The Secret of Creating Your Reality Sep 14 2021 Changing Your Thoughts Can Change Your Reality A lot of us are skeptical on the idea that "We Create Our Reality", because most of us are not aware that we are the one who give meaning to everything that have happened to us. The biggest challenge for most of us is figuring out how to be fully aware of our own thoughts. It's only when we are capable of understanding our own thoughts and beliefs, then we can start to improve our overall quality of life. In The Secret of Creating Your Reality, Grace Scott will introduce some very important topics which are extremely crucial in order for us to live a passionate life. The Herd Mentality - It doesn't matter if you are aware of it or not, but most people are influenced by their peers to adopt certain behaviors, follow trends, and/or purchase items to fit into the society. In this chapter, you will find out how the herd mentality can affect you in an extremely negative way. Your Emotion is the Compass - We'll discuss on how our emotion

is like a compass. It always guides us to the right path. Most are people just suppressing their emotions and follow what the majority of the people do which lead to depression at the end. You are the Creator - In this chapter, you will find out how you can refocus your thoughts, energy and resources on the things that matter the most to you, so you can begin to see the world with a completely different lens. In this powerful guide, you will learn exact steps to improve your life by understanding our perceptions, thoughts and emotions. You will begin to find out what it really means to create your reality. It's time to take back the control of your life and start your journey towards a better, happier and more purpose-driven life.

The Secret in Building 26 Aug 14 2021 For the first time, the inside story of the brilliant American engineer who defeated Enigma and the Nazi code-masters Much has been written about the success of the British “Ultra” program in cracking the Germans’ Enigma code early in World War II, but few know what really happened in 1942, when the Germans added a fourth rotor to the machine that created the already challenging naval code and plunged Allied intelligence into darkness. Enter one Joe Desch, an unassuming but brilliant engineer at the National Cash Register Company in Dayton, Ohio, who was given the task of creating a machine to break the new Enigma settings. It was an enterprise that rivaled the Manhattan Project for secrecy and complexity—and nearly drove Desch to a breakdown. Under enormous pressure, he succeeded in creating a 5,000-pound electromechanical monster known as the Desch Bombe, which helped turn the tide in the Battle of the Atlantic—but not before a disgruntled co-worker attempted to leak information about the machine to the Nazis. After toiling anonymously—it even took his daughter years to learn of his accomplishments—Desch was awarded the National Medal of Merit, the country’s highest civilian honor. In *The Secret in Building 26*, the entire thrilling story of the final triumph over Enigma is finally told. From the Trade Paperback edition.

Instagram Secrets Feb 05 2021 Do you want to know how Instagram really works and what mindset you must have to succeed in this platform? If you just starting reading through this guide and are thinking that your business isn't an eCommerce business and so Instagram isn't the place for you, think again. Remember, the key proposition that Instagram brings is visualization. Consider these examples: 1. You're a real estate agent and want to highlight the newest mountain home that you have on the market 2. You are a world-class hospital that just released a new mother's ward with beautiful birthing and stay suites with a spa-like feel 3. You're a restaurant owner and want to highlight your savory and mouthwatering specials each week The above examples are all situations where nothing is actually being transacted online, but the business is building brand awareness and drumming up interest so that the consumer will visit their website, or pick up the phone, to learn more. The mysterious Instagram algorithm While we'll never know exactly how Instagram has weighted the various data points that they put into their algorithm, we do know that Instagram's back-end technology now focuses on relevancy, serving up the posts that are most likely to relate to certain users based on their activity on the site. So, every time a user clicks through a post, or spends a certain amount of time looking at a certain influencer, Instagram is capturing that data in some way, and building it into their engine to ensure that posts that users won't care about are less likely to show up in their feed. We do know, however, that Instagram is looking at the following: ? Timely content - This is all about recency, meaning if a user hasn't logged in for a while, they won't have to scroll through outdated (and no longer relevant) posts. They'll be shown timely content that matters to them. ? Interest - This is really the secret sauce, as Instagram is paying attention, and will serve content that it believes the user will be interested in. ? Relationships - Instagram knows what photos users tag, and where they comment. So, if a user has interacted in some way with certain brands in the past, they are far more likely to be served content from that brand, or similar brands, in the

