Gathers interviews with Vonnegut from each period of his career and offers a brief profile of his life and accomplishments. If it could be said that a personal relationship can be developed between a human being and an impersonal spirit guide, then author Dr. C. Norman Shealy accomplished this with G. They established a type of communication that was intense, at times personal, but also productive with G providing Shealy a view of what human beings could heal if their consciousness would only break free or break through of its illusions. In Conversations with G, Shealy not only offers an overview of his life and his successful medical career and healing advancements, but he shares conversations with his spirit guide, G, who has been a part of his life for more than thirty years. A story that inspires the spirit as much as expands the mind, Conversations with G narrates a personal journey of mystical encounters with angelic teachers and materialization and dematerialism which have led to numerous medical- and health-enhancing discoveries. From a pioneering thinker in the field of religion and ecology, a collection of evocative meditations on the beauty, fragility, and resilience of trees. Included are twenty-seven original lithographs of the trees profiled in each chapter. First published in 1993, Stephanie Kaza's heartfelt book helped thousands of readers kindle a sense of spiritual connection through communing with our ancient relatives - trees. Shambhala Publications is proud to reissue this book, with a beautiful new cover and a new Introduction by the author. More pertinent now than ever, Kaza's intimate exploration of the lives and relationships of individual trees exemplifies the conjunction of inquiry and emotion, of science and spirituality. In an era of species extinction and worsening climate change, this book is a warm and earnest invitation to personal and ecological sanity. Nelson Mandela is widely considered to be one of the most inspiring and iconic figures of our age. Now, after a lifetime of taking pen to paper to record thoughts and events, hardships and victories, he has bestowed his entire extant personal papers, which offer an unprecedented insight into his remarkable life. A singular international publishing event, Conversations with Myself draws on Mandela's personal archive of never-before-seen materials to offer unique access to the private world of an incomparable world leader. Journals kept on the run during the anti-apartheid struggle of the early 1960s; diaries and draft letters written in Robben Island and other South African prisons during his twenty-seven years of incarceration; notebooks from the postapartheid transition; private recorded conversations; speeches and correspondence written during his presidency—a historic collection of documents

archived at the Nelson Mandela Foundation is brought together into a sweeping narrative of great immediacy and stunning power. An intimate journey from Mandela's first stirrings of political consciousness to his galvanizing role on the world stage, *Conversations with Myself* illuminates a heroic life forged on the front lines of the struggle for freedom and justice. While other books have recounted Mandela's life from the vantage of the present, *Conversations with Myself* allows, for the first time, unhindered insight into the human side of the icon. *Conversations With The King ~ Journals of a Young Apprentice*, by David E. Stanley & Dr. David Gruder, is about the extraordinary lessons Elvis Presley, the private mystic and healer, taught his stepbrother David E. Stanley during his seventeen years as his young apprentice. It is also about the equally important lessons David learned from witnessing Elvis's titanic struggle between his most authentic spiritual self, his private demons and his feeling imprisoned by the public icon he had become. **INSTANT NEW YORK TIMES BESTSELLER** An urgent primer on race and racism, from the host of the viral hit video series "Uncomfortable Conversations with a Black Man" "You cannot fix a problem you do not know you have." So begins Emmanuel Acho in his essential guide to the truths Americans need to know to address the systemic racism that has recently electrified protests in all fifty states. "There is a fix," Acho says. "But in order to access it, we're going to have to have some uncomfortable conversations." In *Uncomfortable Conversations With a Black Man*, Acho takes on all the questions, large and small, insensitive and taboo, many white Americans are afraid to ask—yet which all Americans need the answers to, now more than ever. With the same open-hearted generosity that has made his video series a phenomenon, Acho explains the vital core of such fraught concepts as white privilege, cultural appropriation, and "reverse racism." In his own words, he provides a space of compassion and understanding in a discussion that can lack both. He asks only for the reader's curiosity—but along the way, he will galvanize all of us to join the antiracist fight. *We're in Trouble. But There Is Help . . . If We Listen.