Infatti, le consegne delle attività e le spiegazioni grammaticali sono in lingua inglese. Un glossario online (in preparazione) offre la traduzione dei termini incontrati nelle attività. [Via della Grammatica for English speaker](#) è una grammatica pratica ed essenziale, interamente a colori, di 40 unità, ognuna delle quali affronta uno o più argomenti grammaticali seguiti da attività stimolanti e divertenti. Ogni 5 unità segue un test di revisione e di autovalutazione. Le strutture morfosintattiche sono presentate attraverso delle schede, chiare e concise, le quali si riferiscono soprattutto all'uso comune e pratico delle regole grammaticali. Il lessico è introdotto gradualmente e rispecchia l'uso dell'italiano corrente. A volte, nuovi gruppi semantici sono presentati uniti alla loro immagine visiva, che ne facilita l'acquisizione. Testi autentici su diversi aspetti culturali, letterari e della vita quotidiana offrono agli studenti la possibilità di arricchire e approfondire il proprio patrimonio di conoscenze sulla società, la storia e la civiltà italiana. **9000-WORD ENGLISH-PORTUGUESE VOCABULARY** Knowing and understanding around 9000 Portuguese words will give you the ability to read and write with only the minimal use of a dictionary. A revolutionary new DVD that teaches you practical English using real conversations Improve Your English: English in the Workplace combines the video advantages of DVDs with the educational benefits of fluent American English speakers in unscripted interviews. You will benefit from hearing real people--men and women from various regions and occupations--having spontaneous conversations about the workplace, their jobs, and careers. The DVD also has a transcript and workbook designed to refine your listening and speaking skills. Includes one 120-minute DVD. MAKE PRESENTATIONS IN ENGLISH WITH CONFIDENCE Tips of the Tongue: The Nonnative English Speaker's Guide to Mastering Public Speaking is a practical, tactical, and supportive how-to book aimed at addressing the unique problems that nonnative English speakers experience when they deliver a presentation. Presenting in any language is daunting. But this book aims to reduce anxiety while raising proficiency in public speaking whether English is your second, third, fourth-or first-language. The Italian project 1 is the first level of a modern multimedia course of Italian language. Suitable to adolescent and adult students. It provides a balanced information, with pleasant and amusing conversation and useful grammatical examples. Introduces students to modern Italy and its culture. This Treatise on the Turkish Language and its Grammar explains and answers some of the difficulties that the learner of Turkish may encounter along their way. This book focuses on understanding Turkish grammar and logic. Those who are interested in the whys and wherefores of Turkish will find amongst these pages the key to their particular problem of Turkish grammar and syntax. This book covers the basics of Turkish and further expands knowledge and understanding of Turkish by using many examples with explanations. It does not contain any practice exercises or sound files as many of these type of basic Turkish grammar lessons can be found in other text books or on the world wide web. It is a book that will be used over the whole of the learning process from basic beginner through to intermediate and advanced stages of learning. The contents of the 45 chapters range over: Turkish Basic Grammar: Alphabet, Vowel Harmony, Agglutination, Consonant Mutation, Lack of Gender. Intermediate: Nouns and Pronouns, Adjectives, Verbs and Tenses, Possessive Relationship and Possession. Advanced: Verb Moods, Participles, Clauses, Spatial and Spatial Relationships, Word Formation in Turkish Conversational Items: Time, Seasons, Numbers, Colors, Saying "Thank you," About "buyurun," Expressing need, Daily Interjections, Modes of Address, Turkish Sign Language, How to say "too much, too many," Daily Talk. Glossaries: List of Daily Locutions, Daily Word List, Irregular Tense List, Turkish Single Syllable Verb List, Intensified Adjectives List. Hindi is one of the world's main language, with over 650 million speakers in India, and millions more on every continent. There are many primers that teach children who can already speak Hindi-how to read and write their language. As the title Hindi Teacher for English Speaking People suggests, Dr. Ratnakar Narale has written this book with a different audience in mind: English speakers of all ages who want to learn Hindi from scratch. This audience includes many kinds of people: the inhabitants of non-Hindi-speaking parts of India; Canadians, Americans, and West Indians whose ancestors came from India, but whose first language is English. This logically arranged book is filled with virtually thousands of examples, and each dialogue is designed with the view of its practical value for the targeted people. Along the way, hundreds of new words and the frequent exercises let the student learn to speak and write Hindi sentences almost without much effort. This practical 'Teach Yourself' manual closes with exercises in correcting faulty sentences, reading dialogues, telling the time, and writing letters. There are also useful lists of proverbs, synonyms and antonyms, and so on. Dr. Narale has been careful to draw most of the examples from words and concepts that are familiar to Westerners. This emphasizes that Hindi is a world language, and not merely an Indian one. Truly practical, comprehensive and easy to understand reference manual for classroom study to learn Hindi. This is the new, black and white version of From English to Swedish 1. A full color version is also available. Look for ISBN 978-1540452900. From English to Swedish 1 & 2 is a series of textbooks