A collection of ten critical essays on the Prologue to Chaucer's well-known work, arranged in chronological order of their original publication. In *Beyond Rhetoric*, the late Samuel Hines and Curtiss DeYoung place reconciliation at the very center of God's agenda for humankind. In so doing, they provide both inspiration and guidance for faithful Christian living that embraces a passionate pursuit of reconciliation. A perfect dessert goes well with everything else, makes you reminiscent of the earlier courses, and ties the whole meal together. Rich and creamy, they are the perfect end to any meal or party. In fact, I know some people who would even miss a course of the main meal to save space for an extra dose of the dessert. What is more, nowadays hosts are getting very creative with the desserts. Although cakes and pastries are everyone's favourite, people are thinking beyond the usual options, and exploring a larger variety including mousses, cheesecakes and cupcakes. So, to keep up with the current trends, I bring to you a horde of novel desserts in this book: "Mousses, Cheesecakes & Cupcakes". Apart from widening your choice, the desserts covered in this book also come with an element of convenience, since they can be made in advance! However, making them needs a good amount of planning, understanding and practice. Do not fret; this book serves as a detailed guide, giving you instructions on every aspect—right from making the mousses, cheesecakes and cupcakes to decorating and presenting them. Just remember that the success of these recipes lies in following the procedure perfectly, and being meticulous while measuring the ingredients. Even a slight variation might land you with a messy dessert. I have divided the book into three sections, namely, Mousses, Cheesecakes and Cupcakes. Each section has a brief introduction on the ingredients that go into the making of these luscious desserts along with pointers to be kept in mind while making them. A piece of advice from my side is to read these pointers carefully before making any of the recipes from this book. The book begins with a section on Mousses, where I have presented 16 interesting options. So, what is so special about these? Worldwide, mousses are commonly made with egg as a setting ingredient. For my vegetarian readers, I have made these mousses comprising of either agar-agar or chocolate itself as a setting agent. From the evergreen Chocolate Mousse and Strawberry Mousse to the innovative Coconut Pineapple Mousse and Caramelized Apple Mousse, there are umpteen delectable recipes to be enjoyed in this section. I have also shared a traditional mousse, the Thandai Mousse, to be enjoyed by the whole family. The second section focuses on Cheesecakes, a class of desserts I love! Cheesecakes are crunchier when compared to other desserts like cakes, pastries, mousses or even cupcakes. The biscuit base of the cheesecakes is what makes it different from the others. With whipped cream, butter, fresh cream and cream cheese as basic ingredients, just a small portion of cheesecake can be quite satiating! All-time favourites like Chocolate Cheesecake and Blueberry Cheesecake are presented along with fruit-based cheesecakes like Peach Cheesecake, Mango cheesecake etc. Cupcakes, the third variety of dessert covered in this book, is indeed a very versatile one—it can be made as simple or as grand as you want. It is a very popular dessert option because it comes in small, easy-to-handle portions, and is quite simple to prepare. Thereafter, rich frostings with colourful garnishes can be used to add to its appeal. We have shown a few frosting ideas here, but you can use different kinds of nozzles to shape your frostings in varied ways. The garnishes can also be changed as per your choice. In short, you can start with a simple sponge and morph it into a delectable dessert with various frosting and garnishing ideas! Oreo Cupcake, Chocolate Chip Cupcake and some unique combinations like Cinnamon Cupcake and Coffee walnut Cupcake, feature in this section. In short, this book will help you conjure up a dessert that diners will remember all night, and for all the days to come thereafter! Get going, win as many hearts as you can, and may people remember you as a chef par excellence. Welcome to the digital version of Tarla Dalal's Mousses, Cheesecakes & Cupcakes! After the modern Mexican state came into being following the Revolution of 1910, hyper-masculine machismo came to be a defining characteristic of "mexicanidad," or Mexican national identity. Virile men (pelados and charros), virtuous prostitutes as mother figures, and minstrel-like gay men were held out as desired and/or abject models not only in governmental rhetoric and propaganda, but also in literature and popular culture, particularly in the cinema. Indeed, cinema provided an especially effective staging ground for the construction of a gendered and sexualized national identity. In this book, Sergio de la Mora offers the first extended analysis of how Mexican cinema has represented masculinities and sexualities and their relationship to national identity from 1950 to 2004. He focuses on three traditional genres (the revolutionary melodrama, the cabaretera [dancehall] prostitution melodrama, and the musical