Delphi Complete Works of Howard Pyle (Illustrated) Jan 01 2023 The American illustrator and author Howard Pyle is best known for his celebrated children ' s books. His magazine and book illustrations are regarded as among the finest of the turn-of-the-century period in the Art Nouveau style. Pyle achieved especial fame as an accomplished and original illustrator of historical legends and fairy stories, noted for the vivid richness and historical accuracy of his work — both as a writer and an artist. Many of Pyle ' s children ' s stories are now regarded as American classics, including 'The Merry Adventures of Robin Hood', 'Otto of the Silver Hand', 'Jack Ballister ' s Fortunes' and his magical tales of Arthurian legend. For the first time in publishing history, this eBook presents Pyle ' s complete published works, with hundreds of illustrations, rare texts, informative introductions and the usual Delphi bonus material. (Version 1) * Beautifully illustrated with images relating to Pyle ' s life and works * Concise introductions to the novels and other texts * All 14 novels, with individual contents tables * Features rare novels appearing for the first time in digital publishing, including ' The Garden behind the Moon ' * All of the novels feature Pyle ' s original illustrations — over a 1,000 illustrations * Images of how the books were first published, giving your eReader a taste of the original texts * Excellent formatting of the texts * Rare uncollected short stories available in no other collection * Special chronological and alphabetical contents tables for the short stories * Easily locate the short stories you want to read * Includes a wide range of Pyle ' s illustration work for other novelists * Scholarly ordering of texts into chronological order and genres Please visit

History of the Hume Family Dec 08 2020

Lost Freedom Mar 23 2022 Lost Freedom addresses the widespread feeling that there has been a fundamental change in the social life of children in recent decades: the loss of childhood freedom, and in particular, the loss of freedom to roam beyond the safety of home. Mathew Thomson explores this phenomenon, concentrating on the period from the Second World War until the 1970s, and considering the roles of psychological theory, traffic, safety consciousness, anxiety about sexual danger, and television in the erosion of freedom. Thomson argues that the Second World War has an important place in this story, with war-borne anxieties encouraging an emphasis on the central importance of a landscape of home. War also encouraged the development of specially designed spaces for the cultivation of the child, including the adventure playground, and the virtual landscape of children's television. However, before the 1970s, British children still had much more physical freedom than they do today. Lost Freedom explores why this situation has changed. The volume pays particular attention to the 1970s as a period of transition, and one which saw radical visions of child liberation, but with anxieties about child protection also escalating in response. This is strikingly demonstrated in the story of how the paedophile emerged as a figure of major public concern. Thomson argues that this crisis of concern over child freedom is indicative of some of the broader problems of the social settlements that had been forged out of the Second World War.

Money and Banking in Medieval and Renaissance Venice Jan 27 2020 At the time it was first published, this book made a significant contribution to the history of money and economics by underscoring the large role that Venice played in the economic history of the West and the ascendance of capitalism as a structuring force of society.

My Paperback Book Jun 25 2022 Since its founding, development and continued transformation, Needmore had been the apex of African American culture throughout

Starkville, Oktibbeha county and Mississippi . This also, focuses on Negroes' struggles to become Black and their transition to African Americans. What is the origin of the name Needmore? Many think it means the community needs more of everything and that poverty is the essence of it's meaning. Needmore is a railroad term which means that the towns near the tracks need more people to come and take up residence. Needmore's rich and diverse culture that continues to impact the growth and development of the youth and the infrastructure of the city of Starkville. The rush to record the history of the Needmore community presented a sense of urgency to write this book. It's umbilical cords are expiring and their repository of history is critical in completing this book that links future generations to their past.

Professional Accounting Essays and Assignments May 01 2020 Professional Accounting Essays and Assignments - Second Edition. Give yourself the edge with 1000++ Professional Accounting Essays and Assignments Are you studying Accounting ? Struggling with a Professional Accounting Essays and Assignments? You've come to the right place. We've included Professional Accounting Essays and Assignments on this book to help. What you really need, however, is an original, fresh answer to your Professional Accounting Essay and Assignment questions, written just for you. That's exactly what we provide - and your answer is written by a certified professional. We have writers who have undergraduate and masters qualifications in Business Law , and who are experts in your subject. Many work in the Business Law sector and so have both the practical experience and also theoretical knowledge, the work they produce is as you would expect to the highest standards. The essays provided on this application are special for you.

