Looking for Longleaf Feb 15 2022 Covering 92 million acres from Virginia to Texas, the longleaf pine ecosystem was, in its prime, one of the most extensive and biologically diverse ecosystems in North America. Today these magnificent forests have declined to a fraction of their original extent, threatening such species as the gopher tortoise, the red-cockaded woodpecker, and the Venus fly-trap. Lawrence S. Earley explores the history of these forests and the astonishing biodiversity within them, drawing on extensive research and telling the story through first-person travel accounts and interviews with foresters, ecologists, biologists, botanists, and landowners. The compelling story Earley tells here offers hope that with continued human commitment, the longleaf pine might not just survive, but once again thrive.

Dog Park Wisdom Mar 16 2022 Often the best advice comes from personal experience, so who better to offer counsel on dogs than their owners? Dog Park Wisdom shares a grassroots approach to pet care, from Fido's introduction to a new baby, to the best way to remove dog stains from car upholstery, to the ultimate shoe-chewing prevention tactic. Presented in the context of everyday life, hundreds of dog owners, dog park visitors, and folks from the "new dog economy" share hands-on wisdom and tips about the often confusing and contradictory world of dog ownership. Personal stories of advice givers and their dogs are woven throughout. Meet the dog-loving software engineer who gave up a stressful career at Microsoft to become a dog walker, and the international development worker who discovered a cure

for her dog's hotspots in Uganda, which in turn helped fuel a small business project for women and girls there.

Do You Believe in Santa? Mar 28 2023 "What grown woman claims to have seen Santa Claus? Mandy Reese, for one--on a very special Christmas Eve when she was eight years old. These days, Mandy works at a year-round Christmas store in Tall Pine, California, where customers love to hear about her childhood encounter with Saint Nick. But when Jake Wyndham arrives in town--charming, gorgeous, extremely practical--Mandy faces a dilemma. Deny what she saw, or let Jake think she's sugarplum crazy?" --

Evergreen Vol. 4 Oct 11 2021 A brainy manga club captain and a beautiful swim club's ace seem like an improbable match. Yet despite their differences, Hotaka and Niki find that they have deep feelings for each other. Short after Niki's confession, the two excitedly set their first date. They agree to go to a summer festival together. But shocking revelations about Niki's true identity will drastically affect their relationship, in this heart-wrenching conclusion to the Evergreen series.

The World of Northern Evergreens Jan 26 2023 Praise for the first edition- "This book is guaranteed to enrich the reader's next forest visit."-Library Journal "Pielou's book brings forest ecology to naturalists, bird lovers, hikers, cyclists, canoeists, skiers, mountaineers, and back-country campers."-Seattle Post-Intelligencer "It is E. C. Pielou's contention that evergreen forests . . . are taken for granted and rarely well understood. To remedy this, the distinguished biogeographer has written a book focusing on the northern evergreen forests. This is a book that many naturalists, both novice and experienced, will read with pleasure and interest."-Canadian Field-Naturalist "Pielou makes a strong, irrefutable, case for the preservation of old-growth forests and wilderness. Anyone who appreciates the outdoors should have this book and take its message to heart."-Forest Planning Canada Global warming and human-driven impacts from logging, natural gas drilling, mining of oil sands, and the development of

hydropower increasingly threaten North America's northern forests. These forests are far from being a uniform environment; close inspection reveals that the conifers that thrive there—pines, larches, spruces, hemlocks, firs, Douglas-firs, arborvitae, false-cypresses, junipers, and yews—support a varied and complex ecosystem. In *The World of Northern Evergreens*, the noted ecologist E. C. Pielou introduces the biology of the northern forests and provides a unique invitation to naturalists, ecologists, foresters, and everyone living in northern North America who wants to learn about this unique and threatened northern world and the species that make it their home. Through identification keys, descriptions, and life histories of the conifer tree species, the author emphasizes how different these plants are both biologically and evolutionarily from the hardwoods we also call "trees." Following this introduction to the essential conifers, the author's perceptive insights expand to include the interactions of conifers with other plants, fungi, mammals, birds, and amphibians. The second edition, enriched by new illustrations by the author of woodland features and creatures, updates the text to include new topics including mycorrhizal fungi, soil, woodlice, bats, and invasive insects such as the hemlock woolly adelgid. Emphasis is given to the very real human-driven impacts that threaten the species that live in and depend on the vital and complex forest ecosystem. Pielou provides us with a rich understanding of the northern forests in this work praised for its nontechnical presentation, scientific objectivity, and original illustrations.

But then, I was also never supposed to forgive them... or fall in love. I'm losing control. I can't stop now. I can't undo what I've done. I came here for one purpose, but I may lose what is most important in the process. And if someone has their way, I will lose everything else. The balance of power is shifting. What began as peaceful protests are spiraling into something more dangerous... even deadly. The Elite Class can't stop what's coming next, but I've sacrificed everything to be one of them. What will

my boys have to sacrifice for me? The Execution is a reverse harem high school bully romance. This is year three in the series and features language, dark themes, and sexual scenes. If you're cool with that, dive in!

Evergreen Chase Aug 21 2022 A Shady Hollow Holiday Short Story It's the winter solstice in Shady Hollow, that magical time of year when creatures of all shapes and sizes come together to honor the season and eat as much pie as possible. Reporter Vera Vixen is eager to experience her first holiday in town and is especially looking forward to the unveiling of the solstice tree. But then disaster strikes. The year's tree—the tallest in the forest—has disappeared without a trace. Can Vera, her best friend, Lenore, and Deputy Orville Braun find the tree and save the season? Or will this year's solstice be especially dark?

