#1 NEW YORK TIMES BESTSELLER • “A compelling portrait of three people who love each other but can't break through the self-created walls that keep them apart.”—Chicago Sun-Times His name is Tom Booker. His voice can calm wild horses, his touch can heal broken spirits. And Annie Graves has traveled across a continent to the Booker ranch in Montana, desperate to heal her injured daughter, the girl's savage horse, and her own wounded heart. She comes for hope. She comes for her child. And beneath the wide Montana sky, she comes to him for what no one else can give her: a reason to believe. Praise for The Horse Whisperer “Compelling . . . a real page-turner.”—San Francisco Chronicle “Fascinating . . . moving . . . a big, engrossing book [with] an unexpected ending that surprises mightily.”—Los Angeles Times “Brilliance pervades this five-hankerchief weepie.”—The Times (London) “Outstanding . . . a book of rare power and beauty.”—Booklist From his first time riding as a child, Shatner has felt a deep love for horses. He shares his joy-- with children, veterans, those with disabilities, and many more-- through the annual Hollywood Charity Horse Show. Here, he speaks from the heart about the effect horses have had on his life and on the lives of others. The anecdotes are paired with classic horse stories, including retellings of the Pegasus myth and the feats of the most famous war horses throughout history. Celebrate the connection between humans and horses-- and the power, courage, mindfulness, and healing that they can inspire in us. He was the perfect horse, it was said, "the horse God built." Most of us know the legend of Secretariat, the tall, handsome chestnut racehorse whose string of honors runs long and rich: the only two-year-old ever to win Horse of the Year, in 1972; winner in 1973 of the Triple Crown, his times in all three races still unsurpassed; featured on the cover of Time, Newsweek, and Sports Illustrated; the only horse listed on ESPN's top fifty athletes of the twentieth century (ahead of Mickey Mantle). His final race at Toronto's Woodbine Racetrack is a touchstone memory for horse lovers everywhere. Yet while Secretariat will be remembered forever, one man, Eddie "Shorty" Sweat, who was pivotal to the great horse's success, has been all but forgotten---until now. In The Horse God Built, bestselling equestrian writer Lawrence Scanlan has written a tribute to an exceptional man that is also a backroads journey to a corner of the racing world rarely visited. As a young black man growing up in South Carolina, Eddie Sweat struggled at several occupations before settling on the job he was born for---groom to North America's finest racehorses. As Secretariat's groom, loyal friend, and protector, Eddie understood the horse far better than anyone else. A wildly generous man who could read a horse with his eyes, he shared in little of the financial success or glamour of Secretariat's wins on the track, but won the heart of Big Red with his soft words and relentless devotion. In Scanlan's rich narrative, we get a groom's-eye view of the racing world and the vantage of a man who spent every possible moment with the horse he loved, yet who often basked in the horse's glory from the sidelines. More than anything else, The Horse God Built is a moving portrait of the powerful bond between human and horse. Roughly half the world's population speaks languages derived from a shared linguistic source known as Proto-Indo-European. But who were the early speakers of this ancient mother tongue, and how did they manage to spread it around the globe? Until now their identity has remained a tantalizing mystery to linguists, archaeologists, and even Nazis seeking the roots of the Aryan race. The Horse, the Wheel, and Language lifts the veil that has long shrouded these original Indo-European speakers, and reveals how their domestication of horses and use of the wheel spread language and transformed civilization. Linking prehistoric archaeological remains with the development of language, David Anthony identifies the prehistoric peoples of central Eurasia's steppe grasslands as the original speakers of Proto-Indo-European, and shows how their innovative use of the ox wagon, horseback riding, and the warrior's chariot turned the Eurasian steppes into a thriving transcontinental corridor of communication, commerce, and cultural exchange. He explains how they spread their traditions and gave rise to important advances in copper mining, warfare, and patron-client political institutions, thereby ushering in an era of vibrant social change. Anthony also describes his fascinating discovery of how the wear from bits on ancient horse teeth reveals the origins of horseback riding. The Horse, the Wheel, and Language solves a puzzle that has vexed scholars for two centuries--the source of the Indo-European languages and English--and recovers a magnificent and influential civilization from the past. A lavish appreciation of horses and their relationship with humans, told through more

than 100 giant reproductions of horses in art. The fascinating history of humanity's bond with the horse is spectacularly brought to life in this beautifully illustrated volume. With superb images from the extraordinary Parthenon Frieze to the thoroughbred portraits of Stubbs; and from the enigmatic paintings of Edgar Degas to the contemporary creations of Damien Hirst, this book will delight horse and art lovers alike. Drawing on his extensive equestrian knowledge, Simon Barnes tells the story of horses and their unique relationship with humans. Rachel Barnes, as art historian, traces changes and development in Western art revealed through paintings and sculptures of the horse and explores the animal's role as the subject of myth and legend, as a symbol of royal power and authority, as the subject of anatomical scrutiny, and as the embodiment of strength and beauty.