Monongahela National Forest (N.F.), Lower Williams Vegetation Mar 03 2023

They Came in Ships Sep 16 2021 From 1838 until 1917, Indians arrived to work as indentured labourers in Guyana. The majority never returned to India and today over 50% of the Guyanese population is of Indian origin. This anthology of prose and poetry shows how the Indians changed the character of Guyana and the Caribbean and how, over 150 years of settlement, Indians became Indo-Guyanese. Ranging from the earliest attempts at cultural self-definition in the 19th century (and early narrative images of the Indian presence in non-Indian writing), to the creative writing of the 1990s, this anthology provides a fascinating insight into the transformation of an ancient culture in the New World. Extracts from novels, short stories, essays and poems explore the experience of plantation life, of relationships with other ethnic groups, issues of gender within Indo-Guyanese culture and the adjustments in cultural practices which separation from India and involvement with the new environment required. Brief introductory essays by Jeremy Poynting set historical contexts, and there is an invaluable bibliography of Indo-Guyanese writing. This is the only anthology of its kind.

U.S. Forest Service Resource Bulletin PNW. May 13 2021

The Guru Chronicles Oct 30 2022 Anyone on the spiritual path knows it's rare that the illumined lives of yogis and gurus are laid before us. We have but a handful: Autobiography of a Yogi; Milarepa: Tibet's Great Yogi; Ramakrishna and His Disciples and a few of others. Now comes an amazing book, The Guru Chronicles, filled with the magical and highly mystical stories of Satguru Sivaya Subramuniaswami, his Sri Lankan guru Siva Yogaswami and five preceding masters, who all held truth in the palm of their hand and inspired slumbering souls to "Know thy Self."

The Knights of the Round Table: Stories of King Arthur and the Holy Grail Apr 23 2022 First published in the year 1897, the present book 'The Knights of the Round Table: Stories of King Arthur and the Holy Grail' is a collection of classic tales of adventure that are based on the medieval European history. This volume is compiled by William Henry Frost.

Towards Social Stability and Democratic Governance in Central Eurasia Jul 27 2022 Through invasions, migrations, trade and cultural exchange, developments in Central Eurasia have, for millennia, impacted upon the history of both Europe and Asia. For the last three hundred years, Central Eurasia has been the stage upon which great empires clashed. Following the dissolution of the Soviet Union, Central Eurasia has once again emerged as a region of geo-political concern with various new international actors involved: the USA, international monetary organizations, strategic alliances, TNCs, NGOs, regional blocks, as well as criminal groups and ethno-religious movements. The new 'centrality' of Central Eurasia brings new security threats to the region's population, to Europe and to the rest of the world. Repressive political regimes and marginalization of whole groups of the population inflame conflicts that spill across national borders. Migration to Europe, both legal and illegal, the illicit production and trade of drugs are the direct outcome of social-economic destabilization in Central Eurasia. Territorial disputes, border conflicts and competition for resources among the Central Eurasian ethnicities have become the unfortunate reality. Post-Soviet Central Eurasia, as a direct neighbor to the turbulent Middle East, is a potential playground for extremist movements: radical Islamic groups and terrorist organizations. The contributors to this book, coming from various theoretical schools and presenting innovative interdisciplinary approaches, provide their views on the socio-political challenges confronting the nine Central Eurasian states - Kazakhstan, Uzbekistan, Kyrgyzstan, Tajikistan, Turkmenistan, Mongolia, Armenia, Azerbaijan and Georgia. The book presents scientific discussions on the historical development of Central Eurasia and its socio-cultural legacies; Soviet and contemporary state organization, social transformation and communal structures; the current economic conditions as a precursor to social stability and development; and geo-political arrangements and political changes over the last two decades.