* In the middle of the night on August 2, 2016, Neale Donald Walsch found himself drawn into a new and totally unexpected dialogue with God in which he suddenly faced two questions: Is the human race being offered help by Highly Evolved Beings from Another Dimension? Is there a key role that humans are being invited to play in advancing their own evolution by joining in a mutual mission to assist the planet during the critical times ahead? He was told that the answer to both questions is yes. Then he was given 16 specific examples of how Highly Evolved Beings respond to life differently than humans do—and how adopting even a few of those behaviors could change the course of world history for the better forever. That information makes up the body of this work. A striking invitation to every reader sets the stage for the extraordinary explorations that follow. Picking up where Book 3 in the *Conversations with God* Trilogy series left off, the revelations about Highly Evolved Beings and about how ordinary humans can answer the call to help awaken the species on Earth will breathtakingly expand your view of both your personal and your collective future. Which is exactly what the dialogue was intended to do. During the filming of his celebrated novel *THE ENGLISH PATIENT*, Michael Ondaatje became increasingly fascinated as he watched the veteran editor Walter Murch at work. *THE CONVERSATIONS*, which grew out of discussions between the two men, is about the craft of filmmaking and deals with every aspect of film, from the first stage of script writing to the final stage of the sound mix. Walter Murch emerged during the 1960s at the centre of a renaissance of American filmmakers which included the directors Francis Coppola, George Lucas and Fred Zinneman. He worked on a whole raft of great films including the three *GODFATHER* films, *JULIA*, *AMERICAN GRAFFITI*, *APOCALYPSE NOW*, *THE UNBEARABLE LIGHTNESS OF BEING* and many others. Articulate, intellectual, humorous and passionate about his craft and its devices, Murch brings his vast experience and penetrating insights to bear as he explains how films are made, how they work, how they go wrong and how they can be saved. His experience on *APOCALYPSE NOW* - both originally and more recently when the film was completely re-cut - and his work with Anthony Minghella on *THE ENGLISH PATIENT* provide illuminating

highlights. There are no accidents in this life--and the more aware we become, the more we're able to discover the patterns that challenge, elevate, and enlighten us. In *Conversations with the Past*, Dr. Aura Imbarus delves into many of the profound experiences she's had over the years--from emotional breakdowns to spiritually elevated states--in order to help people discover and understand their own purpose in life. Through this exploration, we will all be inspired to examine our own lives and take the necessary steps to enhance our happiness and well-being. Emotional, physical, and spiritual experiences are all part of the intricate, interwoven tapestry of existence. And though it may sometimes feel like finding our life's purpose is difficult and elusive, Dr. Imbarus demonstrates how it can, and will, be revealed to the curious mind and willing heart. Silence—scary, inviting, or both? What do you do with silence? And what if silence was a language we could learn to read, hear, and even speak? This book invites you to tune the eyes and ears of your heart to the cadences of silence. Enter into conversations with silence as you are taken on an odyssey. Venture into the Australian bush. Trek deep into the red desert. Encounter shadows and desert dwellers. You will also delve into the tiny houses of everyday silences and receive their gifts of hospitality. And stumbling into that other territory, where silence becomes a death threat, or survival, an orchard can show you the fruit of life beginning again. *Conversations with Silence* takes you to the Rosetta Stone of an ancient, forgotten language, a language some have called God, or the soul. Immerse yourself in the silent realm of mystics, musicians, poets, and pilgrims of every path. These are our companions, as we explore the nuanced vocabulary of the worlds of silences and join in the conversation with a new voice. In her own words, Ruth Bader Ginsburg offers an intimate look at her life and career, through an extraordinary series of conversations with the head of the National Constitution Center. This remarkable book presents a unique portrait of Justice Ruth Bader Ginsburg, drawing on more than twenty years of conversations with Jeffrey Rosen, starting in the 1990s and continuing through the Trump era. Rosen, a veteran legal journalist, scholar, and president of the National Constitution Center, shares with us the justice's observations on a variety of topics, and her intellect, compassion, sense of humor, and humanity shine through. The affection they have for each other as friends is apparent in their banter and in their shared love for the Constitution—and for opera. In *Conversations with RBG*, Justice Ginsburg discusses the future of *Roe v. Wade*, her favorite dissents, the cases she would most like to see overruled, the #MeToo movement, how to be a good listener, how to lead a productive and compassionate life, and of course the future of the Supreme Court itself. These frank exchanges illuminate the steely determination, self-mastery, and wit that have inspired Americans of all ages to embrace the woman known to all as “Notorious RBG.” Whatever the topic, Justice Ginsburg always has something interesting—and often surprising—to say. And while few of us will ever have the