2021 NEW YORK
TIMES
BESTSELLER •
From the
bestselling author
of *Dark Matter* and
the *Wayward Pines*
trilogy comes a
relentless thriller
about time, identity,
and memory—his
most mind-
boggling,
irresistible work to
date, and the
inspiration for
Shondaland's
upcoming Netflix
film. “Gloriously
twisting . . . a heady
campfire tale of a
novel.”—The New
York Times Book
Review NAMED

ONE OF THE BEST
BOOKS OF THE
YEAR BY Time •
NPR • BookRiot
Reality is broken.
At first, it looks like
a disease. An
epidemic that
spreads through no
known means,
driving its victims
mad with memories
of a life they never
lived. But the force
that's sweeping the
world is no
pathogen. It's just
the first shock
wave, unleashed by
a stunning
discovery—and
what's in jeopardy
is not our minds but
the very fabric of
time itself. In New
York City, Detective
Barry Sutton is
closing in on the
truth—and in a
remote laboratory,
neuroscientist
Helena Smith is
unaware that she
alone holds the key

to this mystery . . .
and the tools for
fighting back.
Together, Barry and
Helena will have to
confront their
enemy—before
they, and the world,
are trapped in a
loop of ever-
growing chaos.
Praise for
Recursion “An
action-packed,
brilliantly unique
ride that had me up
late and shirking
responsibilities
until I had
devoured the last
page . . . a fantastic
read.”—Andy Weir,
#1 New York Times
bestselling author
of *The Martian*
“Another profound
science-fiction
thriller. Crouch
masterfully blends
science and
intrigue into the
experience of what
it means to be
deeply

human.”—Newsweek “Definitely not one to forget when you’re packing for vacation . . . [Crouch] breathes fresh life into matters with a mix of heart, intelligence, and philosophical musings.”—Entertainment Weekly “A trippy journey down memory lane . . . [Crouch’s] intelligence is an able match for the challenge he’s set of overcoming the structure of time itself.”—Time “Wildly entertaining . . . another winning novel from an author at the top of his game.”—AV Club

Beginning

Theory, 3/E Apr 29 2023 Description: Beginning Theory has been helping students navigate

through the thickets of literary and cultural theory for well over a decade now. This new and expanded third edition continues to offer students and readers the best one-volume introduction to the field. The bewildering variety of approaches, theorists and technical language is lucidly and expertly unravelled. Unlike many books which assume certain positions about the critics and the theories they represent, Peter Barry allows readers to develop their own ideas once first principles and concepts have been grasped.

English in

Practice Jan 02 2021 Fully revised

and updated, this new edition of English in Practice continues to be an essential practical guide to studying English at University. It is for all those who are about to embark on an English degree or are in the midst of completing one, and for those who want to re-engage with their reasons for teaching it. The second edition now includes new chapters offering practical advice on writing undergraduate dissertations and on taking your studies beyond undergraduate level, as well as a thoroughly updated chapter on getting the most of out of online resources. Written by an experienced writer

and teacher, the book also covers such topics as: • Reading and interpretation • English and Creative Writing • Literary criticism and theory • The English language • Exploring historical contexts • Constructing an essay Including an annotated guide to further reading, English in Practice is an important resource for students keen to succeed in their study of English at University.

Modern Literary Theory and

Ancient Texts Jul 28 2020 This book provides students and scholars of classical literature with a practical guide to modern literary theory and criticism. Using a clear and concise approach, it navigates readers through various theoretical approaches, including Russian Formalism, structuralism, deconstruction, gender studies, and New Historicism. Applies theoretical approaches to examples from ancient literature Extensive bibliographies and index make it a valuable resource for scholars in the field

Contemporary Literary And Cultural Theory:

