughter, and he then sent them on to the new world where he felt they could live together as a family. The king of England kept him from joining his family for seven years, having him fighting one war after another. When Captain Joshua found out that his family had been lost somewhere in the Caribbean, he begged the then "Sailor King William", his former commanding officer, to let him go find out what happened to them. The King gave him leave to find his family and commissioned him to aid the freed slaves of the British Empire in the Caribbean as he saw fit. He also gifted Captain Joshua with the fastest ship in the British fleet, a ship Captain Joshua named, The Morning Star. Joshua asked 1st Lieutenant John Edward to join him in his quest and with the kings leave they set out on Captain Joshua's duel quest. Brandy and her uncle Skynyrd find themselves drawn to these men. She especially finds herself drawn to John Edwards, the first officer. But her battle with her past and the demons that haunt her about being raised to be a cutthroat pirate impedes their budding if not tumultuous romance. During this time Brandy's Enemies have been busy plotting against the abolitionist movement in British waters, which pits them against Captain Joshua and his cause. Soon she and Skynyrd must decide whether they will fully commit to Joshua's cause and be a part in taking down their old nemesis Don Lomoche. Secrets are revealed and lines are drawn as her decision to stand with John Edwards and his captain spirals her life into a whirlwind of adventure and romance, she never thought possible. Circumstance brought on by forces long set in motion dictate that she must rise to save the one she loves and champion a cause bigger than all of them. It forces her to reclaim a cursed ship and crew that have anxiously waited for her to return and takes them to confront her mortal enemy. Armed with her love for John Edwards and the cause he fights for and enabled by the teachings of Master Shaolin Priest named Zang Yong Brandy Erasmus sails into hell and with friends and allies wins the day, and a lease on a new and better life.

Password Manager Jun 08 2021 Don't lose your internet password login information. The Password Manager can save a lot of problems if you forget your user ID or password or have a computer crash. Store your user ID and passwords in the Password Manager. If you forget your password and user ID for websites it will be easy to find offline. If you are like most internet users you have passwords and login ID's for many websites. It's impossible to remember all of them, that is why a Password Manager is a great place to record them. - Find your password and User ID anytime.- Write your info offline and you won't fret over being locked out of websites. - Don't waste time trying to remember or find that scrap paper with login info.- Access websites any time you need it. Your valuable login info will be as near as your fingertips. Fast, free shipping for Amazon Prime Members!

The Anarchist Cookbook May 07 2021 The Anarchist Cookbook will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are revolutionary slogans of the day. Says the author "This book... is not written for the members of fringe political groups, such as the Weatherman, or The Minutemen. Those radical groups don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book." In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts. There i detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers. There is a comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prods to sub-machine guns to bows and arrows.

Investment Banking Mar 05 2021 One of a kind learning package on Investment Banking by experts Rosenbaum & Pearl that includes Book, Downloadable Models + Online Course (practice questions, lecture videos). Get the foundation you need for success on Wall Street! In the aftermath of the subprime mortgage crisis and ensuing credit crunch, the world of finance is returning to the fundamentals of valuation and critical due diligence for M&A, capital markets, and investment opportunities. This involves the use of more realistic assumptions governing approach to risk as well as a wide range of value drivers. While valuation has always involved a great deal of "art" in addition to time-tested "science," the artistry is perpetually evolving in accordance with market developments and conditions. This unique learning experience, from bestselling authors and investment banking experts Joshua Rosenbaum and Joshua Pearl, provides insight on technical valuation fundamentals as well as practical judgement skills and the industry perspective needed to succeed on Wall Street. This comprehensive learning package includes: Investment Banking: Valuation, Leveraged Buyouts, and Mergers & Acquisitions, 2nd Edition - the highly accessible and authoritative guide to corporate valuation Access to five downloadable valuation model templates, including Comparable Companies Analysis, Precedent Transactions Analysis, Discounted Cash Flow Analysis, Leveraged Buyout Analysis, and M&A models Six-month access to online Wiley Investment Banking Valuation Course featuring bite-sized lessons, over five hours of video lectures, 100+ practice questions, and other investment banking study tools Whether you're just starting your career in investment banking or looking to dive deeper into valuation, Investment Banking: Valuation Models + Online Course will help you navigate the world of price mergers, acquisitions, and buyout transactions and gain real-world experience with the fundamental analytical tools and methodologies used in valuing companies.

Also great gift for anyone who have a lot of passwords to memorize

Internet Password Logbook Jan 27 2023 Keep all your online login details safe and secure with this username and password book All your login passwords and usernames, and lots more, can be kept away from prying eyes with this internet password log book, allowing you to be confident that no-one else has access to your accounts. When you think about it, we regularly login to our favorite sites where passwords and usernames are required but we also use the internet to access things like our store accounts, bank accounts, and social media accounts, and so on. That's a lot of information to remember so a written record, like this username and password keeper, is very often the best way to do so. Most website and password books only allow you to record the sparsest details like the website's URL, and your username and password, but this one lets you record additional information such as: When you opened an account or subscribed to an account on a website Whether it was free to subscribe or if you had to pay If you had to pay, how much it was and how you paid for it If you unsubscribed - the date you did so Any ID or PIN that you had to create The email address that you used to subscribe to the site - many people have more than one email account and it can be frustrating if you can't remember which one you used (see below for more details about email accounts) Sometimes you have to create a security question and answer - this website password book gives you space to record those as well And if that's not enough, there is also a space to make notes within the password/username section People still love the feel of a physical book, even in this digital age, and this book goes the extra mile to give you value for money: Each page is alphabetically ordered There are 150 pages in total allowing you to record login details for 284 websites At the rear of the book there are sections in which you can record details of all your email accounts - personal and work, etc. together with a space to add notes Also at the back of the book is a stand-alone Notes section in which you can record anything you like, for instance: your house alarm number; your phone PIN; credit/debit card information; home network information; Wi-Fi password and network ID; software license registration numbers - the list goes on, it's up to you how you use this space The book itself is a flexible paperback measuring 6" wide x 9" high, and the cover is a matte finish. Even with all that it has going for it, and all the features and benefits within it, this book is still very competitively priced and we at Booksy Publishing believe it is the best password organizer for your needs. And of course, should you buy the book and not be satisfied with it, you are covered by Amazon's returns policy. Get your copy now.
