lays itself to the root of every tree not bearing good fruit, *End Time Purity* is a book that scans our motives in the light of eternity. It serves as a forerunner to the second coming of Jesus, and inspires pure motivation and uncompromising devotion to God's heart. Today 12.5 million U.S. Latinos self-identify as Protestant, and Assemblies of God is the destination for one out of four converts. Gastón Espinosa reveals the church's struggle for indigenous leadership, racial equality, women in the ministry, and immigration reform and shows why "Silent Pentacostals" are an activist voice in Evangelical politics. This book contains six of Charles Finney's sermons. Each one powerful and sharp and truly deadly to the flesh. He was an amazing preacher and his legacy lives on. May this book encourage you onward to holiness and fervent passion for Jesus Christ, for why else read this book? We should desire more of God and each bit of food we take in from the great men of God of old should only stir us to greater spiritual maturity. On August 14, 2011, when I was in Kandergrund in the Bernese Highlands in Switzerland an important connection became very clear to me. I recognized a spiritual cause for why we are losing part of our youth. I was very shocked. I thought of my children and grandchildren. Since then I have been intensively occupied with this subject. Now I believe that the same spiritual cause is behind many of our problems; specifically the personal problems, in the local churches and the world-wide church. It is the lack of the Holy Spirit. If this is the cause, then we should urgently address this issue. If the cause can be eliminated or considerably reduced, then many

problems will become superfluous or will be resolved. This expansive study offers an interpretation of the 'new Pentecost': the rise of charismatic Christianity, before, during, and after the 'long 1960s'. It examines the translocal actors, networks, and media which constructed a 'Spiritscape' of charismatic renewal in the Anglo-world contexts of Australia, the British Isles, Canada, New Zealand, South Africa, and the United States. It places this arena also in a wider and dynamic worldwide setting, exploring the ways in which charismatic imaginations of an 'age of the Spirit' were shaped by interpenetrations with the 'Third World', the Soviet Bloc, and beyond in the global Sixties and Seventies. *Age of the Spirit* explains charismatic developments within Protestantism and Catholicism, mainline and non-denominational churches, and within existing pentecostalisms, and places these in relation to lively scholarly themes such as secularisation, authenticity, and cosmopolitanism. It offers an unrivalled analysis of charismatic music, books, television, conferences, personalities, community living, and controversies in the 1960s and 1970s. It looks forward to the many global legacies of charismatic renewal, for example in relation to the politics of sexuality in the Anglican Communion, or to support for President Donald J. Trump. The essential question at the heart of this book is relevant for scholars and practitioners of Christianity alike: how did charismatic renewal transform the churches in the twentieth century, moving from the periphery to the mainstream? In this book, historian Nigel Scotland examines ten powerful

revival movements that hugely impacted the social life and culture of large sections of America and the British Isles. Revivals represent a high point of Christian experience, renewing and empowering the life and worship of Christian communities. In consequence they draw large numbers of new people to personal faith in Christ, which in turn brings lasting and positive change to social life and culture. In this book special attention is given to the ways in which vibrant Christian faith challenged racism, fought and overcame slavery, helped to birth trade unions, campaigned for temperance, led to a rapid growth in education, from Sunday schools to universities, provided equal opportunities for women, and renewed family life and relationships. In *The Azusa Street Revival: Its Roots and Its Message*, Dr. Robert R. Owens follows the Pentecostal movement from the birth of the church on the Day of Pentecost through the days of the early church, the persecutions of the Dark Ages, the revivals of the Reformation and the Holiness movement, to the Azusa Street Revival. Dr. Owens contends the Azusa Street Revival was the greatest religious event of the twentieth century. He challenges several traditional historical assessments of events associated with Azusa Street and provides new information regarding some of the early influences and people who helped shape the revival. A captivating and lucid narrative of America's revolutionary generation, Jefferson's America takes the reader from the earliest rumblings of colonial dissent, through the crises of revolution and nation-making, to the heroic drama of the War of 1812. Risjord deftly weaves together strands of biography and social history with

