[The Culture of Fear](#) Jun 26 2020 The bestselling book revealing why Americans are so fearful, and why we fear the wrong things--now updated for the age of Trump In the age of Trump, our society is defined by fear. Indeed, three out of four Americans say they feel more fearful today than they did only a couple decades ago. But are we living in exceptionally perilous times? In his bestselling book *The Culture of Fear*, sociologist Barry Glassner demonstrates that it is our perception of danger that has increased, not the actual level of risk. Glassner exposes the people and organizations that manipulate our perceptions and profit from our fears: politicians who win elections by heightening concerns about crime and drug use even as rates for both are declining; advocacy groups that raise money by exaggerating the prevalence of particular diseases; TV shows that create a new scare every week to garner ratings. Glassner spells out the prices we pay for social panics: the huge sums of money that go to waste on unnecessary programs and products as well as time and energy spent worrying about our fears. All the while, we are distracted from the true threats, from climate change to worsening inequality. In this updated edition of a modern classic, Glassner examines the current panics over vaccination and "political correctness" and reveals why Donald Trump's fearmongering is so dangerously effective.

Python 101 Mar 16 2022 Learn how to program with Python from beginning to end. This book is for beginners who want to get up to speed quickly and become intermediate programmers fast!

[Hinault](#) Jul 08 2021 The life of Bernard Hinault - the French former cyclist who won the Tour de France five times - is recounted through stories, quotes and photographs in a beautifully packaged celebration of this great cyclist's career. Hinault - known as Le Blaireau (the Badger) - is one of only five cyclists to have won all three Grand Tours, and the only cyclist to have won each more than once. He won the Tour de France in 1978, 1979, 1981, 1982 and 1985. He came second in 1984 and 1986 and won 28 stages, of which 13 were individual time trials. The other three to have achieved five Tour de France victories are Jacques Anquetil (1964), Eddy Merckx (1974) and Miguel Indurain (1995). Of these, Hinault is the only one to have finished either first or second in each Tour de France he finished. He remains the last French winner of the Tour de France.

[Positive Lightning](#) Apr 24 2020 Kate Winter teaches dog owners how to train their canine companions. During her spare time, accompanied by her Lab, Dakota, she explores the woods and beaches on foot or horseback. She's worried that something's happening in her relationship, but she can't get her girlfriend Trish to talk to her about it. Faith Hutchins recently lost her sight after a terrible outdoor accident. She's dealt with her anger, depression, and blindness primarily on her own. A seeing-eye dog would help alleviate her reliance on anyone else, but the guide dog school has been unsuccessful in providing her

with one. On a mission to find someone who will train a dog specifically for her, she ultimately zeroes in on Kate. They say lightning never strikes the same place twice. But positive lightning is notoriously unpredictable and can ignite a fire when and where least expected . . . no matter who's in its path."

[The Hilltop](#) Dec 13 2021 In a fledgling community, on a hilltop near a Palestinian village, Gabi Kupper's life is disrupted when his brother Roni arrives from America penniless. *Assassin's Creed: Reflections* Jan 02 2021 A commemorative mini-series celebrating 10 years of Assassin's Creed and featuring the franchise's best loved characters! Celebrating 10 years of Assassin's Creed Featuring major characters from the gaming franchise including ultimate fan-favourite, Ezio. Written by Assassin's Creed Locus scribe, Ian Edginton

The Return of the Mother Oct 31 2020 Adapted from a series of lectures on the historical basis and current resurgence of the sacred feminine, given by Andrew Harvey at the California Institute of Integral Studies in Spring 1994, *The Return of the Mother* is a profound journey into the heart of the Divine Mother. In this comprehensive and groundbreaking work, mystical scholar Andrew Harvey unearths traces of the sacred feminine in major world religions—Hinduism, Islam (Sufism), Buddhism, Taoism, and Christianity—and in aboriginal and indigenous wisdom traditions. Harvey presents a scathing critique of the patriarchal distortions in religious history and doctrine that have obscured full knowledge of the Divine Mother, and shows how to reintegrate this vital aspect into the spiritual consciousness of humankind. *The Return of the Mother* offers a radical new perspective, balancing the historical overemphasis on transcendence by honoring the immanence of the divine in passionate engagement in the world. Only by cultivating a direct, respectful relationship with the transformative power of the sacred feminine can we alter our disastrous attitude of dissociation from nature, the body, sexuality, and the details of human life, and generate the energy and compassion needed to reverse the course of destruction we have set the planet—and all of life—hurtling toward. In lively question-and-answer sections, Harvey further illuminates these vital issues and takes a strong stand against our dependence on "gurus" and "masters," proposing instead an egalitarian model of spiritual community based on intimate groups of mutually supportive guides and friends. *The Return of the Mother* is an eloquent and passionate call for all of us to rediscover and reclaim an authentic and empowering relationship to the divine, and recreate a sacred life-in-the-world.

