The Complete Fire Inspector I and II Training Solution! Fire inspectors need to know how to interpret and apply national and local codes and standards in the office and in the field. Fire Inspector: Principles and Practice is designed to prepare fire inspectors to ensure the highest standards of fire and life safety in their communities. The National Fire Protection Association (NFPA) and the International Association of Fire Chiefs (IAFC) are pleased to bring you Fire Inspector: Principles and Practice, a modern integrated teaching and learning system for the fire inspector. This textbook meets and exceeds the job performance requirements for level I and II fire inspectors from Chapters 4 and 5 of NFPA 1031, Standard for Professional Qualifications for Fire Inspector and Plan Examiner, 2009 Edition. Fire Inspector: Principles and Practice is built on a solid foundation of the basics: building construction, fire growth, and types of occupancies. This fundamental knowledge is presented in a concise, understandable writing style that is easy to digest and recall. The solid foundation of fire and building knowledge then branches out to show the fire inspector how abstract concepts and codes will be concretely applied on a daily basis. This is the text that truly prepares fire inspectors for the real world. On 11 November 1918, the last day of the Great War, the Canadian Corps, led by Sir Arthur Currie, liberated Mons after four years of German occupation. The push to Mons in the last days and weeks of the war had cost many lives. Long after the war, Currie was blamed by many for needlessly wasting those lives. When the Port Hope Evening Guide published an editorial in 1927 repeating this charge, Currie was incensed. Against the advice of his friends, he decided to sue for libel and retained W.N. Tilley, Q.C., the leading lawyer of the day, to plead his case. First published in 1988, The Last Day, the Last Hour reconstructs the events - military and legal - that led to the trial and the trial itself, one of the most sensational courtroom battles in Canadian history, involving many prominent legal, military and political figures of the 1920s. Now back in print with a new preface by the author, judge and legal scholar Robert J. Sharpe, The Last Day, the Last Hour remains the definitive account of a landmark legal case.