military and political history to depict the rich fabric of the young republic. Now is the Time to Embrace God's Revival Fires Manifestations of God's presence and power are known to have swept the world in past revivals with amazing healings and miracles. But today, how often do we see God's mighty power? Now, more than ever, we need the refreshing of the Lord. In *Quest for Revival*, international Bible teacher and revival historian, Ron McIntosh uncovers key truths of the marvelous moves of God and shares insights to ignite the revival fires in your life today. Ron draws on the victories and failures of past revivalists including John Alexander Dowie, Smith Wigglesworth, William Seymour, Kathryn Kuhlman, and more to reveal how you can: Recognize the seasons of revival Activate the power of prevailing prayer Understand the role of repentance for a nation Utilize the force of divine momentum Experience fresh communion with the Holy Spirit It may seem like darkness is overtaking the world, but God's tremendous power is about to break loose! Discover how you can join God's plan to dispel the darkness and ignite the glorious fires of revival. In *The Azusa Street Mission and Revival*, Cecil M. Robeck, Jr. brings to bear expertise from decades of focused study in church history to reveal the captivating story of the Apostolic Faith Mission in Los Angeles, which became known as the Azusa Street Mission. Sometimes the largest blaze begins with the tiniest spark. At the dawn of the twentieth century, William J. Seymour, the son of Louisiana slaves, began meeting with a tiny congregation in a two-story wooden building in downtown Los Angeles. What began as a spontaneous gathering of believers

quickly grew into a passionate revival and renewal of the work of the Holy Spirit. The movement spread at breathtaking speed. With little more than a printing press, a trolley stop, and a powerful message, the spiritual fire emanating from the Apostolic Faith Mission on Azusa Street rapidly crossed strict cultural and national borders—into Mexico, Canada, Britain, Scandinavia, Africa, India, and China. Led by William J. Seymour, the revival became the catalyst for the modern Pentecostal movement. Today, the more than 500 million Christians who identify as Pentecostal or Charismatic can trace the roots of their faith to this humble beginning at Azusa Street. The Azusa Street Mission and Revival tells the full story of how this uniquely diverse and inclusive group grew into a powerful movement that forever changed the landscape of Christianity. Our multicultural world needs countercultural disciplers. People from all over the world are coming to Christ from a variety of backgrounds. This requires more people who are willing to commit to the effort and sacrifice it takes to invest in new believers. Rooted in over four decades of multicultural discipleship experience, Ajith Fernando offers biblical principles for discipling and presents examples showing how they apply to daily life and ministry. He addresses key cultural challenges, such as the value of honor and shame, honoring family commitments, and dealing with persecution, and helps us think realistically about the cost and commitment required for productive cross-cultural ministry. This practical guide to discipleship will help us help others grow into mature and godly followers of

Christ. This title shines a bright light on the hidden world of faith, from exorcisms in Sao Paulo to religious skirmishing in Nigeria, to televangelism in California and house churches in China. Whitefield's sermons helped launch the Great Awakening in the American colonies, from New Hampshire to Georgia. This premier collection of sermons bears witness to Whitefield's zeal for the Gospel and his God-given gift of preaching. Weaver has retrieved from obscurity the rich treasures of Christian tradition from the 1st through 20th centuries and made them meaningfully accessible for preachers, teachers, worship and study leaders, students, devotional readers, and persons interested in the history of the church. Revival is birthed in the heart of God and transferred to anyone who has faith for the impossible. When John Wesley first visited Herrnhut, Germany, to see the Moravian movement, his response was, "When will this Christianity fill the earth?" The kingdom of God is indeed filling the earth today. In this book you will learn how to maintain an unoffendable heart; use your voice effectively to prepare the way; demonstrate a lifestyle of love; marry the land; live effectively in consecrated community; be grounded in the Word; persevere to win the prize; be activated through intimacy with Christ. No matter your age, you can be a part of this band of committed disciples who come together under the banner of holy devotion and unwavering commitment to contend for God's kingdom to come. Here is an attempt to tell in brief compass the history of Christianity. Christianity is usually called a religion. As a religion it has had a wider