Journeys to the end of the world, fantastic creatures, and epic battles between good and evil -- what more could any reader ask for in one book? The book that has it all is *The Lion, the Witch and the Wardrobe*, written in 1949 by C. S. Lewis. But Lewis did not stop there. Six more books followed, and together they became known as *The Chronicles of Narnia*. For the past fifty years, *The Chronicles of Narnia* have transcended the fantasy genre to become part of the canon of classic literature. Each of the seven books is a masterpiece, drawing the reader into a world where magic meets reality, and the result is a fictional world whose scope has fascinated generations. This edition presents all seven books -- unabridged -- in one impressive volume. The books are presented here according to Lewis's preferred order, each chapter graced with an illustration by the original artist, Pauline Baynes. This edition also contains C. S. Lewis's essay "On Three Ways of Writing for Children," in which he explains precisely how the magic of Narnia and the realm of fantasy appeal not only to children but to discerning readers of all ages.

Deceptively simple and direct, *The Chronicles of Narnia* continue to captivate fans with adventures, characters, and truths that speak to all readers, even fifty years after the books were first published. All seven *Chronicles* are bound together in this one magnificent volume with a personal introduction by Douglas Gresham, stepson of C. S. Lewis. From tiny ponies to heavy draught horses and rapid thoroughbreds, explore the history and variety of this noble animal that helped shape human history.

A stunning celebration of the equine world, *The Horse Encyclopedia* is a fully illustrated book about horses and ponies, featuring over 150 breeds and types, including all those recognized by national horse societies. First domesticated around 6000 years ago, horses rapidly became invaluable to humans. They pulled chariots and plows, and became essential to transport and war. In this comprehensive volume, you will discover breeds from all over the world, from imposing Shires whose ancestors carried knights in chainmail into battle, to thoroughbreds bred to run like the wind and Lipizzans that can execute exquisite dressage moves such as the capriole where they jump with all four feet off the ground. *The Horse Encyclopedia* gives concise details of each breed, including its origins and anatomy, as well as famous individuals such as Secretariat, who is widely regarded as one of the greatest racehorses of all. This dazzling guide also includes expert advice on horse care, feeding and grooming, and horse health, making this a truly wonderful gift for all horse riders and equine enthusiasts.

A versatile genius whose oeuvre includes paintings, engravings, and detailed anatomical studies, George Stubbs (1724–1806) was fascinated by horses. This handsome book presents for the first time the wide range of his equine imagery, from refined portraits of racehorses to violent scenes of horses attacked by lions in the wild. Taking full account of the associations and status of the "noble horse" in eighteenth-century Britain and the colorful world of its devotees—both high and low—the authors examine Stubbs's work from different points of view and offer many fresh interpretations. Malcolm Warner discusses how horses were regarded in Britain in Stubbs's time, the unexpected connection between his horse-and-lion compositions and the creation of the English thoroughbred, and his classicism. Robin Blake examines the young Whig noblemen who were Stubbs's first patrons, the grooms, jockeys, trainers, and other attendants who appear in his horse portraits, and his curious dealings with the Prince of Wales. The book also includes an essay by conservators Lance Mayer and Gay Myers on Stubbs's experiments with wax and enamel. For admirers of Stubbs's art, eighteenth-century English painting, and horses, this book is an essential addition to their bookshelves.

