[A Fair Chance in the Race of Life](#) Sep 30 2022 The essays in this collection recount the critical importance of Gallaudet University during 150 years of deaf history in America, especially its role in higher education for deaf students.

*The Disability Studies Reader* Aug 06 2020 The Fourth Edition of the Disability Studies Reader breaks new ground by emphasizing the global, transgender, homonational, and posthuman conceptions of disability. Including physical disabilities, but exploring issues around pain, mental disability, and invisible disabilities, this edition explores more varieties of bodily and

mental experience. New histories of the legal, social, and cultural give a broader picture of disability than ever before. Now available for the first time in eBook format 978-0-203-07788-7.

**The Disability Studies Reader** Dec 10 2020 The fifth edition of *The Disability Studies Reader* addresses the post-identity theoretical landscape by emphasizing questions of interdependency and independence, the human-animal relationship, and issues around the construction or materiality of gender, the body, and sexuality. Selections explore the underlying biases of medical and scientific experiments and explode the binary of the sound and the diseased mind. The collection addresses physical disabilities, but as always investigates issues around pain, mental disability, and invisible disabilities as well. Featuring a new generation of scholars who are dealing with the most current issues, the fifth edition continues the Reader's tradition of remaining timely, urgent, and critical.

**Deaf World** Apr 06 2023 Argues that deaf Americans consider English secondary to American Sign Language, and have hence developed their own culture of behavior, values, beliefs, and expression within mainstream culture.

[Hearing Happiness](#) Dec 22 2021 Weaving together lyrical history and personal memoir, Virdi powerfully examines society's—and her own—perception of life as a deaf person in America. At the age of four, Jaipreet Virdi's world went silent. A severe case of meningitis left her alive but deaf, suddenly treated differently by everyone. Her deafness downplayed by society and doctors, she struggled to “pass” as hearing for most of her life. Countless cures, treatments, and technologies led to dead ends. Never quite deaf enough for the Deaf community or quite hearing enough for the “normal” majority, Virdi was stuck in aural limbo for years. It wasn't until her thirties, exasperated by problems with new digital hearing aids, that she began to actively assert her deafness and reexamine society's—and her own—perception of life as a deaf person in America. Through lyrical history and

personal memoir, *Hearing Happiness* raises pivotal questions about deafness in American society and the endless quest for a cure. Taking us from the 1860s up to the present, Virdi combs archives and museums in order to understand the long history of curious cures: ear trumpets, violet ray apparatuses, vibrating massagers, electrotherapy machines, airplane diving, bloodletting, skull hammering, and many more. Hundreds of procedures and products have promised grand miracles but always failed to deliver a universal cure—a harmful legacy that is still present in contemporary biomedicine. Weaving Virdi's own experiences together with her exploration into the fascinating history of deafness cures, *Hearing Happiness* is a powerful story that America needs to hear.

*Benedictine Roots in the Development of Deaf Education* Feb 21 2022 Examining the educational instruction of the deaf individual from its Benedictine beginnings to its present condition at Gallaudet University, this book traces the historical pedagogical affinity among Pedro Ponce de León, Juan Pablo Bonet, Charles Michael de l'Épée, Thomas Hopkins Gallaudet and Edward Miner Gallaudet. The author provides the historical and philosophical basis for Jewish and Christian beliefs concerning the condition of deafness and then introduces Ponce de León, credited as being the first teacher of the deaf. The essence of this Spanish Benedictine monk's methods and manner of teaching have been continued by those who succeeded him. The author traces this development from Spain through France and then to the United States.

***A Journey Into the Deaf-world*** Jan 29 2020 Experience life as it is in the U.S. for those who cannot hear.

*The Invention of Miracles* Oct 20 2021 "An astonishingly revisionist biography of Alexander Graham Bell, telling the true-and troubling-story of the inventor of the telephone. We think of Alexander Graham Bell as the inventor of the telephone, but that's not how he saw his own career. Bell was an elocution

teacher by profession. As the son of a deaf woman and, later, husband to another, his goal in life from adolescence was to teach the deaf to speak. Even his tinkering sprang from his teaching work; the telephone had its origins as a speech reading machine. And yet by the end of his life, despite his best efforts-or perhaps, more accurately, because of them-Bell had become the American Deaf community's most powerful enemy. *The Invention of Miracles* recounts an extraordinary piece of forgotten history. Weaving together a moving love story with a fascinating tale of innovation, it follows the complicated tragedy of a brilliant young man who set about stamping out what he saw as a dangerous language: Sign. The book offers a heartbreaking look at how heroes can become villains and how good intentions are, unfortunately, nowhere near enough-as well as a powerful account of the dawn of a civil rights movement and the triumphant tale of how the Deaf community reclaimed their once-forbidden language. Katie Booth has been researching this story for over a decade, poring over Bell's papers, Library of Congress archives, and the records of deaf schools around America. But she's also lived with this story for her entire life. Witnessing the damaging impact of Bell's legacy on her family would set her on a path that upturned everything she thought she knew about language, power, deafness, and the telephone"--

