Un campionario fantastico di orrori e misteri che si apre con una serie di strani incidenti domestici nelle valli trentine. Fatalità legate all'età delle vittime, semplice distrazione, oppure l'opera di un misterioso sicario? E poi: avete mai conosciuto un esperto di servizi di demolizione, sgombero e trattamento dei residui di sinistri? Non vi pare nulla di particolarmente affascinante o misterioso? Fareste bene a dubitare delle prime impressioni. Che ne dite poi di un salto in Val d'Ossola per risolvere una delle più intriganti leggende metropolitane: per quale motivo i cinesi non muoiono mai? E ancora: di quali orrori potrebbe macchiarsi un uomo che, dopo anni di onorata carriera, perda il lavoro e con esso il rispetto e la fiducia della moglie, dei suoi più cari amici e del mondo intero? E infine, perché non concludere il nostro viaggio in compagnia del piccolo Fógia, un bambino in contatto con le vite passate degli ospiti del cimitero del proprio paese? version. This edition presents all of the surviving manuscripts, together with textual apparatus and commentary. The poem is also presented in parallel with its principal source, Boccaccio's "Filostrato", enabling the reader to compare the two poems in charting the evolution and achievement of Chaucer's "Troilus". This edition has been revised and corrected in order to make the text fully accessible to the reader unfamiliar with Chaucer's work. An introduction discusses the text, metre and sources of "Troilus" and assesses the literary importance of Chaucer's translation method. Professor Jean Richard is the doyen of crusade historians. Although also well-known as one of the most distinguished historians of Burgundy, he has through publications which have been appearing for over half a century established himself as the greatest living scholar working on crusading and the Latin East. His book on twelfth-century Tripoli, published in 1945, is still the standard work on the county. In the 1950s he, and Joshua Prawer, provided a revolutionary approach towards the constitution and institutions of the kingdom of Jerusalem. He went on to pave the way for an entirely new understanding of the kingdom of Cyprus. In the 1960s he was one of a few historians who were sign-posting a more empathetic view of the ideology of crusading and the motivation of crusaders, and he developed his ideas further in recent monographs on Saint Louis and on the crusades in general. His work on Catholic missions to Asia and the role of the papacy in those enterprises is generally regarded as setting standards which few can approach. To celebrate his eightieth birthday thirty-nine colleagues have contributed articles in fields which themselves illustrate Professor Richard's breadth of interest: the crusades, the military orders, and the Latin settlements on the Levantine mainland and the island of Cyprus. "In this elegantly constructed study of the early decades of public opera, the conflicts and cooperation of poets, composers, managers, designers, and singers—producing the art form that was soon to sweep the world and that has been dominant ever since—are revealed in their first freshness."—Andrew Porter "This will be a standard work on the subject of the rise of Venetian opera for decades. Rosand has provided a decisive contribution to the reshaping of the entire subject. . . . She offers a profoundly new view of baroque opera based on a solid documentary and historical-critical foundation. The treatment of the artistic self-consciousness and professional activities of the librettists, impresarios, singers, and composers is exemplary, as is the examination of their reciprocal relations. This work will have a positive effect not only on studies of 17th-century, but on the history of opera in general."—Lorenzo Bianconi
