A survey of the major events, developments, and personalities that have shaped human history. For one/two-semester survey courses in Art History and World Art; courses in Art Appreciation and Studio or Design courses. This text serves as a brief introduction to the history of art, reflecting new interests and issues, expanding the topic to include women and minorities, and showing media and techniques other than painting, sculpture, and architecture. Written without art historical or aesthetic jargon, Art: A Brief History is visually appealing as well as intellectually stimulating, and is aimed at the new generation of students and instructors. This comprehensive and balanced history of the world in the twentieth century and into the new millennium chronicles the key events of the period and examines the underlying issues that have shaped the times.

CONTEMPORARY WORLD HISTORY, 6th Edition, takes a global approach to the subject while doing justice to the distinctive character of individual civilizations and regions. Author William Duiker integrates political, economic, social, and cultural history, creating a chronologically ordered synthesis that gives students the true flavor of the most decisive moments in recent world history. In addition, Duiker's own photographs and selection of primary source documents are especially effective in illustrating key points in the narrative. The popular Film & History feature examines several films, presenting a brief analysis of each film's plot as well as its historical significance, value, and accuracy. A newly revised and fully updated edition of the market-leading introduction to paleontology  
Designed for students and anyone else with an interest in the history of

life on our planet, the new edition of this classic text describes the biological evolution of Earth's organisms, and reconstructs their adaptations and the ecology and environments in which they functioned. Cowen's *History of Life*, 6th Edition includes major updates, including substantial rewrites to chapters on the origins of eukaryotes, the Cambrian explosion, the terrestrialization of plants and animals, the Triassic recovery of life, the origin of birds, the end-Cretaceous mass extinction, and human evolution. It also features new chapters on plants, soils and transformation of the land; the Mesozoic marine revolution; and the evolution of oceans and climates. Beginning with the origin of the Earth and the earliest life on earth, the book goes on to offer insightful contributions covering: the evolution of Metazoans; the early vertebrates; life of vertebrates on land; and early amniotes and thermoregulation. The book also looks at: dinosaur diversity, as well as their demise; early mammals; the rise of modern mammals; the Neogene Savannas; primates; life in the ice ages; and more. Covers the breadth of the subject in a concise yet specific way for undergrads with no academic background in the topic Reorganizes all chapters to reflect the geological series of events, enabling a new focus on big events Updated with three brand new chapters and numerous revised ones Put together by a new editorial team internationally recognized as the global leaders in paleontology Filled with illustrations and photographs throughout Includes diagrams to show internal structures of organisms, cladograms, time scales and events, and paleogeographic maps Supplemented with a dedicated website that explores additional enriching information and discussion, and which features images for use in visual presentations Cowen's *History of Life*, 6th Edition is an ideal book for undergraduate students taking courses in introductory paleontology, as well those on global change and earth systems. Welcoming, inclusive, engaging, and global Revel(TM) Art History brings the history of art to life for a new generation of students. It is global in scope, inclusive in its coverage, and warm and welcoming in tone. The guiding vision of Art History is that the teaching of art history

survey courses should be filled with equal delight, enjoyment, and serious learning, while fostering an enthusiastic and educated public for the visual arts. The Sixth Edition has been revised to reflect new discoveries, recent research, and fresh interpretive perspectives, as well as to address the changing needs of both students and educators. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a traditional textbook. NOTE: Revel is a fully digital delivery of Pearson content. This ISBN is for the standalone Revel access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use Revel. The bestselling graphic design reference, updated for the digital age Meggs' History of Graphic Design is the industry's unparalleled, award-winning reference. With over 1,400 high-quality images throughout, this visually stunning text guides you through a saga of artistic innovators, breakthrough technologies, and groundbreaking developments that define the graphic design field. The initial publication of this book was heralded as a publishing landmark, and author Philip B. Meggs is credited with significantly shaping the academic field of graphic design. Meggs presents compelling, comprehensive information enclosed in an exquisite visual format. The text includes classic topics such as the invention of writing and alphabets, the origins of printing and typography, and the advent of postmodern design. This new sixth edition has also been updated to provide: The latest key developments in web, multimedia, and interactive design Expanded coverage of design in Asia and the Middle East Emerging design trends and technologies Timelines framed in a broader historical context to help you better understand the evolution of contemporary graphic design Extensive ancillary materials including an instructor's manual, expanded image identification banks, flashcards, and quizzes You can't master a