future. For marketers, this is a great thing. It means that as Instagram learns more about your brand, your posts and advertisements are more likely to get in front of your niche, or target audience. A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016, Instagram literally turned their platform into an online marketplace. While it is still a common practice to include website links to your business site, and even to a product page, now it is possible to allow the customer to transact directly on the Instagram platform. For businesses that want to enable the Shopping capability, they need to meet the following requirements: ? You must have an Instagram business profile ? That business profile needs to be connected to a Facebook catalog ? Your company's registered headquarters location must be located in one of the Instagram approved countries ? Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing, we will not be providing a deep dive of the Instagram Shopping capability. Here is a Preview of What You Will Get: ? A Full Book Summary ? An Analysis ? Fun quizzes ? Quiz Answers ? Etc Get a copy of this summary and learn about the book.

THE SOLUTION TO ALL OF HUMANITY'S PROBLEMS and The Secret to Creating the Life You Want Apr 02 2023 How did a thirteen-year-old kid manage to retain a Yale University professor's request to work on the design of a secret invention at a private research facility? ...on his own without anyone helping him? "It was because at age 12, I applied a simple principle," says William Eastwood. What William Eastwood discovered in the 1970's in his youth, YEARS BEFORE Einstein's friend, David Bohm published "Wholeness and the Implicate Order" in the 1980s, was a secret about the universe. "When the science came out," Eastwood adds, "I had already been testing it for over five years. By the time I was 22, I owned three large historic homes on the coast of Maine. And I credit the worldview given in this book for all of

those achievements." David Bohm is the physicist who Albert Einstein called "a kindred spirit," and who's Ph.D. thesis - being top secret and classified - was awarded at the University of California at Berkeley by no other than Robert Oppenheimer himself. Bohm tells us that the environment around each of us IS A PROJECTION OF OUR MIND, BRAIN AND FIVE SENSES. "Early scientist missed this," says Eastwood, "and as a result settled on a picture of reality that was missing facts, VERY IMPORTANT FACTS that Bohm discovered. If we apply the science and change our core beliefs in a specific way, we can solve the world's problems and achieve any goal. That's why I had to write 'The Solution...'" "Putin's terror war against Ukraine, the attack on democracy, crime, social and personal problems alike, all have a simple solution, and I know what it is." So powerful is Eastwood's philosophy that the government prevented the publication of this book for over twenty years. It has only recently been made available to the public, and only because Eastwood used the philosophy to overcome the government's attempts to stop him. Will you give William Eastwood the chance he deserves? In "The Solution..." Eastwood explains exactly what is causing the problems in our world today. He gives you the solution to all of humanity's problems and then explains exactly how you can create what you want in life. He does so in simple and easy to understand words that anyone can understand. Others have agreed: "We can literally change the course of civilization by lifting the race to a higher path through implementing 'The Solution...'" says Mario Fusco, TH.D., RS.D, B.S.C.... There is nothing else like this book in the world today.

How To Introduce Characters Jun 23 2022 "Strong" is a word we often hear when describing good characters. But how do you create a strong character for your story? What makes the difference between a character your readers root for and one they forget? Creating characters that readers view as strong is not an easy task. What do readers want? Have you seen your page reads drop? Have you noticed there isn't read through on your series? Do you wish you could ask readers why? In this second book in the What Readers Want series, an avid genre reader gives writers insight into the type of characters readers are drawn to and more important the types that will make them put your book down.

