What We Believe Mar 25 2022 This powerful activity book will engage hands, hearts, and minds as it introduces children to the guiding principles of the Black Lives Matter movement. When the Black Lives Matter movement began in 2013, the three founders--Alicia Garza, Patrisse Khan-Cullors, and Opal Tometi--anchored its work in a list of guiding principles, developed through conversation with other activists. These principles commit the movement to empathy, loving engagement, and just action among its participants; affirm the importance of Black women, families, elders, and LGBTQ folk; and celebrate the strength and diversity of

Black people in their communities and around the globe. Now young people can explore these powerful principles in *What We Believe: A Black Lives Matter Principles Activity Book*. Created by two teachers with more than thirty-five years of educational experience between them, the book presents the guiding principles in down-to-earth, child-friendly language, with each principle accompanied by writing prompts, space for children or adults to create their own reflections, and a coloring page. Supporting materials guide adults in sharing the principles with children and encourage kids to dream big and take action within their communities. An essential resource for anyone discussing racial equity with young people, *What We Believe* offers a beautiful and inspiring lens on the most important social justice movement of our time. Lee & Low Books will donate a portion of its proceeds from the book to the Black Lives Matter Global Network Foundation, Inc.

[The Reverse Coloring Book™](#) May 07 2023 Coloring books became a thing when adults discovered how relaxing and meditative they were. Jigsaw puzzles roared back into popularity as an immersive activity, not to mention a great alternative to television. How

exciting is it, then, to introduce an activity that tops them both: reverse coloring, which not only confers the mindful benefits of coloring and puzzling but energizes you to feel truly creative, even when you're weary and just want to zone out. It's so simple, yet so profoundly satisfying. Each page in *The Reverse Coloring Book* has the colors, and you draw the lines. Created by the artist Kendra Norton, these beautiful and whimsical watercolors provide a gentle visual guide so open-ended that the possibilities are limitless. Trace the shapes, draw in figures, doodle, shade, cover an area with dots. Be realistic, with a plan, or simply let your imagination drift, as if looking at clouds in the sky. Each page is an invitation to slow down, let go, and thoughtfully (or thoughtlessly) let your pen find its way over the image. *The Reverse Coloring Book* includes 50 original works of art, printed on sturdy paper that's single-sided and perforated. And unlike with traditional coloring books, all you need is a pen.