opportunity to chat with her face-to-face, Jeffrey Rosen brings us by her side as never before. *Conversations with RBG* is a deeply felt portrait of an American hero. “...the notoriously media-wary Petty responds...about his life, career, and craft...” *Publishers Weekly* *Conversations with Tom Petty* is the first authorized book to focus solely on the life and work of the man responsible for some of the most memorable rock anthems of our generation, including: *American Girl*, *Breakdown*, *Don't Come Around Here No More*, *I Won't Back Down*, *Free Fallin'*, *Runnin' Down a Dream*, *You Don't Know How It Feels*, and many others. He was inducted into The Rock and Roll Hall of Fame in 2002 and his work with Tom Petty & the Heartbreakers, as well as his solo albums and those with the Traveling Wilburys, have been critically acclaimed the world over and have earned numerous Platinum-status awards from the Recording Industry Association of America (RIAA), as well as Grammys, MTV Awards, a star on the Hollywood Walk of Fame, and many other honours. Author, Paul Zollo, conducted a series of in-depth discussions with Tom about his career, with special focus on his song writing. The conversations are reprinted with little or no editorial comment alongside rare photographs of the legend and represent a unique perspective on Tom's entire career. *Conversations with Leading Academic and Research Library Directors:*

His work is fresh, deeply honest, wildly creative, and right on time." —Glennon Doyle, #1 New York Times bestselling author "Dylan Marron is like a modern Mister Rogers for the digital age." —Jason Sudeikis From the host of the award-winning, critically acclaimed podcast Conversations with People Who Hate Me comes a thought-provoking, witty, and inspirational exploration of difficult conversations and how to navigate them. Dylan Marron's work has racked up millions of views and worldwide support. From his acclaimed Every Single Word video series highlighting the lack of diversity in Hollywood to his web series Sitting in Bathrooms with Trans People, Marron has explored some of today's biggest social issues. Yet, according to some strangers on the internet, Marron is a "moron," a "beta male," and a "talentless hack." Rather than running from this online vitriol, Marron began a social experiment in which he invited his detractors to chat with him on the phone—and those conversations revealed surprising and fascinating insights. Now, Marron retraces his journey through a project that connects adversarial strangers in a time of unprecedented division. After years of production and dozens of phone calls, he shares what he's learned about having difficult conversations and how having them can help close the ever-growing distance between us. Charmingly candid and refreshingly hopeful, Conversations with People Who Hate Me will serve as both a guide to anyone partaking in difficult conversations and a permission slip for those who dare to believe that connection is possible. This book "collects interview and conversations which contribute substantially to an understanding and clarification of James Baldwin's personality and perspective, his interests and achievements. The collection also represents a kind of companion piece to the earlier dialogues, A Rap on Race with Margaret Mead and A Dialogue with Nikki Giovanni"---Introduction. Conversations with the Universe: How the World Speaks to Us by Simran Singh is the wake up call that we all need in order to listen to and understand what the Universe is saying to us. These signs and signals are all around us, but often we are unable to translate them without a guide. Simran has made it her life's work to help us to become aware of the language of the Universe so we don't miss out on much of the beauty and richness of our experience. Simran is a wonderful storyteller and she takes her message of consciousness to unexpected places, such as her spiritual stand-up comedy and humorous writing. Her light engaging voice paints a colorful picture as she advocates for us to expand our awareness of the signs that the Universe places clearly before us as it helps to guide us down the right path. Simran Singh is a visionary, spiritual healer. She is the publisher of the Nautilus Award Winning 11:11 Magazine, the only publication to given this distinguished honor. She also is the host of 11:11 Talk Radio, which is the #1 rated program on the largest online radio network, Voice America 7th Wave. Conversations with the Universe is a life changing book that delivers all the wit and wisdom of this amazing and unpredictable woman. Suppose you could ask God any question and get an answer. What would it be? Young people all over the world have been asking those questions. So Neale Donald Walsch, author of the

