A perennial best-seller on Texas politics, TEXAS POLITICS TODAY, 2009-2010 Edition, offers students a wide range of viewpoints from multiple authors, each a recognized authority on the Lone Star State. Its rich, nuanced presentations of such current issues as diversity, immigration, redistricting, and the 2008 election give students a realistic perspective of the Texas political system and decision-making processes. Packed with instructional aids and up-to-the-minute information, TEXAS POLITICS TODAY, 2009-2010 Edition, provides a thorough, candid analysis of government that not only increases student awareness of state policy and its effect on their lives but also motivates them to get politically involved. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Since the passage of national welfare reform legislation in the areas of welfare, employment, health and social services have been changing rapidly. This book discusses many of the different changes that these policies have gone through in recent years as well as the shift of responsibility toward state and local government for these changes. It is divided into: Part One: Federal, State and Local Relations; Part Two: Executive, Legislative and Judicial Relations; Part Three: The Group Struggle; Part Four: Public Values; Part Five: Democracy With Resistance. "The State of Texas: Government, Politics, and Policy, 5e, combines concise content with effective digital tools that provide a personalized learning experience for every student. Built to align directly with state learning outcomes and core objectives, this highly readable program provides students with the content and tools to make Texas government relevant in their lives. It includes ample material for a full semester course on Texas government"-- ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- An accessible look at Texas politics Written to be both engaging and accessible, Government and Politics in the Lone Star State offers both a journalist's and a political scientist's perspective in its coverage of the economic, demographic, political, and social changes contributing to contemporary Texas politics. Using theory, scholarly research, first-hand observations, anecdotes - and always a bit of humor - the authors examine the nuances of change in

political behavior and the decisions of political actors at the state and local levels. Fully revised to meet the 2306 curriculum changes, Government and Politics in the Lone Star State, 8e, contains 13 chapters -- a full semester's worth of Texas Government content. The eighth edition features the same pedagogical features students currently enjoy in traditional American Government textbooks, extending their learning experience from the 2305 course seamlessly into 2306. Learning Goals Upon completing this book, readers will be able to: Understand the economic, demographic, political, and social changes contributing to contemporary Texas politics Use theory and scholarly research to understand politics Critically analyze Texas's institutions 020597144X / 9780205971442 Government and Politics in the Lone Star State Plus NEW MyPoliSciLab with Pearson eText -- Access Card Package Package consists of: 0205927068 / 9780205927067 Government and Politics in the Lone Star State 0205949975 / 9780205949977 NEW MyPoliSciLab with Pearson eText - Access Card An accessible look at Texas politics Written to be both engaging and accessible, Government and Politics in the Lone Star State offers both a journalist's and a political scientist's perspective in its coverage of the economic, demographic, political, and social changes contributing to contemporary Texas politics. Designed around the Texas Higher Education Coordinating Board's new Learning Outcomes and Core Objectives, The State of Texas: Government, Politics, and Policy, second edition, provides students with a comprehensive view of Texas government. With numerous assignable activities in Connect Texas Government including powerful adaptive learning, The State of Texas encourages students to develop critical thinking skills, communication skills, social responsibility, and personal responsibility. Global history records an astonishing variety of forms of social organization. Yet almost universally, males subordinate females. How does the relationship between men and women shape the wider political order? The First Political Order is a groundbreaking demonstration that the persistent and systematic subordination of women underlies all other institutions, with wide-ranging implications for global security and development. Incorporating research findings spanning a variety of social science disciplines and comprehensive empirical data detailing the status of women around the globe, the book shows that female subordination functions almost as a curse upon nations. A society's choice to subjugate women has significant negative consequences: worse governance, worse conflict, worse stability, worse economic performance, worse food security, worse health, worse demographic problems, worse environmental protection, and worse social progress. Yet despite the pervasive power of social and political structures that subordinate women, history—and the data—reveal possibilities for progress. The First Political Order shows that when steps are taken to reduce the hold of inequitable laws, customs, and practices, outcomes for all improve. It offers a new paradigm for understanding insecurity, instability, autocracy, and violence, explaining what the international community can do now to promote more equitable relations between men and women and, thereby, security and peace. With comprehensive

