**I Love Dirt!** Apr 04 2023 I Love Dirt! presents 52 open-ended activities to help you engage your child in the outdoors. No matter what your location—from a small patch of green in the city to the wide-open meadows of the country—each activity is meant to promote exploration, stimulate imagination, and heighten a child's sense of wonder. Jennifer Ward is the author of numerous acclaimed parenting books and books for children, inspired by nature. "Jennifer Ward has created a book that will serve to gently introduce parents to nature, even as parents are using it to help guide a child into the narural world. Children—and parents—learn to observe, as well as appreciate, the basic joys of getting their hands dirty and feet wet. Discovers become shared experience."—from the foreword by Richard Louv

**House Coloring Book For Kids! Discover A Variety Of Unique Coloring Pages For Children** Feb 28 2020 Houses have been around for centuries, providing human beings with shelter and protection from the elements. They have evolved and become more complex over time. Building materials have also changed. Early humans lived in caves and made their homes out of animal skin. Modern houses come in many styles and types. Learn about the evolution of houses and learn about different types and how they were created. The next step is to make your own house! Here are some tips on how to make your own house!A house is a structure that a person lives in. It is permanent and not portable. It is the dwelling of people. A house belongs to one family or a whole community. The home of a family is called a house. The word house is used to describe all types of buildings. Even animals have their own houses. Children can learn about houses, their shapes and how they are made by learning these interesting facts.Houses come in all shapes and sizes. They can have one room or hundreds of rooms. They can have one level or multiple levels. Some houses are connected to other houses, called terraces. Apartment blocks are big buildings with many levels. The structure of the buildings is what makes them so special. The type of house is influenced by its shape and location. It is not always identical to the structure of the neighbors' houses.

**Factivity Explore, Experiment and Discover the World of Science** May 05 2023

*Mooo on the Farm* Jun 01 2020 There are 10 noisy farm animals to discover in this interactive book with animal sounds.--

*Christian Kids Explore Biology* Feb 07 2021 One of Cathy Duffy's 100 Top Picks for Homeschool Curriculum! This user-friendly, unabashedly Christian, one-year science curriculum for elementary students includes teaching lessons, gorgeous coloring pages, hands-on time, memorization lists, review sheets, creative writing assignments, and an awesome supplemental book list! Written for 3rd through 6th graders, it can easily be scaled down for younger students, making this an excellent choice for teaching all your elementary-aged kids together. The schedule of 35 weekly lessons calls for teaching twice weekly, allowing a family time for projects, exploration of resource books, field trips, etc. The conversational style gives students the basic information they need, making this an ideal first course in life science; especially useful for those following a classical approach!

**Kidunique** Dec 08 2020 BE AN ADULT WHO MAKES A DIFFERENCE IN THE LIFE OF A KID. Maybe it's your own son or daughter. Perhaps it's a kid in your classroom. It might even be a teenager in the youth ministry where you serve. What if you could make a truly life-changing investment in this kid's life? Kids have an innate need for adults who will cheer for them, pray for them, see the best in them, and support them through both words and deeds. Youth ministry veteran Dan Webster wrote KidUnique with the goal of preparing you to fulfill that essential role in the life of a child or teenager. Drawing on his own experience as a youth pastor and as a father of three sons, Webster wants to help equip you to become a "KidUnique adult" who helps kids: feel loved and know they matter because someone paid attention to them. have a boost in self-esteem as they're reminded that they are a miracle, not just a mess. have an increased belief in self and respect for others. discover their talents and strengths by trying new things. learn to both appreciate and live into their true selves. grow by pursuing new adventures and opportunities. hear words identifying "what's right" instead of only "what's wrong." This task may sound intimidating, but Webster skillfully guides you from a passive position into an active role in a kid's life through the "four-window model" of observation, exploration, affirmation, and revelation. At the end of the book, you have the chance to put his ideas into practice through a 31-Day Experience with your child or teenager. As you read and apply the truths, principles, and practices of KidUnique, you'll nurture a kid through encouragement to grow, develop, thrive, and be successful--an investment that will last a lifetime.

*Noor Kids Discover Patience* Jan 01 2023 Patience is certainly a virtue, but how does one muster up the courage to practice it? In this book, we explore to prerequisites necessary to practice patience, namely a belief in: (a) the infinite knowledge of Allah (SWT) and (b) the justice that Allah (SWT) has with his creatures. In the first story, Patiently Painting, Shireen internalizes a lesson on humility as she realizes that others, including Allah (SWT), possess knowledge that she doesn't. In the second story, Racing Rage, Asad appreciates a lesson on the justice of Allah (SWT) when he has the opportunity to take revenge. This book also features a spotlight on the metamorphosis of caterpillars and much more!
