"An absolutely breathtaking book -- in its thoughtfulness and imaginativeness, in the breadth and depth of the research which it entailed, in its geographical, cultural, and historical situatedness, and in its profound critical empathy for all of the key players. Beautifully and skillfully written." - Sydney White, Associate Professor of Anthropology, Asian Studies, and Women's Studies at Temple University "The Paper Road is an eloquent, even haunting narrative of the relationships between colonial explorers/scientists and their native collaborators that makes vivid the theme of 'colonial intimacy.' It speaks to scholars working on Chinese minorities and frontier relations, to historians of comparative colonialism, to experts on Tibet and Buddhism, and probably also simply to lovers of tales of mountains and exploration." -Charlotte Furth, Professor Emerita of Chinese History , University of Southern California. This comprehensive book is useful for IFS Main Examination (Botany) Exam for the purpose of Study and practice of questions based on the latest pattern of the examination. UPSC Mains : BOTANY Question Papers (2010-2020) This textbook has been designed to meet the needs of B.Sc. Second Semester students of Botany for the Panjab University, Chandigarh. Maintaining the traditional approach to the subject, this textbook not only provides strong conceptual understanding, but also helps in developing scientific outlook of the student. It comprehensively covers two papers, namely, Plant Diversity-II and Genetics. The first part discusses the diversity in various life forms of plant kingdom. It also discusses the reproduction and life cycle of Bryophytes and Pteridophytes. Second part of the book on Genetics, provides an insight about the important role of Genetics on the structural and functional differentiation of plants. Mendel's life, laws of dominance, segregation and independent assortment are discussed in this book. Further, it elucidates linkages, crossing over, sex linked inheritance and mutation. The purpose of this work is, to furnish to young persons, to families, and inquirers generally, a convenient book of reference on Botany, -- and one which may be practically useful, as well to the student who wishes to pursue the subject systematically, as to the casual reader or observer, who desires occasionally to consult some authority in relation to a particular point.