geographic spread and is more deeply rooted among more peoples than any other religion in the history of mankind. Both that spread and that rootage have been mounting in the past 150 years and especially in the present century. The history of Christianity, therefore, must be of concern to all who are interested in the record of man and particularly to all who seek to understand the contemporary human scene. - Preface. The daughter of one of the South's most famous Baptist preachers discovers a shocking secret about her father that puts her at odds with both her faith and her family in this debut novel. "Spellbinding...Revival Season should be read alongside Alice Walker's *The Color Purple* and Chimamanda Ngozi Adichie's *Purple Hibiscus*." -The Washington Post A New York Times Book Review Editors' Choice Every summer, fifteen-year-old Miriam Horton and her family pack themselves tight in their old minivan and travel through small southern towns for revival season: the time when Miriam's father—one of the South's most famous preachers—holds massive healing services for people desperate to be cured of ailments and disease. But, this summer, the revival season doesn't go as planned, and after one service in which Reverend Horton's healing powers are tested like never before, Miriam witnesses a shocking act of violence that shakes her belief in her father—and her faith. When the Hortons return home, Miriam's confusion only grows as she discovers she might have the power to heal—even though her father and the church have always made it clear that such power is denied to women. Over the course of the following year, Miriam must decide between her faith, her family, and her

newfound power that might be able to save others, but if discovered by her father, could destroy Miriam. Celebrating both feminism and faith, *Revival Season* is a "tender and wise" (Ann Patchett) story of spiritual awakening and disillusionment in a Southern, Black, Evangelical community. *Revival Fire* is a heart-cry for spiritual Revival, a season of great spiritual awakening. The words in these pages are energized by the Spirit to quicken men both to pray and to earnestly seek for this mighty move of God's Spirit. We need God's divine intervention in our dying world today - a great revival... And why is this revival being delayed and what can be done to draw down this mercy and power of God on men? Pick up this book and experience the great transformation. You will understand from this book that God does not work through systems but through men; men on fire of the Holy Spirit. Whenever God want to birth new things on earth, he looks for men. At the wake of the Gospel, we read, "There was a man sent from God whose name is John" (John 1:6). Men are vice-regent of God. Holy men are God's mighty agents of revival and you too can be one. Order a copy of this book today and experience God's mighty hand in your life. Fasting is about feasting on more of God! When many hear the word fasting, they immediately think of what they have to give up. But what if fasting is actually a sacred doorway into fresh encounters with the all-consuming fire of God? Author and revival historian, Jennifer Miskov, has tapped into an ancient pathway to divine encounter. She has given her life to studying how the greater pioneers of revival experienced dynamic moves of the Holy Spirit, both in their personal lives and in the

corporate church. One of the key common denominators has been fasting. Historically, fasting was never a formula for holiness or a means to manipulate God. In fact, in revival history, the fasting ones were actually the feasting ones those who single-mindedly aligned themselves with what heaven wanted to release into earth. In *Fasting for Fire*, you will discover and experience: Deeper levels of union and connection with Jesus. Greater flow of revelation from the Holy Spirit. Extraordinary miracles, signs and wonders, supernatural power. Increased hunger for God. The supernatural benefits of fasting. The dimensions of fire fasting. Testimonies of revivalists like John Wesley, Smith Wigglesworth, and William J. Seymour who experienced significant God-encounters through fasting. Featuring easy-to-follow fasting exercises, Scripture meditations, reflection questions, activations, and special chapters by Randy Clark and Lou Engle, *Fasting for Fire* will stir you to pursue the presence of God with more passion and zeal than ever before! The author of these sermons has had a feeling for a long time that the great need in our churches in this day is systematic indoctrination. He put his theory into practice last winter in his own church, and these sermons are the result. We were having a great many accessions to our church. In the two years of the church's history we had had something like six hundred accessions to the church, and every month considerable numbers of new members were being added. While many of these came by letter from other churches, many of them were new converts and had had practically no systematic instruction in the fundamental truths of the Christian faith, so we

