Charts Don't Lie Aug 23 2022 MACD, ADX, Stochastics, Fibonacci, RSI, Parabolic SAR, StochRSI, Aroon, Ease of Movement (EMV)... Have you ever asked what happened when those trading indicators contradict one another? Have you ever slammed your trading desk because of frustration and confusion over which trading indicators to use? THE GOOD NEWS: The popular trading indicators mentioned above and in most trading books are NOT the only ones out there. There are more...and YOU are about to find out. Everyone --- who is willing to put the time and efforts --- to learn the correct techniques will be able to be a consistently profitable trader / investor in the market. And the success you will have after learning these new trading indicators is irrelevant to what kind of market the investor is trading. Any financial market --- from stocks, bonds, futures, options, commodities, and even Forex trading. --- will do. How so? Aren't they all different instruments? They are different, but human nature is always the same. And that is the reason learning and understanding the basic of stock chart analysis (along with trading indicators) are critical for every trader - investor out there. How this book will enlighten your trading brain AS SOON AS you finish reading it: 1) The reason Warren Buffet once said "In Investing, Rule # 1: Don't Lose. Rule # 2: See Rule Number 1." 2) The caveat of using any trading indicator. 3) How to set the four indicators up and make profits in the stock market, or any market not excluding options, futures, and Forex. 4) How to set the four indicators up for day trading, swing trading, or long term investing. I guarantee you these 4 technical analysis tools are not the ones you will hear from your investment advisers, fund manager, retirement planner, or your finance professor in college when they lecture you on how to invest in stocks or any other securities. Comprehensive but simple, this book shows what the trading indicators not many are talking about in a straightforward and effective manner. It is my humble expectation this book can give you some additional insights and add an extra ammo to your vast investing and trading arsenal. Trading strategy or trading system is probably the most underrated tool in the world full of financial BS and drama. The truth is: Opinion never matters. Only price does. And without being able to "plan your trade and trade your plan," a trader will not be able to make consistent money. No technical analysis-based trading system works without a solid understanding and application of the right trading indicators. Don't Leave Your Trading to Chances... ..because then frankly, you just gamble your money away. Might as well go to Vegas. More fun. There is nothing to lose. Daisies Don't Lie Mar 30 2023 My life in journalism, which began covering a notorious, and until now unsolved murder in Connecticut, led to attempts on my life by cops in two states. You don't have to be black to have cops wanting you dead! I uncovered newspaper corruption wherever I went during my thirty-year career, and also found corruption and dysfunction in government at all levels. I ended up homeless, first on East Coast streets and later in New Mexico, due to the duplicitous nature of some of the papers I wrote for, which promise truth but give anything but. Part I details my poisoning at the hands of constabularies and others in Louisiana, after I exposed an until now unpublished account of a massacre of black soldiers in 1942, which was covered up by the Army and my newspaper. Part II describes homelessness in detail from a first-hand perspective, both on the East Coast and in New Mexico, and it features columns I published while on the streets. Part III describes the effort of Santa Fe cops to eliminate me permanently after I'd become a thorn in the sides of corrupt officials and newspapers by filing forty-odd lawsuits. I must be a cat in disguise, since I wrote for newspapers in at least nine states and am still alive to tell the tale. I hope this book will precipitate change in journalism, the love of my life.

Seven Ways We Lie Mar 25 2020 In *Seven Ways We Lie*, a chance encounter tangles the lives of seven high school students, each resisting the allure of one of the seven deadly sins, and each telling their story from their seven distinct points of view. The juniors at Paloma High School all have their secrets, whether it's the thespian who hides her trust issues onstage, the closeted pansexual who only cares about his drug-dealing profits, or the neurotic genius who's planted the seed of a school scandal. But it's Juniper Kipling who has the furthest to fall. No one would argue that Juniper—obedient daughter, salutatorian, natural beauty, and loyal friend—is anything but perfect. Everyone knows she's a saint, not a sinner; but when love is involved, who is Juniper to resist temptation? When she begins to crave more and more of the one person she can't have, her charmed life starts to unravel. Then rumors of a student-teacher affair hit the fan. After Juniper accidentally exposes her secret at a party, her fate falls into the hands of the other six sinners, bringing them into one another's orbits. All seven are guilty of something. Together, they could save one another from their temptations—or be ruined by them. Riley Redgate's twisty YA debut effortlessly weaves humor, heartbreak, and redemption into a drama that fans of Jenny Han and Stephanie Perkins will adore.