for English speaking students who would like to learn Swedish. The first book covers level A1 and the second book level A2 of the European CEFR-scale. Unlike most Swedish textbooks they provide vocabulary lists, grammar explanations, and text commentaries in English. To help the reader learn Swedish pronunciation, a series of videos linked to the first book is available on YouTube (see <https://www.youtube.com/watch?v=mEQVgbDPZ4I>). The texts of the two books tell the story of an American girl who comes as an exchange student to live in a Swedish family. She struggles to learn Swedish and adapt to Swedish culture, but in the process runs into a number of culture clashes, all based on the authors' real life experiences. ◆ke Daun, professor of ethnology from Stockholm University and a specialist in Swedish mentality, has examined the first book and describes the way it introduces Swedish mentality as "innovative and entertaining". To facilitate the student's learning the books take advantage of the close relationship between English and Swedish. Many of the words appearing in the texts are similar to their English counterparts. Having finished both books, the student will have acquired a vocabulary of slightly more than 1,500 words including 57 % of the 2,000 most frequent words of the Swedish language as defined by Språkbanken (the Language Bank), a data base published by the University of Gothenburg. In an appendix to book 1, the similarities between English and Swedish are explained from an historical point of view, and over 300 related words from different areas are presented. Each chapter in the books contains a short grammar section presenting

essentials in Swedish morphology and syntax. All grammatical terms, except the most common ones, are explained. At the end of each book there is a grammar overview with definitions of concepts and references to relevant chapters. Each lesson includes a number of exercises, where students are encouraged to practice their newly gained grammar knowledge, repeat vocabulary, and answer questions in connection with the texts. As the students' vocabulary develops, the questions become increasingly open-ended in order to stimulate reflection and discussion in class. Furthermore, a number of songs with simple vocabulary are included, mainly children's songs by classic song-writers. Finally, each book contains answers to the exercises and a complete alphabetical glossary. Judgments about From English to Swedish 1: "I'm just learning Swedish, and this book is wonderful. The style & methodology are ideal. Highly recommend." (Amazon, USA) "A brilliant book. ... The words and pronunciations are well explained with examples given. Common Swedish vocab is also used in lessons. Quite amazing that by lesson 2 (Lektion 2) I was understanding and translating simple paragraphs and answering questions in full sentences without much difficulty. The two books are a must buy for people looking to learn the Swedish language. ... The second book is just as good as this one." (Amazon, England) "I've tried to start learning Swedish several times with at least 4 books, and finally I've found one that is didactic enough to keep me going! Very natural way of teaching, the closest thing I've seen to have a teacher that prepares a class for you. I'm already looking for the 2nd book! " (Amazon, Spain) This Chinese conversation book is compiled for English speaking people, especially for American learners. All the Chinese words, phrases, sentences in the book are marked with pinyin (phonetic symbols) and have their English translations. Its contents cover all the activities of daily life. The dialogues in the book are interesting and absorbing with Chinese culture as the background. The more you read them, the more you want to read them. The vocabulary contains not only the words used in the text, but supplementary words that relate to the topic, so that the learners can apply them to expand their vocabulary in their practice. In addition to the main lessons, the book contains a collection of slang and colloquial expressions frequently heard in Beijing dialect. This material is not to be found in other conversation books, but it is what every learner of Chinese must learn. The four main sections of the book are arranged side by side for the convenience of the learners to refer to each section easily. It takes less than a year to finish the book. After finishing the book, the learner will possess a very solid foundation of Mandarin, the standard spoken Chinese dialect, and be able to communicate with Chinese people on daily topics. Since China is rising rapidly in the world, and since no one can afford to ignore that country and its immense market, a person who is bilingual (English and Chinese) no doubt will have many advantages in dealing with the Chinese people in whatever field he is in. This book will prove to be a gateway to your successful future. My first introduction to the French language was in the spring of 1962 when under the GI Educational Bill I enrolled, along with the other required courses, in French 101 at the College of Marin. Regretfully, employment pursuits required that I drop one course. To my lifelong regret I opted to cut French, since my eventual 40 year old professional career in International Advertising, Marketing, and Sales Promotion, as well as a 5 year tour as a Commercial Attaché with the U.S. Department of Commerce's Foreign Commercial Service, led me into numerous environments where being able to speak and comprehend French would have rendered my career even more successful. With a decision to join my eventual spouse's business in Belgium during 1977, I inherited a Belgian family, most of which had a sound understanding of English and were more interested in improving on my language