announced a series of sermons on *The Fundamental Doctrines of the Christian Faith*. There was immediately a large increase in the attendance at the services where these addresses were given, and this increase has kept up until on the last Lord's Day we had much the largest attendance we have ever had, excepting on Easter Sunday. Many have testified to the blessing received from these sermons, and there has been a great demand that the sermons be printed for general circulation. This request has come from ministers of various denominations, Episcopalians, Presbyterians, Methodists, Baptists, and others. It is hoped that this volume will be useful to other pastors in suggesting lines of teaching in their regular pastoral work, and also that it may be used widely by pastors and others for circulation among Christians. We live in a day in which many of our church members are all at sea as to what they believe on the fundamental doctrines of the Christian faith. These sermons have already helped many through their delivery. It is hoped they will reach and help far more in the printed form. R. A. Torrey [GET MORE BOOKS AT REVIVALPRESS.NET](http://REVIVALPRESS.NET) Drawing upon a wealth of original research and entertaining anecdotal material, Guffey unearths the roots of the term "retro" and chronicles its evolving manifestations in culture and art throughout the last century. How desperate are you? Revivals always begin with personal desperation. When we are desperate enough to cry out to God for our need, He releases a deluge of His Spirit to not only meet your need, but to also change your family, community, state, nation and the world. The greatest revivals have all been initiated by the deep-seated

needs of man. God has responded to passionately meet each of those needs. Waves of God's mercy in response to our heart's cry will benefit those around us and even the world. *The World's Greatest Revivals explores: The Reformation. The Great Awakening. The Azusa Street Revival. The Toronto Blessing.* Through extensive research and personal experiences, authors Fred and Sharon Wright share the fascinating history of revivals and revivalists over the past 600 years--and explore their long-lasting impact on society. This book shows the personal impact of these revivals and how our desperation opens the floodgates of heaven. The superb insights of one of America's greatest evangelists are condensed and collected in a forty-day devotional study for people wishing to pray with power and see results, with each daily reading including meditation, application and prayer. Original. Pastor John Kilpatrick of the Brownsville Assembly of God wanted something more. He began to pray, but it seemed like the heavens were brass. The lessons he learned over the years helped birth a mighty revival that is sweeping through this nation and the world. The dynamic truths in this book could begin a life-changing revival in your own life and ministry! This book focuses on the history of revival movements but includes the author's own views and experiences -- "Dr. Bob Griffin comprehensively details how revival always happens and how it will happen again. He points out key components to historic revival including: passionate prayer and repentance, a return to the priority of worship, a period of radical social reform or transformation" -- page 4 of cover. Beginning with

the Great Awakening in the American colonies and continuing through contemporary Latin America, where revolution and revivalism have been central to sociopolitical change, Modern Christian Revivals demonstrates the enduring relevance of Christian revivalism. Half of the contributors focus on the United States, from Puritan New England through the Old South to Billy Graham and Pat Robertson; the others discuss revivalism in England, Norway, China, and Canada, chronicling influential as well as less frequently studied movements. This volume explores long-held assumptions about revivalism and illustrates its central role in the Christian tradition. Christianity Today 2013 Book Award Winner Winner of The Foundation for Pentecostal Scholarship's 2012 Award of Excellence 2011 Book of the Year, Christianbook.com's Academic Blog Most modern prejudice against biblical miracle reports depends on David Hume's argument that uniform human experience precluded miracles. Yet current research shows that human experience is far from uniform. In fact, hundreds of millions of people today claim to have experienced miracles. New Testament scholar Craig Keener argues that it is time to rethink Hume's argument in light of the contemporary evidence available to us. This wide-ranging and meticulously researched two-volume study presents the most thorough current defense of the credibility of the miracle reports in the Gospels and Acts. Drawing on claims from a range of global cultures and taking a multidisciplinary approach to the topic, Keener suggests that many miracle accounts throughout history and from contemporary times are best explained as genuine divine acts, lending

credence to the biblical miracle reports. In the ten years since the publication of *Do People Grow on Family Trees?* (121,000 copies in print), the Internet has completely transformed genealogy, making family history the second most popular hobby in the U.S. after gardening and genealogy the second most searched for subject on the Web. Now completely revised, updated, retitled, and filled with detailed guidance on utilizing the Internet, *Climbing Your Family Tree* is the comprehensive, kid-friendly genealogical primer for the 21st century, and a dramatic story of how and why our ancestors undertook the arduous voyages of immigration to this nation. It teaches kids to track down important family documents, including ships' manifests, naturalization papers, and birth, marriage, and death certificates; create oral histories; make scrapbooks of photos, sayings, and legends; and compile a family tree. A full chapter is devoted to the online search, and relevant Internet information has been incorporated into all the other chapters. Also new are more kids' genealogical stories and a reworked, easier-to-use design, and supporting the book will be a Web site that will include record-keeping pages, links to sites in the book, and more. Over the centuries God has touched the earth with revival, lifting men and women into his presence in extraordinary ways. And in some epochs the divine hand seems to have rested on us longer and to have caused more profound changes in the church and the culture. Authors Towns and Porter have studied revival eras throughout history in order to identify the ten which seem to have been the greatest of all time. If you want to understand revival and if you