Honorable mention, 2007 Lewis Mumford Prize, American Society of City and Regional Planning

The nineteenth century was the golden age of the horse. In urban America, the indispensable horse provided the power for not only vehicles that moved freight, transported passengers, and fought fires but also equipment in breweries, mills, foundries, and machine shops. Clay McShane and Joel A. Tarr, prominent scholars of American urban life, here explore the critical role that the horse played in the growing nineteenth-century metropolis. Using such diverse sources as veterinary manuals, stable periodicals, teamster magazines, city newspapers, and agricultural yearbooks, they examine how the horses were housed and fed and how workers bred, trained, marketed, and employed their four-legged assets. Not omitting the problems of waste removal and corpse disposal, they touch on the municipal challenges of maintaining a safe and productive living environment for both horses and people and the rise of organizations like the American Society for the Prevention of Cruelty to Animals. In addition to providing an insightful account of life and work in nineteenth-century urban America, *The Horse in the City* brings us to a richer understanding of how the animal fared in this unnatural and presumably uncomfortable setting.

Place of publication from publisher's website. Lo-Melkhiin killed three hundred girls before he came to her village, looking for a wife. When she sees the dust cloud on the horizon she knows he has arrived. She knows he will want the loveliest girl: her sister. She vows she will not let her be next. And so she is taken in her sister's place, and she believes death will soon follow. But back in their village her sister is mourning. Through her pain, she calls upon the desert winds, conjuring a subtle unseen magic, and something besides death stirs the air in its place. Lo-Melkhiin's court is a dangerous palace filled with

pretty things: intricate statues with wretched eyes, exquisite threads to weave the most beautiful garments. She sees everything as if for the last time. But the first sun sets and rises, and she is not dead. Night after night Lo-Melkhiin comes to her, and listens to the stories she tells and day after day she is awoken by the sunrise. Exploring the palace, she begins to unlock years of fear that have tormented and silenced a kingdom. Lo-Melkhiin was not always a cruel ruler. Something went wrong. The words she speaks to him every night are given strange life of their own. She makes things appear. Little things, at first: a dress from home, a vision of her sister. With each tale she spins, her power grows. Soon she dreams of bigger, more terrible magic: power enough to save a king, if she can put an end to rule of a monster. The Narnia Chronicles, first published in 1950, have been and remain some of the most enduringly popular ever published. The best known, the Lion, the Witch and the Wardrobe, has been translated into 29 languages! The illustrations in this book have been coloured by the original artist, Pauline Baynes.

