Plato's Introduction to the Question of Justice May 25 2022 Plato's Introduction to the Question of Justice uncovers the heart of the Platonic analysis of justice by focusing on the crucial opening sections of the Republic. Stauffer argues that the dialectical confrontations with ordinary opinion presented in these sections provide the basis for Plato's view of justice, and that they also help to show how Plato's thought remains relevant today, especially as a rival to Kantianism.

Jews Out of the Question Jan 09 2021 A provocative study of opposition to anti-Semitism in contemporary political philosophy. In post-Holocaust philosophy, anti-Semitism has come to be seen as a paradigmatic political and ideological evil. Jews Out of the Question examines the role that opposition to anti-Semitism has played in shaping contemporary political philosophy. Elad Lapidot argues that post-Holocaust philosophy identifies the fundamental, epistemological evil of anti-Semitic thought not in thinking against Jews, but in thinking of Jews. In other words, what philosophy denounces as anti-Semitic is the figure of "the Jew" in thought. Lapidot reveals how, paradoxically, opposition to anti-Semitism has generated a rejection of Jewish thought in post-Holocaust philosophy. Through critical readings of political philosophers such as Adorno, Horkheimer, Sartre, Arendt, Badiou, and Nancy, the book contends that by rejecting Jewish thought, the opposition to anti-Semitism comes dangerously close to anti-Semitism itself, and at work in this rejection, is a problematic understanding of the relations between politics and thought—a troubling political epistemology. Lapidot's critique of this political epistemology is the book's ultimate aim. Elad Lapidot is Assistant Professor of Philosophy at the University of Bern in Switzerland. He is coeditor (with Micha Brumlik) of Heidegger and Jewish Thought: Difficult Others.

Relativity and the Question of Discretization in Astronomy Jun 25 2022 Theoretical researches in general relativity and observational data from galactic astronomy combine in this volume in contributions to one of the oldest questions of natural philosophy: Is the structure of the physical world more adequately described by a continuous or a discrete mode of representation? Since the days of the Pythagoreans, this question has surfaced from time to time in various guises in science as well as in philosophy. One of the most bitterly contested and illuminating controversies between the continuous and the discrete viewpoints is to be found in the wave versus corpuscular description of optical phenomena. This controversy was not resolved to the satisfaction of most of its protagonists until the development of the quantum theory. However, several obscurities that still becloud the question suggest that some deeper formulation may be necessary before more satisfactory answers can be given 1. The firm establishment of the validity of quantized structure and discrete energy distributions on the atomic scale following the ideas of Max Planck, together with the apparent absence of quantization effect in astronomical and cosmic structures leaves uncertainties concerning the role played by the scale of the observer in perceiving or not perceiving discrete distributions. Some of the metaphysical interpretations and implications of the quantum mechanics that have been made in recent years 2 would be subject to revision if the existence of discretized descriptions were to be established in astronomical and cosmic structures.

Sexual Assault and the Justice Gap: A Question of Attitude Apr 11 2021 This book is set against the background of the 'justice gap' in sexual assault cases - the dramatic gap between the number of offences recorded by the police and the number of convictions. It seeks to examine the attitudinal problems which bedevil this area of law and possible strategies for addressing them. Written by a professor of law and a professor of psychology, it reviews evidence from socio-legal and social cognition research and presents new data drawn both from interviews with judges and barristers and from studies with prospective lawyers and members of the public. In the final part, it considers

different ways in which rape trials could be improved and suggests steps that could be taken to change public attitudes about sexual assault.