Inventing the Industrial Revolution Apr 29 2023 This book examines the development of the English patent system and its relationship with technical change during the period between 1660 and 1800, when the patent system evolved from an instrument of royal patronage into one of commercial competition among the inventors and manufacturers of the Industrial Revolution. It analyses the legal and political framework within which patenting took place and gives an account of the motivations and fortunes of patentees, who obtained patents for a variety of purposes beyond the simple protection of an invention. It includes the first in-depth attempt to gauge the reliability of the patent statistics as a measure of inventive activity and technical change in the early part of the Industrial Revolution, and suggests that the distribution of patents is a better guide to the advance of capitalism than to the centres of inventive activity. It also queries the common assumption that the chief goal of inventors was to save labour, and examines contemporary criticism of the patent system in the light of the changing conceptualisation of invention among natural scientists and political economists.

Maggie for Hire Sep 10 2021 When monsters appear on Earth, Maggie MacKay is on the job. No one is better at hauling the creepy crawlies back where they belong. No one, that is, except Maggie's dad, who vanished in the middle of an assignment. Now, an elf named Killian has shown up with a gig. Seems Maggie's uncle teamed up with the forces of dark to turn Earth into a vampire convenience store, serving bottomless refills on humans. Ah, family... The only hope for survival lies in tracking down two magical artifacts and a secret that disappeared with Maggie's dad. **WARNING:** This book contains cussing, brawling, and unladylike behavior. Proceed with caution.

Also included are discussions on finding antique washers, restoration, patent descriptions, advertising, safety issues and the

companies which manufactured washers.

The Burdens of Being Upright Dec 01 2020

Tracy Bonham is one of the new breed of female alternative rockers in the Alanis Morissette vein. This features 12 songs from her album.

The Sky Is Falling Jan 14 2022 A Sunday Times

(London), Best Book of 2018 "A thoughtful, entertaining, and occasionally profound critical study of the texts that entertain, move and, sometimes, shape us." —The Spectator

(London) "A bold, witty, and brilliantly argued analysis of the role pop culture has played in the rise of American extremism." —Ruth Reichl

"You'll never look at your favorite movies and TV shows the same way again. And you shouldn't." —Steven Soderbergh

A bestselling cultural journalist shows how pop culture prepared Americans to embrace extreme politics

Almost everything has been invoked to account for Trump's victory and the rise of the alt-right, from job loss to racism to

demography—everything, that is, except popular culture. In *The Sky Is Falling*

bestselling cultural journalist Peter Biskind dives headlong into two decades of popular

culture—from superhero franchises such as the Dark Knight, X-Men, and the Avengers and

series like *The Walking Dead* and *Game of Thrones* to thrillers like *Homeland* and *24*—and

emerges to argue that these shows are saturated with the values that are currently

animating our extreme politics. Where once centrist institutions and their agents—cops and

docs, soldiers and scientists, as well as educators, politicians, and "experts" of every

stripe—were glorified by mainstream Hollywood, the heroes of today's movies and

TV, whether far right or far left, have overthrown this quaint ideological consensus.

Many of our shows dramatize extreme circumstances—an apocalypse of one sort or

another—that require extreme behavior to deal with, behavior such as revenge, torture, lying,

and even the vigilante violence traditionally discouraged in mainstream entertainment. In

this bold, provocative, and witty investigation, Biskind shows how extreme culture now

calls the shots. It has become, in effect, the new mainstream.

The Illustrated Treasury of Disney Songs

Mar 04 2021 "This collector's edition begins with a musical history of Disney's greatest

songs. Then you'll find piano/vocal arrangements of 70 classic Disney songs, a

comprehensive selection of songs spanning more than eight decades. Over 100 full-color

Dagnet Nation Dec 25 2022 An investigative journalist offers a revealing look at the

surveillance economy in America that captures what citizens actions online and off, putting

individual freedoms at risk and discusses results from a number of experiments she

conducted to try and protect herself.

Haiti Aug 29 2020 A unique, arresting and versatile document of the traumatic earthquake

which hit Haiti in 2010 and its aftermath. Encased in a cardboard box, the project

comprises 16 unbound posters and a map page which draws attention to the epicentre and its

rippling impact on the population of the island. The unique format allows the viewer to absorb

each page individually or to hang the entire

project. The visual testimony to the events of the the first days after the event are provided

by award-winning photographer Ron Haviv and the essay by esteemed writer Simon

Winchester.

