* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. *Sophia Amoruso has known an American success story by launching, in 2006, the site *NastyGal.com*, which has become in 10 years, a reference in e-commerce. She tells her story in this book. This "girlboss" succeeded in

brilliantly getting out of a complicated situation. She wanted to share her experience as a "school dropout" who succeeded, through hard work and perseverance. *You will also learn : that identifying your strengths and weaknesses will help you succeed in your professional project; that it is entirely possible to make your mark in the male world of entrepreneurship, when you are a woman; that it is necessary to have an unwavering will and determination in your professional and personal life; that you have to make your own luck, without waiting for things to come to you or change by themselves. *Buy now the summary of this book for the modest price of a cup of coffee! The New York Times bestseller Sophia Amoruso spent her teens hitchhiking, committing petty theft, and dumpster diving. By twenty-two, she had resigned herself to employment, but was still broke, directionless, and working a mediocre day job she'd taken for the health insurance. Eight years later, she is the founder, CEO, and creative director of *Nasty Gal*, a \$100 million plus online fashion retailer with more than 350 employees. Sophia's never been a typical CEO, or a typical anything, and she's written #GIRLBOSS for outsiders (and insiders) seeking a unique path to success, even when that path is winding as all hell and lined with naysayers. #GIRLBOSS proves that being successful isn't about how popular you were in high school or where you went to college (if you went to college). Rather, success is about trusting your instincts and following your gut, knowing which rules to follow and which to break. *Multi Level Network Marketing Business Planner #girlboss #teamwork Business Planner & Organizer for Network Marketing, Direct Selling and MLM Women* around the world have responded to *Cara Alwill Leyba's Girl Code* with a resounding YES. Companies like *Kate Spade* and *Macy's* have brought her in to teach "the Code." *Inc. magazine* named *Girl Code* one of the "Top 9 Inspiring Books Every Female Entrepreneur Should Read" alongside *Lean In*, #*Girlboss*, and *Thrive*. A few years ago, I made a crazy claim in the first edition of *Girl Code*: that in today's competitive marketplace, the fiercest thing a female entrepreneur can do is to support other women. Something dynamic happens when women genuinely show up for each other. When we lose the facades, cut the bullsh*t, and truly have each other's backs. When we stop pretending everything is perfect, and show the messy, beautiful parts of ourselves and our work—which all look awfully similar. When we talk about our fears, our missteps, and our breakdowns. And most importantly, when we share our celebrations, our breakthroughs, and our solutions. I'm convinced that there's no reason to hoard information, connections, or insight. Wisdom is meant to be shared, so let's start sharing what we've learned to make each other better. Let's start building each other up. Let's live up to our potential and start ruling the world. *Girl Code* is a roadmap for female entrepreneurs, professional women, "side hustlers" (those with a day job plus a part-time small business), and anyone in between. This book won't teach you how to build a multimillion-dollar company. It won't teach you about systems or finance. But it will teach you how to build confidence in yourself, reconnect with your "why," eradicate jealousy, and ultimately learn the power of connection. Because at the end of the day, that's what life and business are all about. A journal for a girl boss made by a girl boss! You will enjoy this journal as *GellissaRose* made it especially for you. Fashion-loving Maria set out with a dream to build a beauty business and - despite not excelling at school, and being fired from her first job - she has achieved it. She did it by dreaming big, working hard, surrounding herself with the best, taking risks, creating buzz and building her own personal brand, which is now a favourite with high-profile models and media personalities including Poppy Delevingne, Daisy Lowe and Kylie Jenner. Crucially, she believes anyone can do this and her book, brimming with good sense, great advice, tips and secrets - all presented in an easy, friendly style - shows how. This diary is for you! - Paperback - 6" x 9" - 160 lined pages Discusses what it takes to be a successful "girl boss" and suggests ways to develop business interests and start a business GIRL BOSS: An Inspirational Guide to Building Your Brand and Manifesting Your Dreams is a self-help book about learning to trust the process, the art of manifestation and learning what it truly means to brand yourself as an entrepreneur. Through personal anecdotes, real life experiences and self-help prompts, Girl Boss serves as a guide to living a life with whole intent and divine purpose. In "#GirlBoss," Sophia Amoruso, a well-known American fashionista, shares her wisdom and inspiration with women who are also seeking success. While less-conventional than other female business moguls, Amoruso stands on her own after rising from her days of dumpster-diving to eBay saleswoman to CEO of her own worldwide company. Her business, "Nasty Girl," started as a self-funded enterprise in her aunt's basement. In a few years, she was reporting revenues more than \$10 million—all without so much as a college degree! In her book, Amoruso, explains to girls and women, in her unique way, that they must shed gender stereotypes, and embrace others to forge ahead. Her most important piece of advice? Amoruso says girls must be bossy if they are going to make their own way. She says women must be in charge of their lives, to receive everything wanted out of life—not because it's been handed to her—but because she's earned it. A Girl Boss must be a fighter, must hold themselves accountable and take responsibility for their success, and know when to follow the rules and when to break them. A GirlBoss knows when to have fun and when to get serious. Most importantly, a GirlBoss knows herself and has a clear idea of where she is going and how she's going to get there. The New York Times calls Amoruso "The Cinderella of Tech." It's not a far-off description of a woman who rose from rags to riches via the internet and is now inviting her favorite girlfriends to the Palace Ball.