From Structuralism To Ecocriticism

May 18 2022

Beginning theory

Feb 27 2023

Beginning theory has been helping students navigate through the thickets of literary and cultural theory for over two decades. This new and expanded fourth edition continues to offer readers the best single-volume introduction to the field. The bewildering variety of approaches, theorists and technical language is lucidly and expertly unravelled. Unlike many books which assume certain positions about the critics and the theories they represent, Beginning theory allows readers to

develop their own ideas once first principles and concepts have been grasped. The book has been updated for this edition and includes a new introduction, expanded chapters, and an overview of the subject ('Theory after "Theory"') which maps the arrival of new 'isms' since the second edition appeared in 2002 and the third edition in 2009. *The Poverty of Structuralism* Nov 12 2021 The Poverty of Structuralism is the first in a sequence of volumes which examine in turn the basic ideas of Saussure, Marx and Freud, and analyse the way in which they have been developed and applied to art,

culture and modern textual theory. The text offers a critical introduction to the structuralist foundations of modern literary theory. It gives an account of the way such foundations have been developed, twisted and distorted to become part of the language that contemporary literary and cultural theoreticians use. It also addresses some of the fundamental issues about language and society that are presupposed by the often difficult language of modern literary and cultural theory. *Waking Up* Feb 03 2021 For the millions of Americans who want spirituality without religion,

Sam Harris's latest New York Times bestseller is a guide to meditation as a rational practice informed by neuroscience and psychology. From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, *Waking Up* is for the twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay

attention to the present moment largely determines the quality of our lives. *Waking Up* is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it.

Modern Criticism

And Theory: A

Reader, 2/E Aug 09

2021

Ecocritical Theory

Jun 26 2020 One of the more frequently lodged, serious, and justifiable complaints about ecocritical work is

that it is insufficiently theorized. Ecocritical Theory puts such claims decisively to rest by offering readers a comprehensive collection of sophisticated but accessible essays that productively investigate the relationship between European theory and ecocritique. With its international roster of contributors and subjects, it also militates against the parochialism of ecocritics who work within the limited canon of the American West. Bringing together approaches and orientations based on the work of European philosophers and cultural theorists, this volume is

designed to open new pathways for ecocritical theory and practice in the twenty-first century.

Literary Theory Oct

11 2021 A quarter

of a century on

from its original

publication, *Literary*

Theory: An

Introduction still

conjures

the subversion,

excitement and

exoticism that

characterized

theory through the

1960s and 70s,

when it posed an

unprecedented

challenge to the

literary

establishment.

Eagleton has added

a new preface

to this anniversary

edition to address

more recent

developments

in literary studies,

including what he

describes as “the

growth of a kind of anti-theory”, and the idea that literary theory has been institutionalized. Insightful and enlightening, *Literary Theory: An Introduction* remains the essential guide to the field. 25th Anniversary Edition of Terry Eagleton’s classic introduction to literary theory. First published in 1983, and revised in 1996 to include material on developments in feminist and cultural theory. Has served as an inspiration to generations of students and teachers. Continues to function as arguably the definitive undergraduate textb

ook on literary theory. Reissue includes a new foreword by Eagleton himself, reflecting on the impact and enduring success of the book, and on developments in literary theory since it was first published. [The Literary Theory Toolkit](#) Oct 31 2020. The *Literary Theory Toolkit* offers readers a rich compendium of key terms, concepts, and arguments necessary for the study of literature in a critical-theoretical context. Includes varied examples drawn from readily available literary texts spanning all periods and genres. Features a chapter on performance, something not

usually covered in similar texts. Covers differing theories of the public sphere, ideology, power, and the social relations necessary for the understanding of approaches to literature. *Critical Theory Today* Oct 23 2022. *Critical Theory Today* is the essential introduction to contemporary critical theory. It provides clear, simple explanations and concrete examples of complex concepts, making a wide variety of commonly used critical theories accessible to novices without sacrificing any theoretical rigor or thoroughness. This new edition

provides in-depth coverage of the most common approaches to literary analysis today: feminism, psychoanalysis, Marxism, reader-response theory, new criticism, structuralism and semiotics, deconstruction, new historicism, cultural criticism, lesbian/gay/queer theory, African American criticism, and postcolonial criticism. The chapters provide an extended explanation of each theory, using examples from everyday life, popular culture, and literary texts; a list of specific questions critics who use that theory ask about literary texts; an interpretation of F.