The Book of Beautiful Questions May 05 2023 From the bestselling author of *A More Beautiful Question*, hundreds of big and small questions that harness the magic of inquiry to tackle challenges we all face--at work, in our relationships, and beyond. When confronted with almost any demanding situation, the act of questioning can help guide us to smart decisions. By asking questions, we can analyze, learn, and move forward in the face of uncertainty. But "questionologist" Warren Berger says that the questions must be the right ones; the ones that cut to the heart of complexity or enable us to see an old problem in a fresh way. In *The Book of Beautiful Questions*, Berger shares illuminating stories and compelling research on the power of inquiry. Drawn from the insights and expertise of psychologists, innovators, effective leaders, and some of the world's foremost creative thinkers, he presents the essential questions readers need to make the best choices when it truly counts, with a particular focus in four key areas: decision-making, creativity, leadership, and relationships. The powerful questions in this book can help you: - Identify opportunities in your career or industry - Generate fresh ideas in business or in your own creative pursuits - Check your biases so you can make better judgments and decisions - Do a better job of communicating and connecting with the people around you Thoughtful, provocative, and actionable, these beautiful questions can be applied immediately to bring about change in your work or your everyday life.

The Question of the Commons Feb 28 2020 This collection of eighteen original essays evaluates the use and misuse of common-property resources, taking as its starting point ecologist Garret Hardin's assertion in "The Tragedy of the Commons" that common property is doomed to overexploitation in any society. This book represents the first cross-cultural test of Hardin's argument and argues that, while tragedies of the commons do occur under some circumstances, local institutions have proven resilient and responsive to the problems of communal resource use.

Plato and the Question of Beauty Dec 20 2021 Drew A. Hyland, one of Continental philosophy's keenest interpreters of Plato, takes up the question of beauty in three Platonic dialogues, the *Hippias Major*, *Symposium*, and *Phaedrus*. What Plato meant by beauty is not easily characterized, and Hyland's close readings show that Plato ultimately gives up on the possibility of a definition. Plato's failure, however, tells us something important about beauty—that it cannot be reduced to logos. Exploring questions surrounding love, memory, and ideal form, Hyland draws out the connections between beauty, the possibility of philosophy, and philosophical living. This new reading of Plato provides a serious investigation into the meaning of beauty and places it at the very heart of philosophy.

The Question of Psychological Types Mar 30 2020 In 1915, C.G. Jung and his psychiatrist colleague, Hans Schmid-Guisan, began a correspondence through which they hoped to understand and codify fundamental individual differences of attention and consciousness. This correspondence, available in English for the first time, reveals Jung fielding keen theoretical challenges from one of his most sensitive and perceptive colleagues.

Sociological Theory and the Question of Religion Nov 18 2021 Religion lies near the heart of the classical sociological tradition, yet it no longer occupies the same place within the contemporary sociological enterprise. This relative absence has left sociology under-prepared for thinking about religion 's continuing importance in new issues, movements, and events in the twenty-first century. This book seeks to address this lacunae by offering a variety of theoretical perspectives on the study of religion that bridge the gap between mainstream concerns of sociologists and the sociology of religion. Following an assessment of the current state of the field, the authors develop an emerging critical perspective within the sociology of religion with particular focus on the importance of historical background. Re-assessing the themes of aesthetics, listening and different degrees of spiritual self-discipline, the authors draw on ethnographic studies of religious involvement in Norway

and the UK. They highlight the importance of power in the sociology of religion with help from Pierre Bourdieu, Marx and Critical Discourse Analysis. This book points to emerging currents in the field and offers a productive and lively way forward, not just for sociological theory of religion, but for the sociology of religion more generally.

Biography and the Question of Literature in France Sep 16 2021 This book takes a fresh look at the relations between literature and biography by tracing the history of their connections through three hundred years of French literature. The starting point for this history is the eighteenth century when the term 'biography' first entered the French language and when the word 'literature' began to acquire its modern sense of writing marked by an aesthetic character. Arguing that the idea of literature is inherently open to revision and contestation, Ann Jefferson examines the way in which biographically-orientated texts have been engaged in questioning and revising definitions of literature. At the same time, she tracks the evolving forms of biographical writing in French culture, and proposes a reappraisal of biography in terms not only of its forms, but also of its functions. Although Ann Jefferson's book has powerful theoretical implications for both biography and the literary, it is first and foremost a history, offering a comprehensive new account of the development of French literature through this dual focus on the question of literature and on the relations between literature and biography. It offers original readings of major authors and texts in the light of these concerns, beginning with Rousseau and ending with 'life-writing' contemporary authors such as Pierre Michon and Jacques Roubaud. Other authors discussed include Mme de Staël, Victor Hugo, Sainte-Beuve, Barbey d'Aurevilly, Baudelaire, Nerval, Mallarmé, Schwob, Proust, Gide, Leiris, Sartre, Genet, Barthes, and Roger Laporte.

