Irish immigration to Haverhill, Massachusetts, was a constant from the days of the Great Famine to the present. The immigrants, their children, and their grandchildren have become an integral part of the fabric of the city's history. Some were teachers, politicians, police officers, and business owners, while others spent their lives as city laborers and factory workers. Whether these new residents were wealthy or poor, well known or little known, their experiences in America could not eliminate their common ties to the Emerald Isle. They collectively share a place in this "family album" of those Irish citizens who called Haverhill their new home. This volume is the sequel to the *The Irish in Haverhill, Massachusetts*, which was published in 1998. The response to that book was so enthusiastic that the author was overwhelmed with offers of additional photographs for a second volume. Over the years American -- especially New York -- audiences have evolved a consistent set of expectations for the "Irish play." Traditionally the term implied a specific subject matter, invariably rural and Catholic, and embodied a reductive notion of Irish drama and society. This view continues to influence the types of Irish drama produced in the United States today. By examining seven different opening nights in New York theaters over the course of the last century, John Harrington considers the reception of Irish drama on the American stage and explores the complex interplay between drama and audience expectations. All of these productions provoked some form of public disagreement when they were first staged in New York, ranging from the confrontation between Shaw and the Society for the Suppression of Vice to the intellectual outcry provoked by billing *Waiting for Godot* as "the laugh sensation of two continents." The inaugural volume in the series *Irish Literature, History, and Culture*, *The Irish Play on the New York Stage* explores the New York premieres of *The Shaughraun* (1874), *Mrs. Warren's Profession* (1905), *The Playboy of the Western World* (1911), *Exiles* (1925), *Within the Gates* (1934), *Waiting for Godot* (1956), and *Philadelphia, Here I Come!* (1966). This book examines two key areas which although linked have previously been separated by historians: the passage of the Act of Union and the resignation of Pitt in 1801. Geoghegan's book covers the period from May 1798, the outbreak of the great rebellion, to March 1801 and the collapse of Pitt's ministry. Reprint of the original, first published in 1860. A brilliant true crime account of the assassinations that altered the course of Irish history from the "compulsively readable" writer (*The Guardian*). One sunlit evening, May 6, 1882, Lord Frederick Cavendish and Thomas Burke, Chief Secretary and Undersecretary for Ireland, were ambushed and stabbed to death while strolling through Phoenix Park in Dublin. The murders were funded by American supporters of Irish independence and carried out by the Invincibles, a militant faction of republicans armed with specially made surgeon's blades. They put an end to the new spirit of goodwill that had been burgeoning between British Prime Minister William Gladstone and Ireland's leader Charles Stewart Parnell as the men forged a secret pact to achieve peace and independence in Ireland—with the newly appointed Cavendish, Gladstone's protégé, to play an instrumental role in helping to do so. In a story that spans Donegal, Dublin, London, Paris, New York, Cannes, and Cape Town, Julie Kavanagh thrillingly traces the crucial events that came before and after the murders. From the adulterous affair that caused Parnell's downfall; to Queen Victoria's prurient obsession with the assassinations; to the investigation spearheaded by Superintendent John Mallon, also known as the "Irish Sherlock Holmes," culminating in the eventual betrayal and clandestine escape of leading Invincible James Carey and his murder on the high seas, *The Irish Assassins* brings us intimately into this fascinating story that shaped Irish politics and engulfed an Empire. Praise for Julie Kavanagh's *Nureyev: The Life* "Easily the best biography of the year." —*The Philadelphia Inquirer* "The definitive biography of ballet's greatest star whose ego was as supersized as his talent." —Tina Brown, award-winning journalist and author "The authors visited monasteries and ring forts, climbed mountains and delved deep into sacred caves, and were accompanied on this journey through the historical landscape by many of Ireland's best-known scholars, historians, archaeologists, poets, and storytellers." "Ireland's ancient past is still filled with many mysteries. But because of a cascade of new archaeological discoveries and new techniques for interpreting them, the truth about this past is coming into sharper focus. This book is replete with new information, some of it at odds with what many Irish descendants believe about their ancestral home." --BOOK JACKET. Supported by documents, many of which were not readily available or have never been published before, this book