In *Several Short Sentences About Writing*, he sets out to help us unlearn that "wisdom"—about genius, about creativity, about writer's block, topic sentences, and outline—and understand that writing is just as much about thinking, noticing, and learning what it means to be involved in the act of writing. Why I Write Jul 27 2021 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the *Orwell's Essays* series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction

and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can - and must - be rediscovered with every age.' — Irish Times

Your Story Aug 16 2020 We either think our lives are so special that everyone should be interested in what's happened to us, or so ordinary that we can't imagine anyone would care. The truth lies somewhere in between: yes, we are all special, and no, people will not care—unless we write with them in mind. Joanne Fedler, a beloved writing teacher and mentor, has written *Your Story* to help all people, even those who don't necessarily identify as "writers," value their life stories and write them in such a way that they transcend the personal and speak into a universal story. This book shows how to write from your life, but for the benefit of others. Each human life is unique, and the meaning we each make from our joys and suffering can, if written with a reader in mind, be an act of generosity and sharing. Filled with practical wisdom and tools, the book tackles: •mindset issues that prevent us from writing •ways to develop trust (in yourself, the process, the mystery) •triggers or prompts to elicit our own stories •Joanne's original techniques for "lifewriting" developed over a decade of teaching and mentoring •and much more "Joanne understands the writer's loneliness," says one such writer whose life she's touched, the award-winning Israeli author Nava Semel. "In this book she has created a menu of encouraging possibilities on how to overcome our fears and dig deep into our souls, so that our true voice can emerge."

The Bestseller Code Oct 18 2020 "When a story captures the imagination of millions, that's magic. Can you qualify magic? Archer and Jockers just may have done so."—Sylvia Day, New York Times bestselling author Ask most people about massive success in the world of fiction, and you'll typically hear that it's a game of hazy crystal balls. The sales figures of E. L. James or Dan Brown seem to be freakish—random occurrences in an unknowable market. But what if there were an algorithm that could reveal a secret DNA of bestsellers, regardless of their genre? What if it knew, just from analyzing the words alone, not just why genre writers like John Grisham and Danielle Steel belong on the lists, but also that authors such as Junot Diaz, Jodi Picoult, and Donna Tartt had telltale signs of success all over their pages? Thanks to Jodie Archer and Matthew Jockers, the algorithm exists, the code has been cracked, and the results bring fresh new insights into how fiction works and why we read. The Bestseller Code offers a new theory for why *Fifty Shades of Grey* sold so well. It sheds light on the current craze for dark heroines. It reveals which themes tend to sell best. And all with fascinating supporting data taken from a five-year study of twenty thousand novels. Then there is the hunt for "the one"—the paradigmatic example of bestselling writing according to a computer's analysis of thousands of points of data. The result is surprising, a bit ironic, and delightfully unorthodox. This book explains groundbreaking text-mining research in accessible terms and offers a new perspective on the New York Times bestseller list. It's a big-idea book about the relationship between creativity and technology that will be provocative to anyone interested in how analytics have already transformed the worlds of finance, medicine, and sports. But at heart it is a celebration of books for readers and writers—a compelling investigation into how successful writing works, and a fresh take on our intellectual and emotional response to stories.

How to Read Like a Writer Dec 12 2022 When you Read Like a Writer (RLW) you work to identify some of the choices the author made so that you can better understand how such choices might arise in your own writing. The idea is to carefully examine the things you read, looking at the writerly techniques in the text in order to decide if you might want to adopt similar (or the same) techniques in your writing. You are reading to learn about writing. Instead of reading for content or to better understand the ideas in the writing (which you will automatically do to some degree anyway), you are trying to understand how the piece of writing was put together by the author and what you can learn about writing by reading a particular text. As you read in this way, you think about how the choices the author made and the techniques that he/she used are influencing your own responses as a reader. What is it about the way this text is written that makes you feel and respond the way you do?

Writing with the Master Mar 23 2021 With seven unpublished novels wasting away on his hard drive, Tony Vanderwarker is astonished when John Grisham offers to take him under his wing and teach him the secrets of thriller writing. "The beginning and the end are easy," Grisham tells him. "It's the three hundred pages in the middle that's the hard part." To ensure his plot doesn't run out of gas, Grisham puts Tony through his outline process. Tony does one, and then Grisham asks for another ... and another ... and another. As they work together, Grisham reveals the techniques that have helped him create compelling bestsellers for more than two decades—for instance, "You've got to hook your reader in the first forty pages or you'll lose them." After a year of constructing outlines, Grisham finally gives Tony the go-ahead to start writing. *Writing with the Master* immerses the reader in the creative process as Tony struggles to produce a successful thriller. Unseen City Nov 18 2020 A spinster librarian in New York City becomes obsessed with a patron and his haunted house in this novel by the author of *The Mermaid of Brooklyn*. In a city teeming with stories, how do lost souls find one another? It's a question Meg Rhys doesn't think she's asking. Meg is a self-identified spinster librarian, satisfied with living with her cat, stacks of books, and her dead sister's ghost in her New York City apartment. Then she becomes obsessed with an intriguing library patron and the haunted house he's trying to research. The house has its own story to tell too, of love and war, of racism's fallout and the ghost story that is gentrification, and of Brooklyn before it was Brooklyn. What follows is an exploration of what home is, how we live with loss, who belongs in the city and to whom the city belongs, and the possibilities and power of love. Praise for *Unseen City* "Gripping, moving, and vital, *Unseen City* asks how human life might defy its lifespan—in the throes of love, the conviction of belief, and each person's mark upon a city that will survive them. For two days, I laughed at Amy Shearn's wry humor and gasped at her gorgeous sentences; I couldn't put this brilliant book down until its perfect final line (and I'm haunted still—which is appropriate, I suppose)!" —Miranda Beverly-Whittemore, bestselling author of *June and Bittersweet* "A ghost story that focuses not on a single spirit but on an entire city whose layered history haunts its occupants. . . . Like the ghosts who inhabit its pages, the novel lingers long after you've put it down." —Kirkus Reviews "Luminous. . . . Shearn's nimble storytelling unearths a fascinating and fraught history." —Publishers Weekly "Amy Shearn's modern fable *Unseen City* is anchored by smart, sly humor. It