internationally bestselling Conversations with God series had another conversation. Conversations with God for Teens is a simple, clear, straight-to-the-point dialogue that answers teens questions about God, money, sex, love, and more. Conversations with God for Teens reads like a rap session at a church youth group, where teenagers discuss everything they ever wanted to know about life but were too afraid to ask God. Walsch acts as the verbal conduit, showing teenagers how easy it is to converse with the divine. When Claudia, age 16, from Perth, Australia, asks, "Why can't I just have sex with everybody? What's the big deal?", the answer God offers her is: "Nothing you do will ever be okay with everybody. 'Everybody' is a large word. The real question is can you have sex and have it be okay with you?" There's no doubt that the casual question-and-answer format will help make God feel welcoming and accessible to teens. Conversations with God for Teens is the perfect gift purchase for parents, grandparents, and anyone else who wants to provide accessible spiritual content for the teen(s) in their lives. Following the release of his mind-blowing first book, *Playing with Fire*, Theo Fleury joins forces with world-renowned therapist Kim Barthel in a new book, *Conversations with a Rattlesnake*, coming out November 2014. The book is a raw and honest conversation, loaded with personal insights and cutting-edge information about healing from trauma and abuse. Fleury calls Barthel the "Wayne Gretzky of therapy" and within their emotionally safe relationship he bares his soul so that others can learn from his mistakes, triumphs and new learnings. Fleury's story will inspire not only those overcoming their own trauma but friends, parents, teachers, coaches, therapists and health practitioners--anyone who is in the critical position of supporting someone who needs to share their own story. Co-author Kim Barthel provides an in-depth explanation of early childhood attachment and addiction that ties into the reasoning behind our behaviours and the science of how our brains work. Barthel explains how understanding groundbreaking scientific and psychological research can eliminate the unnecessary and damaging shame that so often accompanies abuse and trauma. Her dialogue with Fleury illuminates self-awareness, mindfulness and the power of relationships. Fleury's life experiences and Barthel's informed interpretation combine to provide a unique look at the healing process that is easy to read, entertaining and transformational.

Distinguished journalist Benjamin C. Bradlee's intimate biography of President John F. Kennedy and his Camelot years. Conversations with Kennedy is legendary reporter and executive Benjamin C. Bradlee's account of his intimate dialogues with JFK—a man he counted as a confidante and friend. Beginning in 1958, when Kennedy was a US senator running for president, and continuing until 1963, the year that Kennedy died, Bradlee shared a close professional and personal relationship with the charismatic politician. Both men were war veterans, idealists, and up-and-coming American leaders, and they shared values that drove their friendship. Kennedy was a politician equally at home with the bruising intellects he appointed to government posts and his working-class constituents. He respected his complicated father, understood his brothers, admired women, and had few illusions about human nature. Bradlee's eye for detail reveals JFK's views on everything from Communism to conservatism to freedom of the press. From parties at the White House to weekends at Palm Beach to JFK's enduring influence on Bradlee's own life, this is an in-depth, behind-the-scenes look at the man behind a myth, written by a giant of American journalism. A collection of interviews with the Michigan poet, novelist, screenwriter, and essayist, covering the years 1976-1999, reveals his habits of mind, aesthetic choices, intellectual resources, and the psychological contexts of his writing. But however amusing Frances and Nick's flirtation seems at first, it begins to give way to a strange—and then painful—intimacy. Written with gemlike precision and marked by a sly sense of humor, *Conversations with Friends* is wonderfully alive to the pleasures and dangers of youth, and the messy edges of female friendship. **SHORTLISTED FOR THE INTERNATIONAL DUBLIN LITERARY AWARD** "Sharp, funny, thought-provoking . . . a really great portrait of two young women as they're figuring out how to be adults."—Celeste Ng, *Late Night with Seth Meyers Podcast* "The dialogue is superb, as are the insights about communicating in the age of electronic devices. Within these pages, you'll find a 'gnostic' view of the world and the reason for life. As always, we encourage the reader to 'take what you like and leave the rest behind.' No single work can fully capture this enormous topic. We simply offer this book as a resting point in your lifelong search. Our goal, and hopefully yours, too, is to stimulate your mind to seek God - however you wish. We don't intend to replace your belief system. Rather, we only hope to expand your view to include areas not yet explored. Each person will find and understand God in their own way. This book offers one path, among billions, to find God. Jerry, a successful business tycoon, has a quarrel with his street smart Holocaust-survivor father Morris. Father and son are, sadly, alienated from each other. On his deathbed, Morris entrusts his rabbi with the task of bringing Jerry back to a place of greater father-son connection and respect. Upon his father's death, Jerry is tormented with feelings of guilt over his failed relationship. The rabbi then engages Jerry in seven life-changing mystical conversations that ultimately change the trajectory of Jerry's self-centered life and help him reconnect to his deceased father. In the process, both Jerry and the rabbi confront many surprising skeletons of the