studies images of the 'Irish traditional storyteller' offered at different periods, from several viewpoints and for various purposes. Invariables, changes, ruptures and the effect of conflicting attitudes and ideologies are identified. Contextualized in Irish history and on the wider European scene, this huge book explores the testimony of early antiquarians, accounts of meetings with storytellers by 18th- or 19th-century travelers, representations of acts of elite storytelling in ancient Irish literature or of popular ones in oral tradition itself and in fiction in English - attention is given to the works of Maria Edgeworth, Lady Morgan, the Banim brothers and Griffin, Carleton, Lover, Le Fanu, Somerville and Ross, Yeats, Synge, George Moore and Joyce, and some more recent authors. The evolution of the aims and methods of folklorists, from the Romantic Age to the institutionalization of collecting and to modern ethnographic projects, and the links between definitions of folklore and cultural nationalism are investigated, as are the complex relationships between storytelling, history and truth and the concepts of Irishness and tradition. Another section tries to establish what is known of actual storytelling in the 19th century and in the first half of the 20th: the tellers' training, their techniques and conception of tradition, their status, the etiquette of performance and the role of the audience. Themes and formal characteristics of different kinds of oral narratives are examined. This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. This volume addresses the political, cultural and economic dimensions of Irish life, presenting Ireland as a hybrid of cultures and peoples. Coverage includes: an explanation of how the literature and folklore reflect the desire for national independence in both political and cultural forms; an analysis of how the Gaelic, Norman English, Elizabethan English, Ulster Planter English, Scots, Cromwellian English and Williamite English conflict and meld into the present character of Ireland and the Irish; a discussion of how the English impact, Catholicism, the Land Question, emigration, literacy and Gaelic cultural nationalism coalesce to create Irish nationalism; emphasis on the influence of British presence on Irish values and personality; an examination of how the Irish question moved Britain in the direction of liberal democracy and the welfare state; and an exploration of Ireland as a paradigm case of a country fighting imperialism and colonialism to move from colony to nation state, accomplishing the latter through one of the 20th century's most notable guerrilla wars of liberation. Ireland. The early twentieth century. Two girls on the cusp of womanhood. A nation on the brink of war. Read their story — and see why JOJO Moyes says that "Nobody does epic romance like Santa Montefiore." Born on the ninth day of the ninth month in the year 1900, Kitty Deverill grows up in Castle Deverill, on the sunning green ghills of West Cork, Ireland — the same place her ancestors have always dwelled. She isn't fully Irish, as the son of the local veterinarian likes to tease her; but this doesn't stop Kitty and Jack O'Leary from falling in love... Bridie Doyle, daughter to Castle Deverill's cook, cherishes her friendship with Kitty. Yet she can't help dreaming of someday having wealth, having glamour, having... more. And when she discovers Kitty's darkest secret, Bridie finds herself growing to resent the girl in the castle who seems to have it all. As Irish and

British forces collide in Southern Ireland, Jack enlists to fight — and Kitty throws herself into the cause for Irish liberty, running messages and ammunition between the rebels. But , her allegiance to her family and her friends will soon be tested... and when Castle Deverill comes under attack, the only home and life she's ever known are threatened. A powerful story of love, loyalty, and friendship, *The Girl in the Castle* is an exquisitely written novel set against the magical, captivating landscape of Ireland — perfect for fans of *Downton Abbey* and *Kate Morton*. Previously published as *The Girl in the Castle* If an Irish person said to you, "Gimmie that yoke," would you think they were talking about an egg? If so, 99% of the time, you'd be wrong. How about banjaxed, bockety or craic? Any idea what they mean? *The Little Book of Irishisms* is for anyone who wants to understand the Irish, not just our words but how we are as people, relaxed about some things, picky about others. It's also for those who'd like to sound Irish, even just for Paddy's Day. You'll learn tricks to Irishify your chat - and how to avoid those clangers that people think we say but never do, like the classic, "Top of the morning to you." If you're coming to Ireland and want to fit right in, this book's for you. If you can't make it, here's a way of visiting in spirit. ?"Go on, go on, go on. You will, you will, you will," to quote the infamous Irish comedy, *Father Ted*. *The Little Book of Irishisms* is the perfect novelty gift for St. Patrick's Day, as a