[The Deaf History Reader](#) May 07 2023 This volume presents an assembly of essays that together offer a remarkably vivid depiction of the varied Deaf experience in America.

**Literacy and Deaf People** Nov 08 2020 This compelling collection advocates for an alternative view of deaf people's literacy, one that emphasizes recent shifts in Deaf cultural identity rather than a student's past educational context as determined by the dominant hearing society. Divided into two parts, the book opens with four chapters by leading scholars Tom Humphries, Claire Ramsey, Susan Burch, and volume editor Brenda Jo Brueggemann. These scholars use diverse disciplines to

reveal how schools where deaf children are taught are the product of ideologies about teaching, about how deaf children learn, and about the relationship of ASL and English. Part Two features works by Elizabeth Engen and Trygg Engen; Tane Akamatsu and Ester Cole; Lillian Buffalo Tompkins; Sherman Wilcox and BoMee Corwin; and Kathleen M. Wood. The five chapters contributed by these noteworthy researchers offer various views on multicultural and bilingual literacy instruction for deaf students. Subjects range from a study of literacy in Norway, where Norwegian Sign Language recently became the first language of instruction for deaf pupils, to the difficulties faced by deaf immigrant and refugee children who confront institutional and cultural clashes. Other topics include the experiences of deaf adults who became bilingual in ASL and English, and the interaction of the pathological versus the cultural view of deafness. The final study examines literacy among Deaf college undergraduates as a way of determining how the current social institution of literacy translates for Deaf adults and how literacy can be extended to deaf people beyond the age of 20.

[Looking Back](#) Mar 05 2023 A Reader on the History of Deaf Communities and their Sign Languages

*Show Me a Sign* Jan 11 2021 "Deaf author Ann Clare LeZotte weaves a riveting Own Voices story inspired by the true history of a thriving deaf community on Martha's Vineyard in the early 19th century. This piercing exploration of ableism, racism, and colonialism answers the call to dig deep, examine core beliefs, and question what is considered normal. Mary Lambert has always felt safe and protected on her beloved island of Martha's Vineyard. Her great-great-grandfather was an early English settler and the first deaf islander. Now, over a hundred years later, many people there -- including Mary -- are deaf, and nearly everyone can communicate in sign language. Mary has never felt isolated. She is proud of her lineage. But recent events have

delivered winds of change. Mary's brother died, leaving her family shattered. Tensions over land disputes are mounting between English settlers and the Wampanoag people. And a cunning young scientist has arrived, hoping to discover the origin of the island's prevalent deafness. His maniacal drive to find answers soon renders Mary a "live specimen" in a cruel experiment. Her struggle to save herself is at the core of this penetrating and poignant novel that probes our perceptions of ability and disability"--

*Deaf History Unveiled* Feb 04 2023 Since the early 1970s, when Deaf history as a formal discipline did not exist, the study of Deaf people, their culture and language, and how hearing societies treated them has exploded. *Deaf History Unveiled:*

*Interpretations from the New Scholarship* presents the latest findings from the new scholars mining this previously neglected, rich field of inquiry. The sixteen essays featured in *Deaf History Unveiled* include the work of Harlan Lane, Renate Fischer, Margret A. Winzer, William McCagg, and twelve other noted historians who presented their research at the First International Conference on Deaf History in 1991.

*Deaf Heritage* Apr 25 2022 Originally published: Silver Spring, Md.: National Association of the Deaf, 1981.

