**Stiletto series, a not-so-friendly battle of the sexes turns into a scorching office romance. Hotshot sports editor Cole Sharpe has been freelancing for Oxford for years, so when he hears about a staff position opening up, he figures he's got the inside track. Then his boss drops a bombshell: Cole has competition. Female competition, in the form of a fresh-faced tomboy who can hang with the dudes—and write circles around them, too. Cole usually likes his women flirty and curvy, but he takes a special interest in his skinny, sassy rival, if only to keep an eye on her. And soon, he can't take his eyes off her. Penelope Pope knows all too well that she comes off as just one of the guys. Since she's learned that wanting more usually leads to disappointment, Penelope's resigned to sitting on the sidelines when it comes to love. So why does Cole make her want to get back in the game? The man is as arrogant as he is handsome. He probably sees her as nothing more than a barrier to his dream job. But when an unexpected kiss turns into a night of irresistible passion, Penelope has to figure out whether they're just fooling around—or starting something real. Praise for Irresistibly Yours “Irresistibly Yours has it all: fun banter, hot chemistry, and a couple that you just can't help but want to be together!”—New York Times bestselling author Marquita Valentine “Lauren Layne had me at baseball, and I stayed up way too late devouring Cole and Penelope's story. Sassy, sizzling, and sexy (with sports!). This one's a grand slam!”—Tracy March, author of Should've Said No**

**Includes a special message from the editor, as well as an excerpt from another Loveswept title. A woman trying to solve the mystery of a drowned PI discovers the truth is dangerous. The topic of stem cells has a high profile in the media. We've made important advances in our scientific understanding, but despite this the clinical applications of stem cells are still in their infancy and most real stem cell therapy carried out today is some form of bone marrow transplantation. At the same time, a scandalous spread of unproven stem cell treatments by private clinics represents a serious problem, with treatments being offered which are backed by limited scientific rationale, and which are at best ineffective, and at worse harmful. This Very Short Introduction introduces stem cells, exploring what they are, and what scientists do with them. Introducing the different types of stem cells, Jonathan Slack explains how they can be used to treat diseases such as retinal degeneration, diabetes, Parkinson's disease, heart disease, and spinal trauma. He also discusses the important technique of bone marrow transplantation and some other types of current stem cell therapy, used for the treatment of blindness and of severe burns. Slack warns against fake stem cell treatments and discusses how to distinguish real from fake treatments. He also describes the latest scientific**

progress in the field, and looks forward to what we can expect to happen in the next few years

**Very Short Introductions: Brilliant, Sharp, Inspiring**

**ABOUT THE SERIES:** The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

**Death is the ultimate stalker, confident and inevitable; the rest are inadequate voyeurs...** The acclaimed first novel from Mick Herron. Oxford private investigator Zoë Boehm struggles with the aftereffects of her violent past as she hunts for a killer—or has she become the hunted? Zoë Boehm has harbored a distinct aversion to death ever since she shot the man intent on killing her. So when Caroline Daniels takes a deadly fall in front of a train and her lover fails to turn up at the funeral, Zoë wants nothing to do with the case. But Caroline's boss is persistent, and as Zoë attempts to unlock the secrets of a woman she's never met while in search of a man who could be anywhere, she starts to wonder if he's found her first. And if he has, will that make her the next victim, or prove to be her salvation from a paralyzing fear? From the Trade Paperback edition.

In the classic *Mere Christianity*, C.S. Lewis, the most important writer of the 20th century, explores the common ground upon which all of those of Christian faith stand together. Bringing together Lewis' legendary broadcast talks during World War Two from his three previous books *The Case for Christianity*, *Christian Behavior*, and *Beyond Personality*, *Mere Christianity* provides an unequalled opportunity for