A More Beautiful Question Oct 18 2021 To get the best answer-in business, in life-you have to ask the best possible question. Innovation expert Warren Berger shows that ability is both an art and a science. It may be the most underappreciated tool at our disposal, one we learn to use well in infancy-and then abandon as we grow older. Critical to learning, innovation, success, even to happiness-yet often discouraged in our schools and workplaces-it can unlock new business opportunities and reinvent industries, spark creative insights at many levels, and provide a transformative new outlook on life. It is the ability to question-and to do so deeply, imaginatively, and " beautifully. " In this fascinating exploration of the surprising power of questioning, innovation expert Warren Berger reveals that powerhouse businesses like Google, Nike, and Netflix, as well as hot Silicon Valley startups like Pandora and Airbnb, are fueled by the ability to ask fundamental, game-changing questions. But Berger also shares human stories of people using questioning to solve everyday problems-from " How can I adapt my career in a time of constant change? " to " How can I step back from the daily rush and figure out what really makes me happy? " By showing how to approach questioning with an open, curious mind and a willingness to work through a series of " Why, " " What if, " and " How " queries, Berger offers an inspiring framework of how we can all arrive at better solutions, fresh possibilities, and greater success in business and life.

Revisiting the Question of Imputation in Corporate Criminal Law Aug 16 2021 It is now trite knowledge that corporate criminal liability is laced with a large number of contradictions that seriously threaten its legitimacy. This book demonstrates that these contradictions may be avoided if courts consistently refer to an adequate mechanism of imputation. It proposes parameters for evaluating mechanisms of imputation and shows how an adequate mechanism may be determined. This distinctive book provides students and practitioners with an exposition of the current substantive and procedural corporate criminal law and considers other ways of regulating the activities of corporations than using the criminal law. It also addresses the distinction between internal knowledge and external knowledge with reference to pedigreed and non-pedigreed rules and shows how the concept of discursive dilemma may be employed to aggregate the acts and intents of agents for the purposes of imputing these acts and intents to accused corporations and holding them liable. This book is highly recommended for students of criminology, law and business. It should also be of interest to defence counsels, prosecutors and regulatory agencies that either

represent and advise corporate defendants or seek to hold corporations accountable for the breach of criminal law standards.

A Question of Holmes Jun 01 2020 In the explosive conclusion to the New York Times bestselling Charlotte Holmes series, Holmes and Watson think they 're finally in the clear after graduating from Sherringford...but danger awaits in the hallowed halls of Oxford. Charlotte Holmes and Jamie Watson finally have a chance to start over. With all the freedom their pre-college summer program provides and no one on their tail, the only mystery they need to solve, once and for all, is what they are to each other. But upon their arrival at Oxford, Charlotte is immediately drawn into a new case: a series of accidents befell the theater program at Oxford last year, culminating in a young woman going missing on the night of a major performance. The mystery has gone unsolved; the case is cold. And no one—least of all the girl 's peculiar, close-knit group of friends—is talking. When Watson and Holmes join the theater program, the “ accidents ” start anew, giving them no choice but to throw themselves into the case. But as the complicated lines of friendship, love, and loyalty blur, time is running out—and tragedy waits in the wings.

