## **Ebraica in Russia Judaica Salem**

A music book dealing with Jewish Liturgy from Italy. A history of the Jewish community ("giudecca") in the Sicilian town of Salem. States that Salem was inhabited by Jews from antiquity and always served as a refuge for Jews and Conversos. A provincial town, Salem was known for its libertarian and anti-clerical spirit, attributed to its Jews, who were later active among Freemasons in support of Garibaldi's movement. Outlines the Sicilians' tolerance toward Jews, making reference, nevertheless, to sporadic outbursts of violence such as the murder of 400 Jews in Modica in 1474, the introduction of the Inquisition and the "limpieza de sangre" statutes by the Spanish in 1483, the phenomenon of the Conversos, and the 1492 expulsion. Vols. 1-8, 1880-87, plates published separately and numbered I-LXXXIII. For over 5,000 years, Jewish families have lived in Italy. The cuisine that developed in their households is a remarkable melange of kosher traditions and the distinctive flavors of Italy, the Middle East, and Spain. For the first time, this wonderfully rich, little-known culinary heritage is given the attention it has long deserved. With *Cucina Ebraica*, celebrated chef Joyce Goldstein offers a substantive collection of superb (and completely kosher) Italian Jewish dishes, as well as a compelling and important culinary history. Exploring the ancient intertwining of two venerable food traditions, we discover that many Italian dishes have Jewish roots. Familiar and yet entirely new, this is a robust and delicious new side of a beloved region's cuisine. Filled with painterly photographs that evoke the richness of the Italian Jewish heritage, *Cucina Ebraica* is a mouthwatering collection of distinguished recipes, a reference on an extraordinary tradition, and an invitation to unexpected joys and secrets about both Italian and Jewish cookery. There is a tradition that whoever knows the seventy six names of the angel Metatron can express any wish and see it

fulfilled. The Book of Desire means just this: It teaches how to express a desire and call the related appropriate name of Metatron. Eleazar includes this small treatise after the two tomes concerning the Work of Creation and the Work of the Chariot in his Sodei Razia (lit. Secrets of Secrets, also called The Book of Raziel), which represent the two first kabbalistic levels. After a ritual purification, the apprentice can engage in the mystical meditations and call the proper name of Metatron. A proper preparation leads to the appearance of a Maggid, who is a messenger angel. This envoy, as Eleazar says, will appear "according to your will and as often as you desire". He will mediate between us and the superior worlds, taking care of fulfilling our wish through the power of Metatron. Simply stated, this is the diary of the encounters with an angel. Joseph Caro was one of the rare individuals who merited to be instructed by a Maggid (a private angelic teacher) who revealed to him many kabbalistic teachings. The teachings of the Maggid are translated in English for the first time, so that now everybody can benefit from them.

This precious book is the recording of the teachings by the Arizal concerning his overall system. It gives the key to the Partzufim and establishes the link between ancient and modern Kabbalah. The book is unique and illustrates with over 140 drawings the entire Lurianic system. Il volume costituisce un'antologia di testi della tradizione mistica ebraica, meglio nota come Qabbalah, che copre un periodo storico culturale di oltre mille anni - dall'antichità al Cinquecento - e contiene per lo più testi inediti o comunque mai tradotti in italiano. Le opere qui presentate non

hanno solo valore di sapienza mistica, di ricerca nelle profondità del mondo - si pensi ai volumi dello Zohar, simbolo di esoterismo, di conoscenza interiore e segreta, di tradizioni più o meno occulte -; esse sono anche testi letterari di grande bellezza, di autentica poesia. Vi troverà quindi ragione di interesse non solo il lettore curioso di cultura alternativa, di tradizioni fino ad ora praticamente sconosciute, ma anche colui che sa apprezzare il racconto, le molteplici descrizioni, le tante suggestioni poetiche di questi antichi materiali. Questa antologia resta a tutt'oggi un'opera unica nel panorama italiano, che mancava di basi adeguate alla conoscenza delle tradizioni ebraiche e mistiche, per altro non estranee alla cultura del nostro paese. Fra Medioevo e Rinascimento, infatti, gli umanisti italiani, da Pico della Mirandola in poi, dimostrarono grande interesse per il mondo ebraico in generale, e in particolare per la Qabbalah.