long to see revival in our day, this book will speak to both your mind and your heart. First published in 1930, this book deals with Byzantine art, not as an isolated province, but as one intimately connected with the subsequent history of European painting. After a summary of the whole question in its relation to modern art, the second chapter opens with a novel analysis of the iconoclast controversy, and shows how it was only by this movement that Hellenistic naturalism was finally vanquished and the seed of interpretational art planted in Europe in its stead. The third chapter reveals how this seed was nourished by the Constantinopolitan Renaissance, and how that event, combined with the increasing humanisation of religious emotion, culminated, not only in Duccio and Giotto, but in the equally important work of their contemporaries at Mistra and Mount Athos. A detailed account of these works is given and in the last part of the book, the mystery of El Greco is finally resolved. The book is based, not only on extensive research but on personal observation of nearly all the works mentioned, in Constantinople, Greece, Crete, Italy, and Spain. It is an important and exciting addition to the history of European Art and establishes, scientifically, theories which only existed in conjecture before its publication. The book includes 94 black and white plates. There's a SHIFT coming to the Body of Christ, to America, the world . . . and to your life. The Church in many corridors has become prevalent, but not powerful. We are recognized behind our four walls, but not much outside of them. As the culture drifts from biblical values, it is time to shift to eternal perspectives.

It's time for a shift . . . it's time for REVIVAL. In Shift, Ron McIntosh has captured the principles, presence, power, and perspective that make up revival. This is a book that will prepare you for the current and coming move of the Spirit. This book answers the questions about revival that makes it well worth reading. But it offers so much more... it answers the question we should be asking. What is beyond revival? Mario Murillo Author, Vessels of Fire and Glory Shift will cause readers to prayerfully consider everything we have embraced packaged as "modern Christianity" and measure it next to the surefire standard of Scripture and the template of Pentecost. Larry Sparks Author, Pentecostal Fire Publisher, Destiny Image Shift explains, in the simplest terms, one of the most important mysteries for the person who truly desires to see and know God as He is. Dr. Jim Richards, PH.D., TH.D., OMD Creator of "Heart Dynamics" Author, Grace the Power to Change and Moving Your Invisible Boundaries In this riveting medical detective story, Trent Stephens and Rock Brynner recount the history of thalidomide, from the epidemic of birth defects in the 1960's to the present day, as scientists work to create and test an alternative drug that captures thalidomide's curative properties without its cruel side effects. A parable about compassion-and the absence of it-Dark Remedy is a gripping account of thalidomide's extraordinary impact on the lives of individuals and nations over half a century. Over the course of more than twenty years, James D. Richardson and his wife, Lori, retraced the steps of his ancestor, George Richardson (1824-1911), across nine states,

uncovering letters, diaries, and more memoirs hidden away. Their journey brought them to the brink of the racial divide in America, revealing how his great-great-grandfather Richardson played a role in the Underground Railroad, served as a chaplain to a Black Union regiment in the Civil War, and founded a college in Texas for the formerly enslaved. In narrating this compelling life, *The Abolitionist's Journal* explores the weight of the past as well as the pull of one's ancestral history. The author raises questions about why this fervent commitment to the emancipation of African Americans was nearly forgotten by his family, exploring the racial attitudes in the author's upbringing and the ingrained racism that still plagues our nation today. As America confronts a generational reckoning on race, these important perspectives add a layer to our larger national story. *The Revival Study Bible* takes a close look at revivals that draw men to God's work in breathing new life into the Church. This unique Bible covers rich Christian history spanning over 2,000 years of God's acts that center around revival, missions, and evangelism. It also gives inspiring accounts of supernatural, miraculous, and prevailing acts of the Lord. Emphasizing passion and action and not just data, this dynamic Bible gives an international flavor drawn from active, tested, and fruitful ministries involved in ongoing awakening.