***Contains Colour Images** ONE OF USA TODAY'S "20 SUMMER BOOKS YOU WON'T WANT TO MISS" In the bestselling tradition of works by such authors as Susan Orlean and Mary Roach, a New York Times reporter and Pulitzer Prize finalist explores why so many people—including herself—are obsessed with horses. It may surprise you to learn that there are over seven million horses in America—even more than when they were the only means of transportation—and nearly two million horse owners. Acclaimed journalist and avid equestrian Sarah Maslin Nir is one of them; she began riding horses when she was just two years old and hasn't stopped since. Horse Crazy is a fascinating, funny, and moving love letter to these graceful animals and the people who—like her—are obsessed with them. It is also a coming-of-age story of Nir growing up an outsider within the world's most elite inner circles, and finding her true north in horses. Nir takes readers into the lesser-known corners of the riding world and profiles some of its most captivating figures. We meet Monty Roberts, the California trainer whose prowess earned him the nickname "the man who listens to horses," and his pet deer; George and Ann Blair, who at their riding academy on a tiny island in Manhattan's Harlem River seek to resurrect the erased legacy of the African American cowboy; and Francesca Kelly, whose love for an Indian nobleman shaped her life's mission: to protect an endangered Indian breed of horse and bring them to America. Woven into these compelling character studies, Nir shares her own moving personal narrative. She details her father's harrowing tale of surviving the Holocaust, and describes an enchanted but deeply lonely upbringing in Manhattan, where horses became her family. She found them even in the middle of the city, in a stable disguised in an old townhouse and in Central Park, when she chased down truants as an auxiliary mounted patrol officer. And she speaks candidly of how horses have helped her overcome heartbreak and loss. Infused with heart and wit, and with each chapter named after a horse Nir has loved, Horse Crazy is an unforgettable blend of beautifully written memoir and first-rate reporting. Streaming on Apple TV+ on Christmas Day #1 NEW YORK TIMES BESTSELLER · WALL STREET JOURNAL BESTSELLER · USA TODAY BESTSELLER "The Boy, the Mole, the Fox and the Horse is not only a thought-provoking, discussion-worthy story, the book itself is an object of art."- Elizabeth Egan, The New York Times From British illustrator, artist, and author Charlie Mackesy comes a journey for all ages that explores life's universal lessons, featuring 100 color and black-and-white drawings. "What do you want to be when you grow up?" asked the mole. "Kind," said the boy. Charlie Mackesy offers inspiration and hope in uncertain times in this beautiful book, following the tale of a curious boy, a greedy mole, a wary fox and a wise horse who find themselves together in sometimes difficult terrain, sharing their greatest fears and biggest discoveries about vulnerability, kindness, hope, friendship and love. The shared adventures and important conversations between the four friends are full of life lessons that have connected with readers of all ages. 'An honest and objective self-record that puts on paper one of the most beloved traditions of the past and shows that the fundamental virtues for which the country doctor was cherished have survived into the scientific present, while many not-so-good aspects of sentimental old days have fortunately been left behind.'---Books Now younger readers can saddle up and join Winnie and her family at the Willis Wyoming Ranch! Winnie is the star of the bestselling Winnie the Horse Gentler series that sold more than half a million copies and taught kids around the world about faith, kindness, and horse training. Winnie could ride horses before she could walk, but training them is another story. In this new series, eight-year-old Winnie learns the fine art of horse gentling from her horse wrangler mom as they work together to save the family ranch. When Winnie's snobby classmate threatens to stop boarding his champion thoroughbred Princess at the Willis family ranch, Winnie has to come up with a tricky solution to convince him to let her stay. She learns that with God, all things are possible! "A Colorado clone of James Herriot reveals the evolution of his trainingskills through well-told tales."—Equus. Did you know Vincent van Gogh sold only one painting during his lifetime and that during the last three months of his life he completed an average of one painting every day? Did you know that Michelangelo's David is covered in a dusting of human skin? Did you know Caravaggio murdered several people while he was painting some of the most glorious paintings of biblical scenes the world has ever known? Rembrandt Is in the Wind by Russ Ramsey is an invitation to discover some of the world's most celebrated artists and works, while presenting the gospel of Christ in a way that speaks to the struggles and longings common to the human experience. The book is part art history, part biblical study, part philosophy, and part analysis of the human experience; but it's all story. The lives of the artists in this book illustrate the struggle of living in this world and point to the beauty of the redemption available to us in Christ. Each story is different. Some conclude with resounding triumph while others end in struggle. But all of them raise important questions about humanity's hunger and capacity for glory, and all of them teach us to love and see beauty.