field without knowing the history. Meggs' History of Graphic Design presents an all-inclusive, visually spectacular arrangement of graphic design knowledge for students and professionals. Learn the milestones, developments, and pioneers of the trade so that you can shape the future. Welcoming, inclusive, engaging, and global Revel(TM) Art History brings the history of art to life for a new generation of students. This truly global text for the world history survey course employs fundamental themes of "environment and technology" and "diversity and dominance" to explore patterns of humans' interactions with their surroundings and with each other. The authors' approach reveals how humanity continues to shape and be shaped by the environment and how dominant structures and traditions are balanced and challenged by alternate beliefs. Special emphasis is given to technological development and how it underlies all human activity. Highly acclaimed in their fields of study, the authors bring a wide array of expertise to the program. A combination of strong scholarship and detailed pedagogy gives the book its reputation for rigor and student accessibility. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Over twenty-five

years and through five editions, Walter I. Trattner's *From Poor Law to Welfare State* has served as the standard text on the history of welfare policy in the United States. The only comprehensive account of American social welfare history from the colonial era to the present, the new sixth edition has been updated to include the latest developments in our society as well as trends in social welfare. Trattner provides in-depth examination of developments in child welfare, public health, and the evolution of social work as a profession, showing how all these changes affected the treatment of the poor and needy in America. He explores the impact of public policies on social workers and other helping professions -- all against the backdrop of social and intellectual trends in American history. *From Poor Law to Welfare State* directly addresses racism and sexism and pays special attention to the worsening problems of child abuse, neglect, and homelessness. Topics new to this sixth edition include: A review of President Clinton's health-care reform and its failure, and his efforts to "end welfare as we know it" Recent developments in child welfare including an expanded section on the voluntary use of children's institutions by parents in the nineteenth century, and the continued discrimination against black youth in the juvenile justice system An in-depth discussion of Charles Murray and Richard Herrnstein's controversial book, *The Bell Curve*, which provided social conservatives new weapons in their war on the black poor and social welfare in general The latest information on AIDS and the reappearance of tuberculosis -- and their impact on public health policy A new Preface and Conclusion, and substantially updated Bibliographies

Written for students in social work and other human service professions, *From Poor Law to Welfare State: A History of Social Welfare in America* is also an essential resource for historians, political scientists, sociologists, and policymakers. Covering the lively, even raucous, history of Louisiana from before First Contact through the Elections of 2012, this sixth edition of the classic Louisiana history survey provides an engaging and comprehensive narrative of what is arguably America's most colorful state. Since the appearance of the first

edition of this classic text in 1984, *Louisiana: A History* has remained the best-loved and most highly regarded college-level survey of Louisiana on the market. Compiled by some of the foremost experts in the field of Louisiana history who combine their own research with recent historical discoveries. Includes complete coverage of the most recent events in political and environmental history, including the continued aftermath of Katrina and the 2010 BP oil spill. Considers the interrelationship between Louisiana history and that of the American South and the nation as a whole. Written in an engaging and accessible style complemented by more than a hundred photographs and maps. Offers a range of documents that illustrates civilizations from key stages in world history, with special attention to comparing major societies. Documents in *World History* is a thematically organized, authoritative collection of original sources that highlight political, social, cultural and economic issues in world history. The text also provides documents on the hot topics of gender and cultural history. Revised and updated with over a quarter of the documents new, the sixth edition retains its global emphasis. Standard selections and political coverage have been improved, and attention to Islam and Christianity as well as South Asia have been expanded. Note: MySearchLab does not come automatically packaged with this text. To purchase MySearchLab at no extra charge, please visit [www.mysearchlab.com](http://www.mysearchlab.com) or use ISBN: 9780205007059. Featuring a beautiful new design, *THE EARTH AND ITS PEOPLES*, Sixth Edition, presents world history in a balanced, global framework, shifting the focus away from political centers of power. This truly global text for the world history survey course employs fundamental themes of “environment and technology” and “diversity and dominance” to explore patterns of humans' interactions with their surroundings and with each other. Art History brings the history of art to life for a new generation of students. It is global in scope, inclusive in its coverage, and warm and welcoming in tone. The guiding vision of Art History is that the teaching of art history survey courses should be filled with equal delight, enjoyment, and serious learning, while fostering an enthusiastic and educated public for the visual arts. The 6th Edition has been revised to reflect new discoveries, recent research, and fresh interpretive perspectives, as well as to address the changing needs of both students and educators. This brief, interpretive history of American schooling focuses on the evolving relationship between education and social change. Like its predecessors, this new edition adopts a thematic approach, investigating the impact of social forces such as industrialization, urbanization, immigration, globalization, and cultural conflict on the development of schools and other educational institutions. It also examines the various ways that schools have contributed to social change, particularly in enhancing the status and accomplishments of certain social groups and not others. Detailed accounts of the experiences of women and minority groups in American history consider how their lives have been affected by education, while "Focal Point" sections within each chapter allow the reader to hone in on key moments in history and their relevance within the broader scope of American schooling from the colonial era to the present. This new edition has been comprehensively updated and edited for greater readability and clarity. It offers a revised final chapter, updated to include recent change in education politics and policy, in particular the decline of No Child Left Behind and the impact of the Common Core and movements against it. Further additions include enhanced coverage of colonial and early post-colonial American schooling, added materials on persistent issues such as