past and share a grueling psychological and emotional journey towards human reconciliation. The second book in a series that began when a mom discovered her ten-year-old son could see dead people. "Nothing Is What It Seems" chronicles ongoing conversations The Mom and Mystic Hairdresser have about everything from relationships to the true nature of reality. "Warning: this book is NOT a new-age self-help softy. Perhaps it's the subject that initially enchanted me. I personally wish I had thought of having a Conversation with MY Womb! Giuditta Tornetta did think of it, and she rendered her trailblazing idea into a book that is at once practical, and a wildly esoteric page-turner. " -Midwife Robin Lim, 2011 CNN Hero, International Alexander Langer Award Recipient. "Conversations with the Womb is a guide back to yourself. It is time for this material to inspire and influence today's woman." -Kelly Brogan MD, Holistic Women's Health. "Conversations with the Womb is a treasure. A perfect way to connect with the profound wisdom we all carry inside." -Christiane Northrup, M.D., ob/gyn physician and author of the New York Times bestsellers: *Women's Bodies, Women's Wisdom* and *The Wisdom of Menopause*. Often referred to as the well-spring of creation, the womb is the epicenter of a woman's relationship to the divine. *Conversations With the Womb* is a provocative rediscovery of ancient feminine power. Using the Nine Chakras of Creation as a road map to transforming one's personal

history, women are encouraged to begin a profound and ongoing conversation with their most primal organ. Unburdened by their histories the immense creative force within the womb can be harnessed to manifest our heart's desire. " Welcome to the future, where you can talk with the digital things around you: voice assistants, chatbots, and more. But these interactions can be unhelpful and frustrating—sometimes even offensive or biased. Conversations with Things teaches you how to design conversations that are useful, ethical, and human-centered—because everyone deserves to be understood, especially you. Extraordinary conversations with the writer and celebrity who elevated talk to art and gossip to literature The renowned director talks to Cameron Crowe about 30 years at the very heart of Hollywood. Wilder's distinct voice provides a fascinating insider's view of the film industry past and present. An NYRB Classics Original Deaf as he was, Beethoven had to be addressed in writing, and he was always accompanied by a notebook in which people could scribble questions and comments. Conversations with Beethoven, in a tour de force of fictional invention, tells the story of the last year of Beethoven's life almost entirely through such notebook entries: Friends, family, students, doctors, and others attend to the volatile Maestro, whose sometimes unpredictable and often very loud replies we infer. A fully fleshed and often very funny portrait of Beethoven emerges. He struggles with his music and with his health; he argues with and insults just about everyone. Most of all, he worries about his wayward—and beloved—nephew Karl. A large cast of Dickensian characters surrounds the great composer at the center of this wonderfully engaging novel, which deepens in the end to make a memorable music of its own. Barely out of film school, Rob Long struck the jackpot and landed a job on the phenomenally successful TV sitcom, Cheers. However, with the demise of the show, Long was faced with the question, 'Is there life after Cheers?' Mercilessly witty about the daunting process of setting up a new series and getting it on air, these two books tell the absurd tale of what came next. Getting from pitch to pilot is a tricky path to navigate successfully, from making non-negotiable changes and deal-breaking edits, combined with accommodating the whims of studios, networks and agents, often the finished product ends up a long way from where the script-writer started. With the help of his agent, her constant demands, monstrous salesmanship, brutal irony and unswerving loyalty, Long's career fluctuates from wannabe to player, from award-winning script-writer to burnt out has-been. And it's all, as he says 'half true'. Millions of readers have come to value the Conversations with God series by Neale Donald Walsch, which has now been translated into twenty-six languages. Many thousands of those readers have had questions for him--questions about religion, good and evil, physical and mental health, death, prophecy, the nature of God and the universe, prayer, angels and devils, spiritual paths, relationships, and much more. In Questions and Answers on Conversations with God, Neale, with characteristic wit and wisdom, responds to the most compelling and provocative of these letters; and the result is a book that is profoundly enlightening and inspiring. By relating the messages in the dialogues of CWG to the personal issues and everyday experience of individuals, Neale's answers illustrate the direct link between spiritual and physical reality, clearly demonstrating how what we do and who we are in our lives is a result of how we think and what we believe. This book gives us all the opportunity to look at ourselves, to change ourselves, and thus, perhaps, to change the world. A collection of interviews—some vintage, some recent, and some brand-new—Conversations with the Dead is the first (and only) book in which the Grateful Dead speak in their own words about their music and their lives. David Gans, a self-professed Deadhead and host of "The Grateful Dead Hour," asked Jerry Garcia, Bob Weir, and the rest of the band the questions their fans would have asked if given the chance. And Gans reaches far beyond the musicians, talking with such often-overlooked key players as the recording engineer, sound man, and road crew—those who have had the coveted opportunity to witness the Dead's decades of music-making. This updated and expanded edition includes a rare, never-before-published interview with Seastones composer Ned Lagin and a new introduction by the author. With a readable combination of intensity,