The Values Factor Aug 26 2022 Based on his landmark research and teachings, Dr. John Demartini has discovered the key to fulfillment in all aspects of life. What is the most important step you can take to achieve the life you've always dreamed of? You might think the answer is something like, start saving money, get a better job, find my soul mate, or improve my marriage. Solutions like these might offer temporary satisfaction, but none of them can provide true, lasting fulfillment or help you achieve your unique purpose in life. The Values Factor shows you how to create a life in which every minute can be inspiring and fulfilling. The first step is to identify what you find most meaningful—the values in life that are most important to you. Once you understand your own unique values and align your life accordingly, you can achieve fulfillment in every aspect of your life: deepening your loving relationships, creating an inspiring career, establishing financial freedom, and tapping into a rich spiritual life. Dr. Demartini's provocative thirteen-part questionnaire will reveal to you what you value most. The answers may surprise you! Then, each chapter of this book explains how to align every aspect of your life with your true values, so that you can finally achieve the success that you were capable of all along.

The Book of Mistakes Feb 26 2020 Zoom meets Beautiful Oops! in this memorable picture book debut about the creative process, and the way in which "mistakes" can blossom into inspiration One eye was bigger than the other. That was a mistake. The weird frog-cat-cow thing? It made an excellent bush. And the inky smudges... they look as if they were always meant to be leaves floating gently across the sky. As one artist incorporates accidental splotches, spots, and misshapen things into her art, she transforms her piece in quirky and unexpected ways, taking readers on a journey through her process. Told in minimal, playful text, this story shows readers that even the biggest "mistakes" can be the source of the brightest ideas—and that, at the end of the day, we are all works in progress, too. Fans of Peter Reynolds's *Ish* and Patrick McDonnell's *A Perfectly Messed-Up Story* will love the funny, poignant, completely unique storytelling of *The Book of Mistakes*. And, like *Oh, The Places You'll Go!*, it makes the perfect graduation gift, encouraging readers to have a positive outlook as they learn to face life's

obstacles.

The Entrepreneur's Secret to Creating Wealth May 03 2023 An often overlooked secret to creating wealth as a business owner has little to do with actually running the business. Marketing, customer service, quality products, and more are required to make a business successful...but

when it comes to creating real and lasting wealth, decisions regarding this key "secret" will have the greatest impact. As both a small business lender and a small business owner himself, Chris Hurn has a bird's eye view of how businesses create wealth, as well as an in-the-trenches perspective on the tough decisions that must be made if a business is to go from good to great. In *The Entrepreneur's Secret to Creating Wealth*, Chris explains the myriad of factors and variables involved in this significant wealth-creation strategy. Plenty of books describe how entrepreneurs can create more ideas or have happier employees. But no other business book outlines in such detail -- or with such authority -- how to actually develop the wealth behind the business. **SPECIAL OFFER** When you buy two or more copies of this book (say, one for you and one you give to a friend), we'll donate the net proceeds of the sale to the National Federation of Independent Business (NFIB) Young Entrepreneur Foundation. All we need is a copy of your receipt showing the purchase, and that can be emailed (info@mercantilecc.com), faxed (407-682-1632) or mailed (60 N. Court Avenue, Suite 200, Orlando, FL 32801).

Unlocking the Secret to Creating Meaningful Dialogue in a Learning Community Dec 18 2021

Authentic Leadership Jan 25 2020 In the wake of continuing corporate scandals there have been few, if any, CEOs that have stepped forward as models of "doing things right"—except the former chairman and CEO of Medtronic, Bill George. George has become the unofficial spokesperson for responsible leadership—in business, the media, and academia. In *Authentic Leadership* Bill George makes the case that we do need new leaders, not just new laws, to bring us out of the current corporate crisis. He persuasively demonstrates that authentic leaders of mission-driven companies will create far greater shareholder value than financially oriented companies. During George's twelve-year leadership at Medtronic, the company's market capitalization soared from \$1.1 billion to \$460 billion, averaging 35% per year. George candidly recounts many of the toughest challenges he encountered -- from ethical dilemmas and battles with the FDA to his own development as a leader. He shows how to develop the five essential dimensions of authentic leaders—purpose, values, heart, relationships, and self-discipline. Authentic

Leadership offers inspiring lessons to all who want to lead with heart and with compassion for those they serve. Bill George helps readers answer vital questions such as: What should I do when my personal values conflict with company business values? How do I make trade-offs between the needs of my customers, my employees, and my company's shareholders? Do I really want to devote my talents to business? Authentic Leadership provides a tested guide for character-based leaders and all those who have a stake in the integrity and success of our corporations.