The Great Kanto Earthquake and the Chimera of National Reconstruction in Japan Aug 28 2022 In September 1923, a magnitude 7.9 earthquake devastated eastern Japan, killing more than 120,000 people and leaving two million homeless. Using a rich array of source material, J. Charles Schencking tells for the first time the graphic tale of Tokyo's destruction and rebirth. In emotive prose, he documents how the citizens of Tokyo experienced this unprecedented calamity and explores the ways in which it rattled people's deep-seated anxieties about modernity. While explaining how and why the disaster compelled people to reflect on Japanese

society, he also examines how reconstruction encouraged the capital's inhabitants to entertain new types of urbanism as they rebuilt their world. Some residents hoped that a grandiose metropolis, reflecting new values, would rise from the ashes of disaster-ravaged Tokyo. Many, however, desired a quick return of the city they once called home. Opportunistic elites advocated innovative state infrastructure to better manage the daily lives of Tokyo residents. Others focused on rejuvenating society -- morally, economically, and spiritually -- to combat the perceived degeneration of Japan. Schencking explores the inspiration behind these dreams and the extent to which they were realized. He investigates why Japanese citizens from all walks of life responded to overtures for renewal with varying degrees of acceptance, ambivalence, and resistance. His research not only sheds light on Japan's experience with and interpretation of the earthquake but challenges widespread assumptions that disasters unite stricken societies, creating a "blank slate" for radical transformation. National reconstruction in the wake of the Great Kanto Earthquake, Schencking demonstrates, proved to be illusive.

The Journal of John Jourdain, 1608-1617, describing his Experiences in Arabia, India, and the Malay Archipelago Sep 28 2022 An account of the East India Company's fourth voyage; with an appendix containing William Revett's 1609 account of the Seychelles, and reports on other places by merchants and seamen of the same period. Appendices: A. William Revett's account of the Seychelles. B. William Revett's narrative of events at Aden, his voyage to Mocha, etc. C. Captain Sharpeigh's account of events at Aden and Mocha, of the shipwreck, and of his subsequent journey to Agra. D. William Finch's description of Ma'ndu? and Gwalior. E. Coen's narrative of the visit of the Darling to Amboyna and Ceram. F. The fight at Patani and death of Jourdain. "Bibliography (by Basil H. Soulsby)": p. [375]-384. This is a new print-on-demand hardback edition of the volume first published in 1905.

U.S. Geological Survey Bulletin Jan 09 2021

The Rise of Central Banks Feb 19 2022 Central banks are supposed to stabilize markets, yet decades of mounting central bank power have seen wave after wave of financial crisis. Leon Wansleben offers novel explanations for the rise of central banks and the problematic implications of their finance-dependent policies.

It Came from Within! Apr 04 2023 Where Did THAT Come From? You know that dreaded, sinking, I-can't-believe-I-said-that-out-loud feeling? It's a disconnect between your attitude and your actions. Or is it? "For out of the overflow of the heart the mouth speaks," states Matthew 12:33. Scary, but true: The words you "accidentally" speak and the actions you later regret are actually in keeping with what's hiding in your heart. Andy Stanley's life-changing message examines four conditions at the root of sour attitudes, hurting relationships, and regretful actions: guilt, anger, greed, and jealousy. This book will help you disclose the true state of your heart and turn what's terrifying into what's terrific. You Can't Run from What Lurks Within More frightening than Frankenstein. More seductive than a vampire's kiss. More destructive than alien invaders from another planet. They will numb your soul, steal your life, and threaten your most treasured relationships. Who are these creatures? Where do they come from? At the fall of mankind they were unleashed on the world, wreaking havoc and sending countless thousands fleeing from their homes. And their lair is found in the last place anyone wants to look – the mysterious depths of the human heart. You think nobody knows the real