When Madeline, a teen with terminal lung disease, accepts healing in exchange for a year of service in the Sunlit Lands, she and her friend Jason enjoy being privileged members of Elenil society, until they learn that magic carries a high price. This is the story of an adventure that happened in Narnia and Calormen and the lands between, in the Golden Age when Peter was High King in Narnia and his brother and his two sisters were King and Queens under him. It is during this glorious era in Narnian history that Shasta, a young boy living in Calormen with a cruel man who claims to be his father, dreams of traveling to the unknown North. Illustrations in this ebook appear in vibrant full color on a full color ebook device, and in rich black and white on all other devices. Narnia . . . where horses talk . . . where treachery is brewing . . . where destiny awaits. On a desperate journey, two runaways meet and join forces. Though they are only looking to escape their harsh and narrow lives, they soon find themselves at the center of a terrible battle. It is a battle that will decide their fate and the fate of Narnia itself. *The Horse and His Boy* is the third book in C.S. Lewis's *The Chronicles of Narnia* a series that has become part of the canon of classic literature, drawing readers of all ages into a magical land with unforgettable characters for over fifty years. This is a novel that stands on its own, but if you would like to return to Narnia, read *Prince Caspian*, the fourth book in *The Chronicles of Narnia*. Unicorn and Horse are very different and unique in their own ways, but despite their differences, they can still be friends! Our hardcover and paperback digest editions of *THE CHRONICLES OF NARNIA* are now graced with new jacket and cover art by 2-time Caldecott medalist David Wiesner. "Perfect to be read late into the night."—Stefan Bachmann, internationally bestselling author of *The Peculiar* "A spooky sisterhood mystery that is sure to be a hit with readers."—School Library Journal (starred review) "Grab a flashlight and stay up late with this one."—Kirkus Reviews

Once there were two sisters who did everything together. But only one of them disappeared. New York Times–bestselling author Jacqueline West's *Long Lost* is an atmospheric, eerie mystery brimming with suspense. Fans of Katherine Arden's *Small Spaces* and Victoria Schwab's *City of Ghosts* series will lose themselves in this mesmerizing and century-spanning tale. Eleven-year-old Fiona has just read a book that doesn't exist. When Fiona's family moves to a new town to be closer to her older sister's figure skating club—and far from Fiona's close-knit group of friends—nobody seems to notice Fiona's unhappiness. Alone and out of place, Fiona ventures to the town's library, a rambling mansion donated by a long-dead heiress. And there she finds a gripping mystery novel about a small town, family secrets, and a tragic disappearance. Soon Fiona begins to notice strange similarities that blur the lines between the novel and her new town. With a little help from a few odd Lost Lake locals, Fiona uncovers the book's strange history. Lost Lake is a town of restless spirits, and Fiona will learn that both help and danger come from unexpected places—maybe even from the sister she thinks doesn't care about her anymore. New York Times–bestselling and acclaimed author Jacqueline West weaves a heart-pounding, intense, and imaginative mystery that builds anticipation on every page, while centering on the strong and often tumultuous bond between sisters. Laced with suspense, *Long Lost* will fascinate readers of Trenton Lee Stewart's *The Secret Keepers* and fans of ghost stories. Izzy gets sucked into the world of her new video game, where a robot named Rae tells her she is destined to save Dungeon City from the Big Boss. "Fourteen-year-old Miranda worked hard to get her parents permission to compete in the Crow Fair races in Montana, never dreaming the dangers and discoveries that would result"-- Provided by publisher. An eye-opening book leading equestrians into a brave new horse world, where we train horses their way, not ours. For years, Andrea Kutsch filled stadiums with spectators as she demonstrated remarkable transformations in "problem horses" using the Natural Horsemanship training methods she'd learned from leaders in the field. But something was bothering her—a feeling that had been with her since her childhood days, watching Icelandics in a field and coming up through a traditional German