But, majority of the words from this list are

mispronounced by some of the ESL (English as a Second Language) speakers. The author has identified those commonly misarticulated words and has highlighted those words in this book and has given the phonetic transcriptions for both British as well as American English. The IPA (International Phonetic Alphabet) symbols used in this book is based in the Cambridge Advanced Learner's Dictionary, Fourth Edition. The phonetic alphabet is the formula to pronounce English words correctly. As English is not a phonetic language, the spelling is not the reliable method to pronounced words perfectly.