Scott Fitzgerald's *The Great Gatsby* through the lens of each theory; a list of questions for further practice to guide readers in applying each theory to different literary works; and a bibliography of primary and secondary works for further reading. [An Introduction to Literature, Criticism and Theory](#) Jul 20 2022 Lively, original and highly readable, *An Introduction to Literature, Criticism and Theory* is the essential guide to literary studies. Starting at 'The Beginning' and concluding with 'The End', chapters range from the familiar, such as 'Character', 'Narrative' and 'The

Author', to the more unusual, such as 'Secrets', 'Pleasure' and 'Ghosts'. Now in its fifth edition, Bennett and Royle's classic textbook successfully illuminates complex ideas by engaging directly with literary works, so that a reading of *Jane Eyre* opens up ways of thinking about racial difference, for example, while Chaucer, Raymond Chandler and Monty Python are all invoked in a discussion of literature and laughter. The fifth edition has been revised throughout and includes four new chapters - 'Feelings', 'Wounds', 'Body' and 'Love' - to incorporate exciting

recent developments in literary studies. In addition to further reading sections at the end of each chapter, the book contains a comprehensive bibliography and a glossary of key literary terms. A breath of fresh air in a field that can often seem dry and dauntingly theoretical, this book will open the reader's eyes to the exhilarating possibilities of reading and studying literature. Literary Theory Sep 29 2020 This accessible guide provides the ideal first step in understanding literary theory. **Literary Theory** Mar 24 2020 *Literary Theory: A Practical*

Introduction, Third Edition, presents a comprehensive introduction to the full range of contemporary approaches to the study of literature and culture, from formalism, structuralism, and historicism to ethnic, gender, and science studies. Introduces students to a variety of contemporary approaches to the study of literature and culture Demonstrates how the varying perspectives on texts can lead to different interpretations of the same work Features numerous updates that include new literary texts, new and expanded sections Represents the ideal

accompaniment to the upcoming Third Edition of *Literary Theory: An Anthology* **Beginning Theory** Jan 14 2022 An introduction to literary and cultural theory for beginners. The emphasis is on theory in practice with exercises and questions to help the student understand the methodology and practice of literary theory. Topics covered include: liberal humanism; Marxism; new historicism; cultural materialism; postcolonialism; feminism; queer theory; structuralism; postmodernism; stylistics; psychoanalytic theory. *Post-structuralist*

Readings of English Poetry Jan 22 2020

A selection of close-readings of canonical English poems with a focus on ideas and debates in critical theory and literary history.

The Complete Idiot's Guide to Literary Theory and Criticism Feb 15

2022 From Plato to Freud to ecocriticism, the book illustrates dozens of stimulating-and sometimes notoriously complex-perspectives for approaching literature and film. The book offers authoritative, clear, and easy-to-follow explanations of theories that range from established classics to the controversies of

current theory. Each chapter offers a conversational, step-by-step explanation of a single theory, critic, or issue, accompanied by concrete examples for applying the concepts and engaging suggestions for related literary readings. Following a section on the foundations of literary theory, the book is organized thematically, with an eye to the best way to develop a real, working understanding of the various theories. Cross-references are particularly important, since it's through the interaction of examples that readers most effectively advance

from basic topics and arguments to some of the more specialized and complicated issues. Each chapter is designed to tell a complete story, yet also to reach out to other chapters for development and debate. Literary theorists are hardly unified in their views, and this book reflects the various traditions, agreements, influences, and squabbles that are a part of the field. Special features include hundreds of references to and quotations from novels, stories, plays, poems, movies, and other media. Online resources could also include video and music clips, as well as high-quality examples of visual

art mentioned in the book. The book also includes periodic "running" references to selected key titles (such as *Frankenstein*) in order to illustrate the effect of different theories on a single work. *An Introduction to Literature, Criticism and Theory* May 06 2021 This book presents the key critical concepts in literary studies today, taking care to avoid the jargon that can arise in contemporary criticism and theory. It focuses on a range of texts including Chaucer, Achebe, Milton and Morrison. *Beginning Theory* Jan 26 2023 In this second edition of *Beginning Theory*,

