John Henry Aug 19 2022 Julius Lester and Jerry Pinkney's warm, humorous retelling of a popular African-American folk ballad. When John Henry was born the birds, bears, rabbits, and even a unicorn came to see him. He grew so fast, he burst right through the porch roof, and laughed so loud, he scared the sun! Soon John Henry is swinging two huge sledgehammers to build roads, pulverizing boulders, and smashing rocks to smithereens. He's stronger than ten men and can dig through a mountain faster than a steam drill. Nothing can stop John Henry, and his courage stays with us forever. A Caldecott Honor Book * "This is a tall tale and heroic myth, a celebration of the human spirit . . . The story is told with rhythm and wit, humor and exaggeration, and with a heart-catching immediacy that connects the human and the natural world. " --Booklist, starred review "Another winning collaboration from the master storyteller and gifted artist of *Tales of Uncle Remus* fame." --School Library Journal "A great American hero comes fully to life in this epic retelling filled with glorious, detailed watercolors . . . This carefully crafted updating begs to be read aloud for its rich, rhythmic

storytelling flow, and the suitably oversized illustrations amplify the text." --Publishers Weekly

fresh, evocative and gripping."—USA Today "Henry's story captivates, both as a romance and as an imaginative rethinking of time and space."—Publishers Weekly "This time-traveling, magical, and beautifully written love story definitely deserves a spot on your bookshelf."—Bustle Emily Henry's stunning debut novel is Friday Night Lights meets The Time Traveler's Wife and perfectly captures those bittersweet months after high school, when we dream not only of the future, but of all the roads and paths we've left untaken.

Natalie's last summer in her small Kentucky hometown is off to a magical start . . . until she starts seeing the "wrong things." They're just momentary glimpses at first—her front door is red instead of its usual green, there's a preschool where the garden store should be. But then her whole town disappears for hours, fading away into rolling hills and grazing buffalo, and Nat knows something isn't right. Then there are the visits from the kind but mysterious apparition she calls "Grandmother," who tells her, "You have three months to save him." The next night, under the stadium lights of the high school football field, she meets a beautiful boy named Beau, and it's as if time just stops and nothing exists. Nothing, except Natalie and Beau.

First Time for Everything Dec 23 2022 A "hilarious, tender, raw, and heart-stoppingly moving" (Amanda Eyre Ward) debut about a down-on-his-luck gay man working out how he fits into the world, making up for lost time, and opening himself up to life's possibilities "Fry brings a refreshing voice to the queer coming-of-age novel with characters whose stories don't revolve around trauma. Instead, everyday experiences are portrayed with drama and delight."—The Washington Post (New & Noteworthy) Danny Scudd is absolutely fine. He always dreamed of escaping the small-town life of his parents' fish-and-chip shop, moving to London, and becoming a journalist. And, after five years in the city, his career isn't exactly awful, and his relationship with pretentious Tobbs isn't exactly unfulfilling. Certainly his limited-edition Dolly Parton vinyls and many (maybe too many) house plants are hitting the spot. But his world is flipped upside down when a visit to the local clinic reveals that Tobbs might not have been exactly faithful. In fact, Tobbs claims they were never operating under

the "heteronormative paradigm" of monogamy to begin with. Oh, and Danny's flatmates are unceremoniously evicting him because they want to start a family. It's all going quite well. Newly single and with nowhere to live, Danny is forced to move in with his best friend, Jacob, a flamboyant nonbinary artist whom he's known since childhood, and their eccentric group of friends living in an East London "commune." What follows is a colorful voyage of discovery through modern queer life, dating, work, and lots of therapy—all places Danny has always been too afraid to fully explore. Upon realizing just how little he knows about himself and his sexuality, he careens from one questionable decision (and man) to another, relying on his inscrutable new therapist and housemates to help him face the demons he's spent his entire life trying to repress. Is he really fine, after all? *Help Hungry Henry Deal with Anger* Jan 20 2020 Does your toddler or preschooler seem out of control sometimes? [All the White Friends I Couldn't Keep](#) Sep 27 2020 A leading voice for social justice reveals how he stopped arguing with white people who deny the ongoing legacy of racism—and offers a proven path forward for Black people and

people of color based on the history of nonviolent struggle. “A moving personal journey that lends practical insight for expanding and strengthening the global antiracist movement.”—Patrisse Khan-Cullors, co-founder of Black Lives Matter, bestselling author of *When They Call You a Terrorist* When the rallying cry “Black Lives Matter” was heard across the world in 2013, Andre Henry was one of the millions for whom the movement caused a political awakening and a rupture in some of his closest relationships with white people. As he began using his artistic gifts to share his experiences and perspective, Henry was aggrieved to discover that many white Americans—people he called friends and family—were more interested in debating whether racism existed or whether Henry was being polite enough in the way he used his voice. In this personal and thought-provoking book, Henry explores how the historical divides between Black people and non-Black people are expressed through our most mundane interactions, and why this struggle won't be resolved through civil discourse, diversity hires, interracial relationships, or education. What we need is a revolution, one that moves beyond symbolic progress to disrupt systems of racial violence and inequality in tangible, creative ways. Sharing stories from his own path to activism—from studying at seminary to becoming a student of nonviolent social change, from working as a praise leader to singing about social justice—and connecting those

experiences to lessons from successful nonviolent struggles in America and around the world, Andre Henry calls on Black people and people of color to divest from whiteness and its false promises, trust what their lived experiences tell them, and practice hope as a discipline as they work for lasting change.

Bushville Wins! Feb 19 2020 "Bushville hits the sweet spot of my childhood, the year my family moved to Wisconsin and the Braves won the World Series against the Yankees, a team my Brooklyn-raised dad taught us to hate. Thanks to John Klima for bringing it all back to life with such vivid detail and energetic writing." -- David Maraniss, New York Times bestselling author of *Clemente* and *When Pride Still Mattered* The rip-roaring story of baseball's

most unlikely champions, featuring new interviews with Henry Aaron, Bob Uecker and other members of the Milwaukee Braves, Bushville Wins! takes you to a time and place baseball and the Heartland will never forget. In the early 1950s, the New York Yankees were the biggest bullies on the block. They were invincible: they led the New York City baseball dynasty, which for eight consecutive years held an iron grip on the World Series championship. Then the Boston Braves moved to Milwaukee in 1953, becoming surprise revolutionaries. Led by visionary owner Lou Perini, the Braves formed a powerful relationship with the Miller Brewing Company and foreshadowed the Dodgers and Giants moving west, sparking continental expansion and the ballpark boom. But the rest of the country wasn't sold. Why would a major league team move to a minor league town? In big cities like New York, Milwaukee was thought to be a podunk train station stop-off where the fans were always drunk and wouldn't know a baseball from a beer. They called Milwaukee Bushville. The Braves were no bushers! Eddie Mathews was a handsome home run hitter with a rugged edge. Warren Spahn was the craftiest pitcher in the business. Lew Burdette was a sharky spitball artist. Taken together, the Braves reveled in the High Life and made Milwaukee famous, while Wisconsin fans showed the rest of the country how to crack a cold one and throw a tailgate party. And in 1954, a solemn and skinny

slugger came from Mobile to Milwaukee. Henry Aaron began his march to history. With a cast of screwballs, sluggers and beer swiggers, the Braves proved the guys at the corner bar could do the impossible - topple Casey Stengel's New York baseball dynasty in a World Series for the ages.