A Question Of Intent Feb 19 2022 Tobacco companies had been protecting their turf for decades. They had congressmen in their pocket. They had corrupt scientists who made excuses about nicotine, cancer and addiction. They had hordes of lawyers to threaten anyone—inside the industry or out—who posed a problem. They had a whole lot of money to spend. And they were good at getting people to do what they wanted them to do. After all, they had already convinced millions of Americans to take up an addictive, unhealthy, and potentially deadly habit. David Kessler didn't care about all that. In this book he tells for the first time the thrilling detective story of how the underdog FDA—while safeguarding the nation's food, drugs, and blood supply—finally decided to take on one of the world's most powerful opponents, and how it won. Like A Civil Action or And the Band Played On, A Question of Intent weaves together science, law, and fascinating characters to tell an important and often unexpectedly moving story. We follow Kessler's team of investigators as they race to find the clues that will allow the FDA to assert jurisdiction over cigarettes, while the tobacco companies and their lawyers fight back—hard. Full of insider information and drama, told with wit, and animated by its author's moral passion, A Question of Intent reads like a Grisham thriller, with one exception—everything in it is true.

The Question of the Missing Head Feb 02 2023 Samuel Hoenig answers questions for a living. And as a man with Asperger's Syndrome, his unique personality helps him ferret out almost any answer there is. But his latest question is a rather odd one—who stole a preserved head from the Garden State Cryonics Institute? Arriving at the scene of the crime accompanied by his new colleague, Ms. Washburn, Samuel finds that what started out as a theft has escalated to murder. With suspects and

motives emerging at a rapid rate, one final question remains—can Samuel's powers of deduction uncover a killer in the face of overwhelming odds? Praise: A Mystery Scene Best Book of 2014 "[A] delightful and clever mystery."—Publishers Weekly "Delightfully fresh and witty...Pure heaven."—Mystery Scene "In this well-crafted story, the Asperger's element...provides a unique point of view on crime-solving, as well as offering a sensitive look at a too-often-misunderstood condition."—Booklist "Copperman/Cohen succeeds in providing a glimpse not only of the challenges experienced by those with Asperger's, but also of their unique gifts."—Ellery Queen Mystery Magazine "Cleverly written and humorous."—Crimespree Magazine

A Question Of Interest Oct 06 2020 In Saudi Arabia today a classic confrontation between Islamic fundamentalism and modernism has brought the Saudi banking system virtually to a state of paralysis. The debate is between those upholding the traditional Islamic prohibition against charging interest on loans and those who wish to see a modern banking system capable of generating credit to support economic development. Drawing on personal experience, interviews, and unpublished primary sources, Peter Wilson tells a dramatic story of powerful personalities, clashing cultures, and often mysterious institutions with a journalists' eye for the telling anecdote as well as for the statistical evidence.

The Question of the Aesthetic Apr 04 2023 This book establishes an argument for deeper attention to the aesthetic qualities of literature, to the question of the relation between the aesthetic and more immediate, practical, and urgent social and political matters. It attempts to establish the intrinsic value of the aesthetic at the same time as it demonstrates that focus on the aesthetic does not preclude attention of the urgent questions with which works of art consistently engaged. It argues that attention to the aesthetic does not diminish attention to these larger issues, but in effect increases the power both of art and criticism to engage them fruitfully.

Speech of Mr. Archer, on the Question of the Removal of the Deposites Jan 01 2023

A Question of Order Sep 04 2020 Neoliberals thought capitalism would bring about democracy, civil liberties, and human rights everywhere. But that is fast becoming an illusion, particularly in the East, where traditionalist and nationalist leaders are attracting religious, rural, or newly urban constituencies and ushering in an era of illiberal democracies. Peer reports from two of the world's largest democracies and examines how two charismatic strongmen came to power and moved their country in the direction of authoritarianism.

