"Right Now, I Am Fine" is a mindfully written self-help guide to aid children in dealing with stress and anxiety, by uncovering their emotions and following a simple calming routine. This is a coloring book edition to further help children overcome anxiety and increase attention to all the lessons of the book. Dr. Daniela Owen, Ph.D. is a clinical child psychologist in the San Francisco Bay Area. She works primarily with children, adolescents, and their families and specializes in using evidence-based treatments to help with managing anxiety, worry, anger, and low mood. Through her children's books, Daniela brings to life concepts and strategies that can be helpful for children everywhere. Filled with magic, thrilling adventure, and sweet romance, Elementals is the first in a new series that fans of mythology will love! When Nicole Cassidy moves from sunny Georgia to gloomy New England, the last thing she expects is to learn that her homeroom is a cover for a secret coven of witches. Even more surprisingly ... she's apparently a witch herself. Despite doubts

about her newfound abilities, Nicole is welcomed into this ancient circle of witches and is bedazzled by their powers--and, to her dismay, by Blake--the school's notorious bad-boy. Girls who get close to Blake wind up hurt. His girlfriend Danielle will do anything to keep them away, even if she must resort to using dark magic. But the chemistry between Blake and Nicole is undeniable, and despite wanting to protect Nicole from Danielle's wrath, he finds it impossible to keep his distance. When the Olympian Comet shoots through the sky for the first time in three thousand years, Nicole, Blake, Danielle, and two others in their homeroom are gifted with mysterious powers over the elements. But the comet has another effect--it opens the portal to the prison world that has contained the Titans for centuries. After an ancient monster escapes and attacks Nicole and Blake, it's up to them and the others to follow the clues from a cryptic prophecy so that they can save their town ... and possibly the world. identity is so secret, even he doesn't know what
it is! Dan Johnson is just a normal guy with a
normal job...or so he thinks. What he doesn't
know is that a secret organization is using
him as their weapon against crime. It's *The
Manchurian Candidate* meets *Spider-Man*! From

super-hero adventure full of twists, turns, and
action! Collects issues 1 through 5. Born with a
secret power he must hide... Telryn "Trip" Yert
has always been a little odd, with hunches that
are too accurate to explain. Magic is feared and

forbidden in Iskandia, so he's struggled his whole life to hide his eccentricities. As a boy, he was forced to watch his mother's execution. Her crime? Witchcraft. Understandably, Trip wants nothing to do with the power that lurks within him, always threatening to reveal itself. Instead, he dedicates himself to serving as an officer in the king's army, to battling pirates and imperial conquerors. He longs to become a soldier as respected and renowned as the legendary General Zirkander. But his country is in need of more than a soldier. After disappearing for over a thousand years, dragons have returned to the world. A few of them are willing to be allies to mankind, as they were millennia before, but far more want to destroy or enslave humans and claim the world for themselves. There are few people left with the power to fight dragons. For reasons he doesn't understand, Trip may be one of those people. But if he chooses to learn more about his heritage and the power he can wield, he risks losing everyone he loves and everything he longs to be. Despite coming from different ends of the world, John, Slack, Akane, and Salome, age 12, have plenty in common. They love computers, coding, hacking, gaming—it literally flows through their veins. One more thing: they are all technically dead. The group comes together at the Wolf's Den in deepest Alaska, one of several top-secret schools for technological excellence around the globe. The place seems like a coder's dream come true at first, but things take a dark turn when the

