"A few short years from now, eco-terrorists unleash the worst attack the world has ever seen. Over 25,000 autonomous combat drones are released in Manhattan from the hold of a ship. Hundreds of thousands are dead, and the entire island is evacuated and quarantined in just a few days' time. Ten years later, Manhattan is still empty of humans, with the exception of the salvage specialists of the most watched reality show in history: Zone War. Produced live and unedited, the show follows five teams of armored vehicle specialists who brave the active drones to recover lost riches and collect bounties on dead ones. Ram it, slam it, grab the goods and bull your way back out. And don't break down, because no one will be coming to your aid. Armored entry is the way to go...Unless...' Meet Ajaya "AJ" Gurung, sniper's son, drone technician and Zone infiltrator. Following his father's footsteps while forging ahead in ways all his own, AJ has the potential to be the most successful recovery specialist of all time. A Master Chief story and original full-length novel set in the Halo universe—based on the New York Times bestselling video game series! 2526. It has been more than a year since humanity first encountered the hostile military alliance of alien races known as the Covenant, and several weeks after the United Nations Space Command's devastating counterattack of Operation: SILENT STORM was deemed an overwhelming success. The UNSC has put its faith in the hands of the Spartans, led by the legendary Master Chief, John-117: enhanced super-soldiers raised and trained from childhood via a clandestine black ops project to be living weapons. But the Covenant—enraged and fearful of their enemy's unexpected strategies and prowess—is not taking its recent defeat lightly, and is now fully determined to eradicate humanity from existence, brutally overrunning the ill-fated planets of the Outer Colonies faster than retreats can be ordered. If the UNSC has any chance of stemming the tide of the war, the Master Chief and Blue Team must drop onto an empty, hellish world in order to capture a disabled Covenant frigate filled with valuable technology. It has all the makings of a trap, but the bait is far too tempting to ignore—and this tantalizing prize is being offered by a disgraced and vengeful Covenant fleetmaster, whose sole opportunity for redemption lies in extinguishing humanity's only hope of survival...
