[Driving the King](#) Mar 25 2020 A daring and brilliant novel that explores race and class in 1950s America, witnessed through the experiences of

Nat King Cole and his driver, Nat Weary. The war is over, the soldiers are returning, and Nat King Cole is back in his hometown of Montgomery, Alabama, for a rare performance. His childhood friend, Nat Weary, plans to propose to his sweetheart, and the singer will honor their moment with a special song. While the world has changed, segregated Jim Crow Montgomery remains the same. When a white man attacks Cole with a pipe, Weary leaps from the audience to defend him—an act that will lead to a ten-year prison sentence. But the singer will not forget his friend and the sacrifice he made. Six months before Weary is released, he receives a remarkable offer: will he be Nat King Cole's driver and bodyguard in L.A.? It is the promise of a new life removed from the terror, violence, and degradation of Jim Crow Alabama. Weary discovers that, while Los Angeles is far different from the Deep South, it a place of discrimination, mistrust, and intolerance where a black man—even one as talented and popular as Nat King Cole—is not wholly welcome. An indelible portrait of prejudice and promise, friendship and loyalty, *Driving the King* is a daring look at race and class in pre-Civil Rights America, played out in the lives of two remarkable men.

His wife Mindy is a wealthy bored socialite, always in trouble with the paparazzi.... Mona Meredith is a sexy superstar devoted to saving chickens from the evil fast food conglomerate.... Scott and Ali take a trip across the country only to be followed by a private investigator as they battle against the evil fast food empire only to save a few chickens from their fate and discover each other. He had a head of thick black hair and was wearing a white jumpsuit with multi-colored rhinestones in the front, with a white cape flowing in back and white shoes. Scott Raymond was in his late thirties and had been impersonating Elvis all his life. It started back in the seventies when he would watch Elvis movies on TV and listen to The King's records. His dream was to become as rich and famous as the King. That dream was being fulfilled every day as he worked Vegas to crowds of seniors and die hard Elvis fans. Scott sang his heart out. "We're caught in a trap, I can't walk out...Because I love you too much baby....Why can't you see, what you're doing to me...When you don't believe a word I say....We can't go on together, with suspicious minds....And we can't build our dreams...On suspicious minds....."

Night Shift is the inspiration for over a dozen acclaimed horror movies and television series, including Children of the Corn , Chapelwaite, and Lawnmower Man. L.A. Son Jul 09 2021 "Roy Choi sits at the crossroads of just about every important issue involving food in the twenty-first century. As he goes, many will follow." —Anthony Bourdain From the maverick chef the New Yorker called "The David Chang of L.A." and founder of the wildly popular Kogi taco trucks, comes a cookbook that's as inventive, creative, and border-crossing as the city to which it pays homage: Los Angeles. Los Angeles: A patchwork megalopolis defined by its unlikely cultural collisions; the city that raised and shaped Roy Choi, the boundary-

breaking chef who decided to leave behind fine dining to feed the city he loved—and, with the creation of the Korean taco, reinvented street food along the way. Abounding with both the food and the stories that gave rise to Choi's inspired cooking, L.A. Son takes us through the neighborhoods and streets most tourists never see, from the hidden casinos where gamblers slurp fragrant bowls of pho to Downtown's Jewelry District, where a ten-year-old Choi wolfed down Jewish deli classics between diamond deliveries; from the kitchen of his parents' Korean restaurant and his mother's pungent kimchi to the boulevards of East L.A. and the best taquerias in the country, to, at last, the curbside view from one of his emblematic Kogi taco trucks, where people from all walks of life line up for a revolutionary meal. Filled with over 85 inspired recipes that meld the overlapping traditions and flavors of L.A.—including Korean fried chicken, tempura potato pancakes, homemade chorizo, and Kimchi and Pork Belly Stuffed Pupusas—L.A. Son embodies the sense of invention, resourcefulness, and hybrid attitude of the city from which it takes its name, as it tells the transporting, unlikely story of how a Korean American kid went from lowriding in the streets of L.A. to becoming an acclaimed chef.