comedy "buddy movie") and one subgenre (the fichera brothel-cabaret comedy) of classic and contemporary cinema. By concentrating on the changing conventions of these genres, de la Mora reveals how Mexican films have both supported and subverted traditional heterosexual norms of Mexican national identity. In particular, his analyses of Mexican cinematic icons Pedro Infante and Gael García Bernal and of Arturo Ripstein's cult film *El lugar sin límites* illuminate cinema's role in fostering distinct figurations of masculinity, queer spectatorship, and gay male representations. De la Mora completes this exciting interdisciplinary study with an in-depth look at how the Mexican state brought about structural changes in the film industry between 1989 and 1994 through the work of the Mexican Film Institute (IMCINE), paving the way for a renaissance in the national cinema. "Music is a world within itself, with a language we all understand." —Stevie Wonder, "Sir Duke" In 2003, young professor Ferentz LaFargue traveled to Paris, where his fiancée, Tricia, declared she wasn't happy with their relationship, ending what he thought was a wonderful engagement. After days of "crying"—"that sorrow-laden blend of crying and praying delivered in perfect pitch by those in mourning"—Ferentz happened upon Stevie Wonder's 1976 classic double album *Songs in the Key of Life*. Listening to it anew was a healing, spiritual trip down memory lane, helping him to come to terms with his breakup and reflect on how songs in general have been linked to his life. In this book, Ferentz invites us to get cozy and listen as he hits PLAY on meaningful tracks from Wonder and others, including Lauryn Hill, Wyclef Jean, LL Cool J, Beenie Man, Sheryl Crow, Roberta Flack, Donny Hathaway, and Black Sabbath. He recalls: How the fusion of rock and rap in the breakthrough Run-D.M.C./Aerosmith video "Walk This Way" helped to change an adolescent Ferentz from outcast to authority figure How Michael Jackson's *Thriller* brought back a traumatic childhood experience How Kanye West's "Jesus Walks" speaks to the tension between his Christian beliefs and his need to rip it up in clubs as a hip-hop head In the tradition of Nick Hornby's *Songbook*, these words paint a portrait of a life framed by sounds, allowing all of us to think about what songs have been key in our own lives. Offers brief profiles of notable African Americans, including Crispus Attucks, Ralph Ellison, Martin Luther King, Jr., Alice Walker, and Ray Charles. The purpose of this book is to inspire you to use English in a way that will influence the minds and hearts of the people you communicate with and open doors of opportunity for you not only in your local region but around the globe. It is the fruit of the authors forty years of experience in teaching students and professionals to write and speak effectively in English brought to you in one handy volume. This is a book that will radically transform the way you write, speak, and even think, in the English language; encourage you to break every idiotic rule passed down by tradition and to make a few bold ones of your own; and serve as your crucial stepping stone to using English intelligently, confidently, and influentially in the highest business, professional, and social circles in the international sphere. Electronic Media Criticism introduces readers to a variety of critical approaches to audio and video discourse on radio, television and the Internet. The book applies key aesthetic, sociological, philosophical, psychological, structural and economic principles to arrive at a comprehensive evaluation of both programming and advertising content. It includes numerous critiques to illustrate the ways in which critical expression can be structured, providing readers with feasible and flexible tools for focused and rational analysis of electronic media product as well as enhanced understanding of the role and essential ingredients of criticism itself. These insights range from the perceptions of Plato and Aristotle to the research that motivates twenty-first century marketing and advertising. It took everything in Teresa Farr's power to return to her hometown of Point Pleasant, West Virginia. Eight years earlier, she had walked in on the savage murders of her father and stepmother—both of whom she hated. She barely managed to save herself and her eight-year-old stepsister, Celeste. But even after notorious serial killer Roscoe Lee Byrnes confessed, people still wondered if Teri was the guilty one. And with Celeste unable to remember that night, or to speak at all, those suspicions never went away... Now Celeste is beginning to remember. Now Byrnes has recanted his confession. And someone is using a series of bizarre, taunting events to exact terrifying "justice." As Teri desperately races to uncover the truth, she's finding that everyone she loves has secrets they would kill to keep buried. And in the bright mountain sunlight, an evil concealed all too well is reaching out to silence her and Celeste forever... An ode to the majestic life of the late Lata Mangeshkar, *Lata: A Life in Music* celebrates art in its totality and tells the life story of India's most loved vocal artists. The result of Yatindra Mishra's decade-long dialogue with the great