the variety of approaches, theorists, and technical language is lucidly and expertly unraveled and explained, and allows readers to develop their own ideas once first principles have been grasped. Expanded and updated from the original edition first published in 1995, Peter Barry has incorporated all of the recent developments in literary theory, adding two new chapters covering the emergent Eco-criticism and the re-emerging Narratology. *Beginning Theory* Dec 25 2022 [Literary Theory: The Complete Guide](#) Jul 08 2021 Bringing together Mary Klages's

bestselling introductory books *Literary Theory: A Guide for the Perplexed* and *Key Terms in Literary Theory* into one fully integrated and substantially revised, expanded and updated volume, this is an accessible and authoritative guide for anyone entering the often bewildering world of literary theory for the first time. *Literary Theory: The Complete Guide* includes: · Accessible chapters on all the major schools of theory from deconstruction through psychoanalytic criticism to Marxism and postcolonialism · New chapters introducing

ecocriticism and biographies · Expanded and updated guides to feminist theory, queer theory, postmodernism and globalization · New and fully integrated extracts of theoretical and literary texts to guide students through their use of theory · Accessible coverage of major theorists such as Saussure, Freud, Lacan, Foucault, Cixous, Deleuze and Guattari and Bhabha Each chapter now includes reflection questions for class discussion or independent study and a cross-referenced glossary of key terms covered, as well as updated guides to further reading on each topic. Literary

Theory: The Complete Guide is an essential starting point for students of critical theory.
A History of Indian Literature in English Dec 21 2019 Annotation This volume surveys 200 years of Indian literature in English. Written by Indian scholars and critics, many of the 24 contributions examine the work of individual authors, such as Rabindranath Tagore, R.K. Narayan, and Salman Rushdie. Others consider a particular genre, such as post-independence poetry or drama. The volume is illustrated with b&w photographs of writers along

with drawings and popular prints. Annotation (c)2003 Book News, Inc., Portland, OR (booknews.com). *Literary Theory: A Guide for the Perplexed* Jun 19 2022 This Guide introduces theory in a clear, accessible way, focusing on the major approaches and theorists.
Beginning Theory Mar 28 2023 Beginning theory has been helping students navigate through the thickets of literary and cultural theory for over two decades. This new and expanded fourth edition continues to offer students and readers the best one-volume introduction to the field. The

bewildering variety of approaches, theorists and technical language is lucidly and expertly unravelled. Unlike many books which assume certain positions about the critics and the theories they represent, Peter Barry allows readers to develop their own ideas once first principles and concepts have been grasped. The book has been updated for this edition and includes a new introduction, expanded chapters, and an overview of the subject (Theory after Theory) which maps the arrival of new 'isms' since the second edition appeared in 2002 and the third edition in 2009. Literary Theory Feb 21 2020 The new

edition of this bestselling literary theory anthology has been thoroughly updated to include influential texts from innovative new areas, including disability studies, eco-criticism, and ethics. Covers all the major schools and methods that make up the dynamic field of literary theory, from Formalism to Postcolonialism Expanded to include work from Stuart Hall, Sara Ahmed, and Lauren Berlant. Pedagogically enhanced with detailed editorial introductions and a comprehensive glossary of terms Issues in Contemporary Critical Theory Aug

29 2020 Examines the issues which have provoked the current 'crisis' in literary studies-- including the notion of the 'death of the author', the reader's role in 'creating' the text, the nature of literary representation itself, and the challenge offered to conventional approaches by stylistics and deconstruction. Debate on these issues has transformed literary criticism since the 1960s. Studyguide for Beginning Theory by Barry, ISBN 9780719062681 May 26 2020 Never HIGHLIGHT a Book Again! Virtually all of the testable terms, concepts, persons, places,

and events from the textbook are included. Cram101 Just the FACTS101 studyguides give all of the outlines, highlights, notes, and quizzes for your textbook with optional online comprehensive practice tests. Only Cram101 is Textbook Specific. Accompany: 9780719062681 . *Literary Theory: A Complete Introduction* Dec 13 2021 Literary theory has now become integral to how we produce literary criticism. When critics write about a text, they no longer think just about the biographical or historical contexts of the work, but also about the different approaches that