delves into the layered social, psychological, and historical architecture of New York City. . . . [It] demands calling out the names of the dead, assuring its audience that they're ready to answer and say, "I'm here." —Foreword Reviews

How to Write About Africa Dec 20 2020 From one of Africa's most influential and eloquent essayists, a posthumous collection that highlights his biting satire and subversive wisdom on topics from travel to cultural identity to sexuality "A fierce literary talent . . . [Wainaina] shines a light on his continent without cliché."—The Guardian "Africa is the only continent you can love—take advantage of this. . . . Africa is to be pitied, worshipped, or dominated. Whichever angle you take, be sure to leave the strong impression that without your intervention and your important book, Africa is doomed."

Binyavanga Wainaina was a pioneering voice in African literature, an award-winning memoirist and essayist, and a gatherer of literary communities. Before his tragic death in 2019 at the age of forty-seven, he won the Caine Prize for African Writing and was named one of Time's 100 Most Influential People. His wildly popular essay "How to Write About Africa," an incisive and unapologetic piece exposing the harmful and racist ways Western media depicts Africa with implicit bias and subjective clichés, changed the game for African writers and helped set the stage for a new generation of authors, from Chimamanda Ngozi Adichie to Yaa Gyasi. When Wainaina published a "lost chapter" of his 2011 memoir as an essay called "I Am a Homosexual, Mum," which imagines coming out to his mother, he became a voice for the queer African community as well, adding a new layer to how African sexuality is perceived. *How to Write About Africa* collects these powerful pieces in a lively and imaginative set of essays about sexuality, art, history, and contemporary Africa. Wainaina's writing is playful, robust, generous, and full-bodied. He describes the modern world with sensual, emotional, and psychological detail, giving us a full-color view of a country and continent. These works present a portrait of a giant in African literature who left a tremendous legacy.

How to Write a Book Jul 15 2020 I want to write a book. Where do I start? Are you thinking of writing a novel or a nonfiction book but aren't sure where to begin? Perhaps you've heard of the Snowflake Method, the 30-Day Method, the 5-Draft Method, outlining, plotters and pantsers, but are just having trouble fitting writing into your life. This is the writing guide to get you going! Maybe you've already started a book - once, twice, several times - yet somehow drifted away, lost focus, lost momentum, and ended up dumping your manuscript in the too-hard basket. This is the writing guide to get you back on track! 12 simple steps to becoming an author Divided into three easy stages, *How to Write a Book* has 12 simple steps that take you through the process of writing from start to finish. Part 1: Getting Started explores the tricks of the mind that stand in the way of a would-be writer. From finding the time, to dealing with distractions, battling Resistance, what to do when your mind's a blank, and even writing with a tomato! Part 2: Keeping Going. Most novels are abandoned one-third of the way in. Find out why. And find out what you can do when you hit The Wall, strike writer's block, or are trapped in the tyranny of constant changes. Part 3: Letting Go. The tricks of the mind don't stop once you type THE END. This part looks at the quest for perfection (and how to handle it), dealing with rejections, and what to do once you think you're done. Bonus chapter A special bonus chapter deals with what you should write, the business of writing, being a guinea pig, doing a Nanowrimo ("write a novel in a month"), the three Ps (Practice, Productivity and Professionalism), and what being a successful writer really means. Write the novel you've always dreamed of writing. Start today! Excerpt from the Introduction On 1 September 1995, Jim Grant sat down to write. He'd never written a novel before and, having just been made redundant from his job at Granada Television, reckoned he'd have to earn himself a laptop. So he went out and bought three pads of paper, a pencil, a pencil-sharpener and an eraser, investing the princely sum of £3.99 in his new vocation. Then settled down to work. Long-hand. The book he wrote - called *Killing Floor* - earned Grant a laptop all right, and a great deal more. It, and his subsequent books, have regularly topped the bestseller charts for the last twenty years. But you probably don't recognise his name. That's because Grant writes under the pseudonym Lee Child. My aim in opening with that story wasn't to add to the mythology of Jim Grant/Lee Child, or to help him sell more books. (He seems to be doing okay without my assistance.) What I wanted to emphasise was the writer's basic tools: pads of paper a pencil a pencil-sharpener an eraser That, really, is all you need. And it's all writers have needed for centuries. You don't need a new laptop with terabytes of disk space and monitor large enough to be seen from the Moon. All you need is £3.99's worth of supplies. (About \$5 in the US.) If you have a typewriter, great. A computer's even better. But neither of those things are essential. All you really need is some method of recording your thoughts. A pencil and paper work fine. Just ask Lee Child.
