Bob Dylan Elvis Costello

From the world's leading authority on Bob Dylan comes the definitive biography that promises to transform our understanding of the man and musician—thanks to early access to Dylan's never-before-studied archives. In 2016 Bob Dylan sold his personal archive to the George Kaiser Foundation in Tulsa, Oklahoma, reportedly for \$22 million. As the boxes started to arrive, the Foundation asked Clinton Heylin—author of the acclaimed *Bob Dylan: Behind the Shades* and 'perhaps the world's authority on all things Dylan' (*Rolling Stone*)—to assess the material they had been given. What he found in Tulsa—as well as what he gleaned from other papers he had recently been given access to by Sony and the Dylan office—so changed his understanding of the artist, especially of his creative process, that he became convinced that a whole new biography was needed. It turns out that much of what previous biographers—Dylan himself included—have said is wrong. With fresh and revealing information on every page *A Restless, Hungry Feeling* tells the story of Dylan's meteoric rise to fame: his arrival in early 1961 in New York, where he is embraced by the folk scene; his elevation to spokesman of a generation whose protest songs provide the soundtrack for the burgeoning Civil Rights movement; his alleged betrayal when he 'goes electric' at Newport in 1965; his subsequent controversial world tour with a rock 'n' roll band; and the recording of his three undisputed electric masterpieces: *Bringing it All Back Home*, *Highway 61 Revisited* and *Blonde on Blonde*. At the peak of his fame in July 1966 he reportedly crashes his motorbike in Woodstock, upstate New York, and disappears from public view. When he re-emerges, he looks different, his voice sounds different, his songs are different. Clinton Heylin's meticulously researched, all-encompassing and consistently revelatory account of these fascinating early years is the closest we will ever get to a

definitive life of an artist who has been the lodestar of popular culture for six decades. Many of Bob Dylan's most well-known works date from the 1960s, and can be seen as critical indicators of the changes in American society then and since. This book explores the unthreading of ideas about masculinity, femininity, sexuality, and identity through the lens of some of Dylan's most popular love songs. The author revealingly employs specific aspects of cultural theory to explore the appeal of Bob Dylan's music both now and during the time it was written. Dylan's friends – from Pete Seeger to Bruce Springsteen to Rosanne Cash to Bono to Tom Petty – offer insight into the singer-songwriter's artistic genius and personality. This is an oral history of a major musician, who played a significant role in America's cultural history. His story is told by the musicians who were at his side during the 60s. Providing a keen portrait of the friendships that helped shape the musicians, whose voices influenced our society as a whole. Bestselling author David Dalton goes in search of the real Bob Dylan in an electrifying biography that puts all the others in the shade. As an artist Bob Dylan has been a major force for half a century. As a musical influence he is without equal. Yet as a man he has always acted like an outlaw on the run, constantly seeking to cover his tracks by confounding investigators with a dizzying array of aliases, impersonations, tall tales and downright lies. David Dalton presents Dylan's extraordinary life in such a way that his subject's techniques for hiding in full sight are gradually exposed for what they are. Despite the changing images, the spiritual body swerves, the manipulative nature and the occasionally baffling lurches between making sublime music and self-indulgent whimsy, the real Bob Dylan has never been more visible. Among the eyewitnesses cited are Marianne Faithful, Allen Ginsberg, Andy Warhol, Larry 'Ratso' Sloman, Nat Hentoff, Suze Rotolo and many more. Yet in the end it is Dalton's impressive ability to find revealing patterns in Dylan's multiple disguises that reveals more than we ever expected to learn about the real man behind the Dylan legend. A comprehensive book on Bob Dylan's song lyrics, this volume arranges the more than 300 songs by the date they were actually written rather than when they appeared on albums. A career-spanning account of the artistry and politics of Bob Dylan's songwriting Bob Dylan's reception of the 2016 Nobel Prize for Literature has elevated him beyond the world of popular music, establishing him as a major modern artist. However, until now, no study of his career has focused on the details and nuances of the songs, showing how they work as artistic statements designed to create meaning and elicit emotion. *Bob Dylan: How the Songs Work* is the first comprehensive book on both the poetics and politics of Dylan's compositions. It studies Dylan, not as a pop hero, but as an artist, as a maker of songs. Focusing on the interplay of music and lyric, it traces Dylan's innovative use of musical form, his complex