Eva Evergreen, Semi-Magical Witch Aug 09 2021 A young witch must pass a coming-of-age quest or risk losing her magic forever in this enchanting fantasy -- perfect for fans of Kiki's Delivery Service and Aru Shah and the End of Time. Sometimes all you need is a pinch of magic... Eva Evergreen is determined to earn the rank of Novice Witch before her thirteenth birthday. If she doesn't, she'll lose her magic forever. For most young witches and wizards, it's a simple enough test: One: Help your town, do good all around. Two: Live there for one moon, don't leave too soon. Three: Fly home by broomstick, the easiest of tricks. The only problem? Eva only has a pinch of magic. She summons heads of cabbage instead of flowers and gets a sunburn instead of calling down rain. And to add insult to injury, whenever she overuses her magic, she falls asleep. When she lands in the tranquil coastal town of Auteri, the residents expect a powerful

witch, not a semi-magical girl. So Eva comes up with a plan: set up a magical repair shop to aid Auteri and prove she's worthy. She may have more blood than magic, but her "semi-magical fixes" repair the lives of the townspeople in ways they never could have imagined. Only, Eva's bit of magic may not be enough when the biggest magical storm in history threatens the town she's grown to love. Eva must conjure up all of the magic, bravery, and cleverness she can muster or Auteri and her dreams of becoming a witch will wash away with the storm.

Marked Nov 12 2021 It wasn't supposed to be like this.

Evergreen Academy was meant to be my fresh start. My hair was on point. My skin was flawless. And now I wore the hell out of my clothes instead of hiding them. Even running into Ryder hadn't thrown me. So what that the silver-eyed devil who tormented me for years now ruled my new school with a band of boys everyone called the Knights. The four of them were devastatingly rich, enviously handsome... and heartbreakingly cruel. But the Evergreen Knights didn't scare me. I had my own plans and no reason to enter their little world... until one fateful night and a masquerade ball changed everything. I saw something I shouldn't have and now I've been Marked. They'll do everything they can to break me but they don't know the monsters I've faced. They don't know I've been broken before. If they want to take on Valentina Moon... bring it on. Hortus Cantabrigiensis; or, A catalogue of plants, indigenous and exotic. Seventh edition Apr 05 2021

Evergreen Jan 22 2020 "A grand, sweeping panorama . . . richly written, finely detailed . . . vivid and memorable." Daily News (New York) Yearning for a better life, Anna Friedman fled Poland for New York at the turn of the century. Finding work as a maid for the Werner family, Anna discovers an elegance beyond her dreams—and the passion of Paul Werner, a man beyond her reach, even when she is in his arms. But it is Joseph Friedman whom she marries. And through an act of illicit passion that will haunt her though all her days, Anna lifts Joseph from poverty to a wealth on which the Friedman dynasty would be based for generations. Sweeping from Jazz Age New York to Nazi Germany to a sun-baked Israeli kibbutz, Evergreen has become a modern American classic—an epic novel that spans three generations of an unforgettable family—and exposes the heart of an

extraordinary woman: her marriage, her children, her deceit. "A magnificent story . . . this beautifully written book will be treasured and reread for many years to come." Library Journal Evergreen Jan 14 2022

Your company would not be where it is at today without your loyal customers. And yet how much time is spent toward improving and increasing value among your steady core versus the time--and money!--spent on obtaining new leads, getting through closed doors, and eventually realizing you've been beating a dead horse that is not going to win any races for you? Why do so many companies take valuable time and resources away from focusing on their heartbeat and go off on mad pursuits of hypotheticals that have already proven to have a remarkably low ROI? Evergreen exposes this nonsensical chase for what it is: a brief spike in metrics and an ongoing revenue drain, as one-time customers fail to return. It then proposes that the better solution is to shift resources from attracting new customers to engaging the base--every company's path to stable growth, season after season. The entertaining stories and action steps weaved throughout these pages reveal how anyone can:

- Cultivate the 3Cs of evergreen companies: character, community, and content
- Build loyalty programs that turn satisfied customers into enthusiastic advocates
- Nurture profitable customers while pruning those who sap time and money
- Inject authenticity into social media communications
- Invert the expectations gap that can drive customers away

No matter the business--whether it is a tech software giant or a mom-and-pop laundromat, customer retention is the key to sustaining success. Evergreen will help you turn satisfied customers into enthusiastic advocates and steady profits.

One Nightstand Mar 24 2020 A story from Boughs of Evergreen: A Holiday Anthology ONE NIGHTSTAND by RICK

BETTENCOURT Doug's not good with one-night stands, yet in the early hours of Christmas Eve, he returns home with Kirk--a good-looking guy he met at the club. Nestled together in the kitchen of his New England cottage, sipping hot chocolate and watching the snow fall, Doug wishes there could be more to this casual encounter. It's a feeling that stays with him as he heads off to a frantic day of work at the mall, swamped with last-minute holiday shoppers...the last place he expects to find something magical.\* \* \* \* \*

ABOUT BOUGHS OF EVERGREEN Boughs of Evergreen is a two-volume collection of short stories celebrating the holiday season in all its diversity. Penned by authors from the UK, the USA, Scandinavia and Eastern Europe, these are tales of the young and the not-so-young from many different walks of life. Themes of family, friendship and romance take readers on a journey through some of the major holidays, both past and present, including Thanksgiving, Advent, St. Lucia Day, Hanukkah, Eid, Saturnalia, Winter Solstice, Yule, Christmas and New Year. In each we find at the very least hope, and often love, peace and happiness. Proceeds from sales of this anthology will be donated to The Trevor Project. The Trevor Project is the leading national organization [USA] providing crisis intervention and suicide prevention services to lesbian, gay, bisexual, transgender and questioning (LGBTQ) young people ages 13-24.
