In accordance with prophecy, Avalon's existence is threatened in the year that stars stop shining and at the time when both the dark child and Merlin's heir are to be revealed. millions of readers worldwide, and an extraordinary novel that stands as a thrilling achievement in its own right. Ein is on a mission from God. A God of Death. It's been almost ten years since Nathan Garrett woke on a cold warehouse floor with nothing but a gun, a sword, and no idea of who he was or how he got there. His only clue, a piece of paper with his name on it. Since then, he's discovered he's a powerful sorcerer and has used his abilities to work as a thief for hire. But he's never stopped hunting for his true identity, and those who erased his memory have never stopped hunting for him. When the barrier holding his past captive begins to crumble, Nathan swears to protect a young girl who is key to his enemy's plans. But with his enemies closing in, and everyone he cares about becoming a target for their wrath, Nathan is forced to choose between the life he's built for himself and the one buried deep inside him. Crimes Against Magic is an Urban Fantasy set in modern day London with Historical flashbacks to early fifteenth century France. It's the first in a series of books called the Hellequin Chronicles, which shows the life of sorcerer Nathan (Nate) Garrett. From Steve McHugh, the bestselling author of The Hellequin Chronicles, comes a new urban fantasy series packed with mystery, action, and, above all, magic. Layla Cassidy has always wanted a normal life, and the chance to put her father's brutal legacy behind her. And in her final year of university she's finally found it. Or so she thinks. But when Layla accidentally activates an ancient scroll, she is bestowed with an incredible, inhuman power. She plunges into a dangerous new world, full of mythical creatures and menace--all while a group of fanatics will stop at nothing to turn her abilities to their cause. To protect those she loves most, Layla must take control of her new powers...before they destroy her. All is not yet lost--there is a light shining,

but Layla must survive long enough to see it. He doesn't need a weapon. He is the weapon. After losing his powers in an epic battle between good and evil, former sorcerer Nate Garrett finds himself living as a humble human in Clockwork, Oregon. While the world thinks Nate is dead, his friends continue to fight against Avalon and the evil it's intent on spreading. Avalon's forces turn up in Clockwork, and Nate's frustration grows with every passing day his magic doesn't return. He finds himself trying to stop Avalon's plans while hiding from enemies who would destroy everything in their path to see him dead. Avalon's darkness begins to threaten the people Nate cares about, and an old nemesis returns; magic or no magic, he has no choice but to fight. But will Nate see his magical powers reborn before the entire town--and everyone he loves--is destroyed? Half-devil and miles from anything resembling heroic, perpetual underdog Frank "Triggaltheron" Trigg is the last man standing against Armageddon. As the favorite nephew of the Devil, Frank has led a troubled life, but he'd always had his uncle's influence to fall back on. Now, with God and Lucifer coming to terms and leaving existence to fend for itself, his once exalted status of Anti-Christ-to-be does little to endear him to the hordes of angels and demons running amok in the Godless world. With help from the members of DRAC, an organization of wizards, psychics, telepaths, and low-end supernatural beings, Frank must thwart the pro-Armageddon forces and rescue an angel in whose life rests the fate of humanity. Better luck next time, humanity. Avalon stands revealed, but the war is far from over. For Layla Cassidy, it has only just begun. Thrust into a new world full of magic and monsters, Layla has finally come to terms with her supernatural powers--and left her old life behind. But her enemies are relentless. Sixteen months after her life changed forever, Layla and her team are besieged during a rescue attempt gone awry and must fight their way through to freedom. It turns out that Avalon has only grown since their last encounter, adding fresh villains to its horde. Meanwhile, revelations abound as Layla confronts twists and betrayals in her own life, with each new detail adding to the shadow that looms over her. As Layla fights against the forces of evil, her powers begin

