Cycle Notes Jul 28 2020 Hit the road and record a year's worth of rides with this bespoke, cycle-focused journal. Hit the road and record a year's worth of rides with this bespoke, cycle-focused journal. Whether your riding style is that of a lightweight mountain goat or you're more comfortable taking big turns at the front of the bunch, a bike rider travels hundreds of miles a year. Be it rural touring, club sportives and gran fondos, or city commuting, you will experience stunning vistas, deserted back roads, endurance-testing climbs, and the thrill of a high-speed descent. And where better to record these memories of life in the saddle than in this specially designed journal? Packed with enough specially designed pages to record a year on the road, alongside profiles of some of the best cyclists ever to take to the saddle, Cycle Notes is an essential addition to the bike shed.

Doormen Mar 04 2021 Little fascinates New Yorkers more than doormen, who know far more about tenants than tenants know about them. Doormen know what their tenants eat, what kind of movies they watch, whom they spend time with, whether they drink too much, and whether they have kinky sex. But if doormen are unusually familiar with their tenants, they are also socially very distant. In Doormen, Peter Bearman untangles this unusual dynamic to reveal the many ways that tenants and doormen negotiate their complex relationship. Combining observation, interviews, and survey

information, Doormen provides a deep and enduring ethnography of the occupational role of doormen, the dynamics of the residential lobby, and the mundane features of highly consequential social exchanges between doormen and tenants. Here, Bearman explains why doormen find their jobs both boring and stressful, why tenants feel anxious about how much of a Christmas bonus their neighbors give, and how everyday transactions small and large affect tenants' professional and informal relationships with doormen. In the daily life of the doorman resides the profound, and this book provides a brilliant account of how tenants and doormen interact within the complex world of the lobby.

Winners Have Yet to be Announced Mar 28 2023 This moving collection of prose poems about seventies soul singer Donny Hathaway presents a complex view of a gifted artist through imagined conversations and interviews that convey the voices, surroundings, and clashing dimensions of Hathaway's life. Among mainstream audiences Hathaway is perhaps best known either as the syrupy voice singing with Roberta Flack in "Where Is the Love" or for his shocking death--he was found dead beneath the open thirteenth-story window of his New York hotel room in 1979 at the age of

thirty-three. Less well known are the depth of his classical and gospel training, his wide-ranging intellectual interests, and the respect his musical knowledge, talent, and versatility commanded from collaborators like Curtis Mayfield and Aretha Franklin. Meanwhile, among listeners with special affinity for soul music of the 1970s, even almost thirty years after his death, no voice burns with the intensity of Hathaway's own in the great solo ballads and freedom songs such as "A Song for You," "Giving Up," "Someday We'll All Be Free," and "To Be Young, Gifted, and Black." *Winners Have Yet to Be Announced* pushes poetry toward the rich characterization and depth of a novel. Yet it is the capacity of poetic language that allows the book to examine Donny Hathaway's vivid and remarkable life without attempting to resolve the mysteries within which he lived and created and sang.

To Be Determined Dec 13 2021 How photography transforms the future as much as the past This book proposes a radical concept: that the photograph is as much an object of the future as it is of the past. Exploring a familiar medium through a new lens, the book asserts that photographic

technologies, processes, experiences and products are geared toward a world to come, not a world that has been. Written as a sequence of short interlinking essays, *To Be Determined* takes its cue from Czech-born philosopher Vilém Flusser in its quest to reconceive the tools of photography and show how they inform the world around us. Moving between contemporary photography and fine art, the book proposes that artists and photographers who question photography's capacities can also alter our understanding of the medium and change our perception of our own agency, and our capacity to see, think and act. Duncan Wooldridge (born 1981) is an artist, writer and teacher at Camberwell College of Arts, University of the Arts London (UAL). He is the author of *John Hilliard: Not Black and White* (Ridinghouse) and is a regular contributor to *1000 Words*, *Foam and Over*.
