Unstoppable Apr 12 2020 "The powerful and inspiring story of an all-American wrestler who defied the odds. Anthony Robles is a three-time all-American wrestler, the 2011 NCAA National Wrestling Champion, and a Nike-sponsored athlete. He was also born without his right leg. Doctors could not explain to his mother, Judy, what led to the birth defect, but at the age of five, the one-legged toddler scaled a six-foot pole unassisted. From that moment on, Judy knew without a doubt that her son would be unstoppable. When Anthony first began wrestling in high school, he was the smallest kid on the team and finished the year in last place. Yet Anthony's family and coaches supported his decision to continue, and he completed his junior and senior years with a 96-0 record to become a two-time Arizona State champion. In college, Anthony had to prove all over again that he could excel. Despite hardships on and off the mat--including the temptation to quit school and get a job to help his family when they lost their home to foreclosure--Anthony focused his determination and became a champion once again. Since winning the national championship in March 2011, Anthony has become a nationally recognized role model to kids and adults alike. But *Unstoppable* is not just an exciting sports memoir or an inspirational tale of living with a disability. It is also the story of one man whose spirit and unyielding resolve remind us all that we have the power to conquer adversity--in whatever form"--

Greene lets Wilzig's effervescent spirit shine through, and his story will appeal to a wide variety of readers." - Library Journal *Unstoppable* is the ultimate immigrant story and an epic David-and-Goliath adventure. While American teens were socializing in ice cream parlors, Siggi was suffering beatings by Nazi hoodlums for being a Jew and was soon deported along with his family to the darkest place the world has ever known: Auschwitz. Siggi used his wits to stay alive, pretending to have trade skills the Nazis could exploit to run the camp. His next job was laboring in toxic sweatshops. From these humble beginnings, he became President, Chairman and CEO of a New York Stock Exchange-listed oil company and grew a full-service commercial bank to more than \$4 billion in assets. Unstoppable Jan 14 2023 In 2004, in a stunning upset against the two-time defending champion Serena Williams, seventeen-year-old Maria Sharapova won Wimbledon, becoming an overnight sensation. Out of virtual anonymity, she launched herself onto the international stage. "Maria Mania" was born. Her success would last: she went on to hold the number-one WTA ranking multiple times, to win four more Grand Slam tournaments, and to become one of the highest-grossing female athletes in the world. And then -- at perhaps the peak of her career -- she was charged by the ITF with taking the banned substance meldonium, only recently added to the ITF's list. The resulting suspension would keep her off the professional courts for fifteen months -- a frighteningly long time for any athlete. But Sharapova's career has always been driven by her determination and by her dedication to hard work. Her story doesn't begin with the 2004 Wimbledon championship, but years before, in a small Russian town, where as a five-year-old she played on drab neighborhood courts with precocious concentration. It begins when her father, convinced his daughter could be a star, risked everything to get them to Florida, that sacred land of tennis academies. It begins when the two arrived with only seven hundred dollars and knowing only a few words of English. From that, Sharapova scraped together one of the most influential sports careers in history.

Unstoppable Sep 29 2021 Just as World War II called an earlier generation to greatness, so the climate crisis is calling today's rising youth to action: to create a better future. In *UNSTOPPABLE*, Bill Nye crystallizes and expands the message for which he is best known and beloved. That message is that with a combination of optimism and scientific curiosity, all obstacles become opportunities, and the possibilities of our world become limitless. With a scientist's thirst for knowledge and an engineer's vision of what can be, Bill Nye sees today's environmental issues not as insurmountable, depressing problems but as chances for our society to rise to the challenge and create a cleaner, healthier, smarter world. We need not accept that transportation consumes half our energy, and that two-thirds of the energy you put into your car is immediately thrown away out the tailpipe. We need not accept that dangerous emissions are the price we must pay for a vibrant economy and a comfortable life. Above all, we need not accept that we will leave our children a planet that is dirty, overheated, and depleted of resources. As Bill shares his vision, he debunks some of the most persistent myths and misunderstandings about global warming. When you are done reading, you'll be enlightened and empowered. Chances are, you'll be smiling, too, ready to join Bill and change the world. In *Unstoppable: Harnessing Science to Change the World*, the New York Times bestselling author of *Undeniable: Evolution and the Science of Creation* and former host of "Bill Nye the Science Guy" issues a new challenge to today's generation: to make a cleaner, more efficient, and happier world. Praise for *UNDENIABLE*: "With his charming, breezy, narrative style, Bill empowers the reader to see the natural world as it is, not as some would wish it to be. He does it right. And, as I expected, he does it best." -Neil deGrasse Tyson, Ph.D, host of *COSMOS* "Bill Nye, 'the Science Guy,' has become a veritable cultural icon....[T]he title of his new book on evolution...[is] 'Undeniable,' because, yes, there are many Americans who still deny what Darwin and other scientists long ago proved." -Frank Bruni, *The New York Times* "With a jaunty bow tie and boyish enthusiasm, Bill Nye the Science Guy has

spent decades decoding scientific topics, from germs to volcanoes, for television audiences....In his new book, Nye delights in how [evolution] helps to unlock the mysteries of everything from bumblebees to human origins to our place in the universe." -National Geographic "When it comes to Bill Nye, 'Science Guy' doesn't even begin to cover it. When he's not being summoned to act as a voice of reason for news outlets or leading meetings as CEO of the Planetary Society, he is living the life of a best-selling author....His recently published book, 'Undeniable: Evolution and the Science of Creation,' enlightens readers while using a conversational, educational tone. After all, it's his ability to break down even the most complicated topics into bite-size pieces that made him such a hit on his '90s children's show 'Bill Nye, the Science Guy.'" -The Boston Globe "Mr. Nye writes briskly and accessibly...[and] makes an eloquent case for evolution."-The Wall Street Journal "Because [Bill Nye is] a scientist, he has no doubts that the 'deniers' of evolution are flat wrong. And because he's a performer, his book is fun to read and easy to absorb." -The Washington Post "Ignite your inner scientist when Nye, known for delivering geeky intel with clarity and charm, takes on one of society's most hotly debated topics (yes, still)." -Time Out New York

Unstoppable Jun 14 2020 Ralph Nader has fought for over fifty years on behalf of American citizens against the reckless influence of corporations and their government patrons on our society. Now he ramps up the fight and makes a persuasive case that Americans are not powerless. In *Unstoppable*, he explores the emerging political alignment of the Left and the Right against converging corporate-government tyranny. Large segments from the progressive, conservative, and libertarian political camps find themselves aligned in opposition to the destruction of civil liberties, the economically draining corporate welfare state, the relentless perpetuation of America's wars, sovereignty-shredding trade agreements, and the unpunished crimes of Wall Street against Main Street. Nader shows how Left-Right coalitions can prevail over the corporate state and crony capitalism. He draws on his extensive experience working with grassroots organizations in Washington and reveals the many surprising victories by united progressive and conservative forces. As a participator in, and keen observer of, these budding alliances, he breaks new ground in showing how such coalitions can overcome specific obstacles that divide them, and how they can expand their power on Capitol Hill, in the courts, and in the decisive arena of public opinion. Americans can reclaim their right to consume safe foods and drugs, live in healthy environments, receive fair rewards for their work, resist empire, regain control of taxpayer assets, strengthen investor rights, and make bureaucrats more efficient and accountable. Nader argues it is in the interest of citizens of different political labels to join in the struggle against the corporate state that will, if left unchecked, ruin the Republic, override our constitution, and shred the basic rights of the American people.