Bioactive Compounds in Underutilized Fruits and Nuts Mar 24 2020

This Reference Work provides a comprehensive overview of bioactive compounds found in underutilized

fruits and nuts around the world and it elucidates their pharmacological, biological and

health effects. In this book, readers will learn about the potential applications of bioactive

molecules presented in several underutilized fruits and nuts rich in carbohydrates, lipids,

fats, proteins, polyphenols, carotenoids, vitamins, organic acids, and volatile

compounds. Readers will also discover more about the nutraceutical importance of these

underutilized crops, and will also find specific case studies of the therapeutic potential of

underutilized fruits and nuts. Written by highly renowned scientists of the field, this reference

work appeals to a wide readership, from students and researchers to healthcare and

industry professionals interested in plant biotechnology, biology, pharmacology and food

engineering.

Second Chance at Love Jan 22 2020 Smart, sexy and spirited, Brooke Cates is the type of

woman every man dreams of. But Brooke has already found the man of her dreams - tall, dark

and ruggedly handsome cowboy Logan. Once young and in love, they never imagined that a

devastating betrayal would lead them down different paths. Now, when tragedy strikes,

Brooke must return to her hometown of Angel Ridge, Montana. Once there, she is forced to

deal with old hurts when Logan tries to make her remember the past she has chosen to

forget. Logan MacKenna can have any woman he wants, but his heart has been reserved for

Brooke since they shared their very first kiss. Time and distance have done nothing to change

that. When chance random encounters abound, it's as if fate is pushing them together, and

Brooke decides that she doesn't want to fight the undeniable sexual attraction that exists

between them. When it's played its course, she will simply go back to her life. But Logan has no

intention of letting her walk away from him a second time. Will Brooke be able to put her

fears aside and trust in Logan enough to give him back her heart? And if they succeed in

rekindling their love, can their new relationship withstand the force of Brooke's longkept secret,

one that could tear them apart for good this time?

Knighthood and Society in the High Middle Ages Nov 12 2021

In popular imagination few phenomena are as strongly associated with medieval society as

knighthood and chivalry. At the same time, and due to a long tradition of differing national

perspectives and ideological assumptions, few phenomena have continued to be the object of

so much academic debate. In this volume leading scholars explore various aspects of knightly

identity, taking into account both commonalities and particularities across Western Europe.

Knighthood and Society in the High Middle Ages addresses how, between the eleventh and the

early thirteenth centuries, knighthood evolved from a set of skills and a lifestyle that was

typical of an emerging elite habitus, into the basis of a consciously expressed and idealised

chivalric code of conduct. Chivalry, then, appears in this volume as the result of a process of

noble identity formation, in which some five key factors are distinguished: knightly practices,

lineage, crusading memories, gender roles, and chivalric didactics.

The New Complete Book of Self-Sufficiency Jul 20 2022

Embrace off-grid green living with the bestselling classic guide to a more sustainable

way of life, now with a brand new foreword from Hugh Fearnley-Whittingstall. John Seymour

has inspired thousands to make more responsible, enriching, and eco-friendly choices

with his advice on living sustainably. The New Complete Book of Self-Sufficiency offers

step-by-step instructions on everything from chopping trees to harnessing solar power; from

growing fruit and vegetables, and preserving and pickling your harvest, to baking bread,

brewing beer, and making cheese. Seymour shows you how to live off the land, running your

own smallholding or homestead, keeping chickens, and raising (and butchering) livestock.

In a world of mass production, intensive farming, and food miles, Seymour's words offer an

alternative: a celebration of the joy of investing time, labour, and love into the things we

need. While we aren't all be able to move to the countryside, we can appreciate the need to

eat food that has been grown ethically or create things we can cherish, using skills that have

been handed down through generations. With refreshed, retro-style illustrations and a

brand-new foreword by Hugh Fearnley-Whittingstall, this new edition of Seymour's classic

title is a balm for anyone who has ever sought solace away from the madness of modern

life.

Electric Power Systems Sep 29 2020 Author Ned Mohan has been a leader in EES education

and research for decades. His three-book series on Power Electronics focuses on three

essential topics in the power sequence based on

applications relevant to this age of sustainable energy such as wind turbines and hybrid electric vehicles. The three topics include power electronics, power systems and electric machines. Key features in the first Edition build on Mohan's successful MNPERE texts; his systems approach which puts dry technical detail in the context of applications; and substantial pedagogical support including PPT's, video clips, animations, clicker questions and a lab manual. It follows a top-down systems-level approach to power electronics to highlight interrelationships between these sub-fields. It's intended to cover fundamental and practical design. This book also follows a building-block approach to power electronics that allows an in-depth discussion of several important topics that are usually left. Topics are carefully sequenced to maintain continuity and interest.

Dibs in Search of Self Apr 05 2021

The Beatles Off the Record May 06 2021 From Cavern days to the final split, here is the story of The Beatles in their own words, plus comments from friends, associates, and observers.