you. You think your secret is safe. Beware! These forces gain strength from darkness. And left to their own, they will grow in power and influence, like a lab experiment gone terribly wrong. But these monsters have a weakness. They can be defeated. You can escape their clutches and be forever free of their influence. Learn the truth – before it 's too late! Are you afraid to look inside? Suddenly a young wife files for divorce. Suddenly a college student 's grades drop and his attitude changes. Suddenly a man 's harmless pastime becomes a destructive habit. Each looks for someone else to blame. But the real enemy lurks within. Each of these people is a victim, but not in the way they might think. An invader, a deadly parasite, has wrapped its powerful, controlling tentacles around each victim 's heart. The heart. Not the organ that pumps blood through our veins, but that invisible, intangible place where we experience love, compassion, contempt, and jealousy. Like the physical heart, this other heart is highly susceptible to attack – by four nightmarish foes, in particular. Four malevolent forces that, left unchallenged, have the power to lay waste our homes, trample our careers, and leave our relationships in fiery ruins. But hope is not lost. There is a way to fight back. In this smart, revealing book, you will be introduced to these four invaders of the heart. More importantly, you will be given four weapons designed specifically to destroy them. Writing with deep honesty and gentle humor, Andy Stanley shows how you can overcome these monsters and save your world, starting now. Story Behind the Book Andy Stanley is the senior pastor of three North Point Ministries campuses with a cumulative congregation of more than twenty thousand. In his role he sees a tremendous number of people struggling with the same basic issues. This book is based on a message he spoke to his congregation to help them better understand, work through, and move beyond the problems caused by a hurting heart. From the Hardcover edition.

Black Flag Jun 13 2021 From 1861 to 1865, the region along the Missouri-Kansas border was the scene of unbelievable death and destruction. Thousands died, millions of dollars in property was lost, entire populations were violently uprooted. It was here also that some of the greatest atrocities in American history occurred. Yet in the great national tragedy of the Civil War, this savage warfare has seemed a minor episode. Drawing from a wide array of contemporary documents - including diaries, letters, and firsthand newspaper accounts - Thomas Goodrich presents a hair-raising report of life in this merciless guerrilla war. Filled with dramatic detail, Black Flag reveals war at its very worst, told in the words of the participants themselves. Bushwhackers and Jayhawkers, soldiers and civilians, scouts, spies, runaway slaves, the generals and the guerrillas - all step forward to tell of their terrifying ordeals.

Daughters of the Flower Fragrant Garden: Two Sisters Separated by China's Civil War Jul 15 2021 Sisters separated by war forge new identities as they are forced to choose between family, nation, and their own independence. Jun and Hong were scions of a once great southern Chinese family. Each other 's best friend, they grew up in the 1930s during the final days of Old China before the tumult of the twentieth century brought political revolution, violence, and a fractured national identity. By a quirk of timing, at the end of the Chinese Civil War, Jun ended up on an island under Nationalist control, and then settled in Taiwan, married a Nationalist general, and lived among fellow exiles at odds with everything the new Communist regime stood for on the mainland. Hong found herself an ocean away on the mainland, forced to publicly disavow both her own family background and her sister 's decision to abandon the

party. A doctor by training, to overcome the suspicion created by her family circumstances, Hong endured two waves of “ re-education ” and internal exile, forced to work in some of the most desperately poor, remote areas of the country. Ambitious, determined, and resourceful, both women faced morally fraught decisions as they forged careers and families in the midst of political and social upheaval. Jun established one of U.S.-allied Taiwan ’ s most important trading companies. Hong became one of the most celebrated doctors in China, appearing on national media and honored for her dedication to medicine. Niece to both sisters, linguist and East Asian scholar Zhuqing Li tells her aunts ’ story for the first time, honoring her family ’ s history with sympathy and grace. *Daughters of the Flower Fragrant Garden* is a window into the lives of women in twentieth-century China, a time of traumatic change and unparalleled resilience. In this riveting and deeply personal account, Li confronts the bitter political rivals of mainland China and Taiwan with elegance and unique insight, while celebrating her aunts ’ remarkable legacies.