empirical evidence of the wide-ranging harm of subjugating women, it is an important book for security scholars, social scientists, policy makers, historians, and advocates for women worldwide. An accessible look at Texas politics Written to be both engaging and accessible, *Government and Politics in the Lone Star State* offers both a journalist's and a political scientist's perspective in its coverage of the economic, demographic, political, and social changes contributing to contemporary Texas politics. Learning Goals Upon completing this book, readers will be able to: Understand the economic, demographic, political, and social changes contributing to contemporary Texas politics Use theory and scholarly research to understand politics Critically analyze Texas's institutions "There is something to be said for experience. Between the two of us, the authors of this text have over five decades of teaching Texas government in the classroom, and almost that many years writing about it. But in our rapidly changing world, the ability to adapt to change is fundamentally important. Among the most notable agents of change in Texas government over the last decade has been the successful launch of the Texas Tribune, an online newspaper devoted to covering Texas politics with an emphasis on helping readers not only know but understand what is happening with the state's government. This non-partisan endeavor is the largest organization covering state politics anywhere. They are experts at providing analysis and process vast data sets into usable content. With our experience and the Tribune's analysis and immediacy, our aim is to create content that is readable, up-to-date, and meaningful to you as a student. You will have the opportunity to engage in Texas government instead of simply reading a textbook. The narrative text you'll find here covers the key concepts in Texas government. But to get the full Texas Experience with current Texas Tribune content integrated, you'll want to access the title in Revel. There you will find interactive resources that will bring the course to life, illustrate how these core concepts affect you and your

community every day, help you become an informed consumer of the news, and empower you to make a difference in state and local politics now and throughout your life. Our approach in writing this book is simple. First, be realistic. Texas politics is less a debate about ideology and theory than it is a pragmatic discussion of what works"-- "The Texas State Constitution provides an outstanding constitutional and historical account of the state's governing charter. In addition to an overview of Texas' constitutional history, this volume provides an in-depth, section-by-section analysis of the entire constitution, detailing the many significant changes that have been made since its initial drafting. This treatment, along with a table of cases, index, and bibliography provides an unsurpassed reference guide for students, scholars, and practitioners of Texas' constitution. The Oxford Commentaries on the State Constitutions of the United States is an important new series that reflects a renewed international interest in constitutional history and provides expert insight into each of the 50 state constitutions. Each volume in this innovative series contains a historical overview of the state's constitutional development, a section-by-section analysis of its current constitution, and a comprehensive guide to further research. Under the expert editorship of Professor G. Alan Tarr, Director of the Center on State Constitutional Studies at Rutgers University, this series provides essential reference tools for understanding state constitutional law. Books in the series can be purchased individually or as part of a complete set, giving readers unmatched access to these important political documents"-- *TEXAS POLITICS TODAY* continues to be a best-selling overview of Texas Politics because it offers students a wide range of viewpoints, drawing on the diverse political and social perspectives of its contributing authors to give students rich, nuanced insight into the political system and decision-making processes of the Lone Star State. Current issues and candid analysis of government increase student awareness of the real effects of state policy on their lives, and encourage them to get politically involved. Learn how Texas politics affects public policy. Lone Star Politics emphasizes public policy and the decisions of political actors in its approach to studying contemporary Texas politics. Using the best scholarship, current examples, and historical context, the authors examine how government and politics respond and adapt to the changes in the Texas political landscape. Fully revised to meet the GOVT2305/2306 curriculum changes, *Lone Star Politics, 2/e* contains 14 chapters-a full semester's worth of Texas Government content. The second edition features the same pedagogical features