manipulation of poetic diction, and his dialogues with other artists, from Woody Guthrie to Arthur Rimbaud. Moving from Dylan's earliest experiments with the blues, through his mastery of rock and country, up to his densely allusive recent recordings, Timothy Hampton offers a detailed account of Dylan's achievement. Locating Dylan in the long history of artistic modernism, the book studies the relationship between form, genre, and the political and social themes that crisscross Dylan's work. *Bob Dylan: How the Songs Work* offers both a nuanced engagement with the work of a major artist and a meditation on the contribution of song at times of political and social change. Paul Clayton and the Folksong Revival is the first biography of the folk singer and song collector Paul Clayton (1931-1967). Preeminently a scholar-balladeer, Clayton is credited with the Top-Ten hit "Gotta Travel On" and single-handedly brought hundreds of obscure folksongs t... Winner of the NOBEL PRIZE in Literature 2016 This is the first spellbinding volume of the three-volume memoir of one of the greatest musical legends of all time. In *CHRONICLES Volume I*, Bob Dylan takes us back to the early 1960s when he arrived in New York to launch his phenomenal career. This is Dylan's story in his own words - a personal view of his motivations, frustrations and remarkable creativity. Publication of *CHRONICLES Volume I* is a publishing and cultural event of the highest magnitude. Bob Dylan's New York is a guidebook and a history of New York's key role through Dylan's lengthy career. It places Dylan's early career in the storied history of Greenwich Village, a hotbed of new developments in the arts. A contemporary of Dylan's, author Dick Weissman walked the same streets, played music in the same venues, and witnessed the growth of the folk music revival from before Dylan became popular to after the height of his impact on the music scene. The book features ten easy-to-follow walking maps and historic photographs, allowing the reader to retrace Dylan's footsteps and simultaneously experience Dylan's New York and contemporary New York. It also goes beyond the Village to include the many areas of the city where Dylan lived and worked, as well as the storied time he spent in Woodstock. Combining cultural history with personal history and anecdotes, *Bob Dylan's New York* illuminates the life and times of this seminal artist. A close examination of Bob Dylan's songs that locates his transgressive style within a long history of modern (and modernist) art. The 2016 Nobel Prize in Literature recognized Bob Dylan as a major modern artist, elevating his work beyond the world of popular music. In this book, Timothy Hampton focuses on the details and nuances of Dylan's songs, showing how they work as artistic statements designed to create meaning and elicit emotion. With *Bob Dylan's Poetics*, Hampton offers a unique examination of both the poetics and politics of Dylan's compositions. He studies Dylan not as a pop hero, but as an artist, as a maker of songs. Focusing on the interplay of music and lyric, Hampton

traces Dylan's innovative use of musical form, his complex manipulation of poetic diction, and his dialogues with other artists, from Woody Guthrie to Arthur Rimbaud. Moving from Dylan's earliest experiments with the blues through his mastery of rock and country to his densely allusive more recent recordings, Hampton offers a detailed account of Dylan's achievement. Locating Dylan in the long history of artistic modernism, he examines the relationships among form, genre, and the political and social themes that crisscross Dylan's work. With this book, Hampton offers both a nuanced engagement with the work of a major artist and a meditation on the contribution of song at times of political and social change. The young man from Hibbing released Highway 61 Revisited in 1965, and the rest, as they say, is history. Or is it? From his roots in Hibbing, to his rise as a cultural icon in New York, to his prominence on the worldwide stage, Colleen J. Sheehy and Thomas Swiss bring together the most eminent Dylan scholars at work today--as well as people from such farreaching fields as labor history, African American studies, and Japanese studies--to assess Dylan's career, influences, and his global impact on music and culture. There's a lot in print about Bob Dylan but very little of it is from the fans-eye view of the people who saw and heard Dylan in his reputation-building first decade. From Hibbing to New York and then on to the world. Through the folk and electric years through to Woodstock, John Wesley Harding and the basement tapes. This book follows Dylan through those who knew, worked with and saw him. It offers a unique perspective on the man and the times. A vivid, first-hand account of Nobel Prize-winning singer and songwriter Bob Dylan as an artist, friend, and celebrity, illustrated with never-before-seen photographs, and told by an engaging raconteur who cut his own swathe through the turbulent counterculture. August 2014 marks 50 years since Bob Dylan released his fourth album, Another Side of Bob Dylan. Recorded in one night, in the middle of a turbulent year in his life, the music