Whence They Came Mar 11 2021 Until recently, immigration policy was largely in the hands of a small group of bureaucrats, who strove desperately to fend off "offensive" peoples. Barbara Roberts explores these government officials, showing how they not only kept the doors closed but also managed to find a way to get rid of some of those who managed to break through their carefully guarded barriers. Robert's important book explores a dark history with an honest and objective style.

The Night Horseman Dec 20 2021 "The Night Horseman" by Max Brand This western book was written by an author almost as intriguing as the story itself. The book is written by a man of many names, Frederick Schiller Faust, also published as Frank Austin, George Owen Baxter, Walter C Butler, George Challis, Evan Evans, Frederick Faust, John Frederick, Frederick Frost, David Manning, Peter Henry Morland, and Mx Brand. A prolific writer who loved to write stories of the unexpected. If you love twists and turns, and a good western, this is your book.

Black Reconstruction in America (The Oxford W. E. B. Du Bois) Apr 11 2021 W. E. B. Du Bois was a public intellectual, sociologist, and activist on behalf of the African American community. He profoundly shaped black political culture in the United States through his founding role in the NAACP, as well as internationally through the Pan-African movement. Du Bois's sociological and historical research on African-American communities and culture broke ground in many areas, including the history of the post-Civil War Reconstruction period. Du Bois was also a prolific author of novels, autobiographical accounts, innumerable editorials and journalistic pieces, and several works of history. *Black Reconstruction in America* tells and interprets the story of the twenty years of Reconstruction from the point of view of newly liberated African Americans. Though lambasted by critics at the time of its publication in 1935, *Black Reconstruction* has only grown in historical and literary importance. In the 1960s it joined the canon of the most influential revisionist historical works. Its greatest achievement is weaving a credible, lyrical historical narrative of the hostile and politically fraught years of 1860-1880 with a powerful critical analysis of the harmful effects of democracy, including Jim Crow laws and other injustices. With a series introduction by editor Henry Louis Gates, Jr., and an introduction by David Levering Lewis, this edition is essential for anyone interested in African American history.

Texas Politics Jul 03 2020 The fourth edition of this popular text is now expanded to better fit the needs of a standalone Texas Politics course. Jillson continues to approach the politics of the Lone Star State from historical, developmental, and analytical perspectives, while giving students the most even-handed, readable, and engaging description of Texas politics available today. Throughout the book students are encouraged to connect the origins and development of government and politics in Texas--from the Texas Constitution, to party competition, to the role and powers of the Governor--to its current day practice and the alternatives possible through change and reform. This text helps instructors prepare their students to master the origin and development of the Texas Constitution, the structure and powers of state and local government in Texas, how Texas fits into the U.S. federal system, as well as political participation, the electoral process, and public policy in Texas. Texas Politics offers instructors and students an unmatched range of pedagogical aids and tools. Each chapter opens with an engaging vignette and a series of focus questions to orient readers to the learning objectives at hand and concludes with a chapter summary, a list of key terms, review questions, suggested readings, and web resources. Key terms are bolded in the text, listed at the end of the chapter, and included in a glossary at the end of the book. Each chapter includes "Let's Compare" boxes to help students see how Texas sits alongside other states, and "Pro & Con" boxes to bring conflicting political views into sharper focus. Tables, figures, and photos throughout highlight the major ideas, issues, individuals, and institutions discussed.

They Came from Within May 05 2023 No horror film is truly mainstream, David Cronenberg has said, and it is for this reason that even the lowliest of them may be worth consideration. In this tenth anniversary revised and updated edition of They Came From Within, Caelum Vatnsdal adjusts the focus in Canadian horror films, and unwinds the history of this neglected genre to learn "why we fear what we fear and how it came to be that way." From the early Canadian infiltration of Hollywood in the thirties, to the flowering of Canuck horror films in the sixties and seventies, to the surreal products of the "tax-shelter" eighties and beyond, Vatnsdal shows how the Canadian horror film industry has, unwittingly or not, created a complex social, economic, and political portrait of a nation. Engagingly written, extensively researched, and lavishly illustrated with rare stills and poster art, They Came From Within is an invaluable addition of Canadian film criticism.