to increase--and she discovers more about the darkness that lies in her past. As this same darkness threatens her future, will she be ready to fight for everything she holds dear? In the dome where employees work for Management, protected from the dust that has destroyed the rest of the world, Glory conceals her disabled younger brother and tries to hide that she is a mutant Deviant and can kill with a look. Some say the great mystery of how one can live in two worlds at once died with Thomas Hunter many years ago. Still others that the gateway to that greater reality was and is only the stuff of dreams. They are all wrong. Rachelle Matthews, who grew up in the small town of Eden, Utah, discovered just how wrong when she dreamed and awoke in another world. There she learned that she was the 49th Mystic, the prophesied one, tasked with finding five ancient seals before powerful enemies destroy her. If Rachelle succeeds in her quest, peace will reign. If she fails, the world will forever be locked in darkness. In The 49th Mystic, Rachelle found the first three of those five seals through great peril and mind-altering adventure. But two seals remain hidden and the fate of both worlds hangs in their balance. As Rachelle Matthews sits deep in a dungeon, Vlad Smith is just getting started. Thomas Hunter's world is about to be turned inside out. The mystics say that there is no defense against the Fifth Seal--but finding it will cost Rachelle everything. So begins the final volume of high stakes in one girl's quest to find an ancient path that will save humanity. The clock is ticking; the end rushes forward. Ready? Set? Dream. It's a dark day for the earth realms. Will it be the last? Sorcerer Nate Garrett lost much in the battle that devastated Asgard, but the war against darkness is far from over. He's spent a year searching for Arthur, hell-bent on stopping the evil leader of Avalon and rescuing his friend Tommy from his clutches. Nate's investigation brings him to Washington, DC, where he finds the city under siege. Just when all hope seems lost, Layla Cassidy and her team arrive to join the fight, but Avalon's deadly plan to conquer the earth realm is underway. Meanwhile, Mordred is on a quest to find allies in the upcoming war against Avalon, hoping to find Arthur and stop him before it's too late. As the rebellion forces close in on

Arthur, each of them know this could be their last fight. But with Arthur massing an unstoppable army of his own, will Nate's fury be enough to defeat him once and for all? Bernard Cornwell, the "master of martial fiction" (Booklist), brings Thomas of Hookton from the popular Grail Quest series into a new adventure in 1356, a thrilling stand-alone novel. On September 19, 1356, a heavily outnumbered English army faced off against the French in the historic Battle of Poitiers. In 1356, Cornwell resurrects this dramatic and bloody struggle—one that would turn out to be the most decisive and improbable victory of the Hundred Years' War, a clash where the underdog English not only captured the strategic site of Poitiers, but the French King John II as well. In the vein of Cornwell's bestselling Agincourt, 1356 is an action-packed story of danger and conquest, rich with military strategy and remarkable characters—both villainous and heroic—transporting readers to the front lines of war while painting a vivid picture of courage, treachery, and combat. What will a person give to forsake his destiny? From his very incarnation, Mordred has been a pawn in Camelot's history. Foretold by Merlin that he will grow up to kill his father, the beloved King Arthur, young Mordred struggles with his fate, loathing the great king who tried to kill him as a baby, yet journeying to Camelot where he learns to serve and idolize the legendary leader. Torn between feelings of love and hate, Mordred yearns to make peace with Arthur, who still refuses to acknowledge him. But Mordred is determined to have peace at any price—even if it costs him his soul. In I Am Mordred, one of the most fascinating and misunderstood heroes of Arthurian lore comes to life in an epic fantasy for Camelot fans. "In language worthy of her heroic subject, Springer reworks Arthuriana to craft an original tale resonant with archetypal themes of love, loss, betrayal and reconciliation. Her strong female characters and bold recasting of traditional villains and heroes will draw the rapt attention of both sexes." —Publishers Weekly Nick Mathers pulls Owen Butler from the freezing waters off the Norfolk coast, but Owen's love can carry Nick back from the edge of oblivion. Abused horrifically as a boy, Nick Mathers has come to terms with his existence as a

man. Mostly. Other days life seems a little much. Especially when Nick knows he'll always be alone. On those days his thoughts turn black. He walks the Norfolk coast and considers the frigid embrace of the waves. And then, one stormy night, he finds someone who's tasted just that. The beautiful stranger on the beach is near death, and Nick rushes him home to slowly nurse back to health. As he does, he finds a love unlike any other. Owen Butler's body is as warm as the sea was cold, his heart as big as an ocean. And Owen is a man who swears to repay the favor. Nick can yet be saved from himself, and he will see that he is indeed a man... WORTH KEEPING.