students currently enjoy in American Government textbooks, extending their learning experience from the 2305 course seamlessly into 2306. MyPoliSciLab is an integral part of the Goldstein program. Key learning applications include Texas Tribune Videos, Texas Explorer activities and state specific Simulations. Note: MyPoliSciLab does not come automatically packaged with this text. In Texas, myth often clashes with the reality of everyday governance. The Nacogdoches author team (Ken Collier, Steven Galatas, & Julie Harrelson-Stephens) of Lone Star Politics explores the state's rich political tradition and explains who gets what, and how by setting Texas in context with other states' constitutions, policymaking, electoral practices, and institutions. Critical thinking questions and unvarnished "Winners and Losers" discussions guide students toward understanding Texas government. This Fifth Edition expands its coverage of civil rights in the state, and includes the contemporary issues that highlight the push and pull between federal, state, and local governments. Emphasizing the relevance of politics and government in everyday life, We the People provides tools to help students think critically about American government and politics. The Sixth Edition has been carefully updated to reflect most recent developments, including the ongoing conflict in Iraq and the 2006 midterm elections. Complemented by a rich package of multimedia tools for instructors and students, including a new video-clip DVD, We the People is now more pedagogically effective than ever. This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Updated in its 12th edition, Texas Government introduces the essentials of Texas government and its often colorful politics in a way that any reader can understand. With an emphasis on public policy and active learning, this popular and highly accessible text contains an abundance of useful study aids and exercises in every chapter and a lively, straightforward writing style. Showing readers the impact that government has on their lives, this insightful and sometimes humorous critique of Texas government engages readers in the course material and encourages them to become active participants in their government. United States presidency. An invaluable resource, Ginsberg's comprehensive analysis emphasizes the historical, constitutional, and legal dimensions of presidential power. He explores the history and essential aspects of the office, the president's relationship to the rest of the executive branch and to a subordinated Congress, and the evolution of the American president from policy executor to policy maker. Compelling photo essays delve into topics of special interest, including First Spouses, Presidential Eligibility, and Congressional Investigations of the White House. Texas "a whole other country"--a slogan that promotes tourism as much within the Lone Star State as elsewhere--is familiar to native Texans and those adopted sons and daughters who "got here just as quickly as they could." Texas is as varied as East Texas timberland, hundreds of miles of seashore, prairies of the Central and High Plains, and the dry desert of far West Texas. When traveling abroad and asked, "Where are you from?" residents of forty-nine of the United States usually respond, "the USA." Nearly every citizen of the Lone Star State will answer "Texas!" The world encourages such chauvinism. Mass media celebrates and exploits Texas and Texans in television and motion pictures about the Alamo, Texas Rangers, the oil industry, and athletics, to name only a few genre. Texans' pride in their distinctiveness increases when their state is paraded--or satired--and they consciously "pass it on" to succeeding generations. But what does it mean to be a Texan? How did Texas come to be as it is? Texas: A Compact History provides answers to such questions about Texans and Texas. It tells the story of Texas history and provides thoughtful interpretations about the state's development, all with the general reader in mind--in a brief, easily read narrative. The #1 package for thinking critically about the past, present, and future of Texas politics George W. Bush called it "the best job in the world," yet many would argue that the Texas governorship is a weak office. Given few enumerated powers by the Texas Constitution, the governor must build a successful relationship with the state legislature--sometimes led by a powerful lieutenant governor or speaker of the opposing party--to advance his or her policy agenda. Yet despite the limitations on the office and the power of the legislative branch, many governors have had a significant impact on major aspects of Texas's public life--government, economic development, education, and insurance reform among them. How do Texas governors gain the power to govern effectively? The Power of the Texas Governor takes a fresh look at the state's chief executives, from John Connally to George W. Bush, to discover how various governors have overcome the institutional limitations of the office. Delving into the governors' election campaigns and successes and failures in office, Brian McCall makes a convincing case that the strength of a governor's personality--in particular, his or her highly developed social skills--can translate