inquisitiveness, and candor, Gans has created an unprecedented portrait of a band who, after more than thirty years of music-making, has earned a unique place in American culture. "What is most impressive about this book is its intelligence, its sophistication, and its charm. . . . This book presents Piaget's work and his person better than anything else that I know about."—David Elkind, Tufts University "The tone is one of constant movement from the most ordinary to the most abstruse. There are 14 conversations with 'le Patron,' some in 1969, some in 1975, and several more with co-workers in various fields. . . . In Mr. Bringuier's book, in a pleasant informal way, we see a sophisticated non-scientist exploring Piaget's domain with the master. Some of Piaget's best-known findings about children as explained along the way, but Mr. Bringuier has ways of bringing out the relation of this psychological work to the whole of Piaget's enterprise, and we get a good sense of the man and his work."—Howard E. Gruber, New York Times Book Review

Drawn from more than 150 hours of exclusive tape-recorded interviews with Bundy, this collection provides shocking insights into the killer's 11th-hour confessions before his death in a Florida electric chair. A unique, horrifying self portrait of one of the most savage sex killers in history. From her conversation with James Baldwin, an interview that first aired on the television program Soul!, later published as A Dialogue. Also included is an excerpt from A Poetic Equation, her lengthy talk with the poet Margaret Walker. In this exchange of ideas and opinions with Walker a young poet new to the literary world assumes the role of spokesperson for a generation. This is the phenomenal true story of the world-renowned psychic medium George Anderson—the groundbreaking book that first brought afterlife experience into the light. For over 12 years Joel Martin documented evidence of Anderson's powers—the ability to reach 'the other side'—and repeatedly astonished believers and skeptics. This is the book of those universal visions, the inspiring messages of hope, truth, and peace, and a glimpse into eternity to answers to the unfathomable questions about life and death. On a January day in the depths of mid-western winter Dorothy Atalla expected more of the same: snow, ice and gray skies. But when she lay down on her living room carpet to relax with music, she had an experience which changed her life. Inexplicably, a vision of a radiant and beneficent female presence appeared to her. This astonishing event was only the beginning of a journey she could never have imagined in her wildest dreams. That vision foreshadowed the dialogue with a deity which is the essence of this book. New York Times bestselling author Jeff Rovin has held readers in breathless suspense with his Tom Clancy's Op-Center novels. He has created compelling characters with vividly rendered emotions and actions. His page-turning thrillers have addressed questions of good and evil in our times. Now, Rovin confronts the question of Good and Evil on the ultimate battleground. A human soul hangs in the balance, and thousands of years of religious teachings depict only the beginning of the fight for dominion over man. Psychologist Sarah Lynch is stunned when one of her young patients hangs himself. Evidence reveals that Fredric had become a Satanist. Intending to solve the puzzle of Fredric's death, Sarah attempts to conjure the devil—surely then she will understand what the teenager was thinking. Sarah knows that belief in God and the Devil is a construct of the human mind and that people contain within them both good and evil. Her own family is the perfect example. Sarah's mother is still in denial about her dead husband's alcoholism, but acts as a wonderful grandparent to the son of the family's live-in housekeeper. Her alcoholic brother bounces from girlfriend to girlfriend and job to job, but is always there when Sarah needs him. And Sarah herself? She lost her faith more than a decade ago, during a personal crisis. But she is dedicated to giving others the help she did not receive. Even the nun who is Sarah's best friend cannot break through Sarah's shield of cynicism. But Satan can. The Devil himself rises in Sarah's office, sometimes a being of dark smoke and sometimes a creature of all-too-perfect, seductive flesh. Most disturbing is Satan's claim that only by following him can people find real happiness. In the Devil's theology, God is a brutal, jealous bully. And as God and Satan battle for Sarah's soul, Sarah comes to believe him. She forgets that he is the Master of Lies