Christmas stocking filler, or at any time to someone who appreciates what it means to be Irish. Describes the change in British perceptions of relations with Ireland as a result of the potato famine from a gendered rhetoric of marriage to one of master and servant. Why did many Irish Americans, who did not have a direct connection to slavery, choose to fight for the Confederacy? This perplexing question is at the heart of David T. Gleeson's sweeping analysis of the Irish in the Confederate States of America. Taking a broad view of the subject, Gleeson considers the role of Irish southerners in the debates over secession and the formation of the Confederacy, their experiences as soldiers, the effects of Confederate defeat for them and their emerging ethnic identity, and their role in the rise of Lost Cause ideology. Focusing on the experience of Irish southerners in the years leading up to and following the Civil War, as well as on the Irish in the Confederate army and on the southern home front, Gleeson argues that the conflict and its aftermath were crucial to the integration of Irish Americans into the South. Throughout the book, Gleeson draws comparisons to the Irish on the Union side and to southern natives, expanding his analysis to engage the growing literature on Irish and American identity in the nineteenth-century United States. Amusing collection of facts, trivia, quotes and more about Ireland and Irish culture, yesterday and today. *Handbook of the Irish Revival* collects for the first time many of the essays, articles, and letters written during the Revival. How much do you know about Ireland? There's so much to learn about the Emerald Isle that even its residents don't know. In this trivia book, you'll learn more about Ireland's history, pop culture, folklore, and so much more! In *The Great Book of Ireland*, you'll learn: How did Ireland get its name? Why is it known as the Emerald Isle? Who was St. Patrick really? What do leprechauns and shamrocks have to do with St. Patrick's Day? Which Irish company had a 9,000-year lease? What is Ireland's top attraction? Which movies have been filmed in Ireland? Which famous novel may have been based on an Irish myth? Which legends did the Irish believe in? And so much more! This book is packed with trivia facts about Ireland. Some of the facts you'll learn in this book are shocking, some are tragic, and others will leave you with goosebumps. But they're all interesting! Whether you're just learning about Ireland or you already think you're an expert on the state, you'll learn something you didn't know in every chapter. Your history teacher will be interesting at all of your newfound knowledge. So what are you waiting for? Get started to learn more about Ireland! 'Commemorating the Irish Famine' explores the history of the 1840s Irish Famine in visual representation, commemoration and collective memory from the 19th century until the present, across Ireland and the nations of its diaspora, explaining why since the 1990s the Famine past has come to matter so much in our present. The perfect St. Patrick's Day gift, and a book in the best tradition of popular history -- the untold story of Ireland's role in maintaining Western culture while the Dark Ages settled on Europe. Every year millions of Americans celebrate St. Patrick's Day, but they may not be aware of how great an influence St. Patrick was on the subsequent history of civilization. Not only did he bring Christianity to Ireland, he instilled a sense of literacy and learning that would create the conditions that allowed Ireland to become "the isle of saints and scholars" -- and thus preserve Western culture while Europe was being overrun by barbarians. In this entertaining and compelling narrative, Thomas Cahill tells the story of how Europe evolved from the classical age of Rome to the medieval era. Without Ireland, the transition could not have taken place. Not only did Irish monks and scribes maintain the very record of Western civilization -- copying manuscripts of Greek and Latin writers, both pagan and Christian, while libraries and learning on the continent were forever lost -- they brought their uniquely Irish world-view to the task. As Cahill delightfully illustrates, so much of the liveliness we associate with medieval culture has its roots in Ireland. When the seeds of culture were replanted on the European continent, it was from Ireland that they were germinated. In the tradition of Barbara Tuchman's *A Distant Mirror*, *How The Irish Saved Civilization* reconstructs an era that few know about but which is central to understanding our past and our cultural heritage. But it conveys its knowledge with a winking wit that aptly captures the sensibility of the unsung Irish who relaunched civilization. **BONUS MATERIAL:** This ebook edition includes an excerpt from Thomas Cahill's *Heretics and Heroes*. -- Choice "The Irish staple was established in the 13th century to regulate trade in basic or staple goods, which could only be sold to foreign merchants in designated staple towns. It also provided a sure