In the post-colonial era, tribal peoples are particularly vulnerable to new technologies and industrialization, which threaten their cultures, homelands and ways of living. However, there is a surprising exception to this trend in the form of social media. This book explores how tribal and indigenous peoples across the globe are using social media such as Facebook, Instagram and WhatsApp in fresh and inventive ways unique to their values and lifestyles. These platforms help tribal peoples to communicate across boundaries and barriers as never before, and are helping to strengthen communal identity and development in the global age. In *What Is Money?*, early readers learn the fundamentals of money and the differences between coins, bills, and their worth. Una de las lecciones más importantes que puedes enseñar a tus hijos es cómo manejar su dinero. Desgraciadamente, para la mayoría de los padres, dar a los hijos una educación financiera sólida es, en el mejor de los casos, una ocurrencia tardía. Frustrado ante la falta de materiales que aplicasen el concepto de las finanzas a situaciones de la vida real para que sus propios hijos aprendiesen, el autor Walter Andal decidió escribir un libro informativo entretenido que ayudase a los niños a iniciar el camino correcto para la toma de decisiones financieras personales inteligentes. En "Finanzas para niños", padres e hijos aprenderán: cómo empezó el dinero, cómo ganar dinero, cómo ahorrar e invertir, qué es el crédito y los peligros de manejarlo mal, qué es el mercado de valores, las fuerzas económicas que pueden afectar a las finanzas personales, qué son las divisas y los tipos de cambio, la importancia de retribuir a la comunidad, ¡y mucho, mucho más! Un imprescindible para todos aquellos padres que quieran que sus hijos desarrollen las habilidades necesarias para invertir con sensatez, gestionando el dinero de forma responsable y ahorrando. There's nothing more important

than Dinero, right. Instead of picking up where we left off, we are introduced to the mysterious, yet intriguing Dinero Maddox who is the eldest of the two. Inheriting his good looks and charismatic ways from his father, he never has a problem when it comes to women. However, when it comes to love, Dinero has nothing to offer since suffering several tragedies repeatedly. He vows to move differently after experiencing heartbreak, but those vows quickly come to a screeching halt when he locks eyes with a beautiful soul that has him intrigued with just one glare. Kailynn Brown has always been a beautiful soul. Her smile lights up a room, and her personality adds to the shine, blinding most. Factor in her intelligence, bodacious curves and she is the complete package. She lives a routine life, work and school is all she knows. However, she finally decides to let her hair down wearing the confidence she's been missing since adolescence, due to the verbal abuse she's experienced, and she catches the attention of almost every man in the building. Yet only one of the most sought-after men in her city catches hers. After running into each other several times, they finally decide to act on the unspoken yet undeniable chemistry. The only difference is their intentions. Dinero isn't looking for love because of the unpredictable life he is living, while Kailynn has recently raised the price on her worth and has no intention on settling for less. But in this crazy game called love, you never know what you'll do in the name of love. So will these two surrender their hearts to one another and grow together? Or will it be too late when they finally get together, their lives are at stake due to unforeseen circumstances?

Con la reciente recesión económica, muchas personas han perdido sus empleos y muchas más continúan perdiéndolo en los recortes que han llevado acabo muchas compañías. Tal vez no ha sido crucial para muchas personas ganar dinero adicional estableciendo un negocio en casa. Un negocio en casa puede ser una alternativa interesante de ganar dinero mientras que a la vez te encuentras en casa para cubrir otras actividades. Cuando vas a iniciar cualquier clase de negocio es muy importante evaluar en que tipo de negocio te vas a meter. La ventaja principal de un negocio en casa es, que es simple y no necesariamente requiere gran inversión de capital para empezar. Es muy diferente a cuando estas solicitando un empleo, donde el empleador te exige que tengas experiencia previa para poder emplearte. Con un negocio desde casa, nadie te va exigir ninguna clase de experiencia.

The Gwich'in Natives of Arctic Village, Alaska, have experienced intense social and economic changes for more than a century. In the late 20th century, new transportation and communication technologies introduced radically new value systems; while some of these changes may be seen as socially beneficial, others suggest a weakening of what was once a strong and vibrant Native community. Using quantitative and qualitative data gathered since the turn of the millennium, this volume offers an interdisciplinary evaluation of the developments that have occurred in the community over the past several decades.