riding system. Despite the strides made in improving the horse's well-being through the worldwide adoption of Natural Horsemanship techniques, she knew that the methods were still missing something. They still trained horses looking at every situation from the human perspective and were dependent on a trainer's natural feel. This meant that, for the horse, there was stress involved in the training process. In addition, positive results gained by a professional often couldn't be replicated by a horse's owner; what the horse learned from one person wouldn't transfer to others. Kutsch set out to find the next stage in the evolution of horse training. She studied the results of methods she used with thousands of young horses at The Lewitz Stud in Neustadt–Glewe, Germany, the renowned farm owned by European champion Paul Schockemöhle. This provided the basis for what she calls Evidence-Based Equine Communication™ (EBEC), a means of reading the horse and understanding the world from his point of view. Here she introduces EBEC and how it can take our relationship with horses and their ability to perform as our partners to a whole new level. Inside find: Myth-busting popular assumptions related to typical gestures made by the horse, such as "licking and chewing" and "lowering the head." Explanation of how ethograms can be used to map out equine body language and help us attain a clearer sense of the horse's true perspective. Discussion of how the horse's physical and psychological needs must be met in order for him to learn, including what those needs are. Exploration of the difference between inter- and intra-species communication. Introduction to a new reward-and-punishment model that looks at operant conditioning from the horse's point of view. Identification of the need for non-violent communication on the part of the trainer as well as the training skills she must have when working with a horse, and what these light look like not from our perspective, but the horse's. Certain to provide ideas for improving every interaction with horses, whatever your experience or discipline, *From the Horse's Point of View* is a conversation-starter for all those looking to take their horsemanship to a whole new level. When supernatural things start happening in the house timid

Andres and his parents just moved into, next-door-neighbor Desmond Cole, eight, comes to the rescue. Horses are one of the many unsung heroes of the American Civil War. These majestic animals were impressed into service, trained, prepared for battle, and turned into expendable implements of war. There is more to this story, however. When an army's means and survival is predicated upon an animal whose instincts are to flee rather than fight, a bond of mutual trust and respect between handler and horse must be forged. Ultimately, the Battle of Gettysburg resulted in thousands of horses killed and wounded. Their story deserves telling, from a time not so far removed. *The Horse and His Boy* is a novel for children by C. S. Lewis, published by Geoffrey Bles in 1954. Of the seven novels that comprise *The Chronicles of Narnia* (1950-1956), *The Horse and His Boy* was the fifth to be published; it is also one of four of the novels that Lewis finished writing before the first book in the series had been published. A *New York Times* Bestseller and *New York Times* Book Review Editors' Choice A Best Book of 2015, *The Wall Street Journal* "Love is the driver for Wendy Williams's new book, *The Horse* . . . [an] affectionate, thoroughgoing, good-hearted book." —Jaimy Gordon, *The New York Times* Book Review "Charming and deeply interesting . . . Ms. Williams does a marvelous job." —Pat Shipman, *The Wall Street Journal* The book horse-lovers have been waiting for Horses have a story to tell, one of resilience, sociability, and intelligence, and of partnership with human beings. In *The Horse*, the journalist and equestrienne Wendy Williams brings that story brilliantly to life. Williams chronicles the 56-million-year journey of horses as she visits with experts around the world, exploring what our biological affinities and differences can tell us about the bond between horses and humans, and what our longtime companion might think and feel. Indeed, recent scientific breakthroughs regarding the social and cognitive capacities of the horse and its ability to adapt to changing ecosystems indicate that this animal is a major evolutionary triumph. Williams charts the course that leads to our modern Equus—from the protohorse