way for traders to recover their debts, and by the early 17th century, the real significance of the staple lay in the regulation of debt. The surviving 17th century staple records provide a guide to indebtedness and the social and economic history of early modern Ireland. These records also offer an opportunity to analyze the processes inherent in colonization at local level, as they contain detailed entries--amounting to over 4,000 transactions--emanating from every county in Ireland"--Publisher's description. *The Oxford History of the Irish Book* is a major new series that charts the development of the book in Ireland from its origins within an early medieval manuscript culture to its current incarnation alongside the rise of digital media in the twenty-first century. Volume III: *The Irish Book in English, 1550-1800* contains a series of groundbreaking essays that seek to explain the fortunes of printed word from the early Renaissance to the end of the eighteenth century. The essays in section one explain the development of print culture in the period, from its first incarnation in the small area of the English Pale around Dublin, dominated by the interests of the English authorities, to the more widespread dispersal of the printing press at the close of the eighteenth century, when provincial presses developed their own character and style either alongside or as a challenge to the dominant intellectual culture. Section two explains the crucial developments in the structure and technical innovation of the print trade; the role played by private and public collections of books; and the evidence of changing reading practices throughout the period. The third and longest section explores the impact of the rise of print. Essays examine the effect that the printed book had on religious and political life in Ireland, providing a case study of the impact of the French Revolution on pamphlets and propaganda in Ireland; the transformations illustrated in the history of historical writing, as well as in literature and the theatre, through the publication of play texts for a wide audience. Others explore the impact that print had on the history of science and the production of foreign language books. The volume concludes with an authoritative bibliographical essay outlining the sources that exist for the study of the book in early modern Ireland. This is an authoritative volume with essays by key scholars that will be the standard guide for many years to come. This rich and readable history of modern Ireland covers the political, social, economic, intellectual, and cultural dimensions of the country's development from the origins of the Irish Question to the present day. In this edition, a new introductory chapter covers the period prior to Union and a new concluding chapter takes Ireland into the twenty-first century. All material has as been substantially revised and updated to reflect more recent scholarship as well as developments during the eventful years since the previous edition. The text is richly supplemented with maps, photographs, and an extensive bibliography. There is no comparable brief, multidimensional history of modern Ireland. Was there an Irish Revolution, and - if so - what kind of revolution was it? What motivated revolutionaries and those who supported them? How was the war fought and ended? What have been the repercussions for unionists, women and modern Irish politics? These questions are here addressed by leading historians of the period through both detailed assessments of specific incidents and wide-ranging analysis of key themes. *The Irish Revolution, 1913-1923* provides the most up-to-date answers to, and debate on, the fundamental questions relating to this formative period in Irish history. Clear coverage of the historiography and a detailed chronology make this book ideal for classroom use. *The Irish Revolution* is essential reading for students and scholars of modern Ireland, and for all those interested in the study of revolution. Presents a humorous look at the myths, idiosyncracies, and culture of the Irish people. The established impressions of early Celtic Ireland have come down to us through the great Irish sagas, but recent archaeological research has transformed our understanding of the period. Reflecting this new generation of scholarship, Barry Raftery presents the most convincing and up-to-date account yet published of Ireland in the millennium before the coming of Christianity. The transition from Bronze Age to Iron Age in Ireland brought many changes, including significant advances in travel and transport, and the construction of great royal centers such as Tara and Emain Macha. Professor Raftery also discusses the elusive lives of the common people; technology, arts, and crafts of the period; Ireland's contacts with the Roman world; and the complex religious beliefs of the Irish Celts. Generously illustrated throughout, *Pagan Celtic Ireland* will be read avidly by everyone interested in Ireland's mysterious past. *A history of the Irish parliament in the eighteenth century.*