**believers and nonbelievers alike to hear this powerful apologetic for the Christian faith. USA TODAY BESTSELLER • A game of seduction between two best friends goes deliciously wrong in an irresistible Oxford Novel that brims with wit and sexual tension. Library Journal hails Layne's work as "exemplary contemporary romance." Brit Robbins knows that dating in New York City is hard—she just hoped to have it mastered by age thirty. But after yet another promising suitor says they have no sparks, Brit decides it's time to torch her dating game and try a new plan. And who better to coach Brit through the art of seduction than the guy who first gave her the "let's be friends" card? Hunter Cross has always figured there's nothing his best friend Brit can do to surprise him. But Brit's request is a surprise he doesn't see coming—and one he's definitely not prepared for. Hunter and Brit have always been careful to keep things perfectly platonic, but the fake dates and faux flirting are starting to feel like the real deal. And soon Hunter realizes he has taught Brit too well. Not only has she become an expert at seduction, the man becoming thoroughly seduced is him. Praise for I Think I Love You "This girl always makes me smile—another must-read by Lauren Layne."—New York Times bestselling author Sawyer Bennett "Poignant, sexy, and romantic . . . I Think I Love You will leave readers wanting more."—Tracy Goodwin, internationally bestselling author of Ice Hot: A New York Nighthawks Novel "I Think I Love You is a sweet, charming, sexy friends-to-lovers story and a fun return to the Oxford/Stiletto characters. I can always count on Lauren Layne for a five-star read!"—Jessica Lemmon, bestselling author of Rumor Has It Lauren Layne's New York Times bestselling Oxford Novel series can be read**

**in any order: IRRESISTIBLY YOURS I WISH YOU WERE MINE SOMEONE LIKE YOU I KNEW YOU WERE TROUBLE I THINK I LOVE YOU Don't miss any of Lauren Layne's hot reads: The Love Unexpectedly series: BLURRED LINES | GOOD GIRL | LOVE STORY | WALK OF SHAME | AN EX FOR CHRISTMAS The Sex, Love & Stiletto series: AFTER THE KISS | LOVE THE ONE YOU'RE WITH | JUST ONE NIGHT | THE TROUBLE WITH LOVE The Redemption series: ISN'T SHE LOVELY | BROKEN | CRUSHED The I Do, I Don't series: READY TO RUN | RUNAWAY GROOM Includes an excerpt from another Loveswept title. The essay is one of the richest of literary forms. Its most obvious characteristics are freedom, informality, and the personal touch--though it can also find room for poetry, satire, fantasy, and sustained argument. All these qualities, and many others, are on display in The Oxford Book of Essays. The most wide-ranging collection of its kind to appear for many years, it includes 140 essays by 120 writers: classics, curiosities, meditations, diversions, old favorites, recent examples that deserve to be better known. A particularly welcome feature is the amount of space allotted to American essayists, from Benjamin Franklin to John Updike and beyond. This is an anthology that opens with wise words about the nature of truth, and closes with a consideration of the novels of Judith Krantz. Some of the other topics discussed in its pages are anger, pleasure, Gandhi, Beau Brummell, wasps, party-going, gangsters, plumbers, Beethoven, potato crisps, the importance of being the right size, and the demolition of Westminster Abbey. It contains some of the most eloquent writing in English, and some of the most entertaining. For the first time in English, Michael Ostling tells the story of**

**the imagined Polish witches, showing how ordinary peasant-women got caught in webs of suspicion and accusation, finally confessing under torture to the most heinous of crimes. Histories of Everyday Life is a study of the production and consumption of popular social history in mid-twentieth century Britain. It explores how non-academic historians, many of them women, developed a new breed of social history after the First World War, identified as the 'history of everyday life'. The 'history of everyday life' was a pedagogical construct based on the perceived educational needs of the new, mass democracy that emerged after 1918. It was popularized to ordinary people in educational settings, through books, in classrooms and museums, and on BBC radio. After tracing its development and dissemination between the 1920s and the 1960s, this book argues that 'history of everyday life' declined in the 1970s not because academics invented an alternative 'new' social history, but because bottom-up social change rendered this form of popular social history untenable in the changing context of mass education. Histories of Everyday Life ultimately uses the subject of history to demonstrate how profoundly the advent of mass education shaped popular culture in Britain after 1918, arguing that we should see the twentieth century as Britain's educational century. Comic book studies has developed as a solid academic discipline, becoming an increasingly vibrant field in the United States and globally. A growing number of dissertations, monographs, and edited books publish every year on the subject, while world comics represent the fastest-growing sector of publishing. The Oxford Handbook of Comic Book Studies looks at the field systematically, examining the history and evolution of**

**the genre from a global perspective. This includes a discussion of how comic books are built out of shared aesthetic systems such as literature, painting, drawing, photography, and film. The Handbook brings together readable, jargon-free essays written by established and emerging scholars from diverse geographic, institutional, gender, and national backgrounds. In particular, it explores how the term "global comics" has been defined, as well the major movements and trends that will drive the field in the years to come. Each essay will help readers understand comic books as a storytelling form grown within specific communities, and will also show how these forms exist within what can be considered a world system of comics. This is the teacher's handbook introducing Read Write Inc.**

