Create Your Own Religion Mar 04 2023 Create Your Own Religion is a call to arms--an open invitation to question all the values, beliefs, and worldviews that humanity has so far held as sacred in order to find the answers we need to the very practical problems facing us. Writer, philosopher, and professor of comparative religion, Daniele Bolelli, leads the reader through three thousand years of mythology, misogyny, misinformation, and the flat-out lies about "revealed truth" that continue to muddle our ability to live a peaceful life, free of guilt and shame and the ultimate fear of death. "Our worldviews are in desperate need of some housecleaning," says Bolelli. "We enter the 21st century still carrying on our backs the prejudices and ways of thinking of countless past generations. What worked for them may or may not still be of use, so it is our job to make sure to save the tools that can help us and let go of the dead weight."

HOW TO CREATE YOUR OWN WORLD - BOOK 1 Dec 09 2020 Since you're reading this, I will assume that you are looking for a way to achieve success, peace, and happiness in your life. Well, I believe you have come to the right place. Most definitions of success focus on attaining wealth. While

I will not discount the importance of that, my definition of success also includes being in harmony with your nature, being happy with your relationships, and being satisfied with your vocation. Some people instinctively know how to achieve success. Consequently, they have figured out ‘how’ to create their own world. Maybe you've met some of these people. What they all seem to have in common is a fulfillment within themselves, their mates and especially with their calling. Unfortunately, most people do not share that feeling of success especially as it relates to their job or career. If this is a concern for you, then maybe it’s time to consider changing the way you’ve managed your work life. Let me be frank. The intent of this book is to help you find success by teaching you ‘how’ to Create Your Own World. Although you can apply the concepts for Creating Your Own World to many facets of life, however, since a satisfying work life is so essential for happiness, much of what I will focus on is ‘how’ to discover a rewarding work life, often referred to as your ‘Calling’. To achieve success, I believe you need to become enlightened in three distinct areas. First, you need to understand applied psychology, attitudes and how your conscious and sub-conscious minds work. Next, you need to know ‘how’ to harmonize with your true nature. In other words ‘finding your calling’. By finding your ‘calling’, I mean discovering the career you should have, experiencing the peace you should embrace, and doing those activities that you conclude are enjoyable. Finally, to help you discover and actualize your calling you need a successful process. Give me your undivided attention and I will show you exactly what you need to do to discover and achieve an exciting career, and a wonderful life.

The world can be yours to have and to hold once you take control of your own

destiny. That doesn't mean that you can control the events that will happen in your life, but you can control how you envision those events.