group realizes they are not like the other kids there. They uncover that the center is working on a potentially dangerous, secret project known as Project 31. What's worse, the guinea pigs are the kids themselves. The gang realizes that John's father implanted artificial intelligence in their bloodstream, in order to protect them, before going missing under mysterious circumstances. They are not only wanted by those in power, but are now being hunted. There's only one way out: to escape across the brutal Alaskan tundra where the truth will be revealed. twists, and tons of humor, this series will quickly have your 7- to 12-year-old video game fan begging for just one more chapter. Getting sucked into a video game is not as much fun as you'd think. Sure, there are jetpacks, hover tanks, and infinite lives, but what happens when the game starts to turn on you? In this best-selling series, 12-year-old Jesse Rigsby finds out just how dangerous video games-and the people making those games - can be. Book One: Trapped in a Video Game Jesse hates video games - and for good reason. You see, a video game character is trying to kill him. After getting sucked into the new game Full Blast with his best friend, Eric, Jesse quickly discovers that he's being followed by a mysterious figure. If he doesn't figure out what's going on fast, he'll be trapped for good! Book Two: The Invisible Invasion Jesse's rescue mission has led him into the world of Go Wild, a Pokemon Go-style mobile game full of hidden danger and invisible monsters. Can Jesse stay alive long enough to sneak into the shady video game company and uncover what they're hiding? Book Three: Robots Revolt The robot villains from Super Bot World 3 have been released into the real world, and it's up to Jesse to get them back. This is Jesse's most dangerous mission yet, because this time, the video game is real. And in the real world, there are no extra lives. Book Four: Return to Doom Island In this retro adventure, Jesse will need to outsmart a superintelligent android, outlast a tireless drone, and outswim an eight-bit shark.

If he can somehow pull all that off, Jesse will discover that he hasn't even gotten to the scary part yet. Book Five: The Final Boss Jesse and Eric have 10 minutes to save the world. In those 10 minutes, they're supposed to dive into a massive video game universe, track down an all-powerful madman, and stop his evil plan before it's too late. Sound impossible? It's super impossible. The clock is ticking. I thought magic was make believe...but I was way wrong. I was nobody. No matter how hard I tried, I never fit in with anyone at my high school. Now I know why. Turns out I'm a witch. A scary powerful one, too. Except The Coven that claimed me won't teach me how to use my magic. Suddenly, I'm selected by the Goddess to hunt down a mythical locket needed to save the world from destruction. The only person who actually tries to help me is the alarmingly attractive Tennessee. He has immeasurable power and breathtaking mismatched eyes. I'm drawn to him on a level I can't explain...and he's forbidden from getting too close to me. When the quest takes an unexpected dangerous turn, I have to improvise. This supernatural world is unraveling at my fingertips and I need to master my magic fast. If I don't, I could get everyone I care about killed... Featuring a kickass heroine, forbidden love, and magic you'll wish was real, fans of The Mortal Instruments, Twilight, or Harry Potter will love Chandelle LaVaun's brand new urban fantasy series! Thousands of copies sold. Millions of pages read. 500+ five-star reviews for the

series. Now, for a limited time, save 50% compared to buying the individual books by reading the entire Elemental Magic series in this special bundle deal! Secrets can be powerful... ..but also destructive. Alrion doesn't know the power inside him. He's more surprised than anyone when he discovers he's a wizard. Three trials await the young wizard. He must conquer each of the pillars of magic: Knowledge, Will, and Spark. Only then will he be ready to face his destiny. Edward Fasbender is a devil. He's my father's business rival, a powerful, vicious man who takes what he wants and bows to no one. I only took the meeting because I was curious. I thought he was going to offer me a job. But that's not what he's after at all. His proposal is much more intriguing, and I see an opportunity. An opportunity to turn the tables and bring down the devil. I've gotten in trouble playing these games before. I know when the risk is too great, when the stakes are too high. I know how to be cold and strong-willed and destructive. I know how to withstand dominant men with arrogant charm and rugged features. Yet I can't resist taking on Edward. And I can't resist the pull he has on me. Soon I'm not so sure which side of the battle I'm standing on--if I'm the warrior meant to slay, Or the one who will be slain. Includes the complete series: Rivalry, Ruin, Revenge, Rising Shadow Academy has many secrets... and I'm one of them. Plucked from foster care and offered a scholarship to an elite school, I figured I had it made. But it didn't take me long to discover

how this school worked. Scholarship kids at the bottom of the heap, and way at the top, Ren Worthington. With his breath-taking good looks and bottomless pits of family money, you'd think he'd have better things to do than bully us poor kids. Not so. Ren and the other human students live their lives unaware of the creatures lurking in the dark. But us scholarship kids weren't selected just for our academic skills. We're all half-bloods and freaks - fae, witch, shifter, demon. In return for our free ride, we protect the rich brats from paranormal dangers. I don't want to get close to Ren, I don't want to work with him and I sure don't want to succumb to his charms, but I have no choice. Things aren't what they seem on the surface. Our families have a history that goes way back and the connection between us might just be the thing to save or destroy me. Shadow Academy has many secrets... and maybe Ren is one of them.