[A Hologram for the King](#) Dec 14 2021 In a rising Saudi Arabian city, far from weary, recession-scarred America, a struggling businessman named Alan Clay pursues a last-ditch attempt to stave off foreclosure, pay his daughter's college tuition, and finally do something great. In *A Hologram for the King*, Dave Eggers takes us around the world to show how one man fights to hold himself and his splintering family together.

The King Of California Oct 12 2021 J.G. Boswell was the biggest farmer in America. He built a secret empire while thumbing his nose at nature, politicians, labor unions and every journalist who ever tried to lift the veil on the ultimate "factory in the fields." *The King of California* is the previously untold account of how a Georgia slave-owning family migrated to California in the early 1920s, drained one of America's biggest lakes in an act of incredible hubris and carved out the richest cotton empire in the world. Indeed, the sophistication of Boswell's agricultural operation -from lab to field to gin - is unrivaled anywhere.

Much more than a business story, this is a sweeping social history that details the saga of cotton growers who were chased from the South by the boll weevil and brought their black farmhands to California. It is a gripping read with cameos by a cast of famous characters, from Cecil B. DeMille to Cesar Chavez.

The King in Yellow Nov 13 2021 Toward the end of the year 1920 the Government of the United States had practically completed the programme, adopted during the last months of President Winthrop's administration. The country was apparently tranquil. Everybody knows how the Tariff and Labour questions were settled. The war with Germany, incident on that country's seizure of the Samoan Islands, had left no visible scars upon the republic, and the temporary occupation of Norfolk by the invading army had been forgotten in the joy over repeated naval victories, and the subsequent ridiculous plight of General Von Gartenlaube's forces in the State of New Jersey. The Cuban and Hawaiian investments had paid one hundred per cent and the territory of Samoa was well worth its cost as a coaling station. The country was in a superb state of defence. Every coast city had been well supplied with land fortifications; the army under the parental eye of the General Staff, organized according to the Prussian system, had been increased to 300,000 men, with a territorial reserve of a million; and six magnificent squadrons of cruisers and battle-ships patrolled the six stations of the navigable seas, leaving a steam reserve amply fitted to control home waters. The gentlemen from the West had at last been constrained to acknowledge that a college for the training of diplomats was as necessary as law schools are for the training of barristers; consequently we were no longer represented abroad by incompetent patriots. The nation was prosperous; Chicago, for a moment paralyzed after a second

great fire, had risen from its ruins, white and imperial, and more beautiful than the white city which had been built for its plaything in 1893. Everywhere good architecture was replacing bad, and even in New York, a sudden craving for decency had swept away a great portion of the existing horrors. Streets had been widened, properly paved and lighted, trees had been planted, squares laid out, elevated structures demolished and underground roads built to replace them. The new government buildings and barracks were fine bits of architecture, and the long system of stone quays which completely surrounded the island had been turned into parks which proved a god-send to the population. The subsidizing of the state theatre and state opera brought its own reward. The United States National Academy of Design was much like European institutions of the same kind. Nobody envied the Secretary of Fine Arts, either his cabinet position or his portfolio. The Secretary of Forestry and Game Preservation had a much easier time, thanks to the new system of National Mounted Police. We had profited well by the latest treaties with France and England; the exclusion of foreign-born Jews as a measure of self-preservation, the settlement of the new independent negro state of Suanee, the checking of immigration, the new laws concerning naturalization, and the gradual centralization of power in the executive all contributed to national calm and prosperity. When the Government solved the Indian problem and squadrons of Indian cavalry scouts in native costume were substituted for the pitiable organizations tacked on to the tail of skeletonized regiments by a former Secretary of War, the nation drew a long sigh of relief. When, after the colossal Congress of Religions, bigotry and intolerance were laid in their graves and kindness and charity began to draw warring sects together, many thought the millennium had arrived, at least in the new world which after all is a world by itself.

