Byzantium-Rus-Russia Apr 29 2020 The Christian culture of Rus (the medieval precursor of modern Russia, Ukraine and Belarus) is sometimes presented either as a reflection of an indigenous spirituality wrapped in borrowed (Byzantine) forms or, by contrast, as merely a provincial version of its Byzantine original. The essays in this volume start from the premise that neither view is adequate. The history of culture - even of a self-consciously imitative culture - involves a continual process of inevitable 'mistranslation', as the imported models are reshaped and reinterpreted according to local resources, circumstances and preconceptions. These essays explore aspects of the 'translation of culture' on several levels: from the semantic processes of the actual translation of written texts from Greek into Slavonic, through to larger issues of ideology and identity. They consider both the initial stages of such 'translation' (from Byzantium to Rus) and some of the subsequent 'retranslations' of the Byzantine heritage in the culture of Rus and - eventually - of Russia.

*The Russian Memoir* Feb 05 2021

The essays in this volume seek to appreciate the literary construction of the memoir, with its dual agendas of individualized expression and reliable reportage, and explore its functions as interpretive history, social modelling, and political expression in Russian culture. The memoirs under

scrutiny range widely, including those of the private person (Princess Natalia Dolgorukaia), sophisticated high culture writers (Nikolai Zabolotskii, Vladimir Nabokov, Joseph Brodsky), cultural critics and facilitators (Lidiia Ginzburg, Avdot'ia Panaeva), political dissidents (Evgeniia Ginzburg, Elena Bonner), and popular artists (filmmaker Elidar Riazanov). It examines each memoir for its aesthetic and rhetorical features as well as its cultural circumstances. In mapping the memoir's social and historical significance, the essays consider a wide range of influences and issues, including the specific impact of the author's class, gender, ideology, and life experience on his/her witnessing of Russian culture and society.

### **Russian Nationalism and Ethnic Violence** Nov 04 2020

Nationalism is now the dominant narrative in Russian politics, and one with genuine popularity in society. *Russian Nationalism and Ethnic Violence* is a theoretical and empirical study which seeks to break the concept of "ethnic violence" into distinguishable types, examining the key question of why violence within the same conflict takes different forms at certain times and providing empirical insight into the politics of one of the most important countries in the world today. Theoretically, the work promises to bring the content of ethnic identity back into explanations of ethnic violence, with concepts from social theory, and empirical and qualitative analysis of databases, newspaper reports, human rights reports, social media, and ethnographic interviews. It sets out a new typology of ethnic violence, studied against examples of neo-Nazi attacks, Cossack violence against Meskhetian Turks, and Russian race riots. *Russian Nationalism and Ethnic Violence* brings hate crimes in Russia into the study of ethnic violence and examines the social undercurrents that have led to Putin's embrace of nationalism. It adds to the growing body of English language scholarship on Russia's nationalist turn in the post-Cold War era, and will be essential reading for anyone seeking to understand not only why different forms of ethnic

violence occur, but also the potential trajectory of Russian politics in the next 20 years.

**Russian Corporate Capitalism From Peter the Great to**

**Perestroika** Dec 06 2020 From the three perspectives of geography, economic policy, and ideology, this work examines

corporate capitalism under the tsarist and late Soviet regimes. Thomas C. Owen discovers a remarkable history of thwarted effort and lost opportunity. He explores the impact of bureaucratic restrictions and reveals the entrepreneurial capabilities of Russia's corporate founders from various social groups as well as the prominence of Poles, Germans, Jews, Armenians, and foreign citizens in the corporate elite of the Russian Empire and its ten largest cities. The study stresses continuities between tsarist and late Soviet periods, especially in the persistence of anti-capitalist attitudes, both radical and reactionary. A provocative final chapter considers the implications of the weak corporate heritage for the future of Russian capitalism.

**Frame by Frame** Oct 04 2020 Have you ever watched an inappropriately rated movie with children and later regretted it? As hosts of the weekly radio review show and authors of *Frame by Frame: 2006-A Family-Friendly Guide to the Movies*, Dr. Rus and Sandra Jeffrey cut through the Hollywood hype to offer concise, easy-to-read movie reviews designed with families in mind. In addition to movie reviews, you'll also find a more complete analysis of what they cover on the radio each week. Some movies they "tank," an expression they use when they trash a movie-but that doesn't mean they can't find any redeeming factors. As a result, the couple discusses all aspects of each movie, focusing on the positive and negative elements. Most importantly, the Jeffreys encourage families to watch movies together, and they provide discussion starters so the entire family can talk about what they have just watched. *Vocabulary of Soviet Society and Culture* Oct 16 2021 Irina H. Corten's *Vocabulary of Soviet Society and Culture* is an experiment in what Soviet scholars call *lingvostranovedenie*--the study of a country and its culture through the peculiarities of its language. Soviet leaders. The entries are listed alphabetically in English transliteration followed by the Cyrillic, although readers familiar with Russian may prefer to use the Cyrillic alphabet listing included in this volume. In each entry, the author provides a succinct but full explanation of the term and, whenever possible, cross-references to other entries, authentic examples of its use, and samples of relevant Soviet jokes. A reader may approach the lexicon either sequentially or with the aid of a subject thesaurus that divides the material into specific topics. A listing of complementary sources of reference appears in a useful bibliography. With this fascinating lexicon of "Sovietisms," Corten provides an invaluable and easily accessible medium for those general readers and scholars of the Russian language and Soviet culture interested in understanding contemporary Soviet life. Selected entries from the Vocabulary of Soviet Society and Culture *Anekdótchik (anekdotchitsa)* (cyrillic spelling) (n.) 1: A person who tells jokes (anekdoty); 2: coll. since the late Stalin era, a person arrested and given a prison sentence for the telling of political jokes. The phenomenon indicates the important role of the political joke in Soviet culture and, specifically, in the dissident movement. See *iazychnik*; *sident*. The following jokes were popular during the Brezhnev era: 1. "Comrade Brezhnev, what is your hobby?" "Collecting jokes about myself." "And how many have you collected so far?" "Two and a half labor camps." 2. Question: What is a marked-down joke? Answer: A joke which, under Stalin, got you ten years in a labor camp, and now gets you only five. *egoístiki* (cyrillic) (n.; pl.). Lit., little egotists; coll. since the 1970s referring to headsets worn by music lovers, especially teenage fans of rock music. The idea is that, by wearing headsets, one shuts out the world and becomes indifferent to everything except oneself. *zhrál'nia* (cyrillic) (n.). Der. *zhrat'*, to gorge, devour (vulg.); coll. since the 1970s denoting an eating establishment with inexpensive and often bad-tasting food. In the late 1980s, the term also has been applied to new fast-food

restaurants which have been built in Soviet cities by Western concerns, for example, McDonald's. See amerikanka; stekliashka; stoiachka.