race in education, an updated discussion of the GED program, and a closer look at the role of technology in schools. With its nuanced treatment of both historical and contemporary factors influencing the modern school system, this book remains an excellent resource for investigating and critiquing the social, economic, and cultural development of American education. A powerful text by an acclaimed historian, *Give Me Liberty!* delivers an authoritative, concise, and integrated American history. In the Sixth Edition, Eric Foner addresses a question that has motivated, divided, and stirred passionate debates: "Who is an American?" With new coverage of issues of inclusion and exclusion—reinforced by new primary source features in the text and a new secondary source tutorial online—*Give Me Liberty!* strengthens students' most important historical thinking skills. The Seagull Edition offers the complete text of the Full Edition in full color and a portable trim size with fewer illustrations and maps and an exceptionally low price. *Art History* is global in scope and inclusive in its coverage. Author Marilyn Stokstad highlights the role of women in the history of art both by increasing the number of women artists and by expanding the range of art to focus on media and genres that have traditionally engaged female artists and patrons. The sixth edition has been revised to reflect new discoveries, recent research, and fresh interpretive perspectives, and also to address the changing needs of both students and educators. Welcoming, inclusive, engaging, and global *Revel*(TM) *Art History* brings the history of art to life for a new generation of students. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use Revel. This is a completely new and updated edition of J. M. Roberts and Odd Arne Westad's widely acclaimed, landmark bestseller *The Penguin History of the World*. For generations of readers *The Penguin History of the World* has been one of the great cultural experiences - the entire story of human endeavour laid out in all its grandeur and folly, drama and pain in a single authoritative book. Now, for the first time, it has been completely overhauled for its 6th edition - not just bringing it up to date, but revising it throughout in the light of new research and discoveries, such as the revolution in our understanding of many civilizations in the Ancient World. The closing sections of the book reflect what now seems to be the inexorable rise of Asia and the increasingly troubled situation in the West. About the authors: J.M. Roberts, CBE, published *The Penguin History of the World* in 1976 to immediate acclaim. His other major books include *The Paris Commune from the Right*, *The Triumph of the West* (which was also a successful television series), *The Penguin History of Europe* and *The Penguin History of the Twentieth Century*. He died in 2003. Odd Arne Westad, FBA, is Professor of International History at the London School of Economics. He has published fifteen books on modern and contemporary international history, among them *The Global Cold War*, which won the Bancroft Prize, and *Decisive Encounters*, a standard history of the Chinese civil war. He also served as general co-editor of the *Cambridge History of the Cold War*. Reviews 'A work of outstanding breadth of scholarship and penetrating judgements. There is nothing better of its kind' Jonathan Sumption, *Sunday Telegraph* 'A stupendous achievement' A.J.P. Taylor 'A

brilliant book ... the most outstanding history of the world yet written' J.H. Plumb **American Education: A History, 5e** is a comprehensive, highly-regarded history of American education from pre-colonial times to the present. Chronologically organized, it provides an objective overview of each major period in the development of American education, setting the discussion against the broader backdrop of national and world events. The first text to explore Native American traditions (including education) prior to colonization, it also offers strong, ongoing coverage of minorities and women. New to this much-anticipated fifth edition is substantial expanded attention to the discussions of Native American education to reflect recent scholarship, the discussion of teachers and teacher leaders, and the educational developments and controversies of the 21st century.
