Tales from the Back Row Jan 14 2022 "Hilarious, insightful and smart. A must-read for anyone who wears clothes." —Chelsea Handler *US Weekly, "Riveting Reads for Labor Day"* *Bustle, "2015 Books Every Funny Woman Should Read" and "September 2015's Best Books"* *Refinery29 "Fall's Most Highly Anticipated Nonfiction Reads"* *theSkimm, "Skimm Reads"* *Popsugar, "Motivational Books You Should Read this Fall"* *AM NY, "New Books for New Yorkers to Read This Fall"* The Lowdown on High Fashion Cosmopolitan.com editor Amy Odell knows what it's really like to be a young woman working in the fashion industry. In *Tales from the Back Row*, Amy—funny and fearless—takes readers behind the stage of New York's hottest fashion shows to meet the world's most influential models, designers, celebrities, editors, and photographers. But first, she has to push her way through the crowds outside, where we see the lengths people go to be noticed by the lurking paparazzi, and weave her way through the packed venue, from the very back row to the front. And as Amy climbs the ladder (with tips about how you can, too), she introduces an industry powered by larger-than-life characters: she meets the intimidating Anna Wintour and the surprisingly gracious Rachel Zoe, not to mention the hilarious Chelsea Handler, and more. As she describes the allure of Alexander Wang's ripped tights and Marchesa's Oscar-worthy dresses, Amy artfully layers in something else: ultimately this book is about how the fashion industry is an exaggerated mirror of human fallibility—reflecting our desperate desire to belong, to make a mark, to be included. For Amy is the first to admit that as much as she is embarrassed by the thrill she gets when she receives an invitation to an exclusive after-party, she can't help but RSVP "yes."

Tales from Ovid Jan 02 2021 When Michael Hofmann and James Lasdun's ground-breaking anthology *After Ovid* (also Faber) was published in 1995, Hughes's three contributions to the collective effort were nominated by most critics as outstanding. He had shown that rare translator's gift for providing not just an accurate account of the original, but one so thoroughly imbued with his own qualities that it was as if Latin and English poet were somehow the same person. *Tales from Ovid*, which went on to win the Whitbread Prize for Poetry, continued the project of recreation with 24 passages, including the stories of Phaeton, Actaeon, Echo and Narcissus, Procne, Midas and Pyramus and Thisbe. In them, Hughes's supreme narrative and poetic skills combine to produce a book that stands, alongside his *Crow* and *Gaudete*, as an inspired addition to the myth-making of our time.

It's a throwback to the weird tales of yesteryear, in the vein of *Tales from the Crypt* and *The Twilight Zone*, but with contemporary characters and settings. Getting an education has never been more dangerous. This is the first volume in an ongoing series.

Tales From a Tin Can Mar 24 2020 "What was life like on a destroyer during World War II? Find out by reading Michael Keith Olson's superb telling of tales of the war in the Pacific as seen from the deck of a very luck 'tin can'... The son of a former Dale crewman, Olson interviewed 44 veterans and delved deeply into official documents to give this book the air of authenticity that puts the reader in the heart of the action. "Tales from a Tin Can is the first oral history of one combat ship's adventures, sometimes comic, sometimes mundane, sometimes heart wrenching, over the entire course of America's involvement in the Pacific. An impressive accomplishment and highly recommended." WWII History "This fascinating book captures not only the furious clashes with the Japanese but also the humdrum days in-between and the heart-stopping encounters with typhoons that could be as lethal as any engagement with the enemy. Anyone interested in stories from World War II will find this well-illustrated account of the naval campaign in the Pacific fascinating." Register -Pajaronian Looking up from his newspaper from where he sat on the deck of the destroyer USS Dale, Harold Reichert could see the pilot plain as day--the leather helmet with chin strap, the goggles, and then the red rising sun painted on the planes fuselage. "I saw the torpedo drop and watched as it ran up on the old Utah." It was daybreak at Pearl Harbor on December 7, 1941, the beginning of the war, and the Dale was there; she would serve until the end, when the atomic bombs were dropped and Japan surrendered. In the words of those who manned her, the Dale's war comes vividly to life in this first oral history of a combat ship from Pearl Harbor to Tokyo Bay. From carrier raids on Midway, Guadalcanal, and the Solomons to the bombarding of Saipan and Guam in the capture of the Marianas, from the Aleutians in the far north to strikes on Tokyo and Kobe, *Tales from a Tin Can* recreates the action aboard the Dale, and conveys as never before the true grit of wartime on a destroyer.

Tales from the Poorhouse Feb 21 2020 This book consists of a remarkable suite of four monologues: "The Orphan", "The Master", "The Landlord", and "The Mother". They place in counterpoint, the stories of a mother and her daughter, a landlord, and the Master of a workhouse in mid-19th century Ireland. In the immediate aftermath of the "hard hunger", and against the backdrop of other miseries -- an American Wake, poverty, deaths in childbearing -- Eugene McCabe relates memories, confessions, and apologies. Through nimble shifts of time, perspective, and voices, he reveals why he is celebrated as a chronicler of complex historical predicaments and the details of social nuance. In this memorable fiction, his imagination and narrative artistry are at their most vital.