into real political power. He shows, for example, how governors such as Ann Richards and George W. Bush forged personal relationships with individual legislators to achieve their policy goals. Filled with revealing insights and anecdotes from key players in each administration, The Power of the Texas Governor offers new perspectives on leadership and valuable lessons on the use of power. The History of Texas is fully revised and updated in this fifth edition to reflect the latest scholarship in its coverage of Texas history from the pre-Columbian era to the present. Fully revised to reflect the most recent scholarly findings Offers extensive coverage of twentieth-century Texas history Includes an overview of Texas history up to the Election of 2012 Provides online resources for students and instructors, including a test bank, maps, presentation slides, and more "Few people realize that in the area of law, Texas began its American journey far ahead of most of the rest of the country, far more enlightened on such subjects as women's rights and the protection of debtors." Thus James Haley begins this highly readable account of the Texas Supreme Court. The first book-length history of the Court published since 1917, it tells the story of the Texas Supreme Court from its origins in the Republic of Texas to the political and philosophical upheavals of the mid-1980s. Using a lively narrative style rather than a legalistic approach, Haley describes the twists and turns of an evolving judiciary both empowered and constrained by its dual ties to Spanish civil law and English common law. He focuses on the personalities and judicial philosophies of those who served on the Supreme Court, as well as on the interplay between the Court's rulings and the state's unique history in such areas as slavery, women's rights, land and water rights, the rise of the railroad and oil and gas industries, Prohibition, civil rights, and consumer protection. The book is illustrated with more than fifty historical photos, many from the nineteenth and early twentieth centuries. It concludes with a detailed chronology of milestones in the Supreme Court's history and a list, with appointment and election dates, of the more than 150 justices who have served on the Court since 1836. "Inside Texas Politics provides

students with an exciting insider's perspective on the world of Texas government. Its focus on how power struggles have shaped Texas institutions and political processes offers students a fresh perspective that differentiates itself from all other texts on the market. Rottinghaus' anecdotes make Inside Texas Politics fun and relevant for today's students, and his visual representations of data foster the skills students need in order to understand and think critically about the political world around them"-- TEXAS POLITICS: IDEAL AND REALITY critically compares Texas government and politics to the concepts of democratic theory by raising three main themes: democratic ideals, conservatism, and conflict. Lively presentation of material encourages students to consider controversial issues and debates. In the 2015-2016 Edition, new policy coverage, updates reflecting the Texas legislative session that ended in June 2014, and new "Texas Politics and You" features that ask students to become directly involved in current and contentious issues, often through social media, keep this book cutting edge. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Contemporary Chinese Politics: Sources, Methods, and Field Strategies considers how new and diverse sources and methods are changing the study of Chinese politics. Contributors spanning three generations in China studies place their distinct qualitative and quantitative methodological approaches in the framework of the

discipline and point to challenges or opportunities (or both) of adapting new sources and methods to the study of contemporary China. How can we more effectively use new sources and methods of data collection? How can we better integrate the study of Chinese politics into the discipline of political science, to the betterment of both? This comprehensive methodological survey will be of immense interest to graduate students heading into the field for the first time and experienced scholars looking to keep abreast of the state of the art in the study of Chinese politics. The fifth edition of this popular text is now expanded and updated to better fit the needs of a stand-alone Texas Politics course. Jillson continues to approach the politics of the Lone Star State from historical, developmental, and analytical perspectives, while giving students the most even-handed, readable, and engaging description of Texas politics available today. Throughout the book students are encouraged to connect the origins and development of government and politics in Texas--from the Texas Constitution, to party competition, to the role and powers of the Governor--to its current day. APSA's Style Manual for Political Science prepares authors for manuscript submission with sections that include: preparation, writing (punctuation and style), parenthetical citations, notes, tables and figures, and additional resources. The Manual acts as an umbrella submission guide for APSA's four member-wide journals and many section journals.