than on insisting that I improve on theirs! During the ensuing 35 years I was somewhat successful in this respect, but managed to make only marginal progress in my attempt to obtain fluency in the French language, despite a 3 year residency in Belgium and ultimate 8 retirement years in France. Still, during these periods I managed to observe segments of the French language that at least could be considered survival methods. For example, having enrolled in several French courses in both Belgium and France I noted that teachers tended to over-complicate French grammar; especially when tutoring 'English' students. Over the course of my 78 years I noted that the basics of all languages are rooted in knowing how to address the "Who, What, When, Where, and Why" of a language. After more than 10 years of procrastination I decided to make a small contribution to help rectify this educational oversight! The result is this guide; the contents of which, while not a substitute for learning to speak and write fluently in French, will at least offer one the ability to 'communicate' their desires, objectives, and needs when confronted by situations wherein only French is spoken and understood. I hope the user of this guide will find its contents as informative and useful as I did in preparing it. -Paul S. Lessig Learn English the best way possible! Winner's English Books are written and designed to help you excel at English! Winner's English is a fun and easy way to learn the English language! Written for all ages - both children and adults. In the world we are living in, English has become the common language that people from different countries and cultures can use to communicate with one another. There are many reasons why people would want to learn English, but for a lot of them; It is work-related. Most large companies around the world require their employees to speak English. In some cases, these companies are requiring their workers to only use English at the workplace. English has also been referred to as "the language of business". If you have ambitions to become an international businessman or to work at some bigger companies, it's almost essential that you're able to speak English fluently. From The Intermediate Level to The Advanced Level From my years of teaching, I am confident to say that it is easy for an English learner to go from a beginner English level to an intermediate English level. However, it takes more time to go from an Intermediate level to an advanced English level. A lot of students have studied English for years but still aren't able to speak English on an advanced level. They have tried many methods, attending classes, learning how to pronounce every single word and even getting a private English tutor to improve their spoken English, yet they still have a hard time pronouncing English words correctly or feeling too nervous to speak. The Best Proven Way to Learn and Speak English In this book, Christopher Hill, "THE INTERNATIONAL ESL PROFESSOR " (with 20+ years of experience) will show you powerful unique ways to rapidly improve your spoken English. With topics you already have interest in, you will find out how easy and effortless to learn and speak fluent English. This effective method is simple, yet powerful. You will be able to learn and improve your spoken English 3 to 5 times faster compared to the traditional way of learning. Inside This Black Book, You will Discover: - The 3 Golden Rules of Speaking Fluent English - The Power of Immersion - The Process of Shadowing - How Intensive Listening works - The Best Accent Reduction Techniques - Bonus Guide: The Secret Method to Become Super Fluent in 21 Days How do you know this book is for me? //www.youtube.com/channel/UCfmFk0J5dT9VEBUoY_DrMjQ?view_as=subscriber For feedback please contact: Dr.DahliaDwedard@aol.com La colección Gramáticas bilingües está compuesta por cinco títulos. Cada uno de ellos abarca desde el nivel A1 hasta el B1 y presenta las explicaciones gramaticales y los enunciados de las actividades en inglés, portugués, italiano, alemán o francés, en función de la lengua del estudiante. Do you want to learn French? This book walks you step by step through the basics you need to know in order to communicate in French, taking full advantage of your existing knowledge of English. - "How is English relevant?" The English language uses over 6,000 French words, words like "important", "table", "description", and thousands more. If your English is reasonably good, it's a safe bet that you already know about 3,000 French words. You don't know which ones, though. And it's not just vocabulary. French grammar is very similar to English's grammar. Learning French should be a breeze, but usually, it's not. This book validates your existing knowledge of French - a knowledge you didn't know you had - to help you Learn French, The Easy Way! All roads lead to Rome... but some are easier and faster! - How long does it take to go from London to Paris? Most people would say, "about 1 hour", because that's how long it takes if you take a direct flight out one of London's airports. Or if you're driving, it will take 6 hours on the shortest route. But on foot, without a map and traveling at random? It could take years and years, going through Moscow, LA, Uganda, Nicaragua, Brazil, Quebec... A lot of people wouldn't make it at all. Learning a language is a lot like that. You think you are on a straight path but chances are, that's not true. Most people end up lost along the way and never actually learn more than a few set phrases, in spite of years of language studies in school. Going from London to Paris can take about an hour, but only if you take a direct flight. Most students think, "Ok, I'm going to learn French", and in their mind, it is all about how hard they study