[Three Kings](#) Sep 11 2021 As
American policy makers ponder
a strategy for withdrawal from
Iraq, one of our preeminent
diplomatic historians uncovers
the largely hidden story of how
the United States got into the
Middle East in the first place. A
breathtaking recovery of
decisions taken, brazen
motives, and backroom
dealings, Three Kings is the
first history of America's efforts
to supplant the British empire
in the Middle East, during and
following World War II. From
F.D.R. to L.B.J., this is the story
of America's scramble for
political influence, oil

concessions, and a new military presence based on airpower and generous American aid to shaky regimes in Saudi Arabia, Iran, Egypt, and Iraq.

Marshaling new and revelatory evidence from the archives, Gardner deftly weaves together three decades of U.S. moves in the region, chronicling the early efforts to support and influence the Saudi regime (including the creation of Dhahran air base, the target of Osama bin Laden's first terrorist attack in 1996), the CIA-engineered coup in Iran, Nasser's Egypt, and, finally, the rise of Iraq as a major petroleum power. Here, the tangled threads of oil, U.S. military might, Western commercial interests, and especially the Israel-Palestine question are visible from the very beginning of "The American Century"—a history with frightening relevance for the distant prospect of peace and stability in the region today.

Hertslet's Commercial Treaties Jul 30 2020 A collection of treaties and conventions, between Great Britain and foreign powers, and of the laws, decrees, orders in council, &c., concerning the same, so far as they relate to commerce and navigation, slavery, extradition, nationality, copyright, postal matters, &c., and to the privileges and interests of the subjects of the high contracting parties.

Business Laws (For NEHU) Oct 01 2020 This book presents the subject matter tailor-made for the latest syllabus of North-Eastern Hill University (NEHU) to enable its students to study

the course material through a single book without having to refer to multiple sources and comprehend the subject in simple, understandable language. **Key Features**• Covers the syllabus of NEHU• Includes the highlights of the Indian Company Law, 2013• Explains complicated provisions in easily comprehensible language with the help of illustrations and analogies• Quotes Indian and English cases at appropriate places with a view to ensure necessary authenticity and clarity on the subject• Includes model question papers