marked a departure from Dylan's socially-conscious folk songs and began his evolution toward other directions. During the years they spent together, few people outside of Dylan's immediate family were closer than Victor Maymudes, who was Dylan's tour manager, personal friend, and travelling companion from the early days in 1960s Greenwich Village through the late 90's. Another Side of Bob Dylan recounts landmark events including Dylan's infamous motorcycle crash; meeting the Beatles on their first US tour; his marriage to Sara Lownds, his romances with Suze Rotolo, Joan Baez, and others; fellow travelers Ramblin' Jack Elliott, Wavy Gravy, Dennis Hopper, The Band, The Traveling Wilburys, and more; memorable concerts, and insights on Dylan's songwriting process. On January 26th, 2001, after recording more than 24 hours of taped memories in preparation for writing this book, Victor Maymudes suffered an aneurysm and died. His son Jacob has written the book, using the tapes to shape the story. A Los Angeles Times Best Seller. Superstar in a Masquerade tells the story about Leon Russell, an award-winning Rock and Roll Hall of Fame inductee, who was born with cerebral palsy, and learned to master the piano. He became an in-demand session man in Hollywood, contributing to thousands of songs by hundreds of artists, during his

seven-decade career. He was called the "Rainbow Minister & Ringleader" for the Hippie Generation, and although most people can say they never heard of him, few can say they've never heard him. After reading this book, you can play "Three Degrees of Leon," just like the game "Six Degrees of Kevin Bacon," linking him to anyone, from B.B. King to ZZ Top. As an emigre from Oklahoma to California, he invited David Gates and J. J. Cale to join him in the music mecca known as Tinseltown, where the Tulsa Trio made untold contributions to America's popular music. Read about over five hundred artists, and their songs that Leon, David, and J. J. helped create, as well as... When seventeen-year-old Leon replaced Jerry Lee Lewis on stage in 1959. How Frank Sinatra caused Leon to let his hair grow. How J. J. Cale played a role in the formation of the band Bread. How Leon saved Joe Cocker's career and created Willie Nelson's famous image. When Elton John was Leon's opening act on tour. Why DC Comics sued Leon's record label for \$2 million. When David Gates's band backed Chuck Berry on stage in 1961. When Leon brazenly threw the "F-bomb" at Phil Spector. When Leon called organized Christianity the single most harmful force in history. What Broadway song Leon borrowed from for "This Masquerade." A novel about a high school band by Lowell Tarling with artwork by Martin Sharp. You may finish school with no plans, no money, and no direction. But if all you want is to play guitar with your teeth, smash a Rickenbacker or grow your hair long - then being in a high school band could be the last thing you need... It is 1967. Tom is 18, and ready... This novel combines the cunning wit of Lowell Tarling with the atmospheric pop art of the iconic Martin Sharp. It is the best of times. It is the worst of times. It is the age of wisdom. It is the age of foolishness. It is the age of The Who and the Beatles. It is the time of Dylan. It is the season of Light. It is the season of Darkness. Nobody is who they think they are. Everyone is whoever they want to be. It is the autumn of despair, the winter of discontent, the spring of hope. And the Summer of Love. We have everything before us. Everything is original. Everything borrowed. People come only in two types: those who ARE Rock and Roll and those who aint. 1967 - THIS IS IT! embraces the journey of Thomas Truscott - wannabee rock god and all round misfit as he careens from disaster to discovery in his last year of school, battling the establishment, prefects, the Vietnam war and most of all, himself. The 1960s saw the nexus of the revolution in popular music by a post-war generation amid demographic upheavals and seismic shifts in technology. Over the past two decades, musicians associated with this period have produced a large amount of important autobiographical writing. This book situates these works -- in the forms of formal autobiographies and memoirs, auto-fiction, songs, and self-fashioned museum exhibitions -- within the context of the recent expansion of interest in autobiography, disability, and celebrity studies. It argues that these writings express anxiety over musical originality and authenticity, and seeks to dispel their writers' celebrity status and particularly the association with a lack of seriousness. These works often constitute a meditation on the nature of postmodern fame within a celebrity-obsessed culture, and paradoxically they aim to regain the