Abdullah's Feet May 26 2020 Based on the author's memories of a 'happy village with its own idiot and mosque' in Morocco, these surreal, interlinked stories depict a dreamlike world of spiritual and sexual awakening. The heady imagination of a young boy - peopled by veiled women, suggestive vegetables, malevolent djinns and dismembered war heroes - is set against his cosmopolitan adulthood in Amsterdam, where the prodigal son discovers he can never entirely leave his past behind him.

Women Into Action Aug 09 2021

Red Star Line Oct 23 2022

The Real Name of God Sep 22 2022 Reveals the real, whole name of God and its place within each of us • Explains how none of the God-names commonly used in the Bible is God's real name • Shows how the real name of God unites all religions from both West and East • Includes spiritual techniques, prayers, poems, and meditative chants to bring each of us into deep, personal, intimate, living relationship with God Of the many names of God commonly used in the Bible and other sacred literature, none is God's real name. Every God-name, including

YHWH, reflects only one of God's many aspects, such as the loving creator, the militaristic authoritarian, or the all-knowing judge. None embodies the wholeness, the totality, the full Essence of God. Who then are we to speak to when we seek God? If you can't truly know something until you know its name, how can we truly know God? The culmination of years of translation research and etymological investigation, Rabbi Wayne Dosick's work digs through many layers of presumption and deeply ingrained beliefs to reveal the real name of God hiding in plain sight in the Bible: Anochi. He shows how this sacred name unites all religions--both of the West and the East. The name Anochi enables us to finally meet the whole, complete, real God--both the grand God of the vast universe and the God of breath, soul, and heart who dwells within each of us. This in-depth exploration of God's name includes spiritual techniques, poems, guided prayers, and meditative chants to bring each of us into personal, intimate, and purposeful relationship with God. By knowing the real name of God, we can affirm the connection to the Divine at the core of our being. We can touch the face of God that resides deep within us all.

Jorwerd Nov 24 2022 Jorwerd is a small village in Friesland in the Netherlands. Geert Mak was born in Friesland and he returned to his roots to explore the 'silent revolution' that has taken place in Jorwerd and other villages like it in the years since the Second World War. The village is a form of social organisation that has lasted at least 2000 years yet it has started, slowly but inexorably, to disappear. Recent studies have shown that, by the year 2025, two thirds of the world's population will live in cities and towns. Geert Mak lived in Jorwerd for six months, gathering the personal histories of Jorwerters past and present. By interweaving their lives with the wider history of Europe, Mak provides an unsentimental portrait of the pleasures and hardships of living in the country, while also making plain how rural life everywhere is under threat from the modern world.

Starship Grifters Jun 07 2021 "My favorite read this year. A hilarious space adventure. Hard book to put down." --Hugh Howey, author of *Wool* A space-faring ne'er-do-well with more

bravado than brains, Rex Nihilo plies the known universe in a tireless quest for his own personal gain. But when he fleeces a wealthy weapons dealer in a high-stakes poker game, he ends up winning a worthless planet...and owing an outstanding debt more vast than space itself! The only way for Rex to escape a lifetime of torture on the prison world Gulagatraz is to score a big payday by pulling off his biggest scam. But getting mixed up in the struggle between the tyrannical Malarchian Empire and the plucky rebels of the Revolting Front--and trying to double-cross them both--may be his biggest mistake. Luckily for Rex, his frustrated but faithful robot sidekick has the cyber-smarts to deal with buxom bounty hunters, pudgy princesses, overbearing overlords, and interstellar evangelists...while still keeping Rex's martini glass filled.

The White Lions of Timbavati Feb 21 2020 The author was a wildlife manager at Timbavati, a Transvaal game reserve. He made a significant study of white lions, a unique and endangered species.

The Ruins of Us Jun 19 2022 The Ruins of Us is a compelling, timely debut novel that explores the loneliness of expatriate life and the dangers of intolerance, as well as the things we'll do for love. More than two decades after moving to Saudi Arabia and marrying powerful Abdullah Baylani, American-born Rosalie learns that her husband has taken a second wife. That discovery plunges their family into chaos as Rosalie grapples with leaving the country, her life, and her family behind. Meanwhile, Abdullah and Rosalie's consuming personal entanglements blind them to the crisis approaching their sixteen-year-old son, Faisal, whose deepening resentment toward their lifestyle has led to his involvement with a controversial sheikh. When Faisal makes a choice that could destroy everything his embattled family holds dear, they all must confront difficult truths as they fight to preserve what remains of their world. The Ruins of Us is a timely story about intolerance, family, and the injustices we endure for love that heralds the arrival of an extraordinary new voice in contemporary fiction.