**Phonics - a synthetic phonics reading scheme. It contains step-by-step guidance on implementing the programme, including teaching notes for lessons, assessment, timetables, matching charts and advice on classroom management and developing language comprehension through talk. This volume examines the development of the 'way of the samurai' (bushidō), which is popularly viewed as a defining element of the Japanese national character and even the 'soul of Japan' - to provide an overview of modern Japanese social, cultural, and political history. Processing the Past explores the dramatic changes taking place in historical understanding and archival management, and hence the relations between historians and archivists. Written by an archivist and a historian, it shows how these changes have been brought on by new historical thinking, new conceptions of archives, changing notions of historical authority, modifications in archival practices, and new information**

technologies. The book takes an "archival turn" by situating archives as subjects rather than places of study, and examining the increasingly problematic relationships between historical and archival work. By showing how nineteenth- and early twentieth-century historians and archivists in Europe and North America came to occupy the same conceptual and methodological space, the book sets the background to these changes. In the past, authoritative history was based on authoritative archives and mutual understandings of scientific research. These connections changed as historians began to ask questions not easily answered by traditional documentation, and archivists began to confront an unmanageable increase in the amount of material they processed and the challenges of new electronic technologies. The authors contend that historians and archivists have divided into two entirely separate professions with distinct conceptual frameworks, training, and purposes, as well as different understandings of the authorities that govern their work. *Processing the Past* moves toward bridging this divide by speaking in one voice to these very different audiences. Blouin and Rosenberg conclude by raising the worrisome question of what future historical archives might be like if historical scholars and archivists no longer understand each other, and indeed, whether their now different notions of what is archival and historical will ever again be joined.

Poet, translator, and folklorist, A.K. Ramanujan has been recognized as the world's most profound scholar of South Asian language and culture. This book brings together for the first time, thirty essays on literature and culture written by Ramanujan over a period of four

decades. It is the product of the collaborative effort of a number of his colleagues and friends. Each section is prefaced by a brief critical introduction and the volume includes notes on each essay as well as a chronology of Ramanujan's books and essays. In this chillingly plausible thriller by CWA Gold Dagger winner Mick Herron, "there is no hiding under the desk" (The New York Times Book Review). When a gunman breaks into South Oxford Nursery School and takes a group of hostages, teacher Louise Kennedy fears the worst. But Jaime Segura isn't there on a homicidal mission, and he's just as scared as those whose lives he holds as collateral. As an armed police presence builds outside the school's gates, the only person Jaime will talk to is Ben Whistler, an MI6 accountant who worked with Jaime's lover, Miro. Miro's gone missing, along with a quarter of a billion pounds allotted for reconstruction work in Iraq. Jaime refuses to believe that Miro is a thief—though he's always had his secrets. But then, so does Louise, so do the other hostages—and so do some people on the outside, who'd much rather Jaime was silenced. From the Trade Paperback edition. The Oxford History of Life-Writing: Volume 1: The Middle Ages' explores the richness and variety of life writing in the Middle Ages, ranging from Anglo-Latin lives of missionaries, prelates, and princes to high medieval lives of scholars and visionaries to late medieval lives of authors and laypeople. "This compendium reflects the latest international research into the many and various uses of music in relation to Shakespeare's plays and poems, the contributors' lines of enquiry extending from the Bard's own time to the present day. The coverage is global in its scope, and includes studies of Shakespeare-related music in countries as diverse as

**China, the Czech Republic, France, Germany, India, Italy, Japan, Russia, South Africa, Sweden, and the Soviet Union, as well as the more familiar Anglophone musical and theatrical traditions of the UK and USA. The range of genres surveyed by the book's team of distinguished authors embraces music for theatre, opera, ballet, musicals, the concert hall, and film, in addition to Shakespeare's ongoing afterlives in folk music, jazz, and popular music. The authors take a range of diverse approaches: some investigate the evidence for performative practices in the Early Modern and later eras, while others offer detailed analyses of representative case studies, situating these firmly in their cultural contexts, or reflecting on the political and sociological ramifications of the music. As a whole, the volume provides a wide-ranging compendium of cutting-edge scholarship engaging with an extraordinarily rich body of music without parallel in the history of the global arts"-- An anthology of poetry written for children. This is an introduction to linguistics, the study of human language. The author provides a succinct but lucid outline of the ways in which language has been defined, described, and explored, and guides readers towards further exploration of their own. The moorlands of Gascony are often considered one of the most dramatic examples of top-down rural modernization in nineteenth-century Europe. From an area of open moors, they were transformed in one generation into the largest man-made forest in Europe. *Body and Tradition in Nineteenth-Century France* explores how these changes were experienced and negotiated by the people who lived there, drawing on the immense ethnographic archive of Félix Arnaud (1844-1921). The study places**

**the songs, stories, and everyday speech that Arnaudin collected, as well as the photographs he took, in the everyday lives of agricultural workers and artisans. It argues that the changes are were understood as a gradual revolution in bodily experiences, as men and women forged new working habits, new sexual relations, and new ways of conceiving of their own bodies. Rather than merely presenting a story of top-down reform, this is an account of the flexibility and creativity of the cultural traditions of the working population. William G. Pooley tells the story of the folklorist Arnaudin and the men and women whose cultural traditions he recorded, then uncovers the work carried out by Arnaudin to explore everyday speech about the body, stories of werewolves and shapeshifters, tales of animal cunning and exploitation, and songs about love and courtship. The volume focuses on the lives of a handful of the most talented storytellers and singers Arnaudin encountered, showing how their cultural choices reflect wider patterns of behaviour in the region, and across rural Europe. An unparalleled introduction to the parodist's art, The Oxford Book of Parodies includes parodies from Chaucer to the present day, ranging from imitations and spoofs to lampoons and pastiches, comical, scornful, witty, and subtle. It also takes in advertisements, legal rituals, political warfare and a scientific hoax. The ultimate authority on the usage and meaning of English words and phrases, unparalleled in its accuracy and comprehensiveness, the Oxford English Dictionary is the supreme reference work for anyone who loves the language. Key features: \* Integrates the material from the original OED and the Supplement into one alphabetical sequence \* Includes**

**over 5,000 new words and meanings \* Completely redesigned and reset to enhance readability \* Replaces James Murray's pronunciation system with the International Phonetic Alphabet \* Treats over a half-million words, illustrating definitions with over 2.4 million quotations Version 2.0 of The Oxford English Dictionary (Second Edition) on Compact Disc makes it easy to fully explore the resources of the most authoritative dictionary of the English language. With a brand-new web-browser interface, improved search mechanisms, on-screen help, and screen designs, Version 2.0 of OED2 CD-ROM offers extraordinary access to more than 500,000 definitions and 2.5 million illustrative quotations tracing the uses of each word through the centuries. The CD-ROM contains the complete text of the 20-volume OED Second Edition. Find what you need in seconds with powerful, flexible searching--from simple searches by part of speech or quotation to free-text queries of the entire Dictionary and new proximity searching for words near, before, or after an entry. Whether you're using it for scholarly research, for writing, or purely for enjoyment, Version 2.0 of the OED2 CD-ROM, you'll have instant access to the unparalleled riches of the ultimate authority on the English language. In England from the 1670s to the 1820s a transformation took place in how smell and the senses were viewed. The role of smell in developing medical and scientific knowledge came under intense scrutiny, and the equation of smell with disease was actively questioned. Yet a new interest in smell's emotive and idiosyncratic dimensions offered odour a new power in the sociable spaces of eighteenth-century England. Using a wide range of sources from diaries, letters, and sanitary records to satirical prints,**

consumer objects, and magazines, William Tullett traces how individuals and communities perceived the smells around them, from paint and perfume to onions and farts. In doing so, the study challenges a popular, influential, and often cited narrative. *Smell in Eighteenth-Century England* is not a tale of the medicalization and deodorization of English olfactory culture. Instead, Tullett demonstrates that it was a new recognition of smell's asocial-sociability, and its capacity to create atmospheres of uncomfortable intimacy, that transformed the relationship between the senses and society. Connie Willis draws upon her understanding of the universalities of human nature to explore the ageless issues of evil, suffering, and the indomitable will of the human spirit. "A tour de force."—The New York Times Book Review For *Kivrin*, preparing to travel back in time to study one of the deadliest eras in humanity's history was as simple as receiving inoculations against the diseases of the fourteenth century and inventing an alibi for a woman traveling alone. For her instructors in the twenty-first century, it meant painstaking calculations and careful monitoring of the rendezvous location where Kivrin would be received. But a crisis strangely linking past and future strands Kivrin in a bygone age as her fellows try desperately to rescue her. In a time of superstition and fear, Kivrin—barely of age herself—finds she has become an unlikely angel of hope during one of history's darkest hours. *Q Skills for Success* encourages students to think critically and succeed academically. Q's question-centred approach provides a unique critical thinking framework for each unit. This develops key cognitive skills such as analyzing, synthesizing, and evaluating - as well as developing the