to the Dutch Warmbloods, Thoroughbreds, and cow ponies of the twenty-first century. She observes magnificent ancient cave art in France and Spain that signals a deep respect and admiration for horses well before they were domesticated; visits the mountains of Wyoming with experts in equine behavior to understand the dynamics of free-roaming mustangs; witnesses the fluid gracefulness of the famous Lipizzans of Vienna; contemplates what life is like for the sure-footed, mustachioed Garrano horses who thrive on the rugged terrain of Galicia; meets a family devoted to rehabilitating abandoned mustangs on their New Hampshire farm; celebrates the Takhi horses of Mongolia; and more. She blends profound scientific insights with remarkable stories to create a unique biography of the horse as a sentient being with a fascinating past and a finely nuanced mind. *The Horse* is a revealing account of the animal who has been at our side through the ages, befriending us and traveling with us over the mountains and across the plains. Enriched by Williams's own experience with horses, *The Horse* is a masterful work of narrative nonfiction that pays tribute to this treasure of the natural world. A "superb" account of the enduring connection between humans and horses—"Full of the sort of details that get edited out of more traditional histories" (*The Economist*). Fifty-six million years ago, the earliest equid walked the earth—and beginning with the first-known horse-keepers of the Copper Age, the horse has played an integral part in human history. It has sustained us as a source of food, an industrial and agricultural machine, a comrade in arms, a symbol of wealth, power, and the wild. Combining fascinating anthropological detail and incisive personal anecdote, equestrian expert Susanna Forrest draws from an immense range of archival documents as well as literature and art to illustrate how our evolution has coincided with that of horses. In paintings and poems (such as Byron's famous "Mazeppa"), in theater and classical music (including works by Liszt and Tchaikovsky), representations of the horse have changed over centuries, portraying the crucial impact that we've had on each other. Forrest combines this history with her own experience in the field, and travels the world to offer a comprehensive look at the horse in our lives today: from Mongolia where she observes the endangered takhi, to a show-horse performance at the Palace of Versailles; from a polo club in Beijing to Arlington, Virginia, where veterans with PTSD are rehabilitated through interaction with horses. "For the horse-addicted, a book can get no better than this . . . original, cerebral and from the heart." —*The Times* (London) This book assesses the impact of the horse on human society from 4000 BC to 2000 AD, by first describing initial horse domestication on the Pontic-Caspian steppes and the early development of driving and riding technologies. It traces the radiation of newly mobile equestrian cultures across Europe, Asia, and North Africa. It then documents the transmission of steppe chariotry and cavalry to sedentary states, the high economic importance of the horse, and the socio-political evolution of equestrian empires, which from antiquity into the modern era expanded across continents. From the *New York Times* bestselling author of *The Giver of Stars*, a novel about a lost girl and her horse, the enduring strength of friendship, and how even the smallest choices can change everything When Sarah's grandfather gives her a beautiful horse named Boo—hoping that one day she'll follow in his footsteps to join an elite French riding school, away from their gritty London neighborhood—she quietly trains in city's parks and alleys. But then her grandfather falls ill, and Sarah must juggle horsemanship with school and hospital visits. Natasha, a young lawyer, is reeling after her failed marriage: her professional judgment is being questioned, her new boyfriend is a let-down, and she's forced to share her house with her charismatic ex-husband. Yet when the willful fourteen-year-old Sarah lands in her path, Natasha decides to take the girl under her wing. But Sarah is keeping a secret—a secret that will change the lives of everyone involved forever. "Brooks' chronological and cross-disciplinary leaps are thrilling." —*The New York Times* Book Review "Horse isn't just an animal story—it's a moving narrative about race and art." —*TIME* "A thrilling story about humanity in all its ugliness and beauty . . .