To Set Before the King Feb 16 2022 In the 1970s, renowned chef and cookbook collector Louis Szathmary purchased a notebook written in German and dated 1905, containing more than two hundred recipes for soups, appetizers, main dishes, and a wealth of desserts, ices, and punches. This kitchen notebook, a concrete remnant from the paradoxical world of turn-of-the-century Vienna, belonged to a woman who played an extraordinary role in her society: actress Katharina Schratt, lavishly admired by crowned heads, industrialists, artists, composers and Franz Joseph I, emperor of Austria and king of Hungary. Schratt was his friend, companion, and confidante for thirty-two years, and these are the foods she served in her home. *To Set before the King* is

really three books in one, Gertrud Champe has written an entertaining biography of Schratt and her glittering world. The carefully translated recipes themselves, from Little Croustades a la Talleyrand to Goulash a la Andrassy to Gingerbread a l'Elise are either comfortable and homey to soothe the highly regimented emperor or elegant and sophisticated to suit the palates of Schratt's more vivacious friends. Finally, working from Schratt's tantalizing aide-memoire, Chef Louis Szathmary has created almost a hundred updated Austro-Hungarian recipes that will bring the world of this European metropolis to the tables of today's cooks.

The Man Who Invented Christmas (Movie Tie-In) Jun 08 2021 As uplifting as the tale of Scrooge itself, this is the story of how Charles Dickens revived the signal holiday of the Western world—now a major motion picture. Just before Christmas in 1843, a debt-ridden and dispirited Charles Dickens wrote a small book he hoped would keep his creditors at bay. His publisher turned it down, so Dickens used what little money he had to put out *A Christmas Carol* himself. He worried it might be the end of his career as a novelist. The book immediately caused a sensation. And it breathed new life into a holiday that had fallen into disfavor, undermined by lingering Puritanism and the cold modernity of the Industrial Revolution. It was a harsh and dreary age, in desperate need of spiritual renewal, ready to embrace a book that ended with blessings for one and all. With warmth, wit, and an infusion of Christmas cheer, Les Standiford whisks us back to Victorian England, its most beloved storyteller, and the birth of the Christmas we know best. *The Man Who Invented Christmas* is a rich and satisfying read for Scrooges and sentimentalists alike.

All In Aug 22 2022 NEW YORK TIMES BEST SELLER • An inspiring and intimate self-portrait of the champion of equality that encompasses her brilliant tennis career, unwavering activism, and an ongoing commitment to fairness and social justice. “A story about the personal strength, immense growth, and undeniable greatness of one woman who fearlessly stood up to a culture trying to break her down.”—Serena Williams In this spirited account, Billie Jean King details her life's journey to find her true self. She recounts her groundbreaking tennis career—six years as the top-ranked woman in the world, twenty Wimbledon championships, thirty-nine grand-slam titles, and her watershed defeat of Bobby Riggs in the famous "Battle of the Sexes." She poignantly recalls the cultural backdrop of those years and the profound impact on her worldview from the women's movement, the assassinations and anti-war protests of the 1960s, the civil rights movement, and, eventually, the LGBTQ+ rights

movement. She describes the myriad challenges she's hurdled—entrenched sexism, an eating disorder, near financial peril after being outed—on her path to publicly and unequivocally acknowledging her sexual identity at the age of fifty-one. She talks about how her life today remains one of indefatigable service. She offers insights and advice on leadership, business, activism, sports, politics, marriage equality, parenting, sexuality, and love. And she shows how living honestly and openly has had a transformative effect on her relationships and happiness. Hers is the story of a pathbreaking feminist, a world-class athlete, and an indomitable spirit whose impact has transcended even her spectacular achievements in sports.

Michael Manley and Democratic Socialism Jun 20 2022 Cheryl King's study of Michael Manley's leadership of Jamaica in the 1970's is a well-written and informative study of one of Jamaica's most important post-independence political figures. Ms. King properly starts the study within the historical setting and limitations of Jamaica's colonial experience. The study then moves on to Manley's social democratic thinking and political principles, and his administration's less than successful efforts to work within the powerful chaotic international environment of the 1970's. Readers will encounter an engaging and wide ranging work of consequence. William B. Messmer, Ph.D., Drew University