*Open Your Eyes* Jul 29 2022 This groundbreaking volume introduces readers to the key concepts and debates in deaf studies, offering perspectives on the relevance and richness of deaf ways of being in the world. In *Open Your Eyes*, leading and emerging scholars, the majority of whom are deaf, consider physical and cultural boundaries of deaf places and probe the complex intersections of deaf identities with gender, sexuality, disability, family, and race. Together, they explore the role of sensory perception in constructing community, redefine literacy in light of signed languages, and delve into the profound medical, social, and political dimensions of the disability label often assigned to deafness. Moving beyond proving the existence of

deaf culture, *Open Your Eyes* shows how the culture contributes vital insights on issues of identity, language, and power, and, ultimately, challenges our culture's obsession with normalcy. Contributors: Benjamin Bahan, Gallaudet U; Douglas C. Baynton, U of Iowa; Frank Bechter, U of Chicago; MJ Bienvenu, Gallaudet U; Brenda Jo Brueggemann, Ohio State U; Lennard J. Davis, U of Illinois, Chicago; Lindsay Dunn, Gallaudet U; Lawrence Fleischer, California State U, Northridge; Genie Gertz, California State U, Northridge; Hilde Hauland, FAFO Institute; Robert Hoffmeister, Boston U; Tom Humphries, U of California, San Diego; Arlene Blumenthal Kelly, Gallaudet U; Marlon Kuntze, U of California, Berkeley; Paddy Ladd, U of Bristol; Harlan Lane, Northeastern U; Joseph J. Murray, U of Iowa; Carol Padden, U of California, San Diego.

**Inside Deaf Culture** Aug 30 2022 "Inside Deaf Culture relates deaf people's search for a voice of their own, and their proud self-discovery and self-description as a flourishing culture. Padden and Humphries show how the nineteenth-century schools for the deaf, with their denigration of sign language and their insistence on oralist teaching, shaped the lives of deaf people for generations to come. They describe how deaf culture and art thrived in mid-twentieth century deaf clubs and deaf theatre, and profile controversial contemporary technologies." Cf. Publisher's description.

**The Disability Studies Reader** Jul 17 2021 The Disability Studies Reader collects, for the first time, representative texts from the newly emerging field of disability studies. This volume represents a major advance in presenting the most important writings about disability with an emphasis on those writers working from a materialist and postmodernist perspective. Drawing together experts in cultural studies, literary criticism, sociology, biology, the visual arts, pedagogy and post-colonial studies, the collection provides a comprehensive approach to the issue of disability. Contributors include Erving Goffman, Susan

Sontag, Michelle Fine and Susan Wendell.

**The Deaf Way** Mar 25 2022 Selected papers from the conference held in Washington DC, July 9-14, 1989.

Keywords in Sound Apr 01 2020 In twenty essays on subjects such as noise, acoustics, music, and silence, *Keywords in Sound* presents a definitive resource for sound studies, and a compelling argument for why studying sound matters. Each contributor details their keyword's intellectual history, outlines its role in cultural, social and political discourses, and suggests possibilities for further research. *Keywords in Sound* charts the philosophical debates and core problems in defining, classifying and conceptualizing sound, and sets new challenges for the development of sound studies. Contributors. Andrew Eisenberg, Veit Erlmann, Patrick Feaster, Steven Feld, Daniel Fisher, Stefan Helmreich, Charles Hirschkind, Deborah Kapchan, Mara Mills, John Mowitt, David Novak, Ana Maria Ochoa Gautier, Thomas Porcello, Tom Rice, Tara Rodgers, Matt Sakakeeny, David Samuels, Mark M. Smith, Benjamin Steege, Jonathan Sterne, Amanda Weidman

*Deaf People in Hitler's Europe* Sep 06 2020 Key presentations from the Deaf People in Hitler's Europe, 1933-1945 Conference have been integrated with additional important work into three crucial parts: Racial Hygiene, the German Experience and the Jewish Deaf experience.

Deaf Identities Dec 30 2019 Over the past decade, a significant body of work on the topic of deaf identities has emerged. In this volume, Leigh and O'Brien bring together scholars from a wide range of disciplines -- anthropology, counseling, education, literary criticism, practical religion, philosophy, psychology, sociology, and deaf studies -- to examine deaf identity paradigms. In this book, contributing authors describe their perspectives on what deaf identities represent, how these identities develop, and the ways in which societal influences shape these identities. Intersectionality, examination of medical, educational, and family

systems, linguistic deprivation, the role of oppressive influences, the deaf body, and positive deaf identity development, are among the topics examined in the quest to better understand deaf identities. In reflection, contributors have intertwined both scholarly and personal perspectives to animate these academic debates. The result is a book that reinforces the multiple ways in which deaf identities manifest, empowering those whose identity formation is influenced by being deaf or hard of hearing.

*Deaf History and Culture in Spain* Dec 02 2022 Translated for the first time into English, 44 Spanish documents dating from 1417 to the present featured in this collection trace the turbulent history of Deaf culture in Spain.