Blend May 30 2020 A wise and inspiring guide to creating a happy and healthy blended family by Mashonda Tifrere with contributions from her co-parents--Swizz Beatz and his wife, Grammy-Award winning singer and songwriter Alicia Keys. In January 2010, founder of ArtLeadHer Mashonda Tifrere and music producer Swizz Beatz finalized their divorce. When Swizz married award-winning singer/songwriter Alicia Keys, a new dynamic was born--three adults who loved and were deeply committed to raising Mashonda and Swizz's four-year old son Kasseem. In Blend, Tifrere draws on the insights they gained from their journey as well as advice from family therapists, parenting experts, and other blending families, to provide an invaluable resource for blended families. Statistics show that one in three Americans is now a step-parent, stepchild, step-sibling or other member of a blended family. The number of first time marriages or romantic relationships that end in divorce or breakups and the high percentage of remarriages and new relationships that involve children demand a unique, life-affirming approach to processing the end of one relationship and the rebirth of a new familial dynamic with the well-being of children at its center. In this book, Tifrere shares intimate details on how she and her co-parents used communication, patience and love to create an environment where they were able to work as a team and all the children involved could thrive. Blend will inspire a generation of families.

The Secret To Creating Wealth and Happiness Apr 21 2022 There are hundreds, if not thousands of motivational and self-help books out there. There are hundreds, if not thousands of manifestation and "Get Rich Quick" books on the shelves and online. So what makes this book different and why should you read it? Because this book is uniquely different! This book was written for you. This book speaks directly to you. It is written in a way that is easy to understand and apply to your life. There are no rules or lists of things you must do. You, the reader, can choose how you wish to apply this knowledge and information into your life in a way that works for you. Most every other motivational book on the market is a spinoff of earlier writings, and was written primarily to make the author money, with very little thought given to the individual reader. I've read many such books in my own quest to better my life and have discovered where they fail. All these books have good intentions but they don't work for most readers. They are written from the author's point of view. This book was written for you, the reader, the seeker of knowledge, with the sincere desire that your life will be transformed and made better. I promise that if you read this entire book, you cannot help but greatly improve your life in some way, even if you do nothing else. We are each individuals, and we each react to situations and new information in our own unique way, but if you just learn one new thing from reading this book, your life will improve in some way. However, I'm certain you will learn much more than one thing and gain a better understanding of how life, your mind and the world works to manifest wealth and success, and will be able to use this new understanding to bring into your life anything you desire.

The Secrets to Creating Amazing Photos Jan 07 2021 "This friendly book leads us clearly and gracefully from the basics to advanced techniques in photography composition . . . highly recommended."

—Brian Taylor, executive director, Center for Photographic Arts There's a common misconception that composition is mysterious and that only certain people have that natural gift for the techniques involved. The truth is that composition involves a set of skills that you can master. Just as you can use cookbook recipes to make your favorite meal—you don't have to be a famous French chef—you also can take amazing photos by just following a recipe! Marc Silber has spent years studying the works of masters and interviewing some of the biggest names in photography. *The Secrets to Creating Amazing Photos* puts at your fingertips ideas for improving your skills by giving you easy-to-follow “recipes” that will improve your photography right now! Composition is one of the biggest keys to creating photos that others will love. No matter what kind of camera or smartphone you're using, you can take your photography to the next level and beyond by learning composition tools and secrets known to the masters of the art. With this handy guide, you can flip to the look you want on the spot and follow the recipe for creating an image that inspires you. Use it when you're out photographing to get new ideas and inspiration. “Buy it, read it and then apply what you have learnt from this superb new book . . . This is a complete must-have, a veritable cornucopia of wisdom gained over decades of experience.”

—Gray Levett, editor of Nikon Owner magazine