the evocative voices create a story so powerful, reading it feels like watching a neck-and-neck horse race, galloping to its conclusion—you just can't look away.” —Oprah Daily Winner of the Anisfield-Wolf Book Award A discarded painting in a junk pile, a skeleton in an attic, and the greatest racehorse in American history: from these strands, a Pulitzer Prize winner braids a sweeping story of spirit, obsession, and injustice across American history Kentucky, 1850. An enslaved groom named Jarret and a bay foal forge a bond of understanding that will carry the horse to record-setting victories across the South. When the nation erupts in civil war, an itinerant young artist who has made his name on paintings of the racehorse takes up arms for the Union. On a perilous night, he reunites with the stallion and his groom, very far from the glamor of any racetrack. New York City, 1954. Martha Jackson, a gallery owner celebrated for taking risks on edgy contemporary painters, becomes obsessed with a nineteenth-century equestrian oil painting of mysterious provenance. Washington, DC, 2019. Jess, a Smithsonian scientist from Australia, and Theo, a Nigerian-American art historian, find themselves unexpectedly connected through their shared interest in the horse—one studying the stallion's bones for clues to his power and endurance, the other uncovering the lost history of the unsung Black horsemen who were critical to his racing success. Based on the remarkable true story of the record-breaking thoroughbred Lexington, *Horse* is a novel of art and science, love and obsession, and our unfinished reckoning with racism. This emotional short story is about a girl and her horse relying on each other to survive human cruelty, wild animals, and uncaring nature. A distinguished GOLD Mom's Choice Awards® Winner and honored with the prestigious Five Stars Readers' Favorite® seal! In a time of economic turmoil, a young girl fights for her stallion's freedom from his new cruel owner. In her desperate attempt to save her horse, they suddenly find themselves lost in the silent and undisturbed Sonoran Desert of Arizona that is merely a home for its creatures, both dead and alive. The girl and her beloved dark bay stallion, faced with horrific challenges as they try to find their way home, must fend for themselves in this merciless desert. With death waiting to capture them in its clutches, the girl and her horse wander aimlessly through this uncaring land with only love and undeniable loyalty to each other keeping them alive. "This gripping tale will appeal to a wide array of young readers, including horse lovers: the strong friendship the book portrays and the memorable adventures it details invite any reader to identify with the hero horse and his heroine girl."--CS Editor "Their adventures and their strong sense of responsibility for the other make them a powerful team, one that can survive the odds of thirst and starvation and wild predators. With charming pencil drawings to help carry the story along, this is a great story for young readers, especially those with a passion for horses. Wonderful descriptive passages pull the reader right into the story."--Five Stars Readers' Favorite® "A book for everyone. Had me hooked from the beginning to the end. Definitely had my emotions going throughout the entire story. I think it's something that everyone can relate to as it touches on parts of all of us. It's also a story about not giving up when you love someone (horses not excluded)."---R A Wylie, Amazon Customer WINNER OF THE GOLD MOM'S CHOICE AWARDS® HONORING EXCELLENCE! HONORED WITH THE FIVE STARS READERS' FAVORITE® SEAL! THE SUNDAY TIMES HISTORY BOOK OF THE YEAR 2017 'A beautiful and thoughtful exploration of the role of the horse in creating our world' James Rebanks 'Scintillating, exhilarating ... you have never read a book like it ... a new way of considering history' Observer The relationship between horses and humans is an ancient, profound and complex one. For millennia horses provided the strength and speed that humans lacked. How we travelled, farmed and fought was dictated by the needs of this extraordinary animal. And then, suddenly, in the 20th century the links were broken and the millions of horses that shared our existence almost vanished, eking out a marginal existence on race-tracks and pony clubs. Farewell to the Horse is an engaging, brilliantly written and moving discussion of what horses once meant to us. Cities, farmland, entire industries were once shaped as much by the needs of horses as humans. The intervention of horses was fundamental in countless historical events. They were sculpted, painted, cherished, admired; they were thrashed, abused and exposed to terrible danger. From the Roman Empire to the Napoleonic Empire every world-conqueror needed to be shown on a horse. Tolstoy once reckoned that he had cumulatively spent some nine years of his life on horseback. Ulrich Raulff's book, a bestseller in Germany, is a superb monument to the endlessly various creature who has so often shared and shaped our fate. Documents the transformative period in the early sixteenth century when the Spaniards introduced horses to the Great Plains and how horses became an integral part of the Plains Indians' culture.