When Death comes looking for someone to track down a thief, Alek is flung into a mess of vengeful undead, supernatural bureaucracy, and a fledgling imp war. As the consequences of failure become dire, he has few leads, and the clock is ticking. Only with the help of his friend Maggie—an ancient djinn with a complex past—can he hope to recover the stolen property, save the world, and just maybe wring a favor out of the Great Constant himself. It's a hell of a job, but somebody's got to do it . . . To what lengths must a mother go to save her beloved child? Her daughter is at death's threshold. No one knows what happened. Doctors have no answers. One child in known history had these same symptoms and she survived. To save her daughter, Dr. Robin Snow will have to find a way to that place and that time--Atlantis. If Atlantis truly existed and if Robin had a life there, if she can re-inhabit that life long enough to learn the remedy, and if she can get back before Atlantis self-destructs, she might be able to save her daughter. She does not know her daughter is both a pawn and a prize for the Evil that

stalks them through time. Or why. Nathan Garrett is asked to help a friend find a serial killer whose gruesome patterns reveal pure evil. Doctor David Lephmann had a great life. A new post at the prestigious Saint Bartholomew's Hospital, a beautiful fiance whose father happened to be famous in medical circles, money wasn't an issue, and advancement in his chosen field seemed assured... until he meets his new boss. The bigoted Doctor Hoberman has strong views where werewolves and shifters are concerned, and he isn't shy about spreading his dangerous and irresponsible ideas to anyone willing to listen. David is disgusted to learn that his boss is a closet member of the fanatical and outlawed Anti Monster League, and finds himself ostracized by Hoberman's clique. Before he knows what's happening, he is forced to take a stand to get away from Hoberman and his lackeys, and accepts a position at Mercy Hospital, where LA's non-human welfare cases find succor. His new mentor is desperate for the help, and welcomes him to the paranormal world of non-human customs, elf healing rituals, and strange magics. One night after a long day at the hospital, David is confronted by the realities of his new life, when he intervenes in a fight he knows nothing about. Two women are fighting for their lives in the street, and before he can really think about it, he foolishly chooses sides and wades into the battle. One moment he's restraining a remarkably strong and lithe woman, the next he's struggling to escape a huge wolf! The shapeshifter savages him, and shatters his new life. Sorely wounded and infected with

lycanthropy, he's thrust into a world of violence and mistrust where the only thing that matters is strength. Hoping to find the shifter who destroyed his life, he tracks down her enemy and allies himself with her and Steven Edmonton, a powerful master vampire in need of help himself. A shadow war is brewing in the city, and forces are maneuvering for advantage. Steven is building an army of shifters to protect his interests, and welcomes David into the fold, but challenge and counter is the way of the wolf, and the others won't accept his dominance until he proves his strength. He certainly hadn't been looking for werewolf romance while fighting for his life, but there's something very intriguing about a certain shifter woman, and fighting isn't on his mind whenever he sees her beguiling eyes and snarling lips. With no way back to his old life, he must fight for a place in this new one, but he's never had to fight for anything in his life. Can he survive the challenge? "You have it all planned out. A summer of freedom, university, a career as a journalist - your future looks bright. But when the doorbell rings it's your ex-girlfriend; and she's carrying a baby. Your baby. You agree to look after it, just for an hour or two. Then she doesn't come back and your life changes for ever"--Back cover. First person recount.

Unfortunately, leaving "the life" for a normal life proves harder than she'd expected. Soon, Kat's friend and former co-conspirator, Hale, appears out of nowhere to bring her back into the world she tried so hard to escape. But he has good reason: a powerful mobster's art collection has been stolen, and he wants it returned. Only a master thief could have pulled this job, and Kat's father isn't just on the suspect list, he is the list. Caught between Interpol and a far more deadly enemy, Kat's dad needs her help. For Kat there is only one solution: track down the paintings and steal them back. So what if it's a spectacularly impossible job?