private self in a public forum. Bob Dylan: Outlaw Blues by Spencer Leigh is a fresh take on this famous yet elusive personality, a one-man hall of mirrors who continues to intrigue his followers worldwide. It is an in-depth account with new information and fascinating opinions, both from the author and his interviewees. Whether you are a Dylan fan or not, you will be gripped by this remarkable tale. Most performers create their work for public approval, but at the centre of this book is a mercurial man who doesn't trust his own audience. If he feels he is getting too much acclaim, he tends to veer off in another direction. Despite his age, Bob Dylan still tours extensively. Famously known for not looking happy, the author looks at what motivates him. 'Journalists are very fond of saying Bob Dylan is an enigma,' says Spencer Leigh, 'but that word is flawed. It's as good as saying you don't know... I have not called Bob Dylan an enigma at any point in the book as I have tried to find answers.' Spencer Leigh has spoken to over 300 musicians, friends and acquaintances of Bob Dylan in his research for this book. "No other book captures it so well, understands so well...."—Greil Marcus This book itemizes Bob Dylan's copyright registrations and copyright-related documents from his first copyrighted work ("Talkin' John Birch Blues" in February 1962), to his first registration ("Song to Woody"), up to "Keep It With Mine" in the movie "I'm Not There." Also included are works he never registered (e.g. "Liverpool Gal" and "Church With No Upstairs") and his registered cover versions of other composers' songs. Annotated entries concern subjects such as recording dates, co-writers, and Dylan's companies. Its appearance is meant to mimic the printed Catalog of Copyright Entries. A unique look at Nobel Prize winner Bob Dylan's place in American cultural history through unprecedented access to Dylan's studio tapes, recording notes, and rare photographs. Sean Wilentz discovered Bob Dylan's music as a teenager growing up in Greenwich Village. Now, almost half a century later, he revisits Dylan's work with the skills of an eminent American historian as well as the passion of a fan. Beginning with Dylan's explosion onto the scene in 1961, Wilentz follows the emerging artist as he develops a body of work unique in America's cultural history. Using his unprecedented access to studio tapes, recording notes, and rare photographs, he places Dylan's music in the context of its time and offers a stunning critical appreciation of Dylan both as a songwriter and performer. The most atypical of bluegrass artists, Bill Clifton has enjoyed a long career as a recording artist, performer, and champion of old-time music. Bill C. Malone pens the story of Clifton's eclectic life and influential career. Born into a prominent Maryland family, Clifton connected with old-time music as a boy. Clifton made records around earning a Master's degree, fifteen years in the British folk scene, and stints in the Peace Corps and Marines. Yet that was just the beginning. Closely allied with the Carter Family, Woody Guthrie, Mike Seeger, and others, Clifton altered our very perceptions of the music--organizing one of the first outdoor bluegrass festivals, publishing a book of folk and gospel standards that became a cornerstone of the folk revival, and introducing both traditional and progressive bluegrass around the world. As Malone shows, Clifton clothed the

music of working-class people in the vestments of romance, celebrating the log cabin as a refuge from modernism that rang with the timeless music of Appalachia. An entertaining account by an eminent music historian, Bill Clifton clarifies the myths and illuminates the paradoxes of an amazing musical life. The first and greatest biography of one of the most important figures in rock history now re-issued for the first time since 1973. - I read it. Some of its pretty straight, some of it's very straight, some of its exactly the way it happened...I rather enjoyed it, because it's not that magazine bullshit. I like your book. That's the weird thing about it.' - Bob Dylan' An updated edition of the most comprehensive account of Bob Dylan's Nobel Prize-winning work yet published, with the full story of every recording session, every album, and every single released during his nearly 60-year career. Bob Dylan: All the Songs focuses on Dylan's creative process and his organic, unencumbered style of recording. It is the only book to tell the stories, many unfamiliar even to his most fervent fans, behind the more than 500 songs he has released over the span of his career. Organized chronologically by album, Margotin and Guesdon detail the origins of his melodies and lyrics, his process in the recording studio, the instruments he used, and the contribution of a myriad of musicians and producers to his canon. A rock 'n roll classic back in print updated and revised. One of the funniest rock memoirs ever Al Kooper's legendary Backstage Passes is available again] Al's quirky life from would-be teenage rocker to crashing Bob Dylan's recording session an In Dead Sea Media, Shem Miller offers an innovative media criticism of the Dead Sea Scrolls that examines the roles of orality and memory in the social setting and scribal practices of the Dead Sea Scrolls. The life of the legendary drummer and singer is explored through extensive research and personal interviews with family, friends, and fellow musicians. In the Arkansas Delta, a young Levon Helm witnessed "blues, country, and gospel hit in a head-on collision," as he put it. The result was rock 'n' roll. As a teenager, he joined the raucous Ronnie Hawkins and the Hawks, then helped merge a hard-driving electric sound with Bob Dylan's folk roots, and revolutionized American rock with the Band. Helm not only provided perfect "in the pocket" rhythm and unforgettable vocals, he was the soul of The Band. Levon traces a rebellious life on the road, from being booed with Bob Dylan to the creative cauldron of Big Pink, the Woodstock Festival, world tours, The Last Waltz, and beyond with the man Dylan called "one of the last true great spirits of my or any other generation." Author Sandra B. Tooze digs deep into what Helm saw as a devastating betrayal by his closest friend, Band guitarist Robbie Robertson—and Levon's career collapse, his near bankruptcy, and the loss of his voice due to throat cancer in 1997. Yet Helm found success in an acting career that included roles in Coal Miner's Daughter and The Right Stuff. Regaining his singing voice, he made his last decade a triumph, opening his barn to the Midnight Rambles and earning three Grammys. Music critic Michael Gray presents opinionated entries on hundreds of figures, musical works, and other widely varied topics related to singer-songwriter Bob Dylan. Also includes the text on CD-ROM. Mike Bloomfield met Al Kooper at a recording session for Bob

Dylan's Highway 61 album. Al had previously played with The Blues Project and then started Blood Sweat and Tears. Mike had played with the black bluesmen of Chicago before joining The Paul Butterfield Blues Band. Mike later formed The Electric Flag with Nick Gravenites. The stories of Paul Butterfield and David Clayton Thomas are intermingled with those of Mike and Al and are also told in this 4-in-1 book. Paul and Mike were both casualties of the blues; Al and David are continuing their careers into the millennium. A track-by-track review of most of their albums and singles is included, many albums and recordings have been unavailable since the 1970s or earlier. Originally published in 1969, the documentary evidence of poverty and malnutrition in the American South showcased in Still Hungry in America still resonates today. The work was created to complement a July 1967 U.S. Senate Subcommittee on Employment, Manpower, and Poverty hearings on hunger in America. At those hearings, witnesses documented examples of deprivation afflicting hundreds of thousands of American families. The most powerful testimonies came from the authors of this profoundly disturbing and important book. Al Clayton's sensitive camerawork enabled the subcommittee members to see the agonizing results of insufficient food and improper diet, rendered graphically in stunted, weakened and fractured bones, dry, shrunken, and ulcerated skin, wasting muscles, and bloated legs and abdomens. Physician and child psychiatrist Robert Coles, who had worked with these populations for many years, described with fierce clarity the medical and psychological effects of hunger. Coles's powerful narrative, reinforced by heartbreaking interviews with impoverished people and accompanied by 101 photographs taken by Clayton in Appalachia, rural Mississippi, and Atlanta, Georgia, convey the plight of the millions of hungry citizens in the most affluent nation on earth. A new foreword by historian Thomas J. Ward Jr. analyzes food insecurity among today's rural and urban poor and frames the current crisis in the American diet not as a scarcity of food but as an overabundance of empty calories leading to obesity, diabetes, and high blood pressure. The acclaimed biography—now updated and revised. "Many writers have tried to probe [Dylan's] life, but never has it been done so well, so captivatingly" (The Boston Globe). Howard Sounes's Down the Highway broke news about Dylan's fiercely guarded personal life and set the standard as the most comprehensive and riveting biography on Bob Dylan. Now this edition continues to document the iconic songwriter's life through new interviews and reporting, covering the release of Dylan's first #1 album since the seventies, recognition from the Pulitzer Prize jury for his influence on popular culture, and the publication of his bestselling memoir, giving full appreciation to his artistic achievements and profound significance. Candid and refreshing, Down the Highway is a sincere tribute to Dylan's seminal place in postwar American cultural history, and remains an essential book for the millions of people who have enjoyed Dylan's music over the years. "Irresistible . . . Finally puts Dylan the human being in the rocket's red glare." —Detroit Free Press In recent years an almost overwhelming number of books have appeared covering various aspects of American folk music and its