and how smart and how talented they are. It seldom occurs to them how big of an issue what they are studying is. Mostly, they just blame themselves, "well, I guess I am just not good at languages." Of course, you have to study, and some people have an easier time than others, but: Are you on a direct flight from London to Paris, or are you on foot and lost in the middle of some jungle with a lousy map and a compass that doesn't work properly? You could spend years studying French without ever learning to communicate in French. Case in point, the average English speaker knows thousands of French words... and yet the average English speaker sure can't speak French. Studying at random isn't going to help much. As long as you are missing the keys fundamentals of the French language, you will get no closer to speaking French. This book is designed to help you navigate through the fundamentals of the French language, step by step, in plain English. Buy this book and you will Learn French, The Easy Way! "This book aims to introduce English speakers to the Basque language. The book also intends to show that two very different languages like Basque and English are more similar than might appear at first glance. In fact, all human languages are similar to one another in their most essential features, as they are particular exponents of one single linguistic faculty. While differences exist in particular aspects, English and Basque, when further explored, present more similarities than expected"-- Learn Shona is an ideal short introductory course for English speakers learning Shona. Does your family speak Shona but you do not? Are you a Shona-speaking parent but you do not have structured material to teach Shona to your English-speaking children? Are you visiting Zimbabwe and would like to learn Shona? Do your friends speak Shona but you do not? Are you a non-Shona speaker living or working in Zimbabwe wanting to learn Shona in a structured way? If you answered yes to any of the above questions then this is the right book for you. The book assumes no prior knowledge of Shona and will help you master the basics. The book has simple rules to help you learn Shona without learning complex grammar rules. To help you practise, there are practice questions at the end of the chapter and answers at the end of the book. On completing the course you will be able to do the following: greet and introduce people; understand basic expressions; build simple sentences; ask questions; express your emotions; and count in Shona. The book also provide some insights into Shona culture. The book also has reference material to access when needed. If you have any question, suggestion or feedback, please contact us: admin@tpbooks.com Arabic dictionary, Arabic vocabulary, Arabic phrasebook, learning Arabic, basic Arabic, books in Arabic, Arabic language Interslavic zonal constructed language is an auxiliary language, which looks very similar to real spoken Slavic languages in Central and Eastern Europe and continues the tradition of the Old Church Slavonic language. Interslavic shares grammar and common vocabulary with modern spoken Slavic languages in order to build a universal language tool that Slavic people can understand without any or with very minimal prior learning. It is an easily-learned language for those who want to use this language actively. Interslavic enables passive (e.g. receptive) understanding of the real Slavic languages. Non-Slavic people can use Interslavic as the door to the big Slavic world. Zonal constructed languages are constructed languages made to facilitate communication between speakers of a certain group of closely related languages. They belong to the international auxiliary languages, but unlike languages like Esperanto and Volapük they are not intended to serve for the whole world, but merely for a limited linguistic or geographic area where they take advantage of the fact that the people of this zone understand these languages without having to learn them in a difficult way. Zonal languages include the ancient Sanskrit, Old Church Slavonic, and Lingua Franca. Zonal design can be partially found also in modern languages such as contemporary Hebrew, Indonesian, and Swahili. This Armenian language textbook is one-of-its kind, innovative tool for everyone who wants to learn Armenian from A to Z. It is easy, fun and culturally informative. It educates and unfolds a whole new world in front of the learners' eyes. I have written this textbook with the challenges of my students in mind and by utilizing most strategic methodologies of teaching foreign languages. The textbook consists of two parts. Part 1 is for complete beginners, where one learns the alphabet, basic dialogues accompanied by Latin transliteration, grammar and essential vocabulary. Part 2, on the other hand, is intended for intermediate learners. We have almost no transliteration in this Part and assume that the student is feeling more comfortable reading the Armenian letters. The units in Part 2 have more exercises, longer texts and teach richer vocabulary. The texts and dialogues include information about Armenian places of interest, famous writers and artists, historical facts, pictures. This way the student feels more engaged with the Armenian culture and does not simply learn a new foreign language. In the appendix, one can find a more elaborate vocabulary list, common Armenian

proverbs, acronyms and useful expressions. We hope you enjoy your Armenian journey! **3000-WORD ENGLISH-ALBANIAN VOCABULARY** This book is a learning tool for mastering basic Albanian vocabulary. It will help you obtain a solid base in your knowledge of the Albanian language. The 3000 words contained in this edition will aid in your understanding of simple phrases and hone your composition skills.