Gadamer and the Question of the Divine Mar 03 2023 Gadamer and the Question of the Divine uncovers a neglected side of Gadamer's thought, namely his life-long concern with the question of the divine. Not only is this an issue of fundamental importance to philosophical hermeneutics, but it also contributes to what Gadamer considered to be the most urgent task of our time - a conceptual dialogue among religions. New grounds for toleration among communities must be found and Gadamer's study of the divine provides both a model and a starting-place for doing so. In setting forth a conceptual narrative for global dialogue about religious transcendence, Gadamer is the pre-eminent twentieth-century philosopher of the divine. Gadamer's study of the divine is an application of philosophical hermeneutics and phenomenological in its descriptions of temporality and the experience of art. Walter Lammi shows how Gadamer provides us with a richly textured study of the divine that finds its bearings in Heidegger and the Greeks and suggests a path to questions of cosmology, temporality and religious experience.

The Question of Being Jul 15 2021 A fantastic read for any scholar or student interested in philosophy, epistemology, or ontology.

A Question of Priorities May 13 2021 Contributing to the recent interest in the immediate postwar

period as the key to the later history of the two Germanies, Boehling (history, U. of Maryland-Baltimore County) examines the decisions made by the US Military Government regarding German municipal personnel in selected cities from the first year of occupation, when all city officials were appointed by the Military Government, to the first elections in 1946 and 1948. She finds that the local developments under US occupation facilitated economic recovery in a manner that restricted the implementation of the political and social goals of democratization. The Question of Aborigines in the Law and Practice of Nations Apr 23 2022

Kant and the Question of Theology Nov 06 2020 God is a problematic idea in Kant's terms, but many scholars continue to be interested in Kantian theories of religion and the issues that they raise. In these new essays, scholars both within and outside Kant studies analyse Kant's writings and his claims about natural, philosophical, and revealed theology. Topics debated include arguments for the existence of God, natural theology, redemption, divine action, miracles, revelation, and life after death. The volume includes careful examination of key Kantian texts alongside discussion of their themes from both constructive and analytic perspectives. These contributions broaden the scope of the scholarship on Kant, exploring the value of doing theology in consonance or conversation with Kant. It builds bridges across divides that often separate the analytic from the continental and the philosophical from the theological. The resulting volume clarifies the significance and relevance of Kant's theology for current debates about the philosophy of God and religion.

The Question of Offshore Oil Jul 03 2020 A conference sponsored by the American Enterprise Institute's National Energy Project.

A Question of Freedom Mar 11 2021 The story of the longest and most complex legal challenge to slavery in American history For over seventy years and five generations, the enslaved families of Prince George's County, Maryland, filed hundreds of suits for their freedom against a powerful circle of slaveholders, taking their cause all the way to the Supreme Court. Between 1787 and 1861, these lawsuits challenged the legitimacy of slavery in American law and put slavery on trial in the nation's capital. Piecing together evidence once dismissed in court and buried in the archives, William Thomas tells an intricate and intensely human story of the enslaved families (the Butlers, Queens, Mahoneys, and others), their lawyers (among them a young Francis Scott Key), and the slaveholders who fought to defend slavery, beginning with the Jesuit priests who held some of the largest plantations in the nation and founded a college at Georgetown. A Question of Freedom asks us to reckon with the moral problem of slavery and its legacies in the present day.

Philosophy, Religion, and the Question of Intolerance Dec 08 2020 Philosophy, Religion, and the Question of Intolerance is a diverse collection of essays united by a common starting point and theme -- the awareness that intolerance is a phenomenon encountered in diverse places and circumstances and often handled with limited success. The question of toleration, together with its cultural, social, religious, and philosophical implications, are addressed by leading authorities who offer insights from an interdisciplinary perspective. The book begins with essays by three distinguished scholars, Robert Cummings Neville, J. B. Schneewind, and John McCumber. They assess the origins of intolerance, the genesis of our concept of toleration, and the outlook for the practice of tolerance in contemporary society. Beyond the opening essays, the collection is divided into three sections. The first concentrates on the relationship of religious faith and practice to toleration and inquires how religion might either impede or promote toleration. The second section deals primarily

with questions regarding tolerance in the face of modern political realities. The final section discusses ethics, namely the philosophical analysis and definition of toleration as a virtue.