God Don't Lie Oct 13 2021 *God Don't Lie* is the story of Richard Smith, who has lived almost three decades inside some of the worst prisons in the state of Texas. At age five, his family moved to the big city of Houston. There his life spun completely out of control, resulting in drug abuse, violence, and multiple incarcerations as a juvenile. At sixteen, he was arrested for murder, merely fifteen hours after being released from a juvenile facility. After being tried as an adult, he entered prison at age seventeen with a ninety-nine-year sentence. After experiencing violence in some of Texas's worst prisons, he joined the Aryan Brotherhood prison gang. He worked his way up to the rank of captain and got lost in its world of violence and racism. He was placed in long-term solitary confinement in 1993 and spent the next thirteen years locked in a cage within the cage. He was moved around to some of Texas's most violent prisons until one day, he woke up to the insanity of his life and decided to change. In 2006, he was released from solitary confinement and began the long road of rehabilitation in a place not designed to rehabilitate. He achieved two associate's degrees, as well as completed vocational trades in diesel mechanics and welding. At thirty-nine years of age, he turned his life to God and began living as a godly man inside the ungodly walls of prison. The title of this book rests on a statement made by his grandmother during a frantic call from his mom when he was arrested for murder. His mom thought he would be given the death penalty. His grandmother assured her that he would not because God had great things planned for his life, and "God don't lie."

Habits Don't Lie! Apr 18 2022 This book is about how ordinary people can use certain habits to become extraordinary by overcoming obstacles for a breakthrough. Habits Don't Lie speaks to the necessary laser-focus habits that one should have, especially after a setback. Through my journey in this book, I will discuss the purposeful and life-changing habits I formed from childhood to manhood, to help deal with my difficult circumstances and dark days. I hope that my experience with recovery, through the pain and tears, will help many people recognize how to deal with overcoming their obstacles, especially men like me, who were taught to tough it out and not to show their true emotions. Overall, I took my gifts and talents and used them to consult, coach with authenticity, and speak to the audience about how to use successful habits to overcome obstacles to "win" in their personal and business life.

Nine Lies About Work May 08 2021 Forget what you know about the world of work You crave feedback. Your organization's culture is the key to its success. Strategic planning is essential. Your competencies should be measured and your weaknesses shored up. Leadership is a thing. These may sound like basic truths of our work lives today. But actually, they're lies. As strengths guru and bestselling author Marcus Buckingham and Cisco Leadership and Team Intelligence head Ashley Goodall show in this provocative, inspiring book, there are some big lies--distortions, faulty assumptions, wrong thinking--that we encounter every time we show up for work. Nine lies, to be exact. They cause dysfunction and frustration, ultimately resulting in workplaces that are a pale shadow of what they could be. But there are those who can get past the lies and discover what's real. These freethinking leaders recognize the power and beauty of our individual uniqueness. They know that emergent patterns are more valuable than received wisdom and that evidence is more powerful than dogma. With engaging stories and incisive analysis, the authors reveal the essential truths that such freethinking leaders will recognize immediately: that it is the strength and cohesiveness of your team, not your company's culture, that matter most; that we should focus less on top-down planning and more on giving our people reliable, real-time intelligence; that rather than trying to align people's goals we should strive to align people's sense of purpose and meaning; that people don't want constant feedback, they want helpful attention. This is the real world of work, as it is and as it should be. Nine Lies About Work reveals the few core truths that will help you show just how good you are to those who truly rely on you.