literary theory offers. By making use of these, they create new interpretations of the text that would not otherwise be possible. In your own reading and writing, literary theory fosters new avenues into the text. It allows you to make informed comments about the language and form of literature, but also about the core themes - concepts such as gender, sexuality, the self, race, and class - which a text might explore. Literary theory gives you an almost limitless number of texts to work into your own response, ensuring that your interpretation is truly original. This is why, although literary theory can

initially appear alienating and difficult, it is something to get really excited about. Imagine you are standing in the centre of a circular room, with a whole set of doors laid out around you. Each doorway opens on to a new and illuminating field of knowledge that can change how you think about what you have read: perhaps in just a small way, but also perhaps dramatically and irrevocably. You can open one door, or many of them. The choice is yours. Put the knowledge you gain together with your own interpretation, however, and you have a unique and potentially fascinating

response. Each chapter in *Literary Theory: A Complete Introduction* covers a key school of thought, progressing to a point at which you'll have a full understanding of the range of responses and approaches available for textual interpretation. As well as focusing on such core areas as Marxism, Modernism, Postmodernism, Structuralism and Poststructuralism, this introduction brings in recent developments such as Eco and Ethical Criticism and Humanisms.

A Critical History of English Literature
Apr 17 2022
The Johns Hopkins

Guide to Literary Theory and Criticism Jun 07 2021 Publisher Description
Spectral Theory and Quantum Mechanics Mar 04 2021 This book discusses the mathematical foundations of quantum theories. It offers an introductory text on linear functional analysis with a focus on Hilbert spaces, highlighting the spectral theory features that are relevant in physics. After exploring physical phenomenology, it then turns its attention to the formal and logical aspects of the theory. Further, this Second Edition collects in one volume a number of useful rigorous

results on the mathematical structure of quantum mechanics focusing in particular on von Neumann algebras, Superselection rules, the various notions of Quantum Symmetry and Symmetry Groups, and including a number of fundamental results on the algebraic formulation of quantum theories. Intended for Master's and PhD students, both in physics and mathematics, the material is designed to be self-contained: it includes a summary of point-set topology and abstract measure theory, together with an appendix on differential geometry. The book

also benefits established researchers by organizing and presenting the profusion of advanced material disseminated in the literature. Most chapters are accompanied by exercises, many of which are solved explicitly."

Literature in

Contexts Apr 05 2021 Is it possible to return the literary text in all its particularity to the center of literary study, without going back to the "words-on-the page" myopia of the past? That is the primary question which Literature in Contexts engages with. In the 1980s, the study of the study of literary theory eclipsed the

study of the literary text, but today, we are told, we are "post theory." Yet, as it emerged from the shadow of theory, the literary text was eclipsed all over again by the study of context. Historicist contextualization became the dominant orientation in literary studies, and this (not quite) New Historicism spread in turn through period after period, from the Early Modern, through Romanticism, and on to the Victorian era. "Is English History?" people began to ask, as it became impossible to attend an academic conference without being subjected to a diet of history lessons. This book

seeks to problematize the very notion of context, which has remained for the most part stubbornly un-theorized and un-examined, and it seeks out - in a series of contextualizing experiments - contexts which are text-specific, or author-specific, or literary rather than historical, putting forward a distinction between "deep" and "broad" contexts, and arguing that we need to counter the prevalence of the latter if literary studies is to avoid becoming a minor branch of history. Literary Theory and Criticism Mar 16 2022 This volume offers a comprehensive

account of modern literary criticism, presenting the field as part of an ongoing historical and intellectual tradition. Featuring thirty-nine specially commissioned chapters from an international team of esteemed contributors, it fills a large gap in the market by combining the accessibility of single-authored selections with a wide range of critical perspectives. The volume is divided into four parts. Part One covers the key philosophical and aesthetic origins of literary theory, while Part Two discusses the foundational movements and thinkers in the first half of the

twentieth century. Part Three offers introductory overviews of the most important movements and thinkers in modern literary theory, and Part Four looks at emergent trends and future directions.