language skills essential for academic success. Learning outcomes are clearly stated at the start and end of the units, with competency self-evaluations and vocabulary check lists featuring the Academic Word List. This enables teachers to define learning outcomes effectively to accreditation bodies. Ireland has always been a nation of story-tellers. This magnificent anthology chronicles the development of a rich literary tradition, from the earliest folk-tales to James Joyce, Liam O'Flaherty, and the rising stars of the new generation. Major Motion Picture Already in Development with Temple Hill Entertainment One of the Best Books of April for Brit + Co and Liz and Lisa! Set amidst the breathtaking beauty of Oxford, this sparkling debut novel tells the unforgettable story about a determined young woman eager to make her mark in the world and the handsome man who introduces her to an incredible love that will irrevocably alter her future—perfect for fans of Jojo Moyes and Nicholas Sparks. American Ella Durran has had the same plan for her life since she was thirteen: Study at Oxford. At 24, she's finally made it to England on a Rhodes Scholarship when she's offered an unbelievable position in a rising political star's presidential campaign. With the promise that she'll work remotely and return to DC at the end of her Oxford year, she's free to enjoy her Once in a Lifetime Experience. That is, until a smart-mouthed local who is too quick with his tongue and his car ruins her shirt and her first day. When Ella discovers that her English literature course will be taught by none other than that same local, Jamie Davenport, she thinks for the first time that Oxford might not be all she's envisioned. But a late-night drink reveals a connection she wasn't

anticipating finding and what begins as a casual fling soon develops into something much more when Ella learns Jamie has a life-changing secret. Immediately, Ella is faced with a seemingly impossible decision: turn her back on the man she's falling in love with to follow her political dreams or be there for him during a trial neither are truly prepared for. As the end of her year in Oxford rapidly approaches, Ella must decide if the dreams she's always wanted are the same ones she's now yearning for.

The study of political institutions is among the founding pillars of political science. With the rise of the 'new institutionalism', the study of institutions has returned to its place in the sun. This volume provides a comprehensive survey of where we are in the study of political institutions, covering both the traditional concerns of political science with constitutions, federalism and bureaucracy and more recent interest in theory and the constructed nature of institutions. The Oxford Handbook of Political Institutions draws together a galaxy of distinguished contributors drawn from leading universities across the world. Authoritative reviews of the literature and assessments of future research directions will help to set the research agenda for the next decade. Guidelines from ACS to help authors and editors in preparing scientific texts. Citizens living in presidential or parliamentary systems face different political choices as do voters casting votes in elections governed by rules of proportional representation or plurality. Political commentators seem to know how such rules influence political behaviour. They firmly believe, for example, that candidates running in plurality systems are better known and held more accountable to their constituencies than candidates competing in elections

**governed by proportional representation. However, such assertions rest on shaky ground simply because solid empirical knowledge to evaluate the impact of political institutions on individual political behaviour is still lacking. The Comparative Study of Electoral Systems has collected data on political institutions and on individual political behaviour and scrutinized it carefully. In line with common wisdom results of most analyses presented in this volume confirm that political institutions matter for individual political behaviour but, contrary to what is widely believed, they do not matter much. This is part of a ten volume set of reference books offering authoritative and engaging critical overviews of the state of political science. This work explores the business end of politics, where theory meets practice in the pursuit of public good. A treacherous journey, a band of desperate rogues, a shocking, hidden truth. When Nicholas Elyot and his friends set out to spend the Christmas season in the country, they are prepared for a hard journey in winter weather. They are also wary of violence on the road, for these are troubled times after the Great Pestilence, when bands of dispossessed and desolate men roam the countryside of England. It is not surprising, therefore, when troubadours hired to provide entertainment at Leighton Manor are attacked in Wychwood. Yet why should this insignificant group draw the attention of outlaws... what could they be searching for? Is one of the troubadours not quite what he seems? A thrilling addition to the pulse-pounding medieval mystery series, perfect for fans of C. J. Sansom, Edward Marston and Paul Doherty. 'Review from previous edition A rich fabric of dreaming... from Latin poets to Louis MacNiece and Yeats... A truly remarkable assembly'**