singer, it also explores the lesser-known aspects of the great artist, introducing the readers to Lata Mangeshkar as an intellectual and cultural exponent and providing a rare glimpse into the person behind the revered enigma. At the confluence of cinema, music and literature, this is the most definitive biography of the voice of the nation that also documents sociocultural changes from the late British era through post-Independent India right up to the twenty-first century. This is the story of the various myths, mysteries, truths and contradictions which make a human an icon and also make an icon incredibly humane. Three sugars, two creamers. That's how you took your coffee every morning at Joe's Grab 'N Go. But you don't remember that. You don't remember anything. Anything, that is, except me... That day... And the tragedy that catapulted us together. At the beginning of the twentieth century, soon after the conclusion of the Spanish-American War, the United States was an imperialistic nation, maintaining (often with the assistance of military force) a far-flung and growing empire. After a long period of collective national amnesia regarding American colonialism, in the Philippines and elsewhere, scholars have resurrected the power of "empire" as a way of revealing American history and culture. Focusing on the terms of Asian American assimilation and the rise of the model-minority myth, Victor Bascara examines the resurgence of empire as a tool for acknowledging—and understanding—the legacy of American imperialism. Model-Minority Imperialism links geopolitical dramas of twentieth-century empire building with domestic controversies of U.S. racial order by examining the cultural politics of Asian Americans as they are revealed in fiction, film, and theatrical productions. Tracing U.S. economic and political hegemony back to the beginning of the twentieth century through works by Jessica Hagedorn, R. Zamora Linmark, and Sui Sin Far; discourses of race, economics, and empire found in the speeches of William McKinley and William Jennings Bryan; as well as L. Frank Baum's *The Wonderful Wizard of Oz* and other texts, Bascara's innovative readings uncover the repressed story of U.S. imperialism and unearth the demand that the present empire reckon with its past. Bascara deploys the analytical approaches of both postcolonial studies and Asian American studies, two fields that developed in parallel but have only begun to converge, to reveal how the vocabulary of empire reasserted itself through

some of the very people who inspired the U.S imperialist mission. Victor Bascara is assistant professor of English and Asian American studies at the University of Wisconsin, Madison. This is a book about Oscar J. Kincheloe whose life was tragically cut short at age 33 from COVID-19. He lived an extraordinary life impacting hundreds of children and parents in his approximate decade-long career in children's theater. This book covers his remarkable life from his adoption to the last eight years of his career at LifeStage Theatre in Grapevine, Texas. Much of the book includes powerful testimonies from children and adults alike on how much Oscar meant to them, the impact he had on them, and what a great role model he was. He brought so much joy to many people with his indefatigable zest for life and a hearty laugh and his booming voice that inspired his students. Oscar's was a life well-lived. He made everyone he came in contact with a better person. With lessons from Mister Rogers' Neighborhood and examples from the acclaimed education network Remake Learning, this book brings Mister Rogers into the digital age, helping parents and teachers raise creative, curious, caring kids. Authors Gregg Behr and Ryan Rydzewski know there's more to Mister Rogers than his trademark cardigan sweaters. To them, Mister Rogers' Neighborhood isn't just a children's program — it's a proven blueprint for raising happier, healthier kids. As young people grapple with constant reminders that the world isn't always kind, parents and teachers can look to Fred Rogers: an ingenious scientist and legendary caregiver who was decades ahead of his time. When You Wonder, You're Learning reveals this never-before-seen side of America's favorite neighbor, exploring how Rogers nurtured the "tools for learning" now deemed essential for school, work, and life. These tools can boost academic performance, social-emotional well-being, and even physical health. They cost almost nothing to develop, and they're up to ten times more predictive of children's success than test scores. No wonder it's been called "a must-read for anyone who cares about children." With insights from thinkers, scientists, and teachers — many of whom worked with Rogers himself — When You Wonder, You're Learning helps kids and the people who care for them do what Rogers taught best: become the best of whoever they are. And, importantly, how does experimentation with physical materials correspond with social justice and responsibility? Comprising almost forty chapters from ninety practitioners across twenty disciplines, Making Things and Drawing Boundaries speaks directly and extensively to how humanities research engages a growing interest in "maker" culture, however "making" may be defined.
