Consists of separately numbered series of publications of the Parlamento as a whole, the Senato, and the Camera dei deputati. Each session is divided into Disegni di leggi; Documenti; and: Discussioni. Surprisingly, jihadi groups like ISIS do not only attract female supporters coming from Muslim communities, but also Western women who grew up in non-Muslim environments. Trauma, depression and the need for a more exciting life outside the

constraints of Western society brought some women to embrace the political cause of waging jihad and supporting terrorism. This book discovers the hidden psychological and sociological drivers that can lead young Western women to support jihadi ideology, violence and sometimes suicide. Through real and uncanny stories, supported by reliable official data, the book provides a scientific analysis of the mechanisms that can lead any “girl next door” to approve and passionately fall for a destructive movement, which she perceives as a heroic, romantic and empowering act. A Polyglot Pocket Dictionary of Lingala, English, French and

Italian represents a glossary that allows the reader to appreciate positive diversity and interculturalism through multilingualism. Building on, and referring to, the author’s experiences of studying and living abroad as a series of transits, transitions, and translations, it urges the reader to enhance their global competency and brain power, and to seek cosmocitizenship through the study of world languages and cultures. To this end, it shares enlightening reflections on the benefits of multilingualism, and allows the reader to develop basic language skills in Lingala, English, French, and Italian. As such, in addition to the

glossary, this work also contains key facts about the languages at hand, as well as useful phrases, weekdays, numbers, and elements of grammar. Il volume raccoglie gli atti del XXème Congrès International de la Société Rencesvals pour l'étude des épopées romanes (Sapienza - Università di Roma, 20-24 luglio 2015) e presenta lo stato dell'arte e le ricerche in corso sull'epica romanza medievale propriamente detta, sulla sua posterità nell'età moderna e sulla produzione non romanza a essa correlata, offrendo un panorama ricco – se non completo – degli attuali orientamenti scientifici e dei risultati raggiunti. Per il

congresso di Roma – cui hanno preso parte studiosi provenienti dall'Europa, dal Nord e dal Sud America e dall'Africa – sono stati proposti i seguenti temi: I. Rome et l'Italie dans les chansons de geste; II. Phénomènes de cyclisation: grandes et petites gestes; III. Le XVe siècle: proses et renouvellements; IV. L'histoire des recherches sur la matière de France; a questi si aggiungono gli interventi raccolti nella sezione Varia. Prize Committee Citation, MLA Scaglione Priize for a Manuscript in Italian Literary Studies This second volume of the author's studies opens with a new survey of the recent historiography of Dubrovnik, and also contains four items specially translated from Serbo-Croat. The first part deals with aspects of daily life in this Mediterranean city, including analyses of the differing attitudes of the

patricians and lower classes, and the position of the authorities with regard to homosexuals and Jews. The following articles consider Dubrovnik's international role, on the one hand as a maritime state and in relation to Venice, and on the other in terms of its participation in the interaction of Latin and Slav cultures in Renaissance Dalmatia. This open access book deals with the methods and the results of the third Italian national forest inventory (INFC2015). Arma dei Carabinieri is entrusted with the realisation of the National Forest Inventory and with the decisions about the aims of the survey and data treatment. National forest

inventories produce statistically based information on forests over country areas. Such information is used either at subnational or at supranational level in a great number of spheres and processes, included possibility to depict the status of the world forests. Italy conducted its first forest inventory in 1985 and in 2001 a permanent national forest inventory was launched to have periodically updated statistics. Due to the growing concern about the environment and especially the climate change, estimating forests carbon pools was a stated main objective and it was accordingly named Italian National Inventory of Forest

and Forest Carbon Pools (INFC). The book begins with a description of the general organisation, the definitions, the methods and the estimation procedures. It proceeds showing the main estimates produced by INFC2015, in tables that are given in the book chapters. The estimates are presented through texts that introduce the subject matter, explain the way the related variables were surveyed and comment on the main outcomes with the help of graphics. The estimates presented include forest area, management and production, biodiversity and protection, forest health, protective and socio-economics functions. Role

of forest in the carbon balance was analysed in a specific Chapter, as this is important for its role in the climate change mitigation. The book ends providing an understanding of the current dynamics of Italian forests by comparing the estimates obtained from INFC2005 and INFC2015, the last two national surveys. Bruno Temperoni was born in Rome on March 21, 1918 and died in Bergamo on August 19, 1991. He interrupted his scientific studies in 1938 to serve the military during the Second World War. After six years at the service of the Italian Royal Navy, and having finished a tough, involving military

parenthesis, he joined his father in the craftsmanship of furniture. Later with his brother, he continued this activity, developing and expanding the company, until the furniture factory reached a successful artistic commercial level. As an autodidact, having a striking sensitivity, he dedicated himself to what he always loved: prose, poetry, photography, and plastic arts. But it was in painting, his true passion, that he expressed an unquestionable artistic personality receiving recognition from art critics and various prizes: "Mostra d'Arte Lazio 72, II Premio Bianco-Nero", " III Premio Mostra d'Arte, Incontro col Teatro

Romano," " Mostra Carnevale 73, Premio Personalità".