**Looking Back** Oct 08 2020

*Eyes of Desire* Jun 15 2021 "In a collection of essays, deaf lesbians and gay men discuss their lives, describing how they discovered their sexual identity, overcame barriers to communication in a hearing world, and created a deaf gay and lesbian culture."--Amazon.com viewed Nov. 1, 2022.

**When the Mind Hears** Jan 03 2023 The authoritative statement on the deaf, their education, and their struggle against prejudice.

*A Place of Their Own* Jun 27 2022 Using original sources, this unique book focuses on the Deaf community during the nineteenth century. Largely through schools for the deaf, deaf people began to develop a common language and a sense of community. *A Place of Their Own* brings the perspective of history to bear on the reality of deafness and provides fresh and important insight into the lives of Deaf Americans.

*Research in Deaf Education* Mar 13 2021 Edited by Stephanie W. Cawthon and Carrie Lou Garberoglio, *Research in Deaf Education: Contexts, Challenges, and Considerations* is a showcase of insight and experience from a seasoned group of researchers across the field of deaf education. *Research in Deaf Education* begins with foundational chapters in research design, history, researcher positionality, community engagement, and

ethics to ground the reader within the context of research in the field. Here, the reader will be motivated to consider significant contemporary issues within deaf education, including the relevance of theoretical frameworks and the responsibility of deaf researchers in the design and implementation of research in the field. As the volume progresses, contributing authors explore scientific research methodologies such as survey design, single case design, intervention design, secondary data analysis, and action research at large. In doing so, these chapters provide solid examples as to how the issues raised in the earlier groundwork of the book play out in diverse orientations within deaf education, including both quantitative and qualitative research approaches. Designed to help guide researchers from the germ of their idea through seeing their work publish, *Research in Deaf Education* offers readers a comprehensive understanding of the critical issues behind the decisions that go into this rigorous and important research for the community at hand.

**Understanding Deaf Culture** Jan 23 2022 This book presents a 'Traveller's Guide' to Deaf Culture, starting from the premise that Deaf cultures have an important contribution to make to other academic disciplines, and human lives in general. Within and outside Deaf communities, there is a need for an account of the new concept of Deaf culture, which enables readers to assess its place alongside work on other minority cultures and multilingual discourses. The book aims to assess the concepts of culture, on their own terms and in their many guises and to apply these to Deaf communities. The author illustrates the pitfalls which have been created for those communities by the medical concept of 'deafness' and contrasts this with his new concept of "Deafhood", a process by which every Deaf child, family and adult implicitly explains their existence in the world to themselves and each other.

Adventures of a Coda Mar 01 2020 Come with me on a journey into my past that is beyond the experience of most

individuals. Glimpse the wonder of living in two worlds, the Deaf World of perpetual silence, and the Hearing World of perpetual sounds. Meet my Deaf parents and their Deaf friends whose lives testify to courageous living as they find their way in the Hearing World. Be amazed at my unique CODA experiences that explain why my Deaf friends affectionately christened me "Half-Hearing and Half-Deaf." Expand your worldview as you witness incredible events that, in turn, amuse and astound, impress and inform, disturb and displease. Be forewarned that this journey may leave its mark. It did so for me. As someone who has lived in both the Hearing World and the Deaf World, I still learned a great deal and smiled all the way through this wonderful memoir. Whether or not you know anything about deafness or deaf people, I recommend you read this story. You will be very glad you did. -I. King Jordan, President Emeritus, Gallaudet University

Ruth A. Reppert taught in the Illinois public schools for twenty-four years and then began a career in deafness as a nationally certified sign language interpreter, sign language instructor, and the assistant director of the Deaf Service Center of Broward County, Florida. In that role, she established the Community Education of Deafness program at Nova Southeastern University and the first state-approved continuing education course for nurses, *Serving Deaf Patients*. Ruth lives in Vero Beach, Florida with her husband, Bob, enjoying the sun and the surf."

*Introduction to American Deaf Culture* Nov 01 2022 Introduction to American Deaf Culture provides a fresh perspective on what it means to be Deaf in contemporary hearing society. The book offers an overview of Deaf art, literature, history, and humor, and touches on political, social and cultural themes.

**Deaf Like Me** Jun 03 2020 The parents of a child born without hearing describe their efforts to reach across the barrier of silence to teach their daughter to speak and enjoy a normal life.

True Biz May 15 2021 NEW YORK TIMES BESTSELLER • REESE'S BOOK CLUB PICK • A "tender, beautiful and radiantly

outraged” (The New York Times Book Review) novel that follows a year of seismic romantic, political, and familial shifts for a teacher and her students at a boarding school for the deaf, from the acclaimed author of *Girl at War* “For those who loved the Oscar-winning film CODA, a boarding school for deaf students is the setting for a kaleidoscope of experiences.”—The Washington Post ONE OF THE BEST BOOKS OF THE YEAR: NPR, The Washington Post, Publishers Weekly, Booklist True biz (adj./exclamation; American Sign Language): really, seriously, definitely, real-talk True biz? The students at the River Valley School for the Deaf just want to hook up, pass their history finals, and have politicians, doctors, and their parents stop telling them what to do with their bodies. This revelatory novel plunges readers into the halls of a residential school for the deaf, where they’ll meet Charlie, a rebellious transfer student who’s never met another deaf person before; Austin, the school’s golden boy, whose world is rocked when his baby sister is born hearing; and February, the hearing headmistress, a CODA (child of deaf adult(s)) who is fighting to keep her school open and her marriage intact, but might not be able to do both. As a series of crises both personal and political threaten to unravel each of them, Charlie, Austin, and February find their lives inextricable from one another—and changed forever. This is a story of sign language and lip-reading, disability and civil rights, isolation and injustice, first love and loss, and, above all, great persistence, daring, and joy. Absorbing and assured, idiosyncratic and relatable, this is an unforgettable journey into the Deaf community and a universal celebration of human connection.

*The Sign Language Interpreting Studies Reader* Apr 13 2021 In Sign Language Interpreting (SLI) there is a great need for a volume devoted to classic and seminal articles and essays dedicated to this specific domain of language interpreting. Students, educators, and practitioners will benefit from having access to a collection of historical and influential articles that

contributed to the progress of the global SLI profession. In SLI there is a long history of outstanding research and scholarship, much of which is now out of print, or was published in obscure journals, or featured in publications that are no longer in print. These readings are significant to the progression of SLI as an academic discipline and a profession. As the years have gone by, many of these readings have been lost to students, educators, and practitioners because they are difficult to locate or unavailable, or because this audience simply does not know they exist. This volume brings together the seminal texts in our field that document the philosophical, evidence-based and analytical progression of SLI work.

*Deaf Culture* Sep 18 2021 A contemporary and vibrant Deaf culture is found within Deaf communities, including Deaf Persons of Color and those who are DeafDisabled and DeafBlind. Taking a more people-centered view, the second edition of *Deaf Culture: Exploring Deaf Communities in the United States* critically examines how Deaf culture fits into education, psychology, cultural studies, technology, and the arts. With the acknowledgment of signed languages all over the world as bona fide languages, the perception of Deaf people has evolved into the recognition and acceptance of a vibrant Deaf culture centered around the use of signed languages and the communities of Deaf peoples. Written by Deaf and hearing authors with extensive teaching experience and immersion in Deaf cultures and signed languages, *Deaf Culture* fills a niche as an introductory textbook that is more inclusive, accessible, and straightforward for those beginning their studies of the Deaf-World. New to the Second Edition: \*A new co-author, Topher González Ávila, MA \*Two new chapters! Chapter 7 “Deaf Communities Within the Deaf Community” highlights the complex variations within this community Chapter 10 “Deaf People and the Legal System: Education, Employment, and Criminal Justice” underscores linguistic and access rights \*The remaining chapters have been

significantly updated to reflect current trends and new information, such as: Advances in technology created by Deaf people that influence and enhance their lives within various national and international societies Greater emphasis on different perspectives within Deaf culture Information about legal issues and recent political action by Deaf people New information on how Deaf people are making breakthroughs in the entertainment industry Addition of new vignettes, examples, pictures, and perspectives to enhance content interest for readers and facilitate instructor teaching Introduction of theories explained in a practical and reader-friendly manner to ensure understanding An updated introduction to potential opportunities for professional and informal involvement in ASL/Deaf culture with children, youth, and adults Key Features: \*Strong focus on including different communities within Deaf cultures \*Thought-provoking questions, illustrative vignettes, and examples \*Theories introduced and explained in a practical and reader-friendly manner

**Signs of Resistance** May 27 2022 During the nineteenth century, American schools for Deaf education regarded sign language as the "natural language" of Deaf people, using it as the principal mode of instruction and communication. These schools inadvertently became the seedbeds of an emerging Deaf community and culture. But beginning in the 1880s, a developing oralist movement sought to suppress sign language, removing Deaf teachers and requiring Deaf people to learn speech and lip reading. Historians have assumed that in the early decades of the twentieth century oralism triumphed overwhelmingly. In *Signs of Resistance*, Susan Burch proves them wrong; not only did Deaf students continue to use sign language in schools, hearing teachers relied on it as well. Drawing from such resources as Deaf newspapers, memoirs, films, and sign language interviews, Burch shows how the Deaf community mobilized to defend sign language and Deaf teachers, in the process facilitating the

formation of collective Deaf consciousness, identity, and political organization.

*In a Flash* Jul 05 2020 A riveting and dramatic story of two devoted sisters, Italian citizens, who must survive in WWII Japan. In 1940, when Simona is eight and her sister, Carolina, is five, their father becomes the cook to the Italian ambassador to Japan, and the family leaves Italy for Tokyo. The girls learn perfect Japanese, make friends, and begin to love life in their new home. But soon Japan is engaged in a world war. In 1943, when all Italians in Japan are confined to internment camps as enemy aliens, Papà and the girls are forced to part, and Simona and Carolina embark on a dramatic journey. Anyone who aids them could be arrested for treason. All the sisters have is each other: their wits, courage, and resilience, and the hope that they will find people who see them not as the enemy, but simply as children trying to survive. In this gripping, deeply moving story, Donna Jo Napoli gives readers an unforgettable and authentic new perspective on World War II.

The Deaf Community in America Nov 20 2021 The deaf community in the West has endured radical changes in the past centuries. This work of history tracks the changes both in the education of and the social world of deaf people through the years. Topics include attitudes toward the deaf in Europe and America and the evolution of communication and language. Of particular interest is the way in which deafness has been increasingly humanized, rather than medicalized or pathologized, as it was in the past. Successful contributions to the deaf and non-deaf world by deaf individuals are also highlighted. Instructors considering this book for use in a course may request an examination copy here.

EVERYONE HERE SPOKE SIGN LANGUAGE Feb 09 2021 From the seventeenth century to the early years of the twentieth, the population of Martha's Vineyard manifested an extremely high rate of profound hereditary deafness. In stark contrast to the

experience of most deaf people in our own society, the Vineyarders who were born deaf were so thoroughly integrated into the daily life of the community that they were not seen—and did not see themselves—as handicapped or as a group apart. Deaf people were included in all aspects of life, such as town politics, jobs, church affairs, and social life. How was this possible? On the Vineyard, hearing and deaf islanders alike grew up speaking sign language. This unique sociolinguistic adaptation meant that the usual barriers to communication between the hearing and the deaf, which so isolate many deaf people today, did not exist.

*Talking Hands* May 03 2020 Documents life in a remote Bedouin village in Israel whose residents communicate through a unique method of sign language used by both hearing and non-hearing citizens, in an account that offers insight into the relationship between language and the human mind. Reprint. 20,000 first printing.

**Deaf Utopia** Aug 18 2021 NEW YORK TIMES BESTSELLER A heartfelt and inspiring memoir and celebration of Deaf culture by Nyle DiMarco, actor, producer, two-time reality show winner, and cultural icon of the international Deaf community Before becoming the actor, producer, advocate, and model that people know today, Nyle DiMarco was half of a pair of Deaf twins born to a multi-generational Deaf family in Queens, New York. At the hospital one day after he was born, Nyle “failed” his first test—a hearing test—to the joy and excitement of his parents. In this engrossing memoir, Nyle shares stories, both heartbreaking and humorous, of what it means to navigate a world built for hearing people. From growing up in a rough-and-tumble childhood in Queens with his big and loving Italian-American family to where he is now, Nyle has always been driven to explore beyond the boundaries given him. A college math major and athlete at Gallaudet—the famed university for the Deaf in Washington, DC—Nyle was drawn as a young man to acting, and dove headfirst into the reality show competitions America’s Next Top

Model and Dancing with the Stars—ultimately winning both competitions. Deaf Utopia is more than a memoir, it is a cultural anthem—a proud and defiant song of Deaf culture and a love letter to American Sign Language, Nyle’s primary language. Through his stories and those of his Deaf brothers, parents, and grandparents, Nyle opens many windows into the Deaf experience. Deaf Utopia is intimate, suspenseful, hilarious, eye-opening, and smart—both a memoir and a celebration of what makes Deaf culture unique and beautiful.