history. Before 1970, most comprised collections of songs with a sprinkling of biographical information on noted performers. Over the past decade, however, scholars, journalists, and folk artists themselves have contributed biographies and autobiographies, instructional books and historical surveys, sociological studies and ethnographic analyses of this musical genre. In 100 Books Every Folk Music Fan Should Own, performer and historian Dick Weissman offers a reliable route through the growing sea of book-length studies, establishing for future scholars a foundation for their research. Beginning with early twentieth-century collections of folk songs, the author brings readers to the present by exploring modern studies of important events, critical collections of primary sources, the most significant musical instruction guides, and in-depth portraits of traditional and contemporary American folk musicians. For each title selected, Weissman provides his own brief summary of its contents and assessment of its significance for the reader—whether fan or scholar. Folk music fans, scholars, and students of the American folk music tradition—indeed, any reader seeking guidance on the best books in the field—will want a copy of this vital work. The world of legendary folksinger Paul Clayton comes to life onstage as a musical Wikipedia page. When Bob Dylan arrived in Greenwich Village in 1961, Paul Clayton was the most recorded young folk singer in America. A smitten Clayton took Dylan under his wing only to be left alone and heartbroken when Dylan rose to fame and fortune. Their tumultuous friendship wrought with plagiarism, betrayal, and unrequited love is beautifully explored in this folk-infused, myth-shattering new musical chronicling the life of the folk music legend and the music that influenced him. In this book, Andy Gill assess the circumstances behind Dylan's most famous songs, tracing the artist's progress from young tyro folkie to acclaimed protest singer, and through the subsequent changes which saw him invent folk-rock and transform rock 'n' roll with symbolist poetry, before retreating into country-tinged conservatism just as his followers were engaged in the great psychedelic freak-show of the late 1960s. Even then, he couldn't help but innovate, introducing the world to another strain of popular music-country-rock-which would come to dominate the American charts through the next decade. Always one step ahead of the crowd, always pushing himself to extend the boundaries of his art, the Dylan of the 1960s remains a beacon of integrity to which fans and fellow musicians keep returning. The young man from Hibbing released Highway 61 Revisited in 1965, and the rest, as they say, is history. Or is it? From his roots in Hibbing, to his rise as a cultural icon in New York, to his prominence on the worldwide stage, Colleen J. Sheehy and Thomas Swiss bring together the most eminent Dylan scholars at work today--as well as people from such farreaching fields as labor history, African American studies, and Japanese studies--to assess Dylan's career, influences, and his global impact on music and culture. One of the music world's pre-eminent critics takes a fresh and much-needed look at the day Dylan "went electric" at the Newport Folk Festival, timed to coincide with the event's fiftieth anniversary. On the evening of July 25, 1965, Bob Dylan took the stage at Newport Folk Festival, backed by an electric band,

and roared into his new rock hit, Like a Rolling Stone. The audience of committed folk purists and political activists who had hailed him as their acoustic prophet reacted with a mix of shock, booing, and scattered cheers. It was the shot heard round the world—Dylan's declaration of musical independence, the end of the folk revival, and the birth of rock as the voice of a generation—and one of the defining moments in twentieth-century music. In *Dylan Goes Electric!*, Elijah Wald explores the cultural, political and historical context of this seminal event that embodies the transformative decade that was the sixties. Wald delves deep into the folk revival, the rise of rock, and the tensions between traditional and groundbreaking music to provide new insights into Dylan's artistic evolution, his special affinity to blues, his complex relationship to the folk establishment and his sometime mentor Pete Seeger, and the ways he reshaped popular music forever. Breaking new ground on a story we think we know, *Dylan Goes Electric!* is a thoughtful, sharp appraisal of the controversial event at Newport and a nuanced, provocative, analysis of why it matters. Bob Dylan has helped transform music, literature, pop culture, and even politics. *The World of Bob Dylan* chronicles a lifetime of creative invention that has made a global impact. Leading rock and pop critics and music scholars address themes and topics central to Dylan's life and work: the Blues, his religious faith, Civil Rights, Gender, Race, and American and World literature. Incorporating a rich array of new archival material from never before accessed archives, *The World of Bob Dylan* offers a comprehensive, uniquely informed and wholly fresh account of the songwriter, artist, filmmaker, and Nobel Laureate whose unique voice has permanently reshaped our cultural landscape. *The Formative Dylan* examines the roots of Bob Dylan's acoustic period. Through short articles that detail the histories of 70 songs, this book describes the influences upon Dylan's